A Very Irregular Head Rob Chapman 2010-10-26 "I don't think I'm easy to talk about. I've got a very irregular head. And I'm not anything that you think I am anyway."—Syd Barrett's last interview, Rolling Stone, 1971 Roger Keith "Syd" Barrett (1946–2006) was, by all accounts, the very definition of a golden boy. Blessed with good looks and a natural aptitude for painting and music, he was a charismatic, elfin child beloved by all, who fast became a teenage leader in Cambridge, England, where a burgeoning bohemian scene was flourishing in the early 1960s. Along with three friends and collaborators—Roger Waters, Richard Wright, and Nick Mason—he formed what would soon become Pink Floyd, and rock 'n' roll was never the same. Starting as a typical British cover band aping approximations of American rhythm 'n' blues, they soon pioneered an entirely new sound, and British psychedelic rock was born. With early, trippy, Barrett-penned pop hits such as "Arnold Layne" (about a clothesline-thieving cross-dresser) and "See Emily Play" (written specifically for the epochal "Games For May" concert), Pink Floyd, with Syd Barrett as their main creative visionary, captured the zeitgeist of "Swinging" London in all its Technicolor glory. But there was a dark side to all this new-found freedom. Barrett, like so many around him, began ingesting large quantities of a revolutionary new drug, LSD, and his already-fragile mental state—coupled with a personality inherently unsuited to the life of a pop star—began to unravel. The once bright-eyed lad was quickly replaced, seemingly overnight, by a glowering, sinister, dead-eyed shadow of his former self, given to erratic, highly eccentric, reclusive, and sometimes violent behavior. Inevitably sacked from the band, Barrett retreated from London to his mother's house in Cambridge, where he would remain until his death, only rarely seen or heard, further fueling the mystery. In the meantime, Pink Floyd emerged from the underground to become one of the biggest international rock bands of all time, releasing multi-platinum albums, many that dealt thematically with the loss of their friend Syd Barrett: *The Dark Side of the Moon*, *Wish You Were Here*, and *The Wall* are all, on many levels, about him. In *A Very Irregular Head*, journalist Rob Chapman lifts the veil of secrecy that has surrounded the legend of Syd Barrett for nearly four decades, drawing on exclusive access to family, friends, archives, journals, letters, and artwork to create the definitive portrait of a brilliant and tragic artist. Besides capturing all the promise of Barrett's youthful years, Chapman challenges the oft-held notion that Barrett was a hopelessly lost recluse in his later years, and creates a portrait of a true British eccentric who is rightfully placed within a rich literary lineage that stretches through Kenneth Graham, Hilaire Belloc, Edward Lear, Lewis Carroll, John Lennon, David Bowie, and on up to the pioneers of Britpop. A tragic, affectionate, and compelling portrait of a singular artist, *A Very Irregular Head* will stand as the authoritative word on this very English genius for years to come.

Howard Hawks Todd McCarthy 2007-12-01 The first major biography of one of Old Hollywood's greatest directors. Sometime partner of the eccentric Howard Hughes, drinking buddy of William Faulkner and Ernest Hemingway, an inveterate gambler and a notorious liar, Howard Hawks was the most modern of the great masters and one of the first directors to declare his independence from the major studios. He played Svengali to Lauren Bacall, Montgomery Clift, and others, but Hawks's greatest creation may have been himself. As *The Atlantic Monthly* noted, "Todd McCarthy. . . . has gone further than anyone else in sorting out the truths and lies of the life, the skills and the insight and the self-deceptions of the work." "A fluent biography of the great director, a frequently rotten guy but one whose artistic independence and standards of film morality never failed." —*The New York Times Book Review* "Hawks's life, until now rather an enigma, has been put into focus and made one with his art in Todd McCarthy's wise and funny *Howard Hawks*." —*The Wall Street Journal* "Excellent. . . . A respectful, exhaustive, and appropriately smartass look at Hollywood's most versatile director." —*Newsweek*

How to Be a Movie Star William J. Mann 2009-10-21 Elizabeth Taylor has never been short on star power, but in this unprecedented biography, the spotlight is entirely on her—a spirited beauty full of magic, professional daring, and wit. Acclaimed biographer William Mann follows Elizabeth Taylor publicly as she makes her ascent at MGM, falls into (and out of) marriages, wins Oscars, fights studio feuds, and combats

America's conservative values with her decidedly modern love affairs. But he also shines a light on Elizabeth's rich private life, revealing a love for her craft and a loyalty to the underdog that fueled her lifelong battle against the studio system. Swathed in mink, disposing of husbands but keeping the diamonds—this is Elizabeth Taylor as she lived and loved, breaking and making the rules in the game of supreme celebrity.

