*The Moses Code* James F. Twyman 2010-03 Is it possible that nearly 3,500 years ago, Moses was given the secret for attracting everything you've ever desired? The Moses Code was first used to create some of the greatest miracles in the history of the world, but then it was hidden away, and only the highest initiates were allowed to practice it. In this book, James F. Twyman reveals the Code for the first time, showing how it can be used to create miracles in your life . . . and in the world. By practicing the principles presented within these pages, you'll discover how you can integrate the most powerful manifestation tool in the history of the world into your own life. At the very heart of the Moses Code is the true function and practice of the Law of Attraction. You may have been told that this Law is all about "getting" the things you want—things that you think will make your life more satisfying. But what if that's just the first step, and cracking the Moses Code depends more on what you're willing to "give" rather than "get." That would mean that you have the power to create miracles in your life right now! It would also mean that you have the ability, even the responsibility, to use that power for more than just attracting money, a better car, or the perfect relationship.

You're here to use the power of Divinity itself to create a world based on the laws of compassion and peace. That's the task that lies before us.

*The Healing Power of Light* Primrose Cooper 2001-02-01 A well-rounded discourse that demonstrates how hard science and metaphysics merge to give us an opportunity to live healthier lives. color association and meaning for whole health. Index.

*Psychic Children Speak to the World* James Twyman 2011-07-01 His amazing adventure to discover the psychic children of Bulgaria was the subject of bestselling author and musician James Twyman's book *Emissary of Love*. Nearly ten years later, this new edition revisits that extraordinary journey to discover a timeless message that would transform the world. In 2000, while giving a talk in a private home, Twyman encountered an extraordinary ten-year-old boy named Marco. He touched Twyman's finger, and suddenly Twyman could bend spoons with the power of his mind, read thoughts, and transmit thoughts to others. Marco said that there were other special children like him—in a monastery in the mountains of Bulgaria—which led Twyman to southern Europe and further adventures. In the process, he learned that the children had a message for all the world and that he was to be the one to deliver that message. The message? Love creates miracles.

S. N. Goenka Daniel M. Stuart 2020-11-17 In a life that saw him evolve from a staunchly religious Hindu to an ecumenical master of Buddhist insight meditation, Satyanārāyaṇ (S. N.) Goenka (1924–2013) emerged as a leader in the spread of lay mindfulness and insight meditation practice on a global scale. A second-generation Burmese of Indian origin, Goenka was a successful businessman before turning to Buddhist meditation for help with crippling migraines. Becoming first a close student and then assistant teacher under the innovative Burmese lay Buddhist teacher U Ba Khin, Goenka eventually felt the pull of karmic destiny to teach meditation in India and thereby repay the ancient debt that Burmese Buddhists owed to the original Indian Buddhist tradition. In the 1970s, as he became an integral part of the Indian Buddhist spiritual landscape, thousands of young people from the United States and Europe flocked to India to explore its spiritual possibilities. Out of this remarkable convergence was launched a global network of practitioners and meditation centers that would become Goenka's legacy. Drawing heavily on Goenka's own autobiographical writings and Dharma talks, Daniel Stuart draws the first comprehensive portrait of the master's life and demonstrates that Goenka's influences, teaching, and legacy are much more complex than has been commonly thought. Stuart incorporates a wide range of primary documents and newly translated material in Hindi and Burmese to offer readers an in-depth exploration of Goenka's teachings and his practice lineage in Burma. Stuart further details the trials and tribulations Goenka faced in building a movement in India in the 1970s, developing a global network of meditation centers, and negotiating a range of relationships with students and religious leaders worldwide. This fascinating addition to the *Lives of the Masters* series reflects on Goenka's role in the revival of Buddhism in postcolonial India and his emergence as one of the most influential meditation masters of the twentieth century.

