Jonas Lies marginalia Per Mæleng 2003 Per Mæleng viser i sin studie av Familie paa Gilje at den langt fra er "en nydelig Roman om ingenting", slik Alexander Kielland i sin tid hevdet. Jonas Lies familier lever i konflikter som står i fare for å sprengre relasjoner og bånd. Begjær, sjalusi, skyld, mistillit, utroskap og ikke minst likegyldighet er stadig tilbakevendende problemer. Slik sett er det mer nærliggende å bruke familieoppløsningens dikter som karakteristikk av Jonas Lie. Forfatterskapets realisme kan påminne om vår egen tids

intimitetsrealisme. Per Mæleng framhever særlig at Lie har et uvanlig sterkt utviklet blikk for kvinners marginaliserte erfaringer. Viktige impulser for Mælengs arbeid har kommet fra billedteori og moderne interart-studier. Per Mæleng (f. 1955) er dr. philos og avdelingsleder i Nasjonalbiblioteket. Han har publisert artikler om blant andre Knut Hamsun, Jonas Lie, Vigdis Hjorth og om generelle estetiske og filosofiske emner. Bibliografi.

Thorstein Veblen Erik S. Reinert 2014-10-01 After his death Thorstein Veblen was hailed as 'America's Darwin and Marx' and is normally portrayed as the perennial iconoclast. He severely criticised traditional economics and attempted to create an alternative approach based on a much more complex view of human beings. He is one of the most celebrated economists of our age and has been the

inspiration for many books; the predatory version of capitalism we now again experience, the phenomenon of studying cultures of consumption and the darker sides of gilded ages can be traced back to Veblen. A conference in Veblen's ancestral Norway marked the 150th anniversary of his birth. The aim of the conference was to consolidate Veblen scholarship and evaluate his relevance for the problems of today. This collection offers the results of that endeavour; it is a milestone of Vebleniana which assesses all the most salient aspects of his life and influence. Many of its contributors also push into uncharted territory, examining the man and his work from new and necessary perspectives hitherto ignored by scholarship.

The History of Fatherhood in Norway, 1850-2012 J.

Lorentzen 2013-11-07 The first study of its kind, this book traces 150 years of the history of fatherhood in Scandinavia and shows how Scandinavian gender equality policy has important implications for the rest of the world. Among other interesting findings, Lorentzen reveals that the modern-day rise in equality fathering can be traced back to the 19th century.

Culture and Customs of Norway Margaret Hayford O'Leary 2010-09-16 This thorough introduction to modern-day Norway and Norwegian culture shows the impact a small country can have on the world in terms of peace building, environmental issues, technological innovation, and more. Culture and Customs of Norway

provides an up-to-date view of Norway, showcasing a nation that is part of modern Europe, yet zealously maintains its own culture and identity. Providing the most current information on a broad range of topics—including cinema, literature, food, art, performing arts, and architecture—the book also places modern-day Norway in a historical context that makes it possible to understand how Norwegian culture came to be as it is today. Readers will discover a nation that is a fascinating juxtaposition of advanced technology, especially in such fields as oil production and climate, and some of the most spectacular natural beauty in the world. They will read about such famous writers, artists, and composers as Henrik Ibsen, Edvard Munch, and Edvard Grieg. And they will discover how Norway confronts the challenges of modern society without sacrificing its social-democratic philosophy of social justice and shared responsibility, both at home and globally.
