Tränaren Gunilla Kare 2023-06-27 Handen dröjde sig kvar på låret en sekund för länge när han rättade till positionen på skänkeln. Blicken sög sig fast istället för att vika undan. Ett halvt leende som var omöjligt att tolka och det fladdrade till i magen på ett sätt som gjorde mig matt. Jag väntade på en förklaring som inte kom. Jag förstod inte vad han höll på med eftersom han fortsatte att instruera som om han inte alls tog på mig på ett märkligt sätt. Vad var meningen? Jag blev alltmer förvirrad. Jag visste inte vad jag skulle säga så jag var tyst. Hade jag varit för naiv? Hade Olivia haft rätt? Felicia har fått ett drömjobb som hästskötare till en känd tävlingsryttare som också ska hjälpa henne med träningen. Till en början är allt frid och fröjd men ganska snart ändras villkoren. Efter hand märker hon att hennes chef är ute efter något helt annat och situationen kulminerar när hon upptäcker att han även utnyttjar minderåriga elever på ridskolan.

The Diversity Delusion Heather Mac Donald 2018-09-04 By the New York Times bestselling author: a provocative account of the attack on the humanities, the rise of intolerance, and the erosion of serious learning America is in crisis, from the university to the workplace. Toxic ideas first spread by higher education have undermined humanistic values, fueled intolerance, and widened divisions in our larger culture. Chaucer, Shakespeare and Milton? Oppressive. American history? Tyranny. Professors correcting grammar and spelling, or employers hiring by merit? Racist and sexist. Students emerge into the working world believing that human beings are defined by their skin color, gender, and sexual preference, and that oppression based on these characteristics is the American experience. Speech that challenges these campus orthodoxies is silenced with brute force. The Diversity Delusion argues that the root of this problem is the belief in America's endemic racism and sexism, a belief that has engendered a metastasizing diversity bureaucracy in society and academia. Diversity commissars denounce meritocratic standards as

discriminatory, enforce hiring quotas, and teach students and adults alike to think of themselves as perpetual victims. From #MeToo mania that blurs flirtations with criminal acts, to implicit bias and diversity compliance training that sees racism in every interaction, Heather Mac Donald argues that we are creating a nation of narrowed minds, primed for grievance, and that we are putting our competitive edge at risk. But there is hope in the works of authors, composers, and artists who have long inspired the best in us. Compiling the author's decades of research and writing on the subject, *The Diversity Delusion* calls for a return to the classical liberal pursuits of open-minded inquiry and expression, by which everyone can discover a common humanity.

Drama Kristoffer Zøllner 2017-11-01 Ingolf Gabold - succesfuld og kontroversiel. Som dramachef i Danmarks Radio fra 1999 til 2012, var han ansvarlig for populære tv-serier som 'Nikolaj og Julie', 'Rejseholdet', 'Krøniken', 'Livvagterne', 'Ørnen', 'Borgen' og 'Forbrydelsen'. Serierne lagde gaderne øde og vandt internationale priser. Men Ingolf Gabold formåede også at sætte sig selv i centrum. I 2016 proklamerede han, at den udskældte tv-serie '1864' havde været hans personlige slag mod nationalisme og Dansk Folkeparti, hvilket fik mange politikere og tidligere kolleger i tv-branchen til at tage afstand fra den

pensionerede dramachef. Journalisten Kristoffer Zøllner har - udover hovedpersonen - talt med de vigtigste aktører i Gabolds liv. 'Drama - en biografi om Ingolf Gabold' er også historien om "tyskerungen", komponisten, katolikken, hjertepatienten, tv-direktøren, romanforfatteren, faren og ægtemanden Ingolf Gabold, der bramfrit og ærligt beretter om sit livs op- og nedture.

Principles of Behavioral Economics Peter E. Earl 2022-07-28 This book is unique among modern contributions to behavioral economics in presenting a grand synthesis between the kind of behavioral economics popularized by Richard Thaler, earlier approaches such as those of the 1978 Nobel Laureate Herbert Simon, evolutionary psychology, and evolutionary economics from Veblen and Marshall through to neo-Schumpeterian thinking. The synthesis employs a complex adaptive systems approach to how people think, the lifestyles they build, and how new production technologies and products are gradually adopted and produce changes. Using a huge range of examples, it takes behavioral economics from its recent focus on 'nudging' consumers, to the behavior of firms and other organizations, the challenges of achieving structural change and transitioning to environmentally sustainable lifestyles, and instability of the financial system. This book will be of great interest to academics and graduate students who seek a broader view of what behavioral economics is and what it might become.

Wahrheit, Wissen und Erkenntnis in der

Literatur Christoph Demmerling 2014-05-08 Die Beiträge dieses Bandes werfen die Frage nach dem Erkenntniswert der Literatur auf. Der erste Teil des Bandes enthält Beiträge, welche die Frage nach dem Verhältnis zwischen literarischen und anderen Weisen menschlicher Selbstverständigung diskutieren. Im zweiten Teil des Buches finden sich Aufsätze, welche die verschiedenen Argumente, die in der Diskussion um die Frage nach dem kognitiven Wert der

Literatur eine Rolle spielen, einer eingehenden Prüfung unterziehen. Sie fragen danach, ob und inwieweit die Literatur Wissen vermittelt. Die Beiträge des dritten Teils vertiefen die Untersuchungen zum kognitiven Wert der Literatur, indem sie verschiedene Formen des Wissens behandeln. Besondere Aufmerksamkeit erhalten die Vergegenwärtigungsleitung der Literatur, das propositionale Wissen, das Zeugniswissen und das begriffliche Wissen. Der vierte Teil des Buches schließlich enthält Aufsätze, die sich mit der Literatur als Quelle moralischen Wissens beschäftigen und den Beitrag der Literatur zu psychologischen Fragen diskutieren, welche das Verständnis der Rolle der Gefühle und die narrative Dimension der Selbstidentität betreffen.

The, Vase with the Many Coloured Marbles

Jacob Singer 2011-09 The name of Nelson Mandela is familiar to many, as a warrior against the injustices of apartheid. But many South Africans worked to break the power of the Verwoerd regime: the Black ANC and PAC, but also English and Afrikaans-speaking whites. In *The Vase with the Many Coloured Marbles*, Jacob Singer draws on his personal knowledge and experience to reach out to all South Africans, especially those who left the country because of violence; who live in exile all over the world. Jacob tells the stories of men and women who were harassed and discriminated against, and of politicians in the government who surreptitiously worked against the very regime that had employed them. You'll read about unsung heroes such as Emily Kleintjies, who crossed the apartheid barrier and established a life for herself as a white woman. You don't have to be South African or a student of history to learn from this remarkable book, which shares a wealth of unique experience. Everyone who is concerned with justice and the human condition will be fascinated and enlightened by the tragedies and triumphs shared in Jacob Singer's words.

Luckily, Miss Marina Buckleigh prides herself in the sound judgment her father Lord Buckleigh so heavily favors and knows to keep her emotions guarded around these men. She is nothing like her sister, Deirdre or the other ladies in the town, who swoon at the slightest glimpse of a man. And swoon they do, because among the group is Lord Fitzhugh Cortland, a Marquis with the most rakish reputation of them all—and an animalistic attractiveness to boot. But Miss Marina remains unaffected by his good looks. She has her eyes set on the blond Adonis Mr. Sefton, who whisked her off in the most scandalous—but very secret—moonlit waltz. But when dark secrets from the past emerge in secluded gardens, Marina can't help but wonder to whom does her heart truly belong?
