[How to Write About Africa](#)  
Binyavanga Wainaina

2023-06-06 From one of Africa's most influential and eloquent essayists, a posthumous collection that highlights his biting satire and subversive wisdom on topics from travel to cultural identity to sexuality "A fierce literary talent . . . [Wainaina] shines a light on his continent without cliché."—The Guardian "Africa is the only continent you can love—take advantage of this. . . . Africa is to be pitied, worshipped, or dominated. Whichever angle you take, be sure to leave the strong impression that without your intervention and your important book, Africa is doomed." Binyavanga Wainaina was a pioneering voice in African literature, an award-winning memoirist and essayist, and a gatherer of literary communities. Before his tragic death in 2019 at the age of forty-seven, he won the Caine Prize for African Writing and was named one of Time's

100 Most Influential People. His wildly popular essay “How to Write About Africa,” an incisive and unapologetic piece exposing the harmful and racist ways Western media depicts Africa with implicit bias and subjective clichés, changed the game for African writers and helped set the stage for a new generation of authors, from Chimamanda Ngozi Adichie to Yaa Gyasi. When Wainaina published a “lost chapter” of his 2011 memoir as an essay called “I Am a Homosexual, Mum,” which imagines coming out to his mother, he became a voice for the queer African community as well, adding a new layer to how African sexuality is perceived. How to Write About Africa collects these powerful pieces in a lively and imaginative set of essays about sexuality, art, history, and contemporary Africa. Wainaina’s writing is playful, robust, generous, and full-bodied. He describes the modern world with sensual, emotional, and psychological detail, giving us a full-color view of a country and

continent. These works present a portrait of a giant in African literature who left a tremendous legacy.

Equiano, the African Vincent Carretta 2022-09-01 This definitive biography tells the story of the former slave Olaudah Equiano (1745?-1797), who in his day was the English-speaking world’s most renowned person of African descent. Equiano’s greatest legacy is his classic 1789 autobiography, *The Interesting Narrative of the Life of Olaudah Equiano, or Gustavus Vassa, the African, Written by Himself*. A key document of the early movement to ban the slave trade, as well as the fundamental text in the genre of the African American slave narrative, it includes the earliest known purported firsthand description by an enslaved victim of the horrific Middle Passage from Africa to the Americas. Equiano, the African is filled with fresh revelations about this many-

sided figure.

The Children of Africa in the Colonies Melanie J. Newton 2008-06 How emancipation transformed social and political relations in Barbados When a small group of free men of color gathered in 1838 to celebrate the end of apprenticeship in Barbados, they spoke of emancipation as the moment of freedom for all colored people, not just the former slaves. The fact that many of these men had owned slaves themselves gives a hollow ring to their lofty pronouncements. Yet in The Children of Africa in the Colonies, Melanie J. Newton demonstrates that simply dismissing these men as hypocrites ignores the complexity of their relationship to slavery. Exploring the role of

free blacks in Barbados from 1790 to 1860, Newton argues that the emancipation process transformed social relations between Afro-Barbadians and slaves and ex-slaves. Free people of color in Barbados genuinely wanted slavery to end, Newton explains, a desire motivated in part by the realization that emancipation offered them significant political advantages. As a result, free people's goals for the civil rights struggle that began in Barbados in the 1790s often diverged from those of the slaves, and the tensions that formed along class, education, and gender lines severely weakened the movement. While the populist masses viewed emancipation as an opportunity to form a united community among all people of color, wealthy free people viewed it as a chance to better their position relative to white Europeans. To this end, free people of color refashioned their identities in relationship to Africa. Prior to the 1820s, Newton reveals, they downplayed their African

descent, emphasizing instead their legal status as free people and their position as owners of property, including slaves. As the emancipation debate in the Atlantic world reached its zenith in the 1820s and 1830s and whites grew increasingly hostile and inflexible, elite free people allied themselves with the politics of the working class and the slaves, relying for the first time on their African heritage and the association of their skin color with slavery to openly challenge white supremacy. After emancipation, free people of color again redefined themselves, now as loyal British imperial subjects, casting themselves in the role of political protectors of their ex-slave brethren in an attempt to escape social and political disenfranchisement. While some wealthy men of color gained political influence as a result of emancipation, the absence of fundamental change in the distribution of land and wealth left most men and women of color with little hope of political independence or

social mobility. Mining a rich vein of primary and secondary sources, Newton's study elegantly describes how class divisions and disagreements over labor and social policy among free and slave black Barbadians led to political unrest and devastated the hope for an entirely new social structure and a plebeian majority in the British Caribbean.