The Camera Lies Dan Callahan 2020 The first book on Hitchcock that focuses exclusively on his work with actors Alfred Hitchcock is said to have once remarked, "Actors are cattle," a line that has stuck in the public consciousness ever since. For Hitchcock, acting was a matter of contrast and counterpoint, valuing subtlety and understatement over flashiness. He felt that the camera was duplicitous, and directed actors to look and act conversely. In *The Camera Lies*, author Dan Callahan spotlights the many nuances of Hitchcock's direction throughout his career, from Cary Grant in *Notorious* (1946) to Janet Leigh in *Psycho* (1960). Delving further, he examines the ways that sex and sexuality are presented through Hitchcock's characters, reflecting the director's own complex relationship with sexuality. Detailing the fluidity of acting -- both what it means to act on film and how the process varies in each actor's career -- Callahan examines the spectrum of treatment and direction Hitchcock provided well- and lesser-known actors alike, including Ingrid Bergman, Henry Kendall, Joan Barry, Robert Walker, Jessica Tandy, Kim Novak, and Tippi Hedren. As Hitchcock believed, the best actor was one who could "do nothing well" - but behind an outward indifference to his players was a sophisticated acting theorist who often drew out great performances. *The Camera Lies* unpacks Hitchcock's legacy both as a director who continuously taught audiences to distrust appearance, and as a man with an uncanny insight into the human capacity for deceit and misinterpretation.

Giant Marilyn Ann Moss 2015-08-04 Marilyn Ann Moss's *Giant* examines the life of one of the most influential directors to work in Hollywood from the 1930s to the 1960s. George Stevens directed such popular and significant films as *Shane*, *Giant*, *A Place in the Sun*, and *The Diary of Anne Frank*. He was the first to pair Katharine Hepburn and Spencer Tracy on film in *Woman of the Year*. Through the study of Stevens's life and his production history, Moss also presents a glimpse of the workings of the classic Hollywood studio system in its glory days. Moss documents Stevens's role as a powerful director who often had to battle the heads of major studios to get his films made his way. She traces the four decades Stevens was a major Hollywood player and icon, from his earliest days at the Hal Roach Studios—where he learned to be a cameraman, writer, and director for Laurel and Hardy features—up to when his films made millions at the box office and were graced by actors such as Elizabeth Taylor, James Dean, Alan Ladd, and Montgomery Clift.

The Passion of Montgomery Clift Amy Lawrence 2010-05-27 From his 1948 film debut in *Red River* through such classics as *The Heiress*, *A Place in the Sun*, and *From Here to Eternity*, Montgomery Clift exemplified a new masculinity and—leading the way for a generation of actors, including Marlon Brando and James Dean—epitomized the new naturalistic style of acting. Clift's impact was such that, both during his troubled life and after his untimely death, fans described the actor in religious terms, characterizing Clift as a vision, acolyte, and martyr. In *The Passion of Montgomery Clift*, Amy Lawrence challenges the myth of Clift as tragic victim by examining Clift's participation in the manipulation of his image, his collaborations with directors, his relationships with costars, and his interactions with writers.

Montgomery Clift Patricia Bosworth 2012-06-05 "The definitive work on the gifted, haunted actor" (*Los Angeles Times*) and "the best film star biography in years" (*Newsweek*). From the moment he leapt to stardom with the films *Red River* and *A Place in the Sun*, Montgomery Clift was acclaimed by critics and loved by fans. Elegant, moody, and strikingly handsome, he became one of the most definitive actors of the 1950s, the first of Hollywood's "loner heroes," a group that includes Marlon Brando and James Dean. In this affecting biography, Patricia Bosworth explores the complex inner life and desires of the renowned actor.

She traces a poignant trajectory: Clift's childhood was dominated by a controlling, class-obsessed mother who never left him alone. He developed passionate friendships with Marilyn Monroe and Elizabeth Taylor in spite of his closeted homosexuality. Then his face was destroyed after a traumatic car crash outside Taylor's house. He continued to make films, but the loss of his beauty and subsequent addictions finally brought the curtain down on his career. Stunning and heartrending, Montgomery Clift is a remarkable tribute to one of Hollywood's most gifted—and tormented—actors.

Montgomery Clift Michelangelo Capua 2015-09-16 At the peak of his career in the 1950s, Montgomery Clift was the symbol of a very talented yet rebellious generation of movie stars. His acting combined the personal and the professional, and his seventeen movies show his superb craft and extraordinary sensitivity. Yet there was much more to his life than his talents as an actor—more than most people knew. This book is a biography of the extremely handsome, acutely intelligent, but tormented Montgomery Clift. His life has been described as "the longest suicide in the history of Hollywood," and this biography shows the accuracy of that description. It covers Clift's sheltered childhood, his discovery at the age of 12, the early critical acclaim that brought attention from such noted directors as Elia Kazan and Antoinette Perry, his development as a professional actor and work with many of Hollywood's greatest directors (including Kazan, Fred Zinneman, Alfred Hitchcock and John Huston), and the devastating car accident that disfigured his face and caused him to turn to drugs and alcohol. Throughout the book, attention is given to Clift's self-destructive personality—which created problems that even close friends like Elizabeth Taylor could not help him solve—and his closet homosexuality, which contributed to his intense insecurity. Richly illustrated.