**Emissary of Peace** Wolfgang Gosler 2005-10-21 Emissary of Peace is a science fiction novel about an ambassador, named T'Lars. He is also a scientist and a computer geek. The central government of the Varangian Confederacy sends him on an important mission, which is, in actuality, three missions in one. The mission lasts many months, since it involves travel for many thousands of light years to distant parts of the galaxy. He is assigned to travel with Commander L'Qwan, who commands the Confederate Star Ship L'Thor, and Subcommander T' Larissa, who is second in command. The L'Thor is named after the hero of an ancient interstellar battle from many centuries ago. The first assignment is to investigate a mysterious rogue space ship, which entered the galaxy through a wormhole. During the course of the investigation, they get help from allies, called the Tivoli Republic. The Tivoli are intelligent cats, that assist the ambassador, by towing the rogue ship to the Tivoli-Varangian border. The investigation results in the uncovering of ancient mysteries, involving the origins of the Varangians. Historical facts are uncovered from archives found on that ship. These archives were left on that rogue ship by a people distantly related to the ancestors of the Varangians. This assignment results in having some ancient mysteries solved. At the same time, new mysteries emerge. They are about to proceed with the second assignment of the mission, when, unexpectedly, advanced beings transport them to the Andromeda Galaxy. This results in deviations from the original mission plan. In the process, they learn about the fate of ancient allies of the Varangian ancestors, and how they ended up in the Andromeda Galaxy. These ancient allies are the Iripini, who were victims of a viral biological attack. They were an ill-fated people, who died off. The L'Thor was investigating the remains and artifacts of their civilization. During the course of the investigation, they encounter two alien species, and Ambassador T'Lars ends up brokering a peace between those alien species. The result is good, where the former Iripini planet ends up in good hands of the two alien species, who agree to a joint and shared control of the planet. After the advanced beings transport the L'Thor back to the Milky Way Galaxy, they end up closer to Earth, where they are able to proceed with their assignment. They visit Earth as part of an assigned scientific team. On Earth, the year is 2042 AD. Without interfering in any of the political affairs of Earth at the time, as instructed, they collect voluminous amounts of botanical, zoological, geological, cultural, and historical information. This assignment brings them to many countries on most continents around the world. They come into contact with many cultures around the world and even make several friends. They explore tropical rain forests, deserts, and other habitats. They learn about Earth's history. They also learn that the humans and Varangians share some genetic material, which opens up another mystery. The last assignment of this mission is to negotiate a peace treaty with another superpower in the galaxy, the Federation of Incorporated Planets. This part of the assignment is always problematic, because of the nature of how the Federation is run. It is run like a corporation! He succeeds at drawing up the peace treaty, because of the convenient nature of the trade agreements, linked to the stipulations of the treaty. Beyond that the Federation's central government seems to display a strong disinterest. In the end, all aspects of the mission result in overall success, but as some ancient mysteries are solved, other mysteries, and potential ancient threats, remain. Not all problems can be solved so easily! Various themes are expressed, involving issues of war and peace, environmental issues, philosophy, history, and political affairs. Various civilizations are introduced with a wide spectrum of levels of advancement. Behind it all, Amba

**The Grail Rider** Inaiya Ray 2017-01-09 The Grail Rider is a spiritual memoir born from a life-altering Shamanic Journey inspired by the overlighting wisdom of the Christos Sophia. Throughout the ceremony, the blue fire of Divinity consumed all falsities of Self, infusing Inaiya with an all embracing love that suspended her in Grace. While she lay motionless on the forest floor, Inaiya communes with her Family of Light and is downloaded with a vivid, multi-dimensional transmission that illuminates the seeding of Universal Christ Consciousness, encoded to blossom within her and the hearts of all beings at this unprecedented epoch in time. Inaiya is shown how life on Earth would be brought back into balance through each being undergoing the inner alchemy of the Divine Marriage. Inaiya, along with humanity, was at a vital crossroads, where her destiny called her irresistibly forth to embark upon an initiatory journey and follow a chain of synchronicities that would unveil the true nature of the Beloved. You are invited to venture along with Inaiya through the mythic Grail lines of Glastonbury, the French Pyrenees, Mediterranean Coast, Italy and Greece as she traces and re-discovers the richly encoded wisdom and timeless transmissions of the Divine Masculine and Divine Feminine as they rise, newly empowered to usher in an awakened New Earth unified in Oneness, sovereignty and resounding beauty. The Grail Rider is not only a holographic travel adventure woven with cosmic codes of light, it is an eternal love story and quest of the Soul, that magically unveils an alchemical treasure map that is altogether paradigm shifting. Steeped in humility, humour, and the transparent quandaries of a modern day Priestess, The Grail Rider is an offering of love, here to awaken and inspire all those who are called to return to the heart of the wild Divine.

**The Master and His Emissary** Iain McGilchrist 2019-03-26 A new edition of the bestselling classic - published with a special introduction to mark its 10th anniversary This pioneering account sets out to understand the structure of the human brain - the place where mind meets matter. Until recently, the left hemisphere of our brain has been seen as the 'rational' side, the superior partner to the right. But is this distinction true? Drawing on a vast body of experimental research, Iain McGilchrist argues while our left brain makes for a wonderful servant, it is a very poor master. As he shows, it is the right side which is the more reliable and insightful. Without it, our world would be mechanistic - stripped of depth, colour and value.

