The U. S. Presidential Election Process Paul F. Kisk 2016-02-28 The election of the President of the United States of America is an indirect vote in which citizens cast ballots for a slate of members of the U.S. Electoral College. These electors cast direct votes for the President and Vice President. If both votes result in an absolute majority, the election is over. If a majority of electors do not vote for President, the House of Representatives chooses the President; if a majority of electors do not vote for Vice President, the Senate votes. Presidential elections occur quadrennially on Election Day, which since 1845 has been the Tuesday after the first Monday in November, coinciding with the

general elections of various other federal, state, and local races. The process is regulated by a combination of both federal and state laws. Each state is allocated a number of Electoral College electors equal to the number of its Senators and Representatives in the U.S. Congress. Additionally, Washington, D.C. is given a number of electors equal to the number held by the least populous state. U.S. territories are not represented in the Electoral College. Under the U.S. Constitution, each state legislature is allowed to designate a way of choosing electors. Thus, the popular vote on Election Day is conducted by the various states and not directly by the federal government. In other words, it is really an amalgamation of separate elections held in each state and Washington, D.C. instead of a single national election. Once chosen, the

electors can vote for anyone, but - with rare exceptions like an unpledged elector or faithless elector - they vote for their designated candidates and their votes are certified by Congress, who is the final judge of electors, in early January. The presidential term then officially begins on Inauguration Day, January 20 (although the formal inaugural ceremony traditionally takes place on the 21st if the 20th is a Sunday). This book outlines the rather complex process of electing The President of The United States of America (POTUS).

Our White House N.C.B.L.A. 2010-09-14 More than one hundred leading authors and illustrators donate their talents in a creative tour de force that is making history. Conceived and co-created by the National Children's Book and Literary Alliance, this outstanding collection of essays, personal accounts, historical fiction, and poetry melds with an equally stunning array of original art to offer a look at America's history through the prism of the White House. Starting

with a 1792 call for designers and continuing through the present day, these highly engaging writings and illustrations, expressing varied viewpoints and interwoven with key historical events, are a vital resource for family and classroom sharing — and a stirring reminder that the story of the White House is the story of every American. Back matter includes source notes, notes on contributor, and an index.

Absentee and Early Voting John C. Fortier 2006 In Absentee and Early Voting: Trends, Promises, and Perils, John Fortier documents the dramatic increase in absentee voting and, more recently, the meteoric rise in early voting. He examines the legal and historical reasons for changes in the voting system and the many differe...

The Electoral College Thomas Neale

2012-11-21 When Americans vote for President and Vice President, they are actually choosing presidential electors, known collectively as the electoral college. It is these officials who choose the President and Vice President of the United States. The complex elements comprising the electoral college system are responsible for one of the most important processes of the American political and constitutional system: election of the President and Vice President. A failure to elect, or worse, the choice of a chief executive whose legitimacy might be open to question, could precipitate a profound constitutional crisis that would require prompt, judicious, and well-informed action by Congress. Article II, Section 1 of the Constitution, as amended in 1804 by the 12th Amendment, sets forth the requirements for election of the President and Vice President. It authorizes each state to appoint, by whatever

means the legislature chooses, a number of electors equal to the combined total of its Senate and House of Representatives delegations, for a contemporary total of 538, including three electors for the District of Columbia. Since the Civil War, the states have universally provided for popular election of the presidential electors. Anyone may serve as an elector, except Members of Congress and persons holding offices of "Trust or Profit" under the Constitution. In each presidential election year, the political parties and other groups that have secured a place on the ballot in each state nominate a "slate" or "ticket" of candidates for elector. When voters cast a single vote for their favored candidates on general election day, Tuesday after the first Monday in November (November 6 in 2012), they are actually voting for the slate of electors pledged to those candidates. The entire slate of electors winning the most popular votes in the state is elected, a practice known as winner-take-all, or the general

ticket system. Maine and Nebraska use an alternative method, the district plan, which awards two electors to the popular vote winners statewide, and one to the popular vote winners in each congressional district. Electors assemble in their respective states on the Monday after the second Wednesday in December (December 17 in 2012). They are expected to vote for the candidates they represent. Separate ballots are cast for President and Vice President, after which the electoral college ceases to exist until the next presidential election. State electoral vote results are reported to Congress and are counted and declared at a joint session of Congress, usually held on January 6 of the year succeeding the election, a date that may be altered by legislation. Since January 6 falls on a Sunday in 2013, Congress will likely set another date for the joint session in 2013, possibly January 8. A majority of electoral votes (currently 270 of 538) is required to win, but the results submitted by any state are open to