Africans at court to the views of the Catholic Church, and from writers of African descent to Black African criminality. Their findings demonstrate the variety and complexity of black African life in fifteenth and sixteenth-century Europe, and how it was affected by firmly held preconceptions relating to the African continent and its inhabitants, reinforced by Renaissance ideas and conditions. Of enormous importance both for European and American history, this book mixes empirical material and theoretical approaches, and addresses such issues as stereotypes, changing black African identity, and cultural representation in art and literature.

Apropos of Africa Martin Kilson 2013-10-28 First published in 1969. This is part of a series that comprises reprints as well as original works on various aspects of African life- history, institutions, culture, political and social thought, and eminent African personalities. As 'Africana' in the title indicates, the term 'African' is

used liberally and includes persons of African descent in the New World whose life and work are clearly and deeply identified with Africa. The reprints are in most part landmarks of African writing and each will contain a new introduction placing the author's life, ideas and activities in perspective.

Theologies of Childhood and the Children of Africa Jan Grobbelaar 2016-12-31 The purpose of this book is to combine perspectives of scholars from Africa on Child Theologies from a variety of theological sub-disciplines to provide some theological and ministerial perspectives on this topic. The book disseminates original research and new developments in this study field, especially as relevant to the African context. In the process it addresses also the global need to hear voices from Africa in this academic field. It wants to convey the importance of considering Africa's children in theologising. The different chapters represent diverse

methodologies but the central and common focus is to approach the subject from the viewpoint of Africa's children. The individual authors' varied theological sub-disciplinary dispositions contribute to the unique and distinct character of the book. Almost all chapters are theoretical orientated with less empirical research, although some of the chapters refer to empirical research which the authors have done in the past. Most of the academic literature in the field of Theologies of Childhood is from American or British- European origin. The African context is fairly absent in this discourse, although it is the youngest continent and presents unique and relevant challenges. This book was written by theological scholars from Africa, focussing on Africa's children. It addresses not only theoretical challenges in this field but also provides theological perspectives for ministry with children and for important social change. Written from a variety of theological sub-disciplines, the book is aimed

at scholars across theological sub- disciplines, especially those theological scholars interested in the intersections between theology, childhood studies and African cultural or social themes. It addresses themes and provide insights that is also relevant for specialist leaders and professionals in this field. No part of the book was plagiarised from another publication or published elsewhere before.

Omar Ibn Said 2011-07-20  
Born to a wealthy family in West Africa around 1770, Omar Ibn Said was abducted and sold into slavery in the United States, where he came to the attention of a prominent North Carolina family after filling "the walls of his room with piteous petitions to be released, all written in the Arabic language," as one local newspaper reported. Ibn Said soon became a local celebrity, and in 1831 he was asked to write his life story, producing the only known surviving American slave narrative written in Arabic. In *A Muslim American Slave*, scholar and translator Ala Alryyes offers both a definitive translation and an authoritative edition of this singularly important work, lending new insights into the early history of Islam in America and exploring the multiple, shifting interpretations of Ibn Said's narrative by the nineteenth-century missionaries, ethnographers, and intellectuals who championed

This is it: a journey of discovery and a truly exciting and important work' Zainab Abbas Despite the best efforts of researchers and campaigners, there remains today a steadfast tendency to reduce the history of African and Caribbean people in Britain to a simple story: it is one that begins in 1948 with the arrival of a single ship, the Empire Windrush, and

continues mostly apart from a distinct British history, overlapping only on occasion amid grotesque injustice or pioneering protest. Yet, as acclaimed historian Hakim Adi demonstrates, from the very beginning, from the moment humans first stood on this rainy isle, there have been African and Caribbean men and women set at Britain's heart. Libyan legionaries patrolled Hadrian's Wall while Rome's first 'African Emperor' died in York. In Elizabethan England, 'Black Tudors' served in the land's most eminent households while intrepid African explorers helped Sir Francis Drake to circumnavigate the globe. And, as Britain became a major colonial and commercial power, it was African and Caribbean people who led the radical struggle for freedom - a struggle which raged throughout the twentieth century and continues today in Black Lives Matter campaigns. Charting a course through British history with an unobscured view of the actions of African and Caribbean

people, Adi reveals how much our greatest collective achievements - universal suffrage, our victory over fascism, the forging of the NHS - owe to these men and women, and how, in understanding our history in these terms, we are more able to fully understand our present moment.

