## **English Drama of the Early Modern Period**

**1890-1940** Jean Chothia 2016-07-01 The period 1890-1940 was a particularly rich and influential phase in the development of modern English theatre: the age of Wilde and Shaw and a generation of influential actors and managers from Irving and Terry to Guilgud and Olivier. Jean Chothia's study is in two parts beginning with a portrait of the period, setting the narrative context and considering the dramatic social and cultural changes at work during this time. It then focuses on some of the main themes in the theatre, from Shaw and comedy, to the rise of political and radio drama, providing an interpretative framework for the period. This volume will be of great benefit to students and academics of English literature and drama, as it

covers the work of the major dramatists of the period as well as considering the dramatic output of literary figures, such as James, Eliot and Lawrence.

**Agatha Christie** J.C. Bernthal 2022-08-11 The undisputed "Queen of Crime," Dame Agatha Christie (1890-1976) is the bestselling novelist of all time. As the creator of immortal detectives Hercule Poirot and Jane Marple, she continues to enthrall readers around the world and is drawing increasing attention from scholars, historians, and critics. But Christie wrote far beyond Poirot and Marple. A varied life including war work, archaeology, and two very different marriages provided the backdrop to a diverse body of work. This encyclopedic companion summarizes and explores Christie's entire literary output, including the detective fiction, plays, radio dramas, adaptations, and her little-studied non-crime writing. It details all

published works and key themes and characters, as well as the people and places that inspired them, and identifies a trove of uncollected interviews, articles, and unpublished material, including details that have never appeared in print. For the casual reader looking for background information on their favorite mystery to the dedicated scholar tracking down elusive new angles, this companion will provide the most comprehensive and up-to-date information.

British Genres Marcia Landy 2014-07-14 In this unprecedented survey of British cinema from the 1930s to the New Wave of the 1960s, Marcia Landy explores how cinematic representation and social history converge. Landy focuses on the genre film, a product of British mass culture often dismissed by critics as "unrealistic," showing that in England such cinema subtly dramatized unresolved cultural conflicts and was, in fact, more popular than critics have claimed. Her discussion covers hundreds of works--including historical films, films of empire, war films, melodrama, comedy, science-fiction, horror, and social problem films--and reveals their relation to changing attitudes toward class, race, national identity, sexuality, and gender. Landy begins by describing the status and value

of genre theory, then provides a history of British film production that illuminates the politics and personalities connected with the major studios. In vivid accounts of the films within each genre, she analyzes styles, codes, and conventions to show how the films negotiate history, fantasy, and lived experience. Throughout Landy creates a dynamic sense of genre and of how the genres shape, not merely reflect, cultural conflicts. Originally published in 1991. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. **Nights Out** Judith Walkowitz 2012-05-15

London's Soho district underwent a spectacular transformation between the late Victorian era and the end of the Second World War: its fin-de-siècle buildings and dark streets infamous for sex, crime, political disloyalty, and ethnic diversity became a center of culinary and cultural tourism servicing patrons of nearby shops and theaters. Indulgences for the privileged and the upwardly mobile edged a dangerous, transgressive space imagined to be "outside" the nation. Treating Soho as exceptional, but also representative of London's urban transformation, Judith Walkowitz shows how the area's foreignness, liminality, and porousness were key to the explosion of culture and development of modernity in the first half of the twentieth century. She draws on a vast and unusual range of sources to stitch together a rich patchwork quilt of vivid stories and unforgettable characters, revealing how Soho

became a showcase for a new cosmopolitan identity.

*Sex, Sects and Society* Russell Davies

2018-03-28 In an extended account of national identity, this companion volume to *People, Places and Passions* provides the first detailed study of the sexual and spiritual life of Wales in the period 1870-1945. The author argues that whilst Wales and its people experienced a disenchantment of the spiritual world, a revolution in sexual life was taking place. This innovative study examines how advances in life expectancy and improvements in health were reflected in emotional life. In contrast to the traditional emphasis upon hardship and hardscrabble experiences, this fascinating and beautifully written volume shows that the Welsh were also a free and fun-loving people.

Women, Theatre and Performance Maggie

Barbara Gale 2000 This collection addresses key questions in women's theatre history and retrieves a number of previously "hidden" histories of women performers. The essays range across the past 300 years--topics covered include Susanna Centlivre and the notion of intertheatricality; gender and theatrical space; the repositioning of women performers such as Wagner's Muse, Willhelmina Schröder-Devrient, the Comédie Français' "Mademoiselle Mars," Mme. Arnould-Plessey, and the actresses of the Russian serf theatre.

World Authors, 1900-1950 Martin Seymour-Smith 1996 Provides almost 2700 articles on twentieth-century authors from all over the world who wrote in English or whose works are available in English translation.

Karel Reisz Colin Gardner 2019-01-31 Czech-born refugee Karel Reisz (1926-2002) is widely regarded as one of the seminal figures in post-war British cinema. Along with Lindsay

Anderson and Tony Richardson, Reisz was a founder member of the independent Free Cinema 'movement' which attacked the parochial middle-class values of home-grown studio product with a vigorous commitment to everyday working-class subject matter and a poetically-charged film style. This was immediately recognisable in the aesthetic of the international success of Reisz's first feature, *Saturday Night and Sunday Morning* (1960). As the import of Free Cinema rapidly dissipated during the 'Swinging London' era, Reisz confronted the changing cultural mores of the 1960s and '70s with a series of ambivalent films that critique the anarchic free spirit of the times, including *Morgan* (1966), *Isadora* (1968), *The Gambler* (1974) and *Dog Soldiers* (1978). Drawing on Reisz's early film criticism for *Sequence and Sight and Sound*, as well as interdisciplinary methodologies, this first career-length study explores Reisz's personal brand of character-based realism, offering the spectator a

privileged insight into an artist's developing response to subjective and historical dislocation. The book should thus prove invaluable to film scholars, cultural historians and the Reisz aficionado.