**The Origin of Consciousness in the Breakdown of the Bicameral Mind** Julian Jaynes 2000-08-15 National Book Award Finalist: "This man's ideas may be the most influential, not to say controversial, of the second half of the twentieth century."—Columbus Dispatch At the heart of this classic, seminal book is Julian Jaynes's still-controversial thesis that human consciousness did not begin far back in animal evolution but instead is a learned process that came about only three thousand years ago and is still developing. The implications of this revolutionary scientific paradigm extend into virtually every aspect of our psychology, our history and culture, our religion—and indeed our future. "Don't be put off by the academic title of Julian Jaynes's *The Origin of Consciousness in the Breakdown of the Bicameral Mind*. Its prose is always lucid and often lyrical...he unfolds his case with the utmost intellectual rigor."—The New York Times "When Julian Jaynes . . . speculates that until late in the twentieth millennium BC men had no consciousness but were automatically obeying the voices of the gods, we are astounded but compelled to follow this remarkable thesis."—John Updike, The New Yorker "He is as startling as Freud was in *The Interpretation of Dreams*, and Jaynes is equally as adept at forcing a new view of known human behavior."—American Journal of Psychiatry

*Before We Leave You* Patricia Cori 2011-04-26 What if whales and dolphins truly do have a superior intellect, as many believe, and can speak to the human race? What would their message be? In November 2008, gifted clairvoyant Patricia Cori was in Jordan teaching a workshop when a life-changing event occurred. A community of Cetaceans—"a choir of whales and dolphins," as she describes it—interrupted her talk with a frantic plea for help. Cori was suddenly witness to a devastating scene of suffering, a communal grieving of scores of whales and dolphins "frenzied, lost, and dying." This was the first of several terrifying calls for help, all of which were immediately followed by mass suicide events as these majestic creatures collectively chose to leave us and our planet. These troubling incidents evolved into the stream of messages for humanity that Cori reveals in this extremely timely work. The whales and dolphins present their deep understanding of our urgent global situation, calling for the human race to restore balance to our ecosystems—especially our dying oceans. For the first time, we read the communications of the Cetaceans and their story of devotion and celebration of life on the Great Planet Earth. We are also given a glimpse of their role in the unfolding of galactic events throughout our solar system, and the message is clear: We must wake up and realize that our continued abuse of the environment is altering the course of Gaia's progression to the next dimension. Without the whale and dolphin song—without these musicians who hold the oceans in balance—we risk our advancement through the ascension process for which our entire solar system is destined. *Before We Leave You* is a roadmap to that higher future and a pathway to global transformation. \*\*\*NOTE: ELECTRONIC VERSION OF THIS TITLE DOES NOT INCLUDE THE CETACEAN MEDITATIONS CARDS INCLUDED IN THE REGULAR PRINTED VERSION.

**Mother of Peace** Hak Ja Han Moon 2020-07 Discover the untold story of Hak Ja Han Moon, the North Korean village girl who is now known to millions as the Mother of Peace. Her heart-wrenching story reveals details of a war-torn childhood and trials of faith as she and her late husband, Rev. Sun Myung Moon, built a vast and still-growing international movement capable of fulfilling God's will for peace in the 21st century. A major milestone of her life, described in never-told-before detail, was her marriage in 1960, at age 17, to the charismatic Rev. Dr. Sun Myung Moon. For the next 52 years, she joined him in the daunting task of building a global interfaith movement to fulfill God's will for peace in the 21st century. Mother Moon's journey as a religious woman leader is breathtaking: Born in Japanese-occupied Korea in 1943, she

spent her early life in nature so she could commune with God. War forced her to flee south with her mother and grandmother; they crossed the Han River Bridge minutes before it was blown up. Later, she walked and worked side-by-side with Father Moon, one of history's most energetic and visionary men. They visited every corner of the earth and, despite relentless persecution, met with world leaders, including Mikhail Gorbachev and Kim Il Sung, to bring God's message for them. During this time, she bore 14 children and buried four. She stood with Father Moon for hours as they officiated at Marriage Blessing Ceremonies for hundreds of thousands of couples. Together, they launched hundreds of organizations and businesses to serve youth, family and peacemaking. Since Father Moon's passing in 2012, Mother Moon has shouldered the leadership of their still-growing movement. She has led "Peace Starts With Me" rallies in six continents and plans to bring Blessing Ceremonies to all people.
