**Moral para Marta** Quintín Calvo Cubillo 2014-02-21 Este libro aborda una cuestión que está volviendo a ser importante en nuestros días: la moral. Con un lenguaje directo y sencillo, el autor habla sobre el arte de vivir plenamente y ser feliz. Se dirige a una persona joven, Marta, y dialoga con ella sobre cómo ir creando una conciencia moral.

**Política para Amador** Fernando Savater 2010-07-27 Publicado hace casi 30 años, este clásico del pensamiento conserva hoy toda su vigencia. Se dice que los jóvenes pasan actualmente de la política. Pero ¿qué sabe un joven de política? Aparte de los escándalos aireados por la prensa, las zancadillas que los partidos se ponen unos a otros y las exaltadas prédicas utópicas de los demagogos, saben muy pocas cosas más. En este libro se plantean de forma elemental pero rigurosa las cuestiones básicas que interesan a la filosofía política, tanto a nivel teórico como práctico: qué significa la libertad, cuáles son las formas de igualdad, a qué solidaridad puede aspirarse... Fernando Savater nos habla de los fundamentos que tienen las organizaciones sociales, pero también de cuestiones inmediatas como el militarismo, la corrupción, el racismo, la ecología... Y además incorpora un singular diccionario político.

**The Epic Fail of Arturo Zamora** Pablo Cartaya 2018-04-03 A 2018 Pura Belpré Author Honor Book Save the restaurant. Save the town. Get the girl. Make Abuela proud. Can thirteen-year-old Arturo Zamora do it all or is he in for a BIG, EPIC FAIL? For Arturo, summertime in Miami means playing basketball until dark, sipping mango smoothies, and keeping cool under banyan trees. And maybe a few shifts as junior lunchtime dishwasher at Abuela's restaurant. Maybe. But this summer also includes Carmen, a poetry enthusiast who moves into Arturo's apartment complex and turns his stomach into a deep fryer. He almost doesn't notice the smarmy land developer who rolls into town and

threatens to change it. Arturo refuses to let his family and community go down without a fight, and as he schemes with Carmen, Arturo discovers the power of poetry and protest through untold family stories and the work of José Martí. Funny and poignant, *The Epic Fail of Arturo Zamora* is the vibrant story of a family, a striking portrait of a town, and one boy's quest to save both, perfect for fans of Rita Williams-Garcia.

**Doctor Luis Pérez Pardo. El geógrafo** Luis Pérez Pardo 2007-05-11  
**Ética para Amador** Fernando Savater 2010-07-27 « Ética para Amador nunca fue un recetario de soluciones — hay que hacer esto, no hay que hacer aquello — sino una invitación . ¿A qué? A reflexionar. ¿Sobre qué? Sobre la orientación que podemos dar a nuestra vida. Porque la ética consiste en intentar vivir a propósito , de un modo deliberado y consciente. » Siguiendo la estructura de una larga carta dirigida a un adolescente, el autor analiza algunas de las cuestiones éticas más esenciales para la sociedad actual: el correcto ejercicio de la libertad, la aceptación de la responsabilidad, la necesidad de la convivencia para poder vivir plenamente, la ineludible relación entre ética y política, el saludable deseo de disfrutar de los placeres y la obligada reflexión acerca de temas como la conservación del planeta o la realidad de la

inmigración. Mediante un lenguaje accesible y cercano, Savater logra que seamos conscientes de la relevancia que tienen en nuestra vida las consecuencias derivadas de nuestras decisiones diarias.

*Bilbao-New York-Bilbao* Kirmen Uribe 2022-08-09 On a transatlantic flight between Bilbao and New York City, a fictional version of Kirmen Uribe recalls three generations of family history—the inspiration for the novel he wants to write—and ponders how the sea has shaped their stories. The day he knew he was going to die, our narrator's grandfather took his daughter-in-law to the Fine Arts Museum in Bilbao, the de facto capital of the Basque region of northern Spain, to show her a painting with ties to their family. Years later, her son Kirmen traces those ties back through the decades, knotting together moments from early twentieth-century art history with the stories of his ancestors' fishing adventures—and tragedies—in the North Atlantic Ocean. Elegant, fluid storytelling is punctuated by scenes from Kirmen's flight, from security line to airport bar to jet cabin, and reflections on the creative writing process. This original and compelling novel earned debut author Kirmen Uribe the prestigious National Prize for Literature in Spain in 2009. Exquisitely translated from Basque to English by Elizabeth Macklin, *Bilbao-New York-Bilbao* skillfully captures the intersections of many journeys: past and present, physical and artistic, complete and still unfolding. *Bilbao-New York-Bilbao* is the second book commissioned for the Spatial Species series, edited by Youmna Chlala and Ken Chen. The series investigates the ways we activate space through language. In the tradition of Georges Perec's *An Attempt at Exhausting a Place in Paris*, Spatial Species titles are pocket-sized editions, each keenly focused on place. Instead of tourist spots and public squares, we encounter unmarked, noncanonical spaces: edges, alleyways, diasporic traces. Such intimate journeying requires experiments in language and genre, moving travelogue, fiction, or memoir into something closer to eating, drinking, and dreaming.