Monty Robert LaGuardia 1977 "Classically handsome, extraordinarily gifted, a legend before his death who created the mold for James Dean and Marlon Brando—Montgomery Clift will never be forgotten by anyone who saw him on the screen. Women literally screamed for him; critics acclaimed him—yet he died, at the age of 45, a haunted, broken man. What happened? Why did so promising a life end so tragically? Here, through years of research and hundreds of interviews with Clift's family, friends, lovers, associates and confidants, illustrated with sixty photographs, many never before published, is the first definitive in-depth biography to break through the public and private façade of Montgomery Clift—a 1950s rebel on screen and off. Here are the famous films, from *Red River* to *From Here to Eternity* to *The Misfits*, as well as the real stories behind them: the lacerating fights with John Huston on Freud; the intense relationship with Elizabeth Taylor begun during the filming of *A Place in the Sun*; the man-to-man showdown with John Wayne in *Red River*; the deep friendships and provocative confrontations with such people as Marlon Brando, Frank Sinatra, Alfred Hitchcock, Elia Kazan, William Wyler, Olivia de Havilland, James Jones, Howard Hawks, and Katharine Hepburn. Here, too, is the private Monty, a life heretofore hinted at in rumors and whispers, but never before revealed in true depth: the frank story of his battles with alcohol and drugs; his complex relationships with friends and family; his sexual encounters with men and women; his psychological disturbances and bizarre behavior; the car accident that changed his life. From his peripatetic childhood in the close care of his mother to his early Broadway successes to his meteoric rise and subsequent fall before the eyes of the world, this is a riveting, life-size portrait of Montgomery Clift the actor and the man—a fascinating voyage into the spotlighted world of the movie star, and the dark realms of the human psyche. Scoring the Hollywood Actor in the 1950s Gregory Camp 2022-08 *Scoring the Hollywood Actor in the 1950s* theorises the connections between film acting and film music using the films of the 1950s as case studies. Closely examining performances of such actors as James Dean, Montgomery Clift, and Marilyn Monroe, and films of directors like Elia Kazan, Douglas Sirk, and Alfred Hitchcock, this volume provides a comprehensive view of how screen performance has been musicalised, including examination of the role of music in relation to the creation of cinematic performances and the perception of an actor's performance. The book also explores the idea of music as a temporal vector which mirrors the temporal vector of actors' voices and movements, ultimately demonstrating how acting and music go together to create a forward axis of time in the films of the 1950s. This is a valuable resource for scholars and researchers of musicology, film music and film studies more generally.

Hitchcock Francois Truffaut 2015-12-04 Iconic, groundbreaking interviews of Alfred Hitchcock by film critic François Truffaut—providing insight into the cinematic method, the history of film, and one of the

greatest directors of all time. In Hitchcock, film critic François Truffaut presents fifty hours of interviews with Alfred Hitchcock about the whole of his vast directorial career, from his silent movies in Great Britain to his color films in Hollywood. The result is a portrait of one of the greatest directors the world has ever known, an all-round specialist who masterminded everything, from the screenplay and the photography to the editing and the soundtrack. Hitchcock discusses the inspiration behind his films and the art of creating fear and suspense, as well as giving strikingly honest assessments of his achievements and failures, his doubts and hopes. This peek into the brain of one of cinema's greats is a must-read for all film aficionados.

Spectacular Passions Brett Farmer 2000-10-30 The image of the movie-obsessed gay man is a widely circulating and readily recognizable element of the contemporary cultural landscape. Using psychoanalytic theory as his guide while inflecting it with insights from both film theory and queer theory, Brett Farmer moves beyond this cliché to develop an innovative exploration of gay spectatorship. The result, *Spectacular Passions*, reveals how cinema has been engaged by gay men as a vital forum for "fantasmatic performance"—in this case, the production of specifically queer identities, practices, and pleasures. Building on the psychoanalytic concept of the fantasmatic, Farmer works to depathologize gay male subjectivity. While discussing such films as *Kiss of the Spider Woman*, *The Pirate*, *Suddenly Last Summer*, and *Sunset Boulevard*, and stars ranging from Mae West to Montgomery Clift, Farmer argues that the particularities of gay men's social and psychic positionings motivate unique receptions of and investments in film. The Hollywood musical, gay camp readings of the extravagant female star, and the explicit homoeroticism of the cinematic male body in gay fanzines are further proof, says Farmer, of how the shifting libidinal profiles of homosexual desire interact with the fantasy scenarios of Hollywood film to produce a range of variable queer meanings. This fascinating and provocative study makes a significant new contribution to discussions of cinema, spectatorship, and sexuality. As such, it will be welcomed by those in the fields of film theory, queer theory, and cultural studies.

Hollywood Enigma Carl Rollyson 2012-07-16 Dana Andrews (1909–1992) worked with distinguished directors such as John Ford, Lewis Milestone, Otto Preminger, Fritz Lang, William Wyler, William A. Wellman, Mervyn Le Roy, Jean Renoir, and Elia Kazan. He played romantic leads alongside the great beauties of the modern screen, including Joan Crawford, Elizabeth Taylor, Greer Garson, Merle Oberon, Linda Darnell, Susan Hayward, Maureen O'Hara, and most important of all, Gene Tierney, with whom he did five films. Retrospectives of his work often elicit high praise for an underrated actor, a master of the minimalist style. His image personified the "male mask" of the 1940s in classic films such as *Laura*, *Fallen Angel*, and *Where the Sidewalk Ends*, in which he played the "masculine ideal of steely impassivity." No comprehensive discussion of film noir can neglect his performances. He was an "actor's actor." Here at last is the complete story of a great actor, his difficult struggle to overcome alcoholism while enjoying the accolades of his contemporaries, a successful term as president of the Screen Actors Guild, and the love of family and friends that never deserted him. Based on diaries, letters, home movies, and other documents, this biography explores the mystery of a poor boy from Texas who made his Hollywood dream come true even as he sought a life apart from the limelight and the backbiting of contemporaries jockeying for prizes and prestige. Called "one of nature's noblemen" by his fellow actor Norman Lloyd, Dana Andrews emerges from *Hollywood Enigma* as an admirable American success story, fighting his inner demons and ultimately winning.

