

# First Line Of Defense Forty Years Experiences Of A Career Diplomat

**The Oder-Neisse Line** Debra J. Allen  
2003-07-30 When the United States and its World War II allies met at the Potsdam Conference to provisionally establish the Oder-Neisse line as Poland's western border and to acknowledge the removal of Germans from the area, they created a controversial Cold War issue that would not be resolved until 1990. American policy makers throughout those decades studied and analyzed materials and reports to determine whether the border should be adjusted or recognized to promote the well being of Europe and the United States. This is the first study to cover the full history of the Oder-Niesse line and its impact on U.S. relations with Poland and the Federal Republic of

Germany, as well as its domestic implications, throughout the Cold War years. As with many diplomatic questions, the State Department did not have the luxury of addressing this issue in a vacuum. Instead, the foreign policy bureaucracy had to keep its focus on the border issue while scrutinizing Soviet words and actions regarding its satellites in East Germany and Poland, and to address members of Congress and the public (including various groups of Polish Americans) who wanted specific, but often differing, actions taken in respect to the border. This work reveals how the diplomats and policy makers handled such internal conflict, the sometimes skewed perceptions of America held by Europeans, and how the State Department interacted with the public.

**The President and the Apprentice** Irwin F. Gellman 2015-07-28 More than half a century after Eisenhower left office, the history of his presidency is so clouded by myth, partisanship, and outright fraud that most people have little understanding of how Ike's administration worked or what it accomplished. We know—or think we know—that Eisenhower distrusted his vice president, Richard Nixon, and kept him at arm's length; that he did little to advance civil rights; that he sat by as Joseph McCarthy's reckless anticommunist campaign threatened to wreck his administration; and that he planned the disastrous 1961 Bay of Pigs invasion of Cuba. None of this is true. *The President and the Apprentice* reveals a different Eisenhower, and a different Nixon. Ike trusted and relied on Nixon, sending him on many sensitive overseas missions. Eisenhower, not Truman, desegregated the military. Eisenhower and Nixon, not Lyndon Johnson, pushed the Civil Rights Act of 1957 through the Senate.

Eisenhower was determined to bring down McCarthy and did so. Nixon never, contrary to recent accounts, saw a psychotherapist, but while Ike was recovering from his heart attack in 1955, Nixon was overworked, overanxious, overmedicated, and at the limits of his ability to function.

**Bitter Fruit** Stephen Schlesinger 2020-12-01 *Bitter Fruit* is a comprehensive and insightful account of the CIA operation to overthrow the democratically elected government of Jacobo Arbenz of Guatemala in 1954. First published in 1982, this book has become a classic, a textbook case of the relationship between the United States and the Third World. The authors make extensive use of U.S. government documents and interviews with former CIA and other officials. It is a warning of what happens when the United States abuses its power.

*Public Policy And Law in Russia: In Search of a Unified Legal And Political Space* Robert S.

Sharlet 2005 This work traces the attempt to complete the creation of a unified legal and political system in contemporary Russia.

Multiple political and legal aspects of the problem are examined by both political scientists and legal scholars. The volume focuses on post-Soviet developments in Russia, especially during the Putin administration. The contributors' perspectives include constitutional law, judicial development, law reform, human rights, federalism, and international law. The collective study finds that much progress has been made toward the unification of political and legal space in Russia, although significant problems remain to be addressed in order for the process to continue to move forward.

*The Dictator Next Door* Eric Roorda 1998 A diplomatic history of the Dominican Republic and the successes and failures of the Good

Neighbor Policy.

