

Etheric Vision Its Development And Use

Clairvoyance C. W. Leadbeater 1951 Clairvoyance means literally nothing more than "clear-seeing," and it is a word which has been sorely misused, and even degraded so far as to be employed to describe the trickery of a mountebank in a variety show. Even in its more restricted sense it covers a wide range of phenomena, differing so greatly in character that it is not easy to give a definition of the word which shall be at once succinct and accurate. It has been called "spiritual vision," but no rendering could well be more misleading than that, for in the vast majority of cases there is no faculty connected with it which has the slightest claim to be honoured by so lofty a name. This book is your guide into the world and secrets of clairvoyance.

The Golden Dawn Israel Regardie 1970 The Original Account of the Teachings, Rites and Ceremonies of the Hermetic Order of the Golden Dawn as revealed by Israel Regardie, with further revision, expansion, and additional notes by Israel Regardie, Cris Monnastre, and others. A comprehensive index has been supplied by noted occultist David Godwin for this new edition. Originally published in four volumes of some 1200 pages, this 6th Revised and Enlarged Edition has been reset in half the pages (retaining the original pagination in marginal notation for reference) for greater ease and use. Corrections of errors in the original editions have been made, with further revision and additional text and notes by actual practitioners of the Golden Dawn system of magick, with an introduction by the only student ever accepted for personal training by Regardie. The Golden Dawn, once a secret order, was one of the most prestigious groups flourishing at the turn of the century. Membership included such notables as W. B. Yeats, Aleister Crowley, Dion Fortune, Algernon Blackwood, Arthur Machen, Lady Frieda Harris, Brodie Innes, S.L. MacGregor Mathers, A.E. Waite, Evelyn Underhill and W. Wynn Westcott. Its influence on 20th century spiritual science has been enormous!

Instead, I recommend exploring Leadbeater's extensive bibliography to gain insights into his life and philosophies.

What is Anthroposophy? Rudolf Steiner 2002 3 selected lectures by Rudolf Steiner This is one of those books that can change your life. Radical, thought-provoking, and indeed mind-boggling, it leads to a completely new way of looking at what it means to be human--a spiritual being in a universe that itself is not just physical, but psychic and spiritual as well. These three previously untranslated lectures are a masterly introduction to what Rudolf Steiner means by "Anthroposophy." They explain why Steiner describes this path--which means literally "the wisdom of the human being"--as one that "unites what is spiritual in the human being with what is spiritual in the universe." Steiner begins by describing what happens when we die. He shows the relationship between our physical life on Earth and the etheric, astral, and spiritual life of the cosmos. He also explains how physical lives are completely interwoven with cosmic existence, and how the "miss-ing links" in evolution are spiritual in nature. Steiner then demonstrates what he calls the "dilettantism" and "soullessness" of mainstream psychology. He points out that, since the second half of the nineteenth century, the idea of the soul has been lost and that, consequently, understanding of our inner lives is without a sure foundation. A very different view emerges, however, from a truly spiritual perspective. In the third lecture, Steiner takes as his guide our three states of being--waking, dreaming, and sleeping. He describes in detail what happens in these three states and how each is bound up with our lives as physical, psychic, and spiritual beings. With the profound insights in this book, the world becomes a much larger, richer, and more exciting place to live.

Learning to Experience the Etheric World Baruch Luke Urieli 2020-12-16 Our world today is increasingly characterized by speed, movement and flux. There is often a lack of sufficient time to do 'what needs to be done', and life seems to be marked by change, upheaval and revolution. But in the midst of this turmoil, say the authors, people are having conscious and semiconscious experiences of the etheric world - the world that comprises the forces of life. However, this growing sensitivity to the etheric realm only intensifies experiences of movement and upheaval. To counter such feelings, we should take hold of our inner life and strengthen the 'I' - our true self. Featuring essays supplemented with a substantial amount of source material from Rudolf Steiner and other authors, this book is an invaluable resource for inner development and the beginnings of true spiritual vision. We learn to practise the ability to add to every physical perception - whether of stone, plant, animal or another person - the etheric reality associated with that entity. This process leads us to become more aware of the 'after-image' and to become conscious within the etheric realm. Baruch Urieli comments that this 'is not an esoteric path but is, rather, an endeavour to bring the beginnings of a natural consciousness of the etheric to full consciousness and, hence, under the rulership of the ego'.