**Pensar la vida** Fernando Savater 2017-11-15 «Los tres libros reunidos en este volumen están escritos para ayudarte a pensar sobre tu vida cuando te vengan ganas de hacerlo... o lo hagas porque sientes que no te

queda más remedio. No sirven para darte bien empaquetado y acabado lo que tienes que saber de lo que te preocupa, sino para acompañarte cuando te decidas a enfrentarte a ello. Son como guías de viaje de un país que quieres explorar: pueden darte algunas informaciones útiles y las opiniones de otros viajeros que pasaron por allí antes que tú, pero no pueden sustituir a la aventura misma del viaje, que nadie puede emprender en tu lugar. El último mensaje que quieren darte —que quiero darte yo, que los he escrito para ti— es éste: "¡No tengas miedo! Decídate a preguntar, a buscar, a conocer. Lo más grave que podía pasarte ya ha ocurrido: has nacido, estás vivo y en el mundo, obligado a ser humano. A muchos otros les ha pasado antes y sufrieron y disfrutaron. Ahora es tu turno. ¡Adelante!" Empieza la cacería de las ideas: buena suerte y buena puntería».

*Childhood Regained* Fernando Savater 1982 This is a collection of chapters, each on a favorite book or author of Savater's, and each book or author is an example of an archetype of literature. Savater does not write academic analysis, but as someone who reads and loves literature. He recalls the enthusiasm of a child reading a good story for the first time, and he recalls the stories he has re-read and remembered.

**El valor de educar** Fernando Savater 2010-08-03 Cada vez que se mencionan las grandes inquietudes de nuestro tiempo —el racismo, la intolerancia, la violencia, las drogas, etc.— se llega a la misma conclusión: son temas que deben afrontarse desde la escuela, pero también se habla de crisis de la educación y reina el desconcierto entre profesores, padres y alumnos. Parece oportuno, pues, plantearnos algunas preguntas esenciales: ¿qué es la educación?, ¿consiste en la mera transmisión de conocimientos o es la base para la formación de la ciudadanía democrática? Este ensayo responde a estas y otras cuestiones fundamentales: la tensión educativa entre disciplina y libertad, el eclipse de las humanidades, el papel de la familia, la formación moral y su relación con el sexo, la educación cívica..., planteamientos diversos que giran en torno a la enseñanza y el valor de educar.

Ética para mis hijos (y no-iniciados) Sirio López Velasco 2003

Paradojas del individualismo Victoria Camps 1999-10-06 El individualismo es una consecuencia de la igualdad civil y política que producen los regímenes democráticos, pero puede ser también el mayor escollo para que la democracia sea satisfactoria. Por eso es un valor paradójico, porque, aunque tendemos a calificarlo peyorativamente, la afirmación del individuo ha significado un progreso para la humanidad. No se trata pues de renunciar al individualismo, basta con hacer compatible el respeto por el individuo con las exigencias de la vida en común, con la necesidad de vivir en sociedad. De ese imperativo deriva la actual atención a la ética: ética aplicada a la política, a la comunicación, a la medicina, a la tecnología, a la empresa... Exigir ética es pedir al individuo un uso de la libertad compatible con los intereses de la comunidad, de suerte que, como nos dice la profesora Camps «hoy el progreso consistirá en la capacidad de mantener la potencia del individuo sin que, al mismo tiempo, éste reniegue de su condición de animal político».

*Lenguaje, pensamiento y valores*

**Sobre vivir** Fernando Savater 2008 Este conjunto de ensayos breves y artículos va precedido de una cita en la que Kierkegaard afirma: “ Como todo devenir, la vida es polémica”, y voluntaria o involuntariamente, casi todos los textos de este libro han nacido bajo el signo de la polémica. La selección de temas no puede ser más variopinta: de la novela policíaca al antimilitarismo, del vino a las películas de vaqueros, del paisaje de los cuentos infantiles a los relatos de espada y brujería... El conjunto es algo así como el diario cultural de un intelectual español atento a su tiempo, que se pretende a la vez lúdico e ingenuo, enfrentado cotidianamente al reto de la literatura, el cine, la política o la historia. En resumen, al desafío de la propia vida.