James Baldwin David Leeming 2015-02-24 James Baldwin was one of the great writers of the last century. In works that have become part of the American canon—*Go Tell It on a Mountain*, *Giovanni's Room*, *Another Country*, *The Fire Next Time*, and *The Evidence of Things Not Seen*—he explored issues of race and racism in America, class distinction, and sexual difference. A gay, African American writer who was born in Harlem, he found the freedom to express himself living in exile in Paris. When he returned to America to cover the Civil Rights movement, he became an activist and controversial spokesman for the movement, writing books that became bestsellers and made him a celebrity, landing him on the cover of *Time*. In this biography, which *Library Journal* called "indispensable," David Leeming creates an intimate

portrait of a complex, troubled, driven, and brilliant man. He plumbs every aspect of Baldwin's life: his relationships with the unknown and the famous, including painter Beauford Delaney, Richard Wright, Lorraine Hansberry, Marlon Brando, Harry Belafonte, Lena Horne, and childhood friend Richard Avedon; his expatriate years in France and Turkey; his gift for compassion and love; the public pressures that overwhelmed his quest for happiness, and his passionate battle for black identity, racial justice, and to "end the racial nightmare and achieve our country." Skyhorse Publishing, along with our Arcade, Good Books, Sports Publishing, and Yucca imprints, is proud to publish a broad range of biographies, autobiographies, and memoirs. J. Simpson. We have also published survivor stories of World War II, memoirs about overcoming adversity, first-hand tales of adventure, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Lee Marvin Dwayne Epstein 2013-01-01 The first full-length, authoritative, and detailed story of the iconic actor's life to go beyond the Hollywood scandal-sheet reporting of earlier books, this account offers an appreciation for the man and his acting career and the classic films he starred in, painting a portrait of an individual who took great risks in his acting and career. Although Lee Marvin is best known for his icy tough guy roles—such as his chilling titular villain in *The Man Who Shot Liberty Valance* or the paternal yet brutally realistic platoon leader in *The Big Red One*—very little is known of his personal life; his family background; his experiences in WWII; his relationship with his father, family, friends, wives; and his ongoing battles with alcoholism, rage, and depression, occasioned by his postwar PTSD. Now, after years of researching and compiling interviews with family members, friends, and colleagues; rare photographs; and illustrative material, Hollywood writer Dwayne Epstein provides a full understanding and appreciation of this acting titan's place in the Hollywood pantheon in spite of his very real and human struggles.

Scandals of Classic Hollywood Anne Helen Petersen 2014-09-30 Celebrity gossip meets history in this compulsively readable collection from BuzzFeed reporter Anne Helen Peterson. This guide to film stars and their deepest secrets is sure to top your list for movie gifts and appeal to fans of classic cinema and hollywood history alike. Believe it or not, America's fascination with celebrity culture was thriving well before the days of TMZ, Cardi B, Kanye's tweets, and the #metoo allegations that have gripped Hollywood. And the stars of yesteryear? They weren't always the saints that we make them out to be. BuzzFeed's Anne Helen Petersen, author of *Too Fat, Too Slutty, Too Loud*, is here to set the record straight. Pulling little-known gems from the archives of film history, Petersen reveals eyebrow-raising information, including: • The smear campaign against the original *It Girl*, Clara Bow, started by her best friend • The heartbreaking story of Montgomery Clift's rapid rise to fame, the car accident that destroyed his face, and the "long suicide" that followed • Fatty Arbuckle's descent from Hollywood royalty, fueled by allegations of a boozy orgy turned violent assault • Why Mae West was arrested and jailed for "indecent charges" • And much more Part biography, part cultural history, these stories cover the stuff that films are made of: love, sex, drugs, illegitimate children, illicit affairs, and botched cover-ups. But it's not all just tawdry gossip in the pages of this book. The stories are all contextualized within the boundaries of film, cultural, political, and gender history, making for a read that will inform as it entertains. Based on Petersen's beloved column on the *Hairpin*, but featuring 100% new content, *Scandals of Classic Hollywood* is sensationalism made smart.

Zeroville Steve Erickson 2013-04-30 The novel that inspired the film starring James Franco and Seth Rogen: "One of a kind . . . a funny, unnervingly surreal page turner" (*Newsweek*). Named one of the Best Books of the Year by the Washington Post Book World, *Newsweek*, and the Los Angeles Times Book Review *Zeroville* centers on the story of Vikar, a young architecture student so enthralled with the movies that his friends call him "cinéautistic." With an intensely religious childhood behind him, and tattoos of Elizabeth Taylor and Montgomery Clift on his head, he arrives in Hollywood—where he's mistaken for a member of the Manson family and eventually scores a job as a film editor. Vikar discovers the frames of a secret film within the reels of every movie ever made, and sets about splicing them together—a task that takes on frightening theological dimensions. Electrifying and "darkly funny," *Zeroville* dives into the renegade American cinema of the 1970s and '80s and emerges into an era for which we have no name (Publishers

