Fields of Castile/Campos de Castilla Antonio Machado 2012-03-07

Master poet Antonio Machado y Ruiz is widely regarded as one of the twentieth-century's greatest Spanish writers. His collection of poems celebrating the region of Castile made him one of the primary voices of the Generation of 1898 — a brilliant group of writers dedicated to Spain's moral and cultural rebirth after the Spanish-American War. Machado's lyrical Campos poems, tinged with nostalgic melancholy, are powerfully introspective and meditative, revealing an evolution away from his previously ornate, Modernist style. With these magnificent poems, Machado moved toward a simpler, more authentic approach that would later distinguish all of his works. This unabridged edition of Machado's landmark Campos de Castilla is presented in a dual-language format which features an excellent new translation on pages facing the Spanish original. A fully informative introduction and comprehensive notes by the translator are also included.

Nineteen Eighty-Four George Orwell 2021-01-09 "Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.

The Fable of Polyphemus and Galatea Luis de Góngora y Argote 1988

This is a poetic translation of Luis Gongora y Argote's "Polifemo" "y Galatea," a major work by a major poet of the Spanish Golden Age. The main body of this English version consists of prose paraphrases of the English poetic text and an analytical commentary that accompanies the actual poetic text it reproduces faithfully both content and the form of the "ottava rima" of the Spanish original."

Platero and I Juan Ramón Jiménez 2010-07-05 "An exquisite book, rich, shimmering, and truly incomparable." —The New Yorker This lyric portrait of a boy's companionship with his little donkey, Platero, is the masterpiece of Juan Ramón Jiménez, the Spanish poet awarded the 1956

Nobel Prize for Literature. Poetic, elegiac, it reveals the simple pleasures of life in a remote Andalusian village and is a classic work of literature, beloved by adults and children alike.

The Aeneid Virgil 2009-04-01 Aeneas appears in The Illiad in vague snatches and starts as a traveling warrior of great piety who was loosely connected to the foundation of Rome. Virgil weaves these fragments into a powerful myth about the founding of Rome in The Aeneid. Aeneas travels from his native Troy to Italy then wages victorious war upon the Latins.

Ulysses James Joyce 2023-12-29 Ulysses is a novel by the Irish writer James Joyce. It is considered to be one of the most important works of Modernist literature, it has been called "a demonstration and summation of the entire movement". "Before Joyce, no writer of fiction had so foregrounded the process of thinking." However, even proponents of Ulysses such as Anthony Burgess have described the book as "inimitable, and also possibly mad". There have been at least 18 different "Ulysses" editions (Joyce's handwritten manuscripts were typed by a number of amateur typists). This eBook is a faithful reproduction of the the notable first book edition published in Paris on 2 February 1922 by Sylvia Beach at Shakespeare and Company (only 1000 copies were printed). James Augustine Aloysius Joyce (2 February 1882 – 13 January 1941) was an Irish novelist and poet, considered to be one of the most influential writers in the modernist avant-garde of the early 20th century. Joyce is best known for Ulysses (1922), a landmark work in which the episodes of Homer's Odyssey are paralleled in an array of contrasting literary styles, perhaps most prominent among these the stream of consciousness technique he perfected. Other major works are the short-story collection Dubliners (1914), and the novels A Portrait of the Artist as a Young Man (1916) and Finnegans Wake (1939). His complete oeuvre also includes three books of poetry, a play, occasional journalism, and his published letters.

The Unbearable Lightness of Being Milan Kundera 2023-03-28 "Far more than a conventional novel. It is a meditation on life, on the erotic, on the nature of men and women and love . . . full of telling details, truths large and small, to which just about every reader will respond." — People In The Unbearable Lightness of Being, Milan Kundera tells the story of two couples, a young woman in love with a man torn between his love for her and his incorrigible womanizing, and one of his mistresses and her humbly faithful lover. In a world in which lives are shaped by irrevocable choices and by fortuitous events, a world in which everything occurs but once, existence seems to lose its substance, its weight. Hence, we feel "the unbearable lightness of being" not only as the consequence of our pristine actions but also in the public sphere, and the two inevitably intertwine. This magnificent novel is a story of passion and politics,

infidelity and ideas, and encompasses the extremes of comedy and tragedy, illuminating all aspects of human existence.

Professor Stewart's Incredible Numbers Ian Stewart 2015-04-07 At its heart, mathematics is about numbers, our fundamental tools for understanding the world. In Professor Stewart's Incredible Numbers, Ian Stewart offers a delightful introduction to the numbers that surround us, from the common (Pi and 2) to the uncommon but no less consequential (1.059463 and 43,252,003,274,489,856,000). Along the way, Stewart takes us through prime numbers, cubic equations, the concept of zero, the possible positions on the Rubik's Cube, the role of numbers in human history, and beyond! An unfailingly genial guide, Stewart brings his characteristic wit and erudition to bear on these incredible numbers, offering an engaging primer on the principles and power of math.

Madrid, telón de fondo Eduardo Piqué 2019-10-15 Esta obra se compone de una serie de relatos breves en los que se entremezclan historias de personajes de la ciudad que oscilan entre la realidad y la ficción —más realidad que ficción— y escritos sobre algunos de aquellos autores que dejaron en su obra la huella indeleble de su visión acerca de la misma: lugares de la capital llenos de recuerdos, añoranzas, nostalgias, reflexiones, impresiones y sentimientos acompañados, también, de algo de fantasía; justo la necesaria para dar paso a ese mundo subjetivo con que el autor suele teñir con frecuencia sus textos. Las piperas de la calle, las porteras de los edificios, los carboneros, las peluqueras, los serenos... forman parte de ese desfile de figuras humanas, algunas ya desaparecidas, otras aún no, que se merecen permanecer en el recuerdo porque están o han estado colaborando con su hacer y su presencia en la historia común y cotidiana de nuestro pueblo. Así ocurre también con quienes contribuyeron a este legado desde su producción literaria: Lope de Vega, Pérez Galdós, Azorín, Ramón Gómez de la Serna, Mesonero Romanos, Cela, Baroja... y con los lugares, barrios y circunstancias en los que se ha desarrollado y se desarrolla el devenir de esta entrañable capital.