Etheric Anatomy Victor H. Anderson 2004 For the first time, this book explains the Three Selves theory for Witches, Wiccans, and Pagans. Its author, Victor H. Anderson, the renowned poet and founder of the Feri (Faery) Tradition, was one of the last Kahuna. Etheric Anatomy collects rare writings by Victor and his wife, Cora, which demystify etheric sight, astral sex, and Feri prayers and chants (including the Ha Prayer and the Flower Prayer) for aligning the three souls and contacting the God Self. Etheric Anatomy contains information not found in any other book. The Three Selves theory is the foundation of the Feri Tradition of Witchcraft, but informs all seekers who wish to understand the nature of the Self and expand their psychic skills.

The Etheric Double A. E. Powell 2007-04-25 According to esoteric teachings we have an energy body of lighter, less dense material that is connected to our physical bodies. Those who can see it call it the aura and can sometimes tell the state of a person's health by the way it appears. Those who use its energy refer to the force as prana, chi, vital force, orgone or a number of other names. There are seven chakras, or energy points, where this energy collects in the etheric body. Working with the chakras and these spiritual energies can play a big part in the psychic development and enlightenment of those sensitive enough to work on these levels. This book shows you how. Subjects include a chapter on each chakra center; also Prana or Vitality, Force-Centres, Kundalini, Healing, Mediumship, Birth, Death, Mesmerism, Magnetisation of Objects, Ectoplasm, and more.

The Etheric Body of Man Phoebe Bendit 1990-02-02 A Clairvoyant and a Psychiatrist pool their talents in a study of the human health aura! No other work can speak to this subject with such confidence. Imagine: (1) Taking one of the most respected clairvoyants in the world, and (2) a psychiatrist recognized for his fine contributions to his field, (3) having the clairvoyant study the aura of a human subject using her unusual talents, (4) having the psychiatrist study the psyche of the same subject, and, finally, (5) integrating their observations to arrive at new and startling conclusions concerning the subtle (physically invisible) human bodies. It has never been done before. It may never be done again.

A Treatise on Cosmic Fire Alice A. Bailey 2012-12-11 This volume deals with the underlying structure of occult teaching for the present era and with those vast cosmic processes reproduced through all areas of life from universe to atom. A large section of the book gives a detailed exposition of Solar Fire, the Fire of Mind, since this is the dominant energy to be understood and controlled during this second solar system. A Treatise on Cosmic Fire provides a compact outline of a scheme of cosmology, philosophy and psychology, and serves as a basic reference and text book.

Initiation, Human and Solar Alice A Bailey 2010-05-11 An initiation is an expansion of consciousness, leading to revelation and illumination. Initiation is experienced by all forms of life, great and small. The work of the planetary Hierarchy, in its many stages of Mastership, is outlined in this book, and the Fourteen Rules are given by which the neophyte may become an Applicant at the Portal of Initiation. This edition of Initiation, Human and Solar includes an index for easy reference, copyright 1951.

A Treatise on White Magic Alice Bailey 2023-12-11 A Treatise on White Magic is a book by Alice Bailey. It is considered to be among the most important by students of her writings, as it is less abstract than most, and deals with many important subjects of her works in an introductory, even programmatic fashion. Bailey promulgated White Magic as a discipline to serve humanity. It is an esoteric text, which Bailey said was dictated telepathically by the Tibetan Master, Djwal Khul. It is offered as a "basic textbook" for the Western aspirant to initiation, and is divided into fifteen rules of magic, each one taking the reader further into the mysteries of spirituality. Topics discussed include: how an aspirant can best prepare himself for service, the various ray types of their influences, the relationship between the macrocosm and microcosm, the spiritual, causal, astral and physical realms and their interactions, the spiritual psychology of man, The Hierarchy of Masters, esoteric groups and schools, the spiritual centers (or chakras), the occult concept of the Seven Rays, meditation work and much more. One of the main themes is that of soul control.

The Reappearance of Christ in the Etheric Rudolf Steiner 2003 The first chapter of the Acts of the

Apostles describes Christ's Ascension: "And a cloud received him out of their sight." As the disciples looked up, two angels appeared and told them, "This same Jesus, taken up from you into heaven, shall come again in the same way as you have seen him go." In 1910, Rudolf Steiner began a series of lectures announcing the advent of Christ's appearance in the sphere of the earth's etheric or life body. At first, he said, only a few will be aware of it, but in time more and more people--regardless of religious affiliation--will be strengthened, comforted and infused by the Christ's living presence. Such "Damascus experiences," bespeaking a new natural clairvoyance, Steiner argues, will become increasingly common. "The Christ will become a living comforter," he writes. "However strange it may seem, it is nevertheless true that often when people, even in considerable numbers, are sitting together not knowing what to do and waiting, they will see the etheric Christ. He will be there, will confer with them, and will cast his word in such gatherings. We are now approaching these times..." This collection contains Steiner's lectures on this theme, as well as on important related questions, such spiritual science and etheric vision, the etheric vision of the future, "the etherization of the blood," the Sermon on the Mount and the land of Shambhala, the mysteries of comets and the Moon, Buddhism and Pauline Christianity, spirit beings and the ground of the world, and the three realms between death and rebirth. The Reappearance of Christ in the Etheric collects much of Rudolf Steiner's most important discussions of esoteric Christianity, especially as it relates to the central place of the Christ being in world and human evolution.