### **An African Prayer Book**

Desmond Tutu 2009-03-25 The great Archbishop of Capetown, South Africa, shares with us the simple but profound secrets of his extraordinary spiritual strength by unveiling his very own book of prayer. Prayer, our conversation with God, needs no set formulas or flowery phrases. It often needs no words at all. But for most believers, the words of others can be a wonderful aid to devotion, especially when these words come front faithful fellow pilgrims. The African Prayer Book is just such an aid, for in this collection all the spiritual riches of the vast and varied continent of Africa are bravely set forth. Here we may delight in Solomon's splendid encounter with the Queen of Sheba, overhear the simple prayer of a penniless Bushman, and glory in the sensuous sonorities of the mysterious liturgies of the Egyptian Copts. Here are Jesus' own encounters with Africa, which provided him refuge at the beginning of his life (from the murderous King Herod) and aid at its end

Here are the prayers of some of the greatest among the mothers and fathers of the Church -- Monica, Augustine, Clement of Alexandria, Cyprian of Carthage -- as well as the prayers from the African diasporas of North America and the Caribbean. From thunderous multi-invocation litanies to quiet meditations, here are prayers that every heart can speak with strength and confidence. Archbishop Desmond Tutu, who is for millions the very soul of Africa, is our guide on this unique spiritual journey. His introduction is destined to become a classic, his characteristic energy and optimism light our way, and the words of his favorite prayers (many composed by the Archbishop himself) will stay with us forever.

Bucharest Diary Alfred H.

Moses 2018 An insider's account of Romania's emergence from communism control In the 1970s American attorney Alfred H. Moses was approached on the streets of Bucharest by young Jews seeking help to emigrate to Israel. This became the author's mission until the communist regime fell in 1989. Before that Moses had met periodically with Romania's communist dictator, Nicolae Ceausescu, to persuade him to allow increased Jewish emigration. This experience deepened Moses's interest in Romania--an interest that culminated in his serving as U.S. ambassador to the country from 1994 to 1997 during the Clinton administration. The ambassador's time of service in Romania came just a few years

after the fall of the Berlin Wall and the subsequent collapse of communism in Eastern Europe. During this period Romania faced economic paralysis and was still buried in the rubble of communism. Over the next three years Moses helped nurture Romania's nascent democratic institutions, promoted privatization of Romania's economy, and shepherded Romania on the path toward full integration with Western institutions. Through frequent press conferences, speeches, and writings in the Romanian and Western press and in his meetings with Romanian officials at the highest level, he stated in plain language the steps Romania needed to take before it could be accepted in the West as a free and democratic country. Bucharest Diary: An American Ambassador's Journey is filled with firsthand stories, including colorful anecdotes, of the diplomacy, both public and private, that helped Romania recover from four decades of communist rule and,

eventually, become a member of both NATO and the European Union. Romania still struggles today with the consequences of its history, but it has reached many of its post-communist goals, which Ambassador Moses championed at a crucial time. This book will be of special interest to readers of history and public affairs--in particular those interested in Jewish life under communist rule in Eastern Europe and how the United States and its Western partners helped rebuild an important country devastated by communism.

