[Family Affairs](#) CREATSPACE 2012-05-01 Love, respect, and tolerance are the themes that intertwine the lives of two families and their relationships. Imafi, the author of Family Affairs, masterfully depicts how many family life circumstances contain common elements and with acceptance, forgiveness, and perseverance, love will endure, regardless of race, religion, gender, or skin color. This riveting family saga addresses love, understanding, and tolerance in the United States with highlights of the West African culture across a contemporary religious backdrop. In Family Affairs, Pastor Shackles is an established clergyman, beloved and respected by his church and community. He and his wife have three children and appear to be the typical family until it comes to light that Samoa, their daughter, is a lesbian who fell in love with Alice Riodiaz while in grade school. Alice is the daughter of the church's music director. Coming to grips with their families' beliefs regarding homosexuality within the context of their religious households is only one of several crossroads that these captivating characters must surmount. The families of Samoa and Alice are also confronted with rape, unplanned pregnancies, and suicide. Despite the fact that the Shackles and Riodiaz families are well educated, the happenings in their lives test their deeply rooted beliefs and challenge the stability of their relationships. The gripping components of romance, erotica, sexual liberation, tradition, and tolerance make Family Affairs a novel that will open your eyes and heart to the goodness that abounds in all circumstances. Imafi uniquely uncovers the positive and productive side of homosexual relationships in an effort to dismiss the negative and biased beliefs that often accompany same-sex relationships from a religious point of view. Human nature and mores within a religious setting and the African culture combine to make this a compelling and memorable storyline. As you live through the events of the lives of Samoa, Alice, and their families, you will gain greater insight and a deeper understanding of how far acceptance and love can go in mending and keeping love alive. Family Affairs will move you to love and understand the differences that exist within and outside of our families with an intention to expand respect and love for all mankind.

Our Family Affairs, 1867-1896 Edward Frederic Benson 1920 E.F. Benson, in full Edward Frederic Benson, (born July 24, 1867, Wellington College, Berkshire, Eng.-died Feb. 29, 1940, London), writer of fiction, reminiscences, and biographies, of which the best remembered are his arch, satirical novels and his urbane autobiographical studies of Edwardian and Georgian society. The son of E.W. Benson, an archbishop of Canterbury (1883-96), the young Benson was educated at Marlborough School and at King's College, Cambridge. After graduation he worked from 1892 to 1895 in Athens for the British School of Archaeology and later in Egypt for the Society for the Promotion of Hellenic Studies. In 1893 he published *Dodo*, a novel that attracted wide attention. It was followed by a number of other successful novels-such as *Mrs. Ames* (1912), *Queen Lucia* (1920), *Miss Mapp* (1922), and *Lucia in*

London (1927)-and books on a wide range of subjects, totaling nearly 100. Among them were biographies of Queen Victoria, William Gladstone, and William II of Germany. Our Family Affairs, 1867-1896 (Classic Reprint) E. F. Benson 2015-07-18 Excerpt from *Our Family Affairs, 1867-1896* My father was headmaster of Wellington College, where and when I was born, but of him there, in spite of his extraordinarily forcible personality, I have no clear memory, though the first precise and definite recollection that I retain at all, heaving out of nothingness, was connected with him, for it certainly was he, who, standing by the table in the window of the dining-room with an open newspaper in his hand, told me never to forget this day on which the Franco-German war came to an end. Otherwise as regards him, somebody swept by in an academic cap and gown, a figure not at all awe-inspiring as he became to me very soon after, but simply a rather distinguished natural phenomenon to be regarded in the same light as rain or wall-paper or sunshine. Cudgel my memory as I may, I can evoke no other figure of him at Wellington, except as something shining and swift; an external object whirling along on an orbit as inconjecturable as those of the stars, and wholly uninteresting. He had a study on the left of the front door into the Master's Lodge, where there was a big desk with a shiny circular cover.