*Discipline with love*

**Literature and Education: Proposal of an English Literature Program for Primary, E.S.O and Bachillerato as an Integrated and Interdisciplinary Tool for TESL, and Character Education**

**El valor de elegir** Fernando Savater 2003 Preguntarse por la libertad es hacerlo a la razón y al corazón de nuestra vida. Reconocer el valor de

ser, sentirse y vivir libre es reconocerse como humano y por ello aceptar el compromiso feliz e inexcusable del esfuerzo continuado. Una tarea para toda la vida. Es el tema de este libro. Para empezar, ingenuamente, puede plantearse así: ¿En qué consiste la libertad? ¿Existe realmente la libertad, ¿es algo que tengo antes de saberlo, algo que sólo adquiero al saber que lo tengo o algo que para tenerlo debo renunciar a saber con precisión qué es? ¿Soy capaz de libertad o soy libertad y por ello capaz de ser humano? Y tantas, tantas: demasiadas preguntas. . En la primera parte se intenta una antropología a partir de la libertad, es decir considerando la libertad como diferencia específica del género humano. Cuestiones sobre la elección, lo voluntario e involuntario, la intención, el azar, ¿ayudarán a comprender qué es. En la segunda parte se presenta un breve repertorio de opciones libres argumentadas, destinadas a comprometer las abstracciones de la primera con la peripecia actual que vivimos y en la que somos. Se ofrecen algo así como unos "ejercicios de libertad". ". Es una incitación a continuar pensando y repensando. La filosofía nunca es para mí la cancelación definitiva que nos permite salir de dudas sino el acicate que nos arroja a ellas, permitiéndonos vivir con dignidad inteligente en la ausencia de certidumbres absolutas" (F.Savater)

*Mexico 2050. Challenges, Scenarios & Actions* Concepción Olavarrieta 2023-08-03 The book compiles 19 authors who approach the 15 Global Challenges identified by the Millennium Project as the main threats and opportunities for the present Millennium as a methodological conceptual framework for Mexico's futures. The first part launches diagnoses that are formulated on each Challenge and visions and reflections are proposed. The second part presents three possible scenarios for Mexico by 2050 and, finally, it concludes with a proposal for guiding projects by 2050.

**The Myth of Desire** Carlos Domínguez-Morano 2020-10-16 In *The Myth of Desire: Sexuality, Love, and the Self*, Carlos Domínguez-Morano draws on psychoanalysis to explore the broad and complex reality of the affective-sexual realm encompassed by the term desire, a concept that

propels individual aspirations, pursuits, and life endeavors. Domínguez-Morano takes a global perspective in order to introduce a methodology, examine the present sociocultural determinations affecting desire, review the main stages in the evolution of desire, and reflect on affective maturity. Domínguez-Morano further explores the five basic expressions of desire: falling in love and being a couple, homosexuality, narcissism and self-esteem, friendship, and the derivative of desire by way of sublimation. Scholars of psychology, philosophy, and sociology will find this book particularly useful.

**The Cosmopolitan Tradition** Martha C. Nussbaum 2019-08-13 The cosmopolitan political tradition defines people not according to nationality, family, or class but as equally worthy citizens of the world. Martha Nussbaum pursues this “noble but flawed” vision, confronting its inherent tensions over material distribution, differential abilities, and the ideological conflicts inherent to pluralistic societies.

**Ética para Amador** Fernando Savater 2003

Ética de urgencia Fernando Savater 2012-08-31 La política, el 15-M, las nuevas tecnologías, Internet y las descargas ilegales, los abusos de poder, las contradicciones del capitalismo, la fuerza y la debilidad de la democracia, pero también la belleza, la muerte, la solidaridad... ¿Cómo saber los que piensan los jóvenes? Preguntádoselo. Una respuesta aparentemente sencilla, que esconde una gran dificultad. Porque hay que

saber preguntar, hay que saber ponerse en el lugar de los jóvenes, ganarse su confianza. Escuchar y a la vez aconsejar, opinar, posicionarse... Fernando Savater realizó una serie de encuentros con alumnos jóvenes y respondió a las inquietudes que le planteaban. De ahí, salió este libro, esta ética de urgencia, que nos avisa de las inquietudes de los que gobernarán el mundo del mañana. Una obra que representa el regreso de Fernando Savater al diálogo con los adolescentes sobre las cuestiones morales que más les preocupan; el territorio donde cosechó su mayor éxito editorial: *Ética para Amador*. Un libro que recupera la confianza en el poder del diálogo para convencer y avanzar. Una travesía que guarda un asombroso parecido con las preocupaciones del resto de ciudadanos, pero expresadas con el entusiasmo, el empuje, la indignación y la urgencia de quienes en breve heredarán las responsabilidades del mundo.