Paper Sons and Daughters

Ufrieda Ho 2012-07-04 Ufrieda Ho's compelling memoir describes with intimate detail what it was like to come of age in the marginalized Chinese community of Johannesburg during the apartheid era of the 1970s and 1980s. The Chinese were mostly ignored, as Ho describes it, relegated to certain neighborhoods and certain jobs, living in a kind of gray zone between the blacks and the whites. As long as they

adhered to these rules, they were left alone. Ho describes the separate journeys her parents took before they knew one another, each leaving China and Hong Kong around the early 1960s, arriving in South Africa as illegal immigrants. Her father eventually became a so-called “fahfee man,” running a small-time numbers game in the black townships, one of the few opportunities available to him at that time. In loving detail, Ho describes her father’s work habits: the often mysterious selection of numbers at the kitchen table, the carefully-kept account ledgers, and especially the daily drives into the townships, where he conducted business on street corners from the seat of his car. Sometimes Ufrieda accompanied him on these township visits, offering her an illuminating perspective into a stratified society. Poignantly, it was on such a visit that her father—who is very much a central figure in Ho’s memoir—met with a tragic end. In many ways, life for the

Chinese in South Africa was self-contained. Working hard, minding the rules, and avoiding confrontations, they were able to follow traditional Chinese ways. But for Ufrieda, who was born in South Africa, influences from the surrounding culture crept into her life, as did a political awakening. *Paper Sons and Daughters* is a wonderfully told family history that will resonate with anyone having an interest in the experiences of Chinese immigrants, or perhaps any immigrants, the world over. Grandma gathers the whole family, and the student learns that 400 years ago, in 1619, their ancestors were stolen and brought to America by white slave traders. And the people planted dreams and hope, willed themselves to keep living, living. And the people learned new words for love for friend for family for joy for grow for home. **Black London** Gretchen Gerzina 1995 In *Black London*, Gretchen Gerzina shows how by the eighteenth century the work of all kinds of artists - Hogarth, Reynolds, Gillray, Rowlandson - as well as work by poets, playwrights and novelists, reveals to sharp eyes that not everyone in that elegant, vigorous, earthy world was white. In fact there were black pubs and clubs, balls for blacks only, black churches, and organizations for helping blacks out of work or in trouble. Many blacks were prosperous and respected:

George Bridgtower was a concert violinist who knew Beethoven; Ignatius Sancho corresponded with Laurence Sterne; Francis Williams studied at Cambridge. Others, like Jack Beef, were successful stewards or men of business. But many more were servants or beggars, some turning to prostitution or theft. Alongside the free black world was slavery, from which many of these people escaped. In particular, it was the business of kidnapping blacks for export to the West Indies that made Granville Sharp an abolitionist and brought the celebrated Somerset case before Lord Justice Mansfield. Those men are now heroes of human rights, yet Sharp probably did not believe in racial equality; and Mansfield, whose own much-loved great-niece was black, was so worried about property rights that he did all he could to avoid a judgment that would set blacks free. The ties and conflicts of black and white in England, often cruel, often moving, were also complex and surprising. This

They had been kidnapped in the royal city of Kabasa, Angola, and forced aboard the Spanish slave ship San Juan Bautista. The ship was attacked by privateers, and the captives were taken by the English to their New World colony. This group has been shrouded in controversy ever since.

Historian Ric Murphy documents a fascinating story of colonialism, treason, piracy, kidnapping, enslavement and British law.

be reunited with his father. For three months their ox-drawn trek wagon stands as their only defence against the African wilderness and the bloodlust of Lobengula Khumalo's warring impis. From the latter part of the 19th century, 'Sons of Africa' runs inexorably to the demise of Rhodesia's white minority rule and the emergence of the new Zimbabwe.

The Sons of Africa Trudie-Pearl Sturgess 2014-09-22 Forest Antwi is a romantic man, but losing his first and only love has left an empty void in his life. He has vowed never to love again, but then he falls for the wrong woman. Where will he run now? James Akwasi Tawiah, a local boy from Ghana, who has not learned the ways of the West and thinks he knows it all, sleeps with women and takes their life-savings to fund his

failed business ventures. Despite being a self-proclaimed Christian, James is a loud-mouthed, know-it-all, who thinks he has the gift of being able to talk his way out of anything... "With unerring insight into the lives of young Africans, carefully and wonderfully, Trudie Sturgess tells a moving story of young rape victims. Rape is a topic that many African don't perceive as a violent act. They don't think it's wrong.

Sensitivities so strong this novel will outrun the grave." Laurie Gordon, Eye for talent, editor. Miss Sturgess writes so gracefully and with such restraint that all graphic sexual acts leap off the pages with an impact that resonate in one's mind long after the last page of her book is read... [ She] has captured her characters fears, emotions and complexity in what is sure to become an international significance."