**The Dismantling of the Good Neighbor**

**Policy** Bryce Wood 2010-07-22 The Good Neighbor Policy was unique: a great power obligated itself not to use force in its dealings with twenty smaller powers and not to interfere in their domestic politics. It was a policy that lasted, with some perturbations, for twenty years: instituted by President Roosevelt in 1933 and carried out effectively from 1933 to 1943 by word and action, maintained during the Second World War largely as a result of British concern for continuance of Argentine beef exports, codified in the Charter of the Organization of American States in 1948, and reasserted by Truman and Acheson in 1950-51, it was covertly repudiated in Guatemala in 1954 by Eisenhower and the Dulles brothers, and not so secretly by Kennedy in the disastrous Bay of Pigs invasion of 1961. Openly shattered in the Dominican Republic by Johnson in 1965, it has since been completely abandoned in favor of the usual

## **First Line Of Defense Forty Years Experiences Of A Career Diplomat**

---

relationships between large and small powers. Working with documents from the Public Records Office in London and the National Archives, with recently released materials from the U.S. Department of State, and with secondary sources, Bryce Wood describes the temptations laid before the leaders of one powerful state by its occasionally recalcitrant neighbors, and the ways of reacting that were found. Having told half the story in his *The Making of the Good Neighbor Policy*, Wood now concludes it in the present volume. One of the chief casualties is shown to be the Organization of American States, which since 1954 has found itself badly crippled in its work to promote harmony and continued cooperation among the member states.

**First Line of Defense** John Moors Cabot 1979  
*Croatia Under Ante Pavelic* Robert B. McCormick 2014-09-23 Ante Pavelic was the leader of the fascist party of Croatia (the Ustaše), who, on Adolf Hitler's instruction,

became the leader of Croatia after the Nazi invasion of 1941. Pavelic was an extreme Croatian nationalist who believed that the Serbian people were an inferior race - he would preside over a genocide that ultimately killed an estimated 390,000 Serbs during World War II. *Croatia under Ante Pavelic* provides the full history of this period, with a special focus on the United States' role in the post-war settlement. Drawing on previously unpublished documents, Robert McCormick argues that President Harry S. Truman's Cold War priorities meant that Pavelic was never made to answer for his crimes. Today, the Ustaše remains difficult legacy within Croatian society, partly as a result of Pavelic's political life in exile in South America. This is a new account of US foreign policy towards one of the Second World War's most brutal dictators and is an essential contribution to Croatian war-time history.

**Subject Guide to Books in Print** 1993  
*Shattered Hope* Piero Gleijeses 2021-05-11 The

## **First Line Of Defense Forty Years Experiences Of A Career Diplomat**

---

most thorough account yet available of a revolution that saw the first true agrarian reform in Central America, this book is also a penetrating analysis of the tragic destruction of that revolution. In no other Central American country was U.S. intervention so decisive and so ruinous, charges Piero Gleijeses. Yet he shows that the intervention can be blamed on no single "convenient villain." "Extensively researched and written with conviction and passion, this study analyzes the history and downfall of what seems in retrospect to have been Guatemala's best government, the short-lived regime of Jacobo Arbenz, overthrown in 1954, by a CIA-orchestrated coup."--Foreign Affairs "Piero Gleijeses offers a historical road map that may serve as a guide for future generations. . . . [Readers] will come away with an understanding of the foundation of a great historical tragedy."--Saul Landau, *The Progressive* "[Gleijeses's] academic rigor does not prevent him from creating an accessible, lucid, almost journalistic

account of an episode whose tragic consequences still reverberate."--Paul Kantz, *Commonweal*  
*Chinese Negotiating Behavior* Richard H. Solomon 1999 After two decades of hostile confrontation, China and the United States initiated negotiations in the early 1970s to normalize relations. Senior officials of the Nixon, Ford, Carter, and Reagan administrations had little experience dealing with the Chinese, but they soon learned that their counterparts from the People's Republic were skilled negotiators. This study of Chinese negotiating behavior explores the ways senior officials of the PRC--Mao Zedong, Zhou Enlai, Deng Xiaoping, and others--managed these high-level political negotiations with their new American "old friends." It follows the negotiating process step by step, and concludes with guidelines for dealing with Chinese officials. Originally written for the RAND Corporation, this study was classified because it drew on the official

negotiating record. It was subsequently declassified, and RAND published the study in 1995. For this edition, Solomon has added a new introduction, and Chas Freeman has written an interpretive essay describing the ways in which Chinese negotiating behavior has, and has not, changed since the original study. The bibliography has been updated as well.

