Modern Etruscans Chiara Zampieri 2023-10-16 "L'Étrurie est à la mode", French archaeologist Salomon Reinach bluntly stated in 1927. Since the beginning of the nineteenth century, Etruria had not only been attracting the attention of archaeologists and specialists of all sorts, but it had also been a fascinating and, in some cases, captivating destination for poets, novelists, painters and sculptors from all over Europe. This volume deals with the impact of the constantly expanding knowledge on the Etruscans and their mysterious civilisation on Italian, French, English, and German literature, arts and culture, with particular regard to the modernist period (1890-1950). The volume brings a distinctive point of view to the subject by approaching it from an interdisciplinary and comparative perspective, and by looking at a quite diverse range of topics and artefacts, which includes, but is not limited to, the study of drawings, art works, travel essays, novels, cooking recipes, schoolbooks, photographs, and movies. By exploring a new paradigm to understand ancient cultures, beyond the traditional ideas and models of "reception of the classics", and by challenging the alleged fracture between the so-called "two cultures" of humanities and natural sciences, Modern Etruscans will be of interest to scholars from various disciplines. Designed as a learning tool for university courses on the interplay between literature and science in the twentieth century, it is suited as recommended reading for students in the humanities.

Dream Projects in Theatre, Novels and Films Yehuda Moraly 2020-11-02 Every artist has a dream project an enterprise that he or she

has continuously taken up but never completed. Via archived notes and drafts, a retrospective reconstitution of such projects can serve as a key for better understanding the authors artistic corpus. The present study reaches out to the authorship of Paul Claudel, Jean Genet, and Federico Fellini. Claudel deferred and never completed the fourth segment of his *Trilogie des Coufontaine*. The only indication of the existence of this prospective fourth part of the theatre sequence is a brief entry in his *Journal*. In 1949, he began writing a third version of his first great work *Tête d'Or*. Like the unfinished fourth section that was to be added to the trilogy, the draft of the third version of *Tête d'Or* reveals a dialogue between the Old and New Testaments a theme that appears to be central to Claudel's entire corpus. Genet labored over *La Mort* for many years. At the conclusion of *Saint Genet, comédien et martyr* (1952), Sartre mentions this final work of Genet. Genet discussed his progress on *La Mort* in correspondence and even published *Fragments of La Mort* in the literary magazine *Les Temps Modernes*. While the project never came to fruition, it nevertheless remains an important means through which to understand Genet's work. The aborted production of Fellini's *Voyage de G. Mastorna* has become a legend. After *8½* and *Giulietta degli spiriti*, Fellini wrote a screenplay that he began to film but subsequently abandoned, much to the chagrin of producer Dino de Laurentiis who had already invested in sets and costumes. Fellini would often revisit this project, but never completed it. This book also examines additional dream projects taken from different art forms: poetry (Mallarmé's *Le Livre*); literature (Vigny's *Daphné*); painting (Monet's *Nymphéas*); music (Schoenberg's *Moses und Aron*); and various films (Clouzot's *LENfer*, Visconti's *La Recherche*, Kubrick's *Napoleon*, etc.).

Birds, Beasts and Flowers D. H. Lawrence 2022-09-15 "Birds, Beasts and Flowers" is a collection of poetry by the English author D. H. Lawrence, first published in 1923. The poems in the collection include some of Lawrence's finest reflections on the "otherness" of the non-human world. The recollections on the topic were inspired by Lawrence's stay in San Gervasio near Florence in September 1920. The author managed to transfer the atmosphere of that place and time masterfully.

Where D.H. Lawrence was Wrong about Woman David Holbrook 1992 She may be sodomized and taken in contemptuous anger, as in *Lady Chatterly's Lover*, and is depicted as enjoying this. The enthusiasm for the sodomizing of woman is quite clearly there in *The Rainbow*, *Women in Love*, and *Mr. Noon*. Some critics have spoken of this as a "holy communion," but Holbrook sees it as a denial of woman, an avoidance of the matrix where the ghost of the dead mother lurks. In the end, in *The Plumed Serpent*, an intelligent American woman submits herself to the fascistic domination of two murderers who are running a new religious-political campaign, while forfeiting even her capacity for orgasm. Everything in Lawrence's work leads to this false solution. Yet such critics as F.R. Leavis commend Lawrence for his concepts of "manhood"--And even endorse such stories as *The Virgin and the Gypsy*, in which a duplicitous traveler seduces a young girl in vengeance on the middle class.