challenge at the joint session, as provided by law. Past proposals for change by constitutional amendment have included various reform options and direct popular election, which would eliminate the electoral college system, but no substantive action on this issue has been taken in Congress for more than 20 years. At present, however, a non-governmental organization, the National Popular Vote (NPV) campaign, proposes to reform the electoral college by action taken at the state level; eight states and the District of Columbia have approved the NPV compact to date.

Vote for Our Future! Margaret McNamara 2020-02-18 In this charming and powerful picture book about voting and elections, the students of Stanton Elementary School learn how we can find--and use--our voices for change. Every two years, on the first Tuesday of November, Stanton Elementary School closes for the day. For vacation? Nope! For repairs? No way! Stanton Elementary School closes so that it

can transform itself into a polling station. People can come from all over to vote for the people who will make laws for the country. Sure, the Stanton Elementary School students might be too young to vote themselves, but that doesn't mean they can't encourage their parents, friends, and family to vote! After all, voting is how this country sees change--and by voting today, we can inspire tomorrow's voters to change the future.

Pivotal Tuesdays Margaret O'Mara 2015-08-20
Serious and silly, unifying and polarizing, presidential elections have become events that

Americans love and hate. Today's elections cost billions of dollars and consume the nation's attention for months, filling television airwaves and online media with endless advertising and political punditry, often heated, vitriolic, and petty. Yet presidential elections also provoke and inspire mass engagement of ordinary citizens in the political system. No matter how frustrated or disinterested voters might be about politics and government, every four years, on the first Tuesday in November, the attention of the nation—and the world—focuses on the candidates, the contest, and the issues. The partisan election process has been a way for a messy, jumbled, raucous nation to come together as a slightly-more-perfect union. Pivotal Tuesdays looks back at four pivotal presidential elections of the past 100 years to show how they shaped the twentieth century. During the rowdy, four-way race in 1912 between Teddy Roosevelt, William Howard Taft, Eugene Debs, and Woodrow Wilson, the candidates grappled with

the tremendous changes of industrial capitalism and how best to respond to them. In 1932, Franklin Roosevelt's promises to give Americans a "New Deal" to combat the Great Depression helped him beat the beleaguered incumbent, Herbert Hoover. The dramatic and tragic campaign of 1968 that saw the election of Richard Nixon reflected an America divided by race, region, and war and set in motion political dynamics that persisted into the book's final story—the three-way race that led to Bill Clinton's 1992 victory. Exploring the personalities, critical moments, and surprises of these races, Margaret O'Mara shows how and why candidates won or lost and examines the effects these campaigns had on the presidencies that followed. But this isn't just a book about politics. It is about the evolution of a nation and the history made by ordinary people who cast their ballots.

The Federalist Papers Alexander Hamilton

2018-08-20 Classic Books Library presents this brand new edition of “The Federalist Papers”, a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. “The Federalist”, as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyse the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755-1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation’s finances. His contributions to the Constitution and leadership

made a significant and lasting impact on the early development of the nation of the United States.

First Tuesday in November Donald L.

MacMillan 2008-08-01 When President-elect James McAllister announces he will be arranging a summit to discuss nuclear disarmament before he even takes office, lame-duck President Bob Masters is livid. McAllister cannot take power before inauguration day, so why is he trying to usurp the current president's position? But when President Masters and his trusted chief of staff begin to investigate, they stumble upon something more sinister than a run-of-the-mill power grab. McAllister has no past. Adopted as a baby, he was raised outside of the country and then orphaned when his adopted parents died in a plane crash. As far as the FBI is concerned, there is no documentation of his existence

before he returned to the United States for college. Further investigation reveals McAllister may be part of a Russian plan hatched in 1945, one so secret that virtually no one inside the current Russian administration knows anything about it. With the safety of the entire country at risk, President Masters struggles to prevent McAllister from undermining the very foundation of the United States government. President Masters despises the rationalization that the ends justify the means but finds himself in the unenviable position of having to break the law to defend the Constitution.