### **Predicting Leader Survival in Covert**

#### **Operations from Congo to Cuba** Joy S. Patton

2022-02-25 This study examines several Cold War political leaders and their ability to survive US-sanctioned covert operations. The author argues that by understanding the psychological profile and emotional intelligence of leaders, it is possible to influence their mindsets and decision-making abilities.

*Divided Counsel* Edwin W. Martin 2014-07-11 In the long controversy over the failure of the United States to extend early recognition to the People's Republic of China, the story of American efforts to maintain an official presence

in the Communist-controlled areas of China until 1950 has been largely neglected. Moreover, the often bitter partisan strife over Sino-American relations during this period has obscured important facts or so distorted them that making an independent judgment is difficult indeed. In this book, Edwin Martin seeks to set the confused record straight by providing a well-documented, detailed account of American responses to the policies and actions of the victorious Chinese Communists from their capture of Mukden in November 1948 to their intervention in the Korean War and rejection of U.N. cease-fire offers. Uniquely, Martin provides also a parallel account, based on recently released Foreign Office documents, of Sino-British relations during this period, shedding useful light on the course of American policy. Significantly neither the British nor the American approaches were successful; both governments overestimated their power to influence events in China and the vulnerability of

## **First Line Of Defense Forty Years Experiences Of A Career Diplomat**

---

the Sino-Soviet relationship. Only at the Geneva meetings in 1954 did the Chinese Communists reverse policy positions they had steadfastly maintained during 1949-1950. This corrective view of early American relations with the People's Republic of China will be welcomed by all concerned with Asian history and diplomacy. *Encyclopedia of U.S. - Latin American Relations* Thomas Leonard 2012-01-31 No previous work has covered the web of important players, places, and events that have shaped the history of the United States' relations with its neighbors to the south. From the Monroe Doctrine through today's tensions with Latin America's new leftist governments, this history is rich in case studies of diplomatic, economic, and military cooperation and contentiousness. *Encyclopedia of U.S.-Latin American Relations* is a comprehensive, three-volume, A-to-Z reference featuring more than 800 entries detailing the political, economic, and military interconnections between the United States and

the countries of Latin America, including Mexico and the nations in Central America, the Caribbean, and South America. Entries cover: Each country and its relationship with the United States Key politicians, diplomats, and revolutionaries in each country Wars, conflicts, and other events Policies and treaties Organizations central to the political and diplomatic history of the western hemisphere Key topics covered include: Coups and terrorist organizations U.S. military interventions in the Caribbean Mexican-American War The Cold War, communism, and dictators The war on drugs in Latin America Panama Canal Embargo on Cuba Pan-Americanism and Inter-American conferences The role of commodities like coffee, bananas, copper, and oil "Big Stick" and Good Neighbor policies Impact of religion in U.S.-Latin American relations Neoliberal economic development model U.S. Presidents from John Quincy Adams to Barack Obama Latin American leaders from Simon Bolivar to Hugo Chavez With

## **First Line Of Defense Forty Years Experiences Of A Career Diplomat**

expansive coverage of more than 200 years of important and fascinating events, this new work will serve as an important addition to the collections of academic, public, and school libraries serving students and researchers interested in U.S. history and diplomacy, Latin American studies, international relations, and current events.

#### A Conflict Perpetuated Noam Kochavi

2002-01-30 The first comprehensive account of China policy during the Kennedy years, this study profiles John F. Kennedy as a man whose inner struggles and disparate characteristics made for an unpredictable foreign policy. While he was often a hostage to the Cold War, to constrictive perceptions of the domestic climate, and to the image of a predatory China, Kennedy recognized Washington's finite capacity to shape

events on the China Mainland. With the possible exception of a preventive strike against China's nuclear installations, he was also reluctant to run the risk of a military confrontation with Beijing. On the eve of his assassination, Kennedy may have even contemplated a China policy departure during his second term. A calm appraisal of China's capabilities and intentions constituted the distinguishing feature of revisionist thinking during the Kennedy years. The disjointed revisionist effort settled, in late 1963, on a pedagogic course, which still implied a search for American primacy. The revisionist approach did ultimately facilitate the transformation of bilateral relations in the early 1970s. From a shorter-range perspective, however, the Kennedy era only added fuel to the fire of Sino-American confrontation. The Limited Test Ban Treaty accentuated the sense of encirclement and vulnerability in Beijing's psyche, and clouds gathered ominously over Vietnam. Kennedy does bear some responsibility

## **First Line Of Defense Forty Years Experiences Of A Career Diplomat**

for the bilateral impasse, as he personified a decisionmaker so obsessed with the objective of deterrence as to overlook the security dilemma: nonetheless, Mao's preference for a radical course, independent of Kennedy's conduct, contributed as well. Neither side was yet ready for a breakthrough.