**The School for Heiresses** Sabrina Jeffries 2006-12-26 Join New York Times bestselling author Sabrina Jeffries and three other delightful historical romance authors as they put their own spin on the bestselling School for Heiresses series. These passionate tales feature four young women who learn that there’s nothing textbook about love... At the School for Heiresses, the lessons go far beyond etiquette and needlepoint. In addition to teaching her students how to avoid fortune hunters, headmistress and founder Charlotte Harris proposes the radical notion that women of all means need not shackle themselves to men at all—unless they find a suitable, desirable mate. So lessons in the fine art of acquiring a loving and passionate husband are part of the curriculum at this highly unusual school. And as the holidays approach, Mrs. Harris sends her young ladies home with personally tailored lessons to work on. Will they return any closer to finding the perfect husband?

**The Virtue of Selfishness** Ayn Rand 1964-11-01 A collection of essays that sets forth the moral principles of Objectivism, Ayn Rand's

controversial, groundbreaking philosophy. Since their initial publication, Rand's fictional works—Anthem, The Fountainhead, and Atlas Shrugged—have had a major impact on the intellectual scene. The underlying theme of her famous novels is her philosophy, a new morality—the ethics of rational self-interest—that offers a robust challenge to altruist-collectivist thought. Known as Objectivism, her divisive philosophy holds human life—the life proper to a rational being—as the standard of moral values and regards altruism as incompatible with man's nature. In this series of essays, Rand asks why man needs morality in the first place, and arrives at an answer that redefines a new code of ethics based on the virtue of selfishness. **Amador** Fernando Savater 2014-09-30 In Amador, Fernando Savater writes in the form of a letter to his teenage son about ethics, morals and freedom in today's society.

Women's Daily Declarations for Spiritual Warfare John Eckhardt 2013 Offers prayer, daily inspiration, and direction from God on engaging in spiritual warfare with evil.

How to Live Sarah Bakewell 2010-10-19 Winner of the 2010 National Book Critics Circle Award for Biography How to get along with people, how to deal with violence, how to adjust to losing someone you love—such questions arise in most people's lives. They are all versions of a bigger question: how do you live? How do you do the good or honorable thing, while flourishing and feeling happy? This question obsessed Renaissance writers, none more than Michel Eyquem de Montaigne, perhaps the first truly modern individual. A nobleman, public official and wine-grower, he wrote free-roaming explorations of his thought and experience, unlike anything written before. He called them “essays,” meaning “attempts” or “tries.” Into them, he put whatever was in his head: his tastes in wine and food, his childhood memories, the way his dog's ears twitched when it was dreaming, as well as the appalling events of the religious civil wars raging around him. The Essays was an instant bestseller and, over four hundred years later, Montaigne's honesty and charm still draw people to him. Readers come in search of

companionship, wisdom and entertainment—and in search of themselves. This book, a spirited and singular biography, relates the story of his life by way of the questions he posed and the answers he explored. It traces his bizarre upbringing, youthful career and sexual adventures, his travels, and his friendships with the scholar and poet Étienne de La Boétie and with his adopted “daughter,” Marie de Gournay. And we also meet his readers—who for centuries have found in Montaigne an inexhaustible source of answers to the haunting question, “how to live?”

**Ética como amor propio** Fernando Savater 2008 El altruismo o desinterés suelen considerarse sinónimos de actitud moral, mientras que la acción egoísta o interesada son ejemplo de inmoralidad. Pero siempre ha existido otra inspiración, no transmudana sino inmanente, basada en la ilustración del egoísmo y en el apasionado interés de una ética como amor propio, la cual no es menos social sino sólo menos hipócrita que la anterior. Dentro de esa corriente Fernando Savater se plantea cuestiones como la vinculación entre individuo y sociedad y el sentido cultural de la inmortalidad, en un diálogo con pensadores favorables y contrarios a ese planteamiento, que van de Aristóteles a Heidegger, de Schopenhauer a Foucault. Esta edición incorpora un ensayo inédito titulado “Las virtudes como necesidad y libertad”.
