old boy who inherits the keys to a parallel world where good and evil are at war, and the stakes could not be higher--for that world or ours. Charlie Reade looks like a regular high school kid, great at baseball and football, a decent student. But he carries a heavy load. His mom was killed in a hit-and-run accident when he was ten, and grief drove his dad to drink. Charlie learned how to take care of himself--and his dad. When Charlie is seventeen, he meets a dog named Radar and her aging master, Howard Bowditch, a recluse in a big house at the top of a big hill, with a locked shed in the backyard. Sometimes strange sounds emerge from it. Charlie starts doing jobs for Mr. Bowditch and loses his heart to Radar. Then, when Bowditch dies, he leaves Charlie a cassette tape telling a story no one would believe. What Bowditch knows, and has kept secret all his long life, is that inside the shed is a portal to another world. "--Publisher.

Spotted Tail's Folk George E. Hyde 1976-10-01 Spotted Tail, the great

head chief of the Brule Sioux, was an intelligent and farseeing man who realized alone of all the Sioux that the old way of life was doomed and that to war with the white soldiers was certain suicide. Although he was branded a traitor by many members of his tribe, the canny Brule, with all the skill of an accomplished diplomat, fought a delaying action over the council tables with the high officials in Washington. The only man in the tribe big enough to stand up to the whites and insist upon the rights of the Brulés under existing treaties with the U. S. government, he used every means available to him, short of a shooting war, to protect his people from being rushed into the white man's ways by government agents and eastern "Friends of the Indians." Thus the story of Spotted Tail is the story of the Brulé struggle against being made into imitation whites overnight, even when they were forced on the reservation, where they were expected to farm the land, raise cattle, send their children to school, and adopt Christianity-all at once. The assassination of Spotted Tail in 1881 by his political enemy, Crow Dog, ended the history of the Brulé Sioux as a tribe. With the great voice stilled, at Rosebud Agency only the voices of little men were heard, quarreling about little matters. With his death, the government effected its purpose: to break the tribal organization to bits and put the Brulés under the control of their white agent.

The Williams Family Shares a Rat Tail Jennifer Williams 2016-11-10 This little rhyme is a story about pet rats. Just hearing the word rat makes some people's skin crawl, while other people defend their little spirits as the best rodent a person could love. I'm not certain just when we decided rats would make great domestic pets. Perhaps lab technicians, who used them in a plethora of experiments, found that many of their lab specimens had actually shown a sensitive, caring, and loyal nature. My family, as one of many, is overjoyed that rats are being offered for companions. Rats have just the right combination of play and snuggles. Like visits from my own Mother when she stayed in our household of pets, we'd do everything to shelter her from having to experience a rat tail. Ideas to tape, paint, or cover the tail with clothing or bows were all considerations. This book is about the joy my family found in this 'unsung hero' of pets. Perhaps, and after reading our story, a family who would have never considered having a rat, might just look at them as something other than snake food.

There are a few parts in the book that talks about the buck's antlers, and how they change as they grow up. This book has two texts. One text tells the story of the deer family and the other text are intended for the adult who is reading to the child, or for an older child that is reading the book.