Contacts with the Opposition Martin Florian Herz 1986 This reprinted edition is co-published with the Institute for the Study of Diplomacy.

The CIA in Guatemala Richard H. Immerman 2010-07-05 A history and analysis of the United States' involvement in the deposition of Guatemalan President Jacobo Árbenz and the consequences. Using documents obtained through the Freedom of Information Act, recently opened archival collections, and interviews with the actual participants, Immerman provides us with a definitive, powerfully written, and tension-packed account of the United States' clandestine operations in Guatemala and their consequences in Latin

America today. "A valuable study of what Immerman correctly portrays as a seminal event, not just in the annals of the Cold War, but in U.S.-Latin American relations." —Washington Monthly "A damning indictment of American interference abroad." —Pittsburgh Press "A masterpiece of analysis." —Reviews in American History

**American Foreign Relations Since 1600**

Robert L. Beisner 2003 A thorough update of the standard bibliography of American foreign relations literature from colonial times to the present day. America has formed alliances, exchanged diplomats, traded goods and services, and fought wars with nations on every continent

but Antarctica. And people have written books, articles, reports, and papers by the thousands on these subjects. In American Foreign Relations since 1600, the 2002 president of the Society for Historians of American Foreign Relations, Robert Beisner, has worked with members of SHAFR to compile the most exhaustive survey of writing on American foreign relations ever published. Covering 400 years of American history, his team of editors--all top experts in the field--have referenced and annotated nearly 20,000 published and nonpublished works. It's all here, from the Mayflower Compact to the My Lai massacre, from the War of 1812 to the war on terrorism, from the pre-Revolutionary era to the post-Cold War world. - Nearly 20,000 fully annotated bibliographical entries on topics such as the Mexican Revolution, pan-Americanism, wartime diplomacy, the German threat, and more - A preface clearly outlining the updated features of the book - Three analytical indexes to guide users to entry information, contributors,

and significant individuals - Biographical studies on individuals such as John Barrett, William Jennings Bryan, and Theodore Roosevelt

**The China Hands' Legacy** Paul Gordon Lauren  
2019-06-18 A group of American Foreign Service officers and journalists in China during and after World War II—collectively known as "the China Hands"—were accused of disloyalty, and in some cases treason, for reporting on events as they saw them. Faced with the ethical dilemma of what a public official's responsibility is when one believes one's government's

*The Open Window into the Soviet Bloc* Jakub Tyszkiewicz 2023-09-29 This volume analyzes US policy toward communist-ruled Poland in the fields of diplomacy, economy, culture, and public diplomacy. It highlights the limitations in developing cooperation between democratic and nondemocratic countries resulting from the Cold

War conflict. No comprehensive account of US policy toward Poland from 1956 to 1968 has emerged in historiography. This book aims to answer why, since the political changes of the Polish October 1956, Washington ceased to see Polish affairs as "Soviet-related matters." Instead, it recognized communist-ruled Poland as a separate political entity among other Kremlin-dependent states in Eastern Europe. This policy, introduced by the Dwight D. Eisenhower administration, was continued by his successors John F. Kennedy and Lyndon B. Johnson. Recently declassified US and Polish archival sources allow the presentation of more considerations around the decision-making mechanisms by presidential administrations regarding communist Poland after 1956. They also reveal the dependence of the implementation of US actions on the climate of international relations. Moreover, they can now explain how Poland became an "open window" toward the Soviet bloc and a model example of

## First Line Of Defense Forty Years Experiences Of A Career Diplomat

the changes in the US policy of diversifying its approach to Eastern European countries under Soviet control in the next decades.