Weekly). "Funny, disturbing, daring . . . dreamlike and sometimes nightmarish." —The New York Times Book Review "Magnificent." —The Believer "[A] writer who has been compared to Vladimir Nabokov, Don DeLillo, and Thomas Pynchon." —Bookmarks Magazine "Erickson is as unique and vital and pure a voice as American fiction has produced." —Jonathan Lethem

The Original Method Actors Charles River Charles River Editors 2017-01-26 *Includes pictures *Includes the actors' quotes about their lives and careers *Includes online resources and a bibliography for further reading It would be no exaggeration to say that James Dean has been more mythologized than any other actor in history, a development due more to his off-screen personality and conduct than the films he actually starred in. Much of Dean's appeal derives from his humble and ordinary origins, and audiences are drawn to the romance of the Indiana farm boy who catapulted to the top of the motion picture industry in a single year - the same year that would see him die. Of course, James Dean remains well-known for being anything but humble and ordinary. As famous as his films are, Dean's story is inextricably tied to his love for racing cars and his death in a high speed car crash. And though Dean was already wildly famous at the time of his death, there is no question that his death only enhanced his fame. One study found evidence of a "James Dean effect," which concluded that a star's popularity benefits if the star dies young instead of living longer and losing luster. By dying young, Dean actually ensured that his name would remain famous, and his appeal has transcended generations. Marlon Brando. Few names in the acting profession evoke such a strong, almost visceral reaction. Over the course of his long, prolific career, he was considered perhaps the greatest actor of the 20th century as well as one of the most complicated and misunderstood. Uniquely able to be both emotionally charged and technically constrained in the same performance, he single-handedly changed the direction of not only the American style of acting, influencing successors such as Robert De Niro, Al Pacino and even Johnny Depp, but the acting profession on a global scale. His iconic interpretations of characters such as Stanley Kowalski (*A Streetcar Named Desire*), Terry Malloy (*On the Waterfront*) and Vito Corleone (*The Godfather*) have been forever burned into the collective memory of film and theatre aficionados, scholars and critics for their immense passion, rage, love, defiance, vulnerability, cruelty and tenderness - basically, the full spectrum of the human condition. With several Oscars and Golden Globes to his name, Brando's contributions remain the gold standard of the acting craft, and the American Film Institute has listed him as the 4th greatest screen legend in history. In the World War II and post-war era, the figure of the male hero who was previously presented as an invulnerable, single-minded, and to a larger degree monolithic and unknowable warrior, began to develop into a more multi-faceted and intriguing character in the most important Hollywood films. This was to signal, and in a sense impel the same change in American society that has always mirrored itself after its cinematic models. Much like the era of Austen and the Bronte sisters, the American hero softened to resemble the older British one, vulnerable and uncertain, but still passionate and determined. In Edward Montgomery Clift, the public not only discovered an unusually gifted actor, but a persistent and stoical anti-authoritarian, an extreme non-conformist in a conformist age and a personal enigma who has remained the target of prying Hollywood reporting since his death. Described as the first "method" actor in Hollywood, he was to co-create and develop this lonely, unwilling and uncertain American hero, filled with deep personal ambiguities, a conflicting will, vulnerable and sensitive. In his eventual arrival to Hollywood following a lengthy period of resistance, he not only embodied this new male model, but inspired the next generation of fascinating characters who didn't "fit in," such as friends Marlon Brando and James Dean. He added to this screen persona a sexual dualism that, while not apparent on the surface, changed the way leading men were perceived by the late 1940s.

American Cinema of the 1950s Murray Pomerance 2005 Bringing together original essays by ten respected scholars in the field, *American Cinema of the 1950s* explores the impact of the cultural environment of this decade on film, and the impact of film on the American cultural milieu. Contributors examine the signature films of the decade, including *From Here to Eternity*, *Sunset Blvd.*, *Singin' in the Rain*, *Shane*, *Rear Window*, and *Rebel Without a Cause*, as well as lesser-known but equally compelling films, such as *Dial 1119*, *Mystery Street*, *Suddenly*, *Summer Stock*, *The Last Hunt*, and many others. *Styling the Stars* Angela Cartwright 2017-04-04 A stunning collection of behind-the-scenes hair, makeup, and wardrobe continuity photographs from the Twentieth Century Fox archive, *Styling the Stars* features