The Aquarian Age Elsa M. Glover 2013-03 The Aquarian Age is an astrological era that is arriving in the year 2638 where humans will have the ability to read minds by resonance, and have x-ray vision by not processing the reflection of the image on the retina, but actually looking out and seeing the thing itself. This is not science fiction, but foretold by a PhD in physics who devoted her life to studying astrology and spirituality. She has now passed, but her niece Susanna Brown has put back into print the original 1987 limited edition version of her book. Dr. Glover shows how the Aquarian Age will help people to break out of the shell of ignorance, lack of self-esteem, and fear so that they can become, for the first time in history, truly free. As people become free to explore their own inner natures, the world around them, and other peoples, unprecedented advances will be made in self-actualization, scientific understanding, invention, and universal love. The Purpose of Life, Why are we Here M.G. Hocking, Professor of Materials Chemistry, University of London 2016-02-19 There is much evidence that we have lived before, and our purpose is to progress to a more advanced state. The evidence also indicates that a 'God' must exist to cause such re-births - on other continents and hundreds of years later. The consequences of bad deeds done in previous lives explains present suffering, which seems otherwise unjust. Future lives lie before us and from available evidence these will be strongly influenced by our actions in our present life.

The Theosophist 1898

Ethereic Vision And What It Reveals Max Heindel 2020-12-23 In 1918 Max Heindel wrote: "The process of preparation for the Aquarian Age has already commenced; and as Aquarius is an airy, scientific, intellectual sign, it is a foregone conclusion that the new faith must be rooted in reason and able to solve the riddle of life and death in a manner that will satisfy both the mind and the religious instinct." As we have in the past evolved five senses by means of which we contact the present visible world, so shall we in the far distant future evolve another sense which will enable us to see the denizens of the Etheric Region, including those of our dear ones who have left the physical body and inhabit the ether and lower Desire World during the first stage of their career in the spiritual realms.

The Consciousness of the Atom Alice A. Bailey 2013-01-03 The seven lectures presented here were delivered in New York for the purpose of presenting the testimony of science as to the relation of matter and of consciousness; to enable the hearers to observe the identical manifestation of these relations and of certain basic laws in successively higher states of being, and thus to bring to them a realization of the

universality of the evolutionary process and its actuality; and to deal somewhat with the nature of the expanded states of consciousness and the enlarged life toward which all mankind is traveling. They thus were intended to serve as an introduction to the more detailed study and application of the laws of life and human enfoldment generally included in the term of "occultism."

Esoteric Christianity and the Mission of Christian Rosenkreutz Rudolf Steiner 2013-04-16 In addition to the outer manifestation of Christianity as we know it from history, there exists a second, hidden stream of Christian thought and development, sometimes referred to as 'esoteric Christianity' or 'Rosicrucian Christianity'. Displaying an intimate knowledge of his subject, Rudolf Steiner throws light on this once secret, spiritual movement. But rather than relying on historical tradition or teaching, he presents wisdom and insight directly from the original metaphysical sources of esoteric Christianity. In these dynamic lectures, Steiner describes the influence of Christ's power throughout history, the workings of karma, the role of the Buddha and the Bodhisattvas, as well as the vital work of Christian Rosenkreutz, Jeshu ben Pandira and other key historical figures. This new edition - indispensable for serious students of esotericism - contains all 23 lectures and addresses of the original German collection. It features previously scattered, classic lectures such as 'The Etherisation of the Blood', 'Faith, Love, Hope' and 'Cosmic Ego and Human Ego'.

The Seventh Ray: Revealer of the New Age Alice A. Bailey 1995-05-14 Today two rays of great potency are functioning simultaneously. The Sixth Ray of Idealism and Devotion is slowly passing out and the Seventh Ray of Ceremonial Order or Ritual is coming into manifestation. This is bringing about a situation which is described in ancient archives in the following terms: "A time of rending, when the mountains which have sheltered, fall from their high places and the voices of men are lost in the crash and thunder of the fall." Such periods come only rarely, and each time they come a peculiarly significant period of divine activity is ushered in: old things pass away, yet the ancient landmarks are restored.