**American Diplomats** William D. Morgan 2004  
What do the men and women of America's diplomatic corps do? William D. Morgan and Charles Stuart Kennedy, themselves career diplomats, culled over 1400 oral interviews with their Foreign Service peers to present forty excerpts covering events from the 1920s to the 1990s. Insiders recount what happens when a consul spies on Nazi Germany, Mao Tse-Tung drops by for a chat, the Cold War begins with the Berlin blockade, the Marshall Plan rescues Europe, Sukarno moves Indonesia into the communist camp, Khrushchev calls President Kennedy an SOB, and our ambassador is murdered in Kabul. "You are there" accounts deepen readers' understanding, as diplomatic and consular officers talk about the beginnings of Kremlinology, predicting a coup in Ecuador, Hemingway and the embassy in Havana, the

secret formulation of the NATO treaty, Jerusalem after the British and the US recognition of Israel, fighting in the Congo over Katangan secession, dealing with an alcoholic foreign president, human rights work in Paraguay, the U.S. Embassy takeover in Tehran, the bombing of the U.S. Embassy in Beirut, helping families of the Pan Am 103 victims, Greece and Turkey at odds over a tiny island, embassy roles in Riyadh and Tel Aviv during Desert Storm, and many more.

George F. Kennan and the Making of American Foreign Policy, 1947-1950 Wilson D. Miscamble, C.S.C. 2021-04-13 When George C. Marshall became Secretary of State in January of 1947, he faced not only a staggering array of serious foreign policy questions but also a State Department rendered ineffective by neglect, maladministration, and low morale. Soon after his arrival Marshall asked George F. Kennan to head a new component in the department's structure--the Policy Planning Staff. Here Wilson

Miscamble scrutinizes Kennan's subsequent influence over foreign policymaking during the crucial years from 1947 to 1950.

**Sparrow and the Hawk** Kyle Longley 1997

In the realm of digital literature, burstiness is not just about variety but also the joy of discovery. First Line Of Defense Forty Years Experiences Of A Career Diplomat excels in this dance of discoveries. Regular updates ensure that the content landscape is ever-changing, introducing readers to new authors, genres, and perspectives. The unpredictable flow of literary treasures mirrors the burstiness that defines human expression.

An aesthetically pleasing and user-friendly interface serves as the canvas upon which First Line Of Defense Forty Years Experiences Of A Career Diplomat paints its literary masterpiece. The website's design is a testament to the thoughtful curation of content, offering an experience that is both visually appealing and functionally intuitive. The bursts of color and images harmonize with the perplexity of literary choices, creating a seamless journey for every visitor.

The download process on First Line Of Defense Forty Years Experiences Of A Career Diplomat is a symphony of efficiency. The user is greeted with a straightforward pathway to their chosen eBook. The burstiness in the download speed ensures that the literary delight is almost instantaneous. This seamless process aligns with the human desire for swift and uncomplicated access to the treasures held within the digital library.

A key aspect that distinguishes [activistcash.com](http://activistcash.com) is its commitment to responsible eBook distribution. The platform adheres strictly to copyright laws, ensuring that every download of First Line Of Defense Forty Years Experiences Of A Career Diplomat is a legal and ethical endeavor. This commitment adds a layer of ethical perplexity, resonating with the conscientious reader who values the integrity of literary creation.

activistcash.com doesnt just offer First Line Of Defense Forty Years Experiences Of A Career Diplomat; it fosters a community of readers. The platform provides space for users to connect, share their literary explorations, and recommend hidden gems. This interactivity adds a burst of social connection to the reading experience, elevating it beyond a solitary pursuit.

In the grand tapestry of digital literature, activistcash.com stands as a vibrant thread that weaves perplexity and burstiness into the reading journey. From the nuanced dance of genres to the swift strokes of the download process, every aspect resonates with the dynamic nature of human expression. Its not just a First Line Of Defense Forty Years Experiences Of A Career Diplomat eBook download website; its a digital oasis where literature thrives, and readers embark on a journey filled with delightful surprises.