Back to Bologna Michael Dibdin 2006-09-19 In the latest installment in his critically acclaimed Italian mystery series, Michael Dibdin sends Aurelio Zen to Italy's culinary capital, Bologna, where he discovers that some cases are not quite what they appear to be. When the corpse of the shady Bologna industrialist who owns the local football team is found

both shot and stabbed with a Parmesan knife, Aurelio Zen is summoned to oversee the investigation. Anxious for a break from his girlfriend, who attributes Zen's slow recovery from routine surgery to hypochondria, he is only too happy to take on what first appears to be an undemanding assignment. The case quickly spins out of control, becoming entangled with the fates of a student semiotics, a mysterious immigrant claiming to be royalty, and Bologna's most incompetent private detective. Meanwhile a prominent postmodern academic accuses Italy's leading celebrity chef of being a fraud. Back to Bologna is dazzlingly plotted and delivers both comic and serious insights into the realities of today's Italy.

D.H. Lawrence, the Poet who was Not Wrong Douglas A. Mackey 1986-01-01 Although D. H. Lawrence is justly celebrated as the author of such seminal novels as *The Rainbow*, *Sons and Lovers*, *Women in Love*, *The Plumed Serpent*, and *Lady Chatterley's Lover*, he also produced a considerable body of poetry, collected together in a thousand-page volume in 1928. The overall quality of the writer's verse is superb. It is permeated with the Lawrencean voice, the incandescent language, the recurrent symbology, the sense of wonder at nature, the subtle portrayals of human relationships, and the metaphysical thrust. Mackey provides the first lengthy examination of Lawrence's poems. Complete with Chronology, Bibliography, and Index.

Desiring Italy Susan Cahill 2011-02-23 For centuries Italy has been many things to many people. In this brilliant anthology and traveler's companion, twenty-eight first-rate women writers reveal why the land that is the heart and soul of European civilization is so seductive to women. Kate Simon walks us through a Siena filled with surprises and luminous beauty. Elizabeth Spencer writes of first coming to Italy and finding "home." Shirley Hazzard explores the mysteries of Naples. Muriel Spark writes on Venice, Edith Wharton on Rome, George Eliot on Florence, Barbara Grizzuti Harrison on San Gimignano, Patricia Hampl on Assisi. Other wonderful writers contemplate the idiosyncratic glories of Italy's architecture, cooking, art, and landscape; its culture; its places and people. As these writers tell their stories--in fiction, memoir, and essay--of coming to understand Italy, they explore the complexity of their

passions for it, mingling affection and ecstasy with intellectual curiosity. Organized geographically--from northern Italy to Rome and on to the south, *Desiring Italy* offers an enchanting journey for readers and travelers. The Last Smile Marvin H. Albert 2017-03-02 Pete Sawyer is a private eye of a different kind. The son of a World War II American pilot and a brave French resistance fighter, he grew up on both sides of the Atlantic -- though he prefers his sun-dappled villa on the Riviera to most other places. He takes pleasure in a fine wine...and a good gun. His French name is Pierre-Ange, and it suits him. In English, it means Stone Angel. On a midnight in December, Fritz Donhoff -- Pete's partner and surrogate father -- is shot down in Paris. Fritz has left a case behind that Pete can't turn his back on. Susan Kape, the beautiful young oil heiress, hungers for a foothold in the international art world -- and an Etruscan tomb filled with priceless relics may help her get it. All she needs is an easy eighteen million dollars and Pete's protection while she has the discovery authenticated in Italy. Pete Sawyer must call on all his creative powers as a sleuth and survivor to solve this inspired mystery -- while a gallery of murder victims collects artlessly around him...

The Etruscans and the History of Dentistry Marshall J. Becker 2017-02-17 The Etruscans and the History of Dentistry offers a study of the construction and use of gold dental appliances in ancient Etruscan culture, and their place within the framework of a general history of dentistry, with special emphasis on appliances, from Bronze Age Mesopotamia and Egypt to modern Europe and the Americas. Included are many of the ancient literary sources that refer to dentistry - or the lack thereof - in Greece and Rome, as well as the archaeological evidence of ancient dental health. The book challenges many past works in exposing modern scholars' fallacies about ancient dentistry, while presenting the incontrovertible evidence of the Etruscans' seemingly modern attitudes to cosmetic dentistry.

The Last Poems of D.H. Lawrence Bethan Jones 2016-03-03 In the first book to take D. H. Lawrence's Last Poems as its starting point, Bethan Jones adopts a broadly intertextual approach to explore key aspects of Lawrence's late style. The evolution and meaning of the poems

are considered in relation to Lawrence's prose works of this period, including Sketches of Etruscan Places, Lady Chatterley's Lover, and Apocalypse. More broadly, Jones shows that Lawrence's late works are products of a complex process of textual assimilation, as she uncovers the importance of Lawrence's reading in mythology, cosmology, primitivism, mysticism, astronomy, and astrology. The result is a book that highlights the richness and diversity of his poetic output, also prioritizing the masterpieces of Lawrence's mature style which are as accomplished as anything produced by his Modernist contemporaries.