images of more than 150 actors—such as Marilyn Monroe, Audrey Hepburn, Julie Andrews, Cary Grant, Clark Gable, and Paul Newman—from more than 100 Fox classics, including *Miracle on 34th Street*, *The Sound of Music*, *Cleopatra*, and *Butch Cassidy and the Sundance Kid*. In 1997 Twentieth Century Fox established an archive of all-but-forgotten production stills taken during the filming of some of their most memorable movies. Published here for the first time, this archive includes hundreds of riveting portraits of Hollywood's most treasured leading men and women as they were prepped for the camera. Revered for their indisputable sense of style, the carefully crafted characters portrayed by the likes of Clark Gable, Julie Andrews, and Audrey Hepburn came as the result of meticulous hairstyling, makeup artistry, and lavish costume design. In Hollywood's trendsetting word of glamour and glitz, continuity photographs ensured that these wardrobe elements remained consistent throughout the filming process. Once fully styled, stars posed for camera-ready continuity shots, which now, decades later, provide a striking record of the evolution of Hollywood fashion and stardom from the 1930s to the early 1970s. Through these long-lost photographs, which were never intended for the public eye, *Styling the Stars* takes fans of film, fashion, and photography inside the Twentieth Century Fox archive to deliver an intimate look at Hollywood's Golden Age and beyond. Written by Angela Cartwright (*The Sound of Music*, *Lost in Space*) and Tom McLaren, with a foreword by Maureen O'Hara (*Miracle on 34th Street*), this collection of candid rarities offers a glimpse into the details of prepping Hollywood's most iconic personalities, as well as revelatory stories about Twentieth Century Fox classics, such as *Planet of the Apes*, *Cleopatra*, *Butch Cassidy and the Sundance Kid*, *The Young Lions*, and more. Here you'll find images of Shirley Temple as she runs a brush through her trademark curls, Marilyn Monroe as she's styled for her role in *Let's Make It Legal*, Cary Grant as he suits up for a swim, and Paul Newman donning a six-shooter, among hundreds of rare, never-before-published photographs. The result is a stunning collector's volume of film and fashion photography, as well as an invaluable compendium of movie history. *Styling the Stars* is now available in paperback for the first time.

Elizabeth and Monty Charles Casillo 2021-05-25 Violet-eyed siren Elizabeth Taylor and classically handsome Montgomery Clift were the most gorgeous screen couple of their time. Over two decades of friendship they made, separately and together, some of the era's defining movies—including *Cat on a Hot Tin Roof*, *The Misfits*, *Suddenly*, *Last Summer*, and *Cleopatra*. Yet the relationship between these two figures—one a dazzling, larger-than-life star, the other hugely talented yet fatally troubled—has never truly been explored until now. "Monty, Elizabeth likes me, but she loves you." —Richard Burton When Elizabeth Taylor was cast opposite Montgomery Clift in *A Place in the Sun*, he was already a movie idol, with a natural sensitivity that set him apart. At seventeen, Elizabeth was known for her ravishing beauty rather than her talent. Directors treated her like a glamorous prop. But Monty took her seriously, inspiring and encouraging her. In her words, "That's when I began to act." To Monty, she was "Bessie Mae," a name he coined for her earthy, private side. The press clamored for a wedding, convinced this was more than friendship. The truth was even more complex. Monty was drawn to women but sexually attracted to men—a fact that, if made public, would destroy his career. But he found acceptance and kinship with Elizabeth. Her devotion was never clearer than after his devastating car crash near her Hollywood home, when she crawled into the wreckage and saved him from choking. Monty's accident shattered his face and left him in constant pain. As he sank into alcoholism and addiction, Elizabeth used her power to keep him working. In turn, through scandals and multiple marriages, he was her constant. Their relationship endured until his death in 1966, right before he was to star with her in *Reflections in a Golden Eye*. His influence continued in her outspoken support for the gay community, especially during the AIDS crisis. Far more than the story of two icons, this is a unique and extraordinary love story that shines new light on both stars, revealing their triumphs, demons—and the loyalty that united them to the end. "Casillo weaves an engrossing story about the intertwined lives of his subjects — the parallel worlds of privilege that they came from, the personal misfortunes that each suffered and the seemingly inextricable path that led to that fateful night. The author approaches them both with sympathy and comes away with a melodrama as good as any that they ever starred in." —The New York Times "In a riveting new book that brings Hollywood's golden age to life with colorful, well-researched details and interviews with stars who knew Taylor and Clift, Casillo explores the intense bond the two shared." —People Magazine

Montgomery Clift Mary Kalfatovic 1994-05-25 Post World War II America saw a return to prosperity and the rise of a significant youth-culture. Television began to replace movies as the chief source of entertainment for the general public, and adolescents and single young adults began to constitute the largest portion of the audience for movies. With his youthful appearance, Montgomery Clift held special appeal to this new market, and he became one of the foremost American actors of his time. This book details his many performances. The introductory biography offers a succinct summary of Clift's life and the forces that shaped his work. The chapters that follow contain annotated entries for all of his work in plays, films, radio, and television. Entries present plot summaries, cast and credit information, critical analyses, and excerpts from reviews. The book gives equal attention to his lesser-known films and stage career, as to his most memorable performances. An extensive annotated bibliography cites and evaluates books, articles, and miscellaneous sources of information about Clift and includes fictional works in which he appears as a character.

John Wayne: The Life and Legend Scott Eyman 2015-04-21 This revelatory biography shows how both the facts and fictions about John Wayne illuminate his singular life.

