When Life Gives You Pears

Jeannie Gaffigan 2019-10-01

The Big Sick meets Dad is Fat in this funny and heartfelt New York Times bestselling memoir from writer, director, wife, and mother, Jeannie Gaffigan, as she reflects on the life-changing impact of her battle with a pear-sized brain tumor. In 2017, Jeannie's life came to a crashing halt when she was diagnosed with a life-

threatening brain tumor. As the mother of 5 kids -- 6 if you include her husband -- sat in the neurosurgery department in star-covered sweats too whimsical for the seriousness of the situation, all she could think was "Am I going to die?" Thankfully, Jeannie and her family were able to survive their time of crisis, and now she is sharing her deeply personal journey through this miraculous story: the challenging conversations she had with her children; how she came to terms with feeling powerless and ferociously crabby while bedridden and unable to eat for a month; and how she ultimately learned, re-learned and re re-learned to be more present in life. With sincerity and hilarity, Jeannie invites you into her heart (and brain) during this trying time, emphasizing the importance of family, faith and humor as keys to her recovery and leading a more fulfilling life.

**The Funniest People in
Families** David Bruce

2022-09-24 This is a short,

quick, and easy read. Some
samples: 1) Just after the end
of World War II, while country
comedian Archie Campbell was
still an enlisted man in the
United States Navy, he hadn't
seen his wife for a long time, so
he asked Lieutenant Sam
Bailey if a way could be
arranged for him to see her.
Therefore, Lieutenant Bailey
asked Mr. Campbell to take an
apparatus to Florida to have it
repaired--of course, Mr.
Campbell had his wife meet
him in Florida. At the repair
shop, Mr. Campbell asked how
long it would take to have the
apparatus repaired, and the
technician assured him that it
would be repaired by the very
next day. This was bad news
for Mr. Campbell and his wife,
so he explained the situation to
the technician, saying, "I
haven't seen my wife in over a
year. Take longer than that."
The technician replied, "In that
case, it will take at least a
week." 2) One Christmas, Pope
John XXIII went to a children's
hospital to visit the patients.
One child, Silvio Colagrande,
had been blind, but could now

see because a dying priest, Don Gnocchi, had willed his eyes to Silvio and the corneas had been transplanted. Upon seeing the Pope, Silvio called out, "I see you with Don Gnocchi's eyes." Another child, seven-year-old Carmine Gemma, had recently become blind as the result of an attack of meningitis. He told Pope John XXIII, "You're the Pope, I know, but I can't see you." The Pope held Carmine's hands for a while, then he murmured, "We are all blind, sometimes."

3) Anne Sexton once wrote a volume of poetry titled Love Poems. One poem was intended to be titled "Twenty-One Days Without You" because her career required her to spend that amount of time away from her husband. However, the title had to be changed to "Eighteen Days Without You" after her husband said to her, "I can't stand it any longer; you haven't been with me for days."

Blogging, Citizenship, and the Future of Media Mark Tremayne 2012-10-02 This collection of original essays addresses a number of questions seeking to increase our understanding of the role of blogs in the contemporary media landscape. It takes a provocative look at how blogs are reshaping culture, media, and politics while offering multiple theoretical perspectives and methodological approaches to the study. Americans are increasingly turning to blogs for news, information, and entertainment. But what is the content of blogs? Who writes them? What is the consequence of the population's growing

dependence on blogs for political information? What are the effects of blogging? Do readers trust blogs as credible sources of information? The volume includes quantitative and qualitative studies of the blogosphere, its contents, its authors, and its networked connections. The readers of blogs are another focus of the collection: how are blog readers different from the rest of the population? What consequences do blogs have for the lives of everyday people? Finally, the book explores the ramifications of the blog phenomenon on the future of traditional media: television, newspapers, and radio.

Based on a True Story Norm Macdonald 2016-09-20 NEW YORK TIMES BESTSELLER • "Driving, wild and hilarious" (The Washington Post), here is the incredible "memoir" of the legendary actor, gambler, raconteur, and Saturday Night Live veteran. When Norm Macdonald, one of the greatest stand-up comics of all time, was approached to write a celebrity memoir, he flatly refused, calling the genre "one step below instruction manuals." Norm then promptly took a two-year hiatus from stand-up comedy to live on a farm in northern Canada. When he emerged he had under his arm a manuscript, a genre-smashing book about comedy, tragedy, love, loss, war, and redemption. When asked if this

Furiously Happy Jenny Lawson 2015-09-22 In *Furiously Happy*, #1 New York Times bestselling author Jenny Lawson explores her lifelong battle with mental illness. A hysterical, ridiculous book about crippling depression and anxiety? That sounds like a terrible idea. But terrible ideas are what Jenny does best. As Jenny says: "Some people might think that being 'furiously happy' is just an

excuse to be stupid and irresponsible and invite a herd of kangaroos over to your house without telling your husband first because you suspect he would say no since he's never particularly liked kangaroos. And that would be ridiculous because no one would invite a herd of kangaroos into their house. Two is the limit. I speak from personal experience. My husband says that none is the new limit. I say he should have been clearer about that before I rented all those kangaroos. "Most of my favorite people are dangerously fucked-up but you'd never guess because we've learned to bare it so honestly that it becomes the new normal. Like John Hughes wrote in *The Breakfast Club*, 'We're all pretty bizarre. Some of us are just better at hiding it.' Except go back and cross out the word 'hiding.'" *Furiously Happy* is about "taking those moments when things are fine and making them amazing, because those moments are what make us who we are, and they're the

same moments we take into battle with us when our brains declare war on our very existence. It's the difference between "surviving life" and "living life". It's the difference between "taking a shower" and "teaching your monkey butler how to shampoo your hair." It's the difference between being "sane" and being "furiously happy." Lawson is beloved around the world for her inimitable humor and honesty, and in *Furiously Happy*, she is at her snort-inducing funniest. This is a book about embracing everything that makes us who we are - the beautiful and the flawed - and then using it to find joy in fantastic and outrageous ways. Because as Jenny's mom says, "Maybe 'crazy' isn't so bad after all." Sometimes crazy is just right. *American Book Publishing Record* 1981