The Language of Genes Steve Jones 1995-06-01 Did you know that two of every three people reading this book will die for reasons connected with the genes they carry? That our DNA gradually changes with age, which is why older parents are more likely to give birth to children with genetic defects than younger parents? That each individual is a kind of living fossil, carrying within a genetic record that goes back to the beginnings of humanity? In *The Language of Genes*, renowned geneticist Steve Jones explores the meanings and explodes the myths of human genetics, offering up an extraordinary picture of what we are, what we were, and what we may become. "An essential book for anyone interested in the development and possible future of our species."—Kirkus Reviews "This is one of the most insightful books on genetics to date and certainly the most entertaining."—The Wall Street Journal

The Etruscans in the Modern Imagination Sam Solecki 2022-10-21 The
 Etruscans, a revenant and unusual people, had an Italian empire before
 the Greeks and Romans did. By the start of the Christian era their
 wooden temples and writings had vanished, the Romans and the early
 church had melted their bronze statues, and the people had assimilated.
 After the last Etruscan augur served the Romans as they fought back the
 Visigoths in 408 CE, the civilization disappeared but for ruins, tombs, art,
 and vases. No other lost culture disappeared as completely and then
 returned to the same extent as the Etruscans. Indeed, no other ancient

Mediterranean people was as controversial both in its time and in posterity. Though the Greeks and Romans tarred them as superstitious and decadent, D.H. Lawrence praised their way of life as offering an alternative to modernity. In *The Etruscans in the Modern Imagination* Sam Solecki chronicles their unexpected return to intellectual and cultural history, beginning with eighteenth-century scholars, collectors, and archaeologists. The resurrection of this vanished kingdom occurred with remarkable vigour in philosophy, literature, music, history, mythology, and the plastic arts. From Wedgwood to Picasso, Proust to Lawrence, Emily Dickinson to Anne Carson, Solecki reads the disembodied traces of Etruscan culture for what they tell us about cultural knowledge and mindsets in different times and places, for the way that ideas about the Etruscans can serve as a reflection or foil to a particular cultural moment, and for the creative alchemy whereby artists turn to the past for the raw materials of contemporary creation. The Etruscans are a cultural curiosity because of their disputed origin, unique language, and distinctive religion and customs, but their destination is no less worthy of our curiosity. *The Etruscans in the Modern Imagination* provides a fascinating meditation on cultural transmission between ancient and modern civilizations.

The Routledge Companion to Art and Disability Keri Watson 2022-03-30 *The Routledge Companion to Art and Disability* explores disability in visual culture to uncover the ways in which bodily and cognitive differences are articulated physically and theoretically, and to demonstrate the ways in which disability is culturally constructed. This companion is organized thematically and includes artists from across historical periods and cultures in order to demonstrate the ways in which disability is historically and culturally contingent. The book engages with questions such as: How are people with disabilities represented in art? How are notions of disability articulated in relation to ideas of normality,

hybridity, and anomaly? How do artists use visual culture to affirm or subvert notions of the normative body? Contributors consider the changing role of disability in visual culture, the place of representations in society, and the ways in which disability studies engages with and critiques intersectional notions of gender, race, ethnicity, class, and sexuality. This book will be particularly useful for scholars in art history, disability studies, visual culture, and museum studies.

The Sonnet Lover Carol Goodman 2007-06-12 For how thy memory has lingered on- In spite of cruelest winter's drear and howl- By inner mirror seen; I've dwelled upon, I must confess, my treachery most foul. Did Shakespeare pen a series of passionate sonnets, unknown to modern scholarship, ardently praising a mysterious dark-haired beauty? This tantalizing question is raised in a letter to literature professor Rose Asher. But the letter's author, Rose's star pupil, is not telling. A troubled, enigmatic young man, he plunged to his death in front of the college's entire faculty, an apparent suicide. Determined to find the truth, Rose journeys from New York to Italy, back to the magnificent Tuscan villa where as an undergraduate she first fell in love. La Civetta is a dreamlike place, resplendent with the heady scent of lemon trees and the sunset's ochre wash across its bricks and cobbles. Once there Rose finds her first love still in residence. Torn between her mission and her rekindled feelings, Rose becomes enmeshed in a treacherous tangle of secrets and scandal. A folio containing what some believe to be one of Shakespeare's lost sonnets has vanished, and literary immortality awaits whoever finds the manuscript-as do a vast Italian estate and a Hollywood movie deal. Uncertain whom she can trust and where she can turn, Rose races against time and unseen enemies in a bid to find the missing masterpiece. Lush, lyrical, and enthralling, *The Sonnet Lover* vividly brings to life the Tuscan countryside and the fascinating world of the Renaissance poets. Unmatched in her ability to evoke atmosphere and intrigue, Carol Goodman delivers her most ambitious and satisfying work to date, a seductive novel that skillfully propels its reader headlong to the final suspenseful page.