The Contender William J. Mann 2019-10-15 Entertainment Weekly's BIG FALL BOOKS PREVIEW Selection Best Book of 2019 -- Publisher's Weekly Based on new and revelatory material from Brando's own private archives, an award-winning film biographer presents a deeply-textured, ambitious, and definitive portrait of the greatest movie actor of the twentieth century, the elusive Marlon Brando, bringing his extraordinarily complex life into view as never before. The most influential movie actor of his era, Marlon Brando changed the way other actors perceived their craft. His approach was natural, honest, and deeply personal, resulting in performances—most notably in *A Streetcar Named Desire* and *On the Waterfront*—that are without parallel. Brando was heralded as the American Hamlet—the Yank who surpassed British stage royalty Laurence Olivier, John Gielgud, and Ralph Richardson as the standard of greatness in the mid-twentieth century. Brando's impact on American culture matches his professional significance; he both challenged and codified our ideas of masculinity and sexuality. Brando was also one of the first stars to use his fame as a platform to address social, political, and moral issues, courageously calling out America's deeply rooted racism. William Mann's brilliant biography of the Hollywood legend illuminates this culture icon for a new age. Mann astutely argues that Brando was not only a great actor but also a cultural soothsayer, a Cassandra warning us about the challenges to come. Brando's admonitions against the monetization of nearly every aspect of the culture were prescient. His public protests against racial segregation and discrimination at the height of the Civil Rights movement—getting himself arrested at least once—were criticized as being needlessly provocative. Yet those actions of fifty years ago have become a model many actors follow today. Psychologically astute and masterfully researched, based on new and revelatory material, *The Contender* explores the star and the man in full, including the childhood traumas that reverberated through his professional and personal life. It is a dazzling biography of our nation's greatest actor that is sure to become an instant classic. *The Contender* includes sixteen pages of photographs.

American Legends Charles River Charles River Editors 2015-07-21 *Includes pictures *Includes Clift's own quotes about his life and career *Includes online resources, footnotes, and a bibliography for further reading *Includes a table of contents "Look, I'm not odd. I'm just trying to be an actor; not a movie star, an actor." - Montgomery Clift A lot of ink has been spilled covering the lives of history's most influential figures, but how much of the forest is lost for the trees? In Charles River Editors' *American Legends* series, readers can get caught up to speed on the lives of America's most important men and women in the time it

takes to finish a commute, while learning interesting facts long forgotten or never known. In the World War II and post-war era, the figure of the male hero who was previously presented as an invulnerable, single-minded, and to a larger degree monolithic and unknowable warrior, began to develop into a more multi-faceted and intriguing character in the most important Hollywood films. This was to signal, and in a sense impel the same change in American society that has always mirrored itself after its cinematic models. Much like the era of Austen and the Bronte sisters, the American hero softened to resemble the older British one, vulnerable and uncertain, but still passionate and determined. In Edward Montgomery Clift, the public not only discovered an unusually gifted actor, but a persistent and stoical anti-authoritarian, an extreme non-conformist in a conformist age and a personal enigma who has remained the target of prying Hollywood reporting since his death. Described as the first "method" actor in Hollywood, he was to co-create and develop this lonely, unwilling and uncertain American hero, filled with deep personal ambiguities, a conflicting will, vulnerable and sensitive. In his eventual arrival to Hollywood following a lengthy period of resistance, he not only embodied this new male model, but inspired the next generation of fascinating characters who didn't "fit in," such as friends Marlon Brando and James Dean. He added to this screen persona a sexual dualism that, while not apparent on the surface, changed the way leading men were perceived by the late 1940s. A first-rate stage actor, Clift approached Hollywood on his own terms, and permanently upset the ruling order of the studio-to-star system, in which long-term contracts guaranteed corporate ownership of the artist, and in which casting was often based more on familiarity than suitability or acting skills. Obscuring Clift's evident gifts as a special actor of his generation is the persistent ruminating on his personal tortures, not only as a drug addict and alcoholic, but as a sexually split identity playing the handsome leading man on the screen while unable to find a haven in American society in his private time. The combination of these forces shortened Clift's career and life considerably, despite some of his finest performances being filmed in a state of near delirium and mental collapse. Somehow able to tap into his extraordinary gifts at the lowest moments, he struggled through his final films, evoking success when he should have been undergoing treatment. He even secured a fourth Oscar nomination for a ten-minute scene that was entirely improvised, as he was unable to remember a single line of the script. He was, at the last, a great American leading man who was, at the same time, virtually unemployable. Among the hardest men to know in the Hollywood industry, Clift was nevertheless treated with affection by most of his fellow actors who simply called him Monty, as he had been called his whole life. Born in Omaha, Nebraska, the same city that produced Marlon Brando, Clift would have grown up in a stolid Midwestern society as the son of a no-nonsense banker and a self-styled, aristocratic mother, for whom aristocratic children were a necessary part of the family image.

[Sleeping with Strangers](#) David Thomson 2020-01-14 In this wholly original work of film criticism, David Thomson, celebrated author of *The Biographical Dictionary of Film*, probes the many ways in which sexuality has shaped the movies—and the ways in which the movies have shaped sexuality. Exploring the tangled notions of masculinity, femininity, beauty, and sex that characterize our cinematic imagination—and drawing on examples that range from advertising to pornography, *Bonnie and Clyde to Call Me by Your Name*—Thomson illuminates how film as art, entertainment, and business has historically been a polite cover for a kind of erotic séance. In so doing, he casts the art and the artists we love in a new light, and reveals how film can both expose the fault lines in conventional masculinity and point the way past it, toward a more nuanced understanding of what it means to be a person with desires.