*Design by Motley* Michael Mullin 1996 The "New Stagecraft," which Motley helped to shape, replaced the painted, three-dimensional sets and realistic costumes of the nineteenth-century stage with fluid, representational scenery and evocative costumes. Together, the elements of the design formed a unified interpretation of the play. Motley's accomplishments were especially significant because they spanned both New York and London and set a standard for beauty and excellence in theatre design that lives on today in the work of their many students.

**The Drama of Marriage** J. Clum 2012-01-02 In studying performances of marriage in modern and contemporary British and American drama, Clum highlights the fact that - paradoxically - at a time when theatre was both popular

entertainment and high culture, many of the most commercially and artistically successful plays about marriage were written by homosexual men. Beginning with Oscar Wilde and focusing on some of the most successful British and American playwrights of the past century, including Somerset Maugham, Noël Coward, Terence Rattigan, and Emlyn Williams in England and Clyde Fitch, George Kelly, Tennessee Williams, William Inge, and Edward Albee in the US, *The Drama of Marriage* looks at how the plays they wrote about heterosexual marriage continue to impact contemporary gay playwrights and the depiction of marriage today.

**British queer history** Brian Lewis 2015-11-01 This collection of essays takes stock of the 'new British queer history'. It is intended both for scholars and students of British social and cultural history and of the history of sexuality, and for a broader readership interested in queer issues. In offering a snapshot of the field, this volume demonstrates the richness and promise

of one of the most vibrant areas of modern British history and the complexity and breadth of discussion, debate and approach. It showcases challenging think-pieces from leading luminaries alongside some of the most original and exciting research by established and emerging young scholars. The book provides a plethora of fresh perspectives and a wealth of new information, suggests enticing avenues for research and - in bringing the whole question of sexual identity to the forefront of debate - challenges us to rethink queer history's parameters.

**Books of Welsh Interest 1977**

*Queer London* Matt Houlbrook 2020-07-08 In August 1934, young Cyril L. wrote to his friend Billy about all the exciting men he had met, the swinging nightclubs he had visited, and the vibrant new life he had forged for himself in the big city. He wrote, "I have only been queer since I came to London about two years ago, before then I knew nothing about it." London, for Cyril, meant boundless opportunities to explore his

newfound sexuality. But his freedom was limited: he was soon arrested, simply for being in a club frequented by queer men. Cyril's story is Matt Houlbrook's point of entry into the queer worlds of early twentieth-century London. Drawing on previously unknown sources, from police reports and newspaper exposés to personal letters, diaries, and the first queer guidebook ever written, Houlbrook here explores the relationship between queer sexualities and modern urban culture that we take for granted today. He revisits the diverse queer lives that took hold in London's parks and streets; its restaurants, pubs, and dancehalls; and its Turkish bathhouses and hotels—as well as attempts by municipal authorities to control and crack down on those worlds. He also describes how London shaped the culture and politics of queer life—and how London was in turn shaped by the lives of queer men. Ultimately, Houlbrook unveils the complex ways in which men made sense of their desires and who they were. In so

doing, he mounts a sustained challenge to conventional understandings of the city as a place of sexual liberation and a unified queer culture. A history remarkable in its complexity yet intimate in its portraiture, *Queer London* is a landmark work that redefines queer urban life in England and beyond. “A ground-breaking work. While middle-class lives and writing have tended to compel the attention of most historians of homosexuality, Matt Houlbrook has looked more widely and found a rich seam of new evidence. It has allowed him to construct a complex, compelling account of interwar sexualities and to map a new, intimate geography of London.”—Matt Cook, *The Times Higher Education Supplement* Winner of History Today’s Book of the Year Award, 2006

**On Stage with Bette Davis** Kevin Lane Dearinger 2022-03-09 A reflection on one of Broadway's most iconic flops, this memoir follows a musical that featured one of the silver screen's most powerful personalities. Bette

Davis was nominated for twelve Academy Awards and twice won the Best Actress award, starring in classics like *Jezebel*, *The Letter*, *The Little Foxes*, *All About Eve* and *Whatever Happened to Baby Jane?*, among many more. In 1974, the living legend agreed to star in *Miss Moffat*, a musical adaptation of Emlyn Williams' *The Corn in Green*. Expectations were high, but *Miss Moffat* opened and then abruptly closed, leading theatre gossips to speculate on what went wrong. Early in his career, Kevin Lane Dearinger, a young actor who had recently relocated to New York, landed a minor role in *Miss Moffat*. Inexperienced and unsure of himself, he kept a journal of his observations and experiences throughout production. He observed the older and more seasoned Miss Davis, who seemed determined to remain clear-headed despite the unfolding calamity. In this book, Dearinger revisits his journal to reflect on his own life, a fated stage production, his experience with an entertainment legend and a

bygone era of Broadway.