[Who the Hell's in It](#) Peter Bogdanovich 2005-10-25 Peter Bogdanovich, known primarily as a director, film historian and critic, has been working with professional actors all his life. He started out as an actor (he debuted on the stage in his sixth-grade production of *Finian's Rainbow*); he watched actors work (he went to the theater every week from the age of thirteen and saw every important show on, or off, Broadway for the next decade); he studied acting, starting at sixteen, with Stella Adler (his work with her became the foundation for all he would ever do as an actor and a director). Now, in his new book, *Who the Hell's in It*, Bogdanovich draws upon a lifetime of experience, observation and understanding of the art to write about the actors he came to know along the way; actors he admired from afar; actors he worked with, directed, befriended. Among them: Lauren Bacall, Humphrey Bogart, James Cagney, John Cassavetes, Charlie

Chaplin, Montgomery Clift, Marlene Dietrich, Henry Fonda, Ben Gazzara, Audrey Hepburn, Boris Karloff, Dean Martin, Marilyn Monroe, River Phoenix, Sidney Poitier, Frank Sinatra, and James Stewart. Bogdanovich captures—in their words and his—their work, their individual styles, what made them who they were, what gave them their appeal and why they've continued to be America's iconic actors. On Lillian Gish: "the first virgin hearth goddess of the screen . . . a valiant and courageous symbol of fortitude and love through all distress." On Marlon Brando: "He challenged himself never to be the same from picture to picture, refusing to become the kind of film star the studio system had invented and thrived upon—the recognizable human commodity each new film was built around . . . The funny thing is that Brando's charismatic screen persona was vividly apparent despite the multiplicity of his guises . . . Brando always remains recognizable, a star-actor in spite of himself." Jerry Lewis to Bogdanovich on the first laugh Lewis ever got onstage: "I was five years old. My mom and dad had a tux made—I worked in the borscht circuit with them—and I came out and I sang, 'Brother, Can You Spare a Dime?' the big hit at the time . . . It was 1931, and I stopped the show—naturally—a five-year-old in a tuxedo is not going to stop the show? And I took a bow and my foot slipped and hit one of the floodlights and it exploded and the smoke and the sound scared me so I started to cry. The audience laughed—they were hysterical . . . So I knew I had to get the rest of my laughs the rest of my life, breaking, sitting, falling, spinning." John Wayne to Bogdanovich, on the early years of Wayne's career when he was working as a prop man: "Well, I've naturally studied John Ford professionally as well as loving the man. Ever since the first time I walked down his set as a goose-herder in 1927. They needed somebody from the prop department to keep the geese from getting under a fake hill they had for *Mother Machree* at Fox. I'd been hired because Tom Mix wanted a box seat for the USC football games, and so they promised jobs to Don Williams and myself and a couple of the players. They buried us over in the properties department, and Mr. Ford's need for a goose-herder just seemed to fit my pistol." These twenty-six portraits and conversations are unsurpassed in their evocation of a certain kind of great movie star that has vanished. Bogdanovich's book is a celebration and a farewell.

[Montgomery Clift, Queer Star](#) Elisabetta Girelli 2013-12-15 Strikingly beautiful and exceptionally talented, Montgomery Clift was at the peak of his fame in 1956 when a devastating car crash nearly destroyed his face. While this traumatic event robbed him of his heartthrob status and turned him into a somewhat disturbing, socially alienated character, author Elisabetta Girelli argues that Clift had always combined on-screen erotic ambiguity with real-life sexual nonconformity. In *Montgomery Clift, Queer Star* she maps the development of Clift's subversive image over the span of his entire career, approaching Clift as a queer signifier who defied normative cultural structures. From the sexually ambivalent "beautiful boy" of his early films, to the seemingly asexual, transgressive, and often distressed man of his last years, Girelli argues that Clift shows remarkable consistency as a star: his presence always challenges established notions of virility, sexuality, and bodily "normality." Girelli's groundbreaking analysis uses queer theory to assess Clift's disruptive legacy, engaging with key critical concepts such as the closet, performativity, queer shame, crip theory, and queer temporality. She balances theoretical frameworks with extensive close readings of his performances and a consideration of how Clift's personal life, and public perceptions of it, informed his overall image as a deviant star and man. *Montgomery Clift, Queer Star* offers a comprehensive critical assessment of Clift through classic texts of queer criticism, as well as new interventions in the field. Scholars of gender and film, performance studies, queer and sexuality studies, and masculinity studies will appreciate this compelling study.

Letters to Montgomery Clift Noel Alunit 2002 "I started my life in America and my search for my parents, well only my mother now - with Monty as my guide. The journey to find my mother would not be complete without him." And so begins *Letters to Montgomery Clift*, a first novel by Noel Alunit; a coming of age story of Bong Bong Luwad, a Filipino boy, who enlists the spirit of 1950s screen idol Montgomery Clift to help him find his mother who is imprisoned in the Philippines under the Marcos regime." "After being sent to America by his mother, he is taught by his Aunt to write letters to saints and dead relatives to ask them for favors. As he watches the movie *The Search*, where Montgomery Clift helps a young boy find his mother, he starts to believe that Monty can do this for him. His letters begin and through time he starts to see visions of Monty himself." "As he reaches adolescence and his hopes of finding his mother diminish, Bong Bong begins to fall deeper into his fantasy world with Clift." "When eventually he travels back to his homeland and finds the whereabouts of his mother, he is able to bid a final farewell to Monty and begin his life anew back in the States with his family. *Letters To Montgomery Clift* is a novel of endurance and hope. It is a tale of growing up, coming out and going home."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved
