*The Founding Fish* John McPhee 2003-09-10 John McPhee's twenty-sixth book is a braid of personal history, natural history, and American history, in descending order of volume. Each spring, American shad-Alosa sapidissima-leave the ocean in hundreds of thousands and run heroic distances upriver to spawn. McPhee--a shad fisherman himself--recounts the shad's cameo role in the lives of George Washington and Henry David Thoreau. He fishes with and visits the laboratories of famous ichthyologists; he takes instruction in the making of shad darts from a master of the art; and he cooks shad in a variety of ways, delectably explained at the end of the book. Mostly, though, he goes fishing for shad in various North American rivers, and he "fishes the same way he writes books, avidly and intensely. He wants to know everything about the fish he's after--its history, its habits, its place in the cosmos" (Bill Pride, *The Denver Post*). His adventures in pursuit of shad occasion the kind of writing--expert and ardent--at which he has no equal.

**Adventures in Fishing for Men** Jeremy Myers 2018-06-05 Does evangelism and witnessing make you uncomfortable? If so, you're about to be set free ... or maybe you'll become even more uncomfortable. Using irony, satire, and humor, Jeremy Myers writes *Adventures in Fishing for Men* as an allegorical story about a man's quest to become a world-famous fisherman—without ever catching any fish. As an allegory about evangelism, this book is not about fishing, but about fishing for men. While a few of the stories are from the author's own life, all of the stories portray the general Christian approach to evangelism. As you read *Adventures in Fishing for Men*, you will see yourself in many of the stories, and will either be set free from some of the strange methods of modern evangelistic practices, or you will become upset at how your

cherished traditions are being portrayed. But these were the two ways people responded to the parables of Jesus as well. The nameless fisherman of this book serves as a mirror to all who read of his adventures, shining a light on how far Christianity has strayed from the example set by Jesus. He who has ears to hear, let him hear! *Wisdom of Our Fathers* Joe Kita 1999-04-08 "I am still waiting for my father to talk to me about sex and success, money and marriage, religion and raising kids. Since he died in 1991, I guess I don't have much chance of ever benefiting from all the lessons he learned in life. It's not that he was a bad dad; he was just a quiet one." The opening lines of *Wisdom of Our Fathers* describes a regret that grew into this blessing of a book. Joe Kita's sense that he had missed a chance to learn from his father led him to a journey through the hearts of other men with some mileage on them. He talked to bartenders and doctors and salesmen, professors and farmers and teachers, lawyers and pastors, a 70-year-old who held the senior record for the 100-meter run, even a 93-year-old who had gone to Antarctica with Admiral Byrd. His questions were basic: What's the key to happiness? How do you find God? When should you marry? What's the one thing in life you shouldn't miss? What matters? Their answers were straight from the heart. *Wisdom of Our Fathers* makes a joyful, manly sound, gathering the lessons these men learned, through blunder and success, at war and at home, through love, loss, and just plain keeping on. A book of reminiscence and inspiration, it's a story of perspective and passion, a harvest of lives deeply lived.

**A Select Library of the Nicene and Post-Nicene Fathers of the Christian Church, Second Series, Volume 8** Philip Schaff 2022-04-29 Philip Schaff's classic work colloquially known as *The Early Church Fathers* is an invaluable resource filled with the primary documents and early theological building blocks for the Christian church. Comprised of thirty-eight volumes, it is broken into three parts: the Ante-Nicene

Fathers, and Nicene and Post-Nicene Fathers, First and Second Series.  
**Fish Out of Water** MaryJanice Davidson 2008-11-25 Fred the Mermaid has taken the bait and chosen to date Artur, Prince of the Black Sea, over human marine biologist Thomas. And just in time. The existence of the Undersea Folk is no longer a secret, and someone needs to keep them from floundering in the media spotlight. Fred has all the right skills for that job, but has a hard time when her real father surfaces and tries to overthrow Artur's regime.

*The Sins of our Fathers* Åsa Larsson 2023-03-30 "Larsson is one of the best current practitioners of Scandinavian crime fiction" Financial Times "A masterful storyteller . . . An astute social commentator" Sunday Express Winner of the Best Swedish Crime Novel of the Year 2021 (Swedish Crime Writers' Academy) Winner of the Storytel Award for Best Suspense Novel 2021 Winner of the Adlibris Award for Best Suspense Novel 2021 Forensic pathologist Lars Pohjanen has only a few weeks to live when he asks Rebecka Martinsson to investigate a murder that has long since passed the statute of limitations. A body found in a freezer at the home of the deceased alcoholic, Henry Pekkari, has been identified as a man who disappeared without a trace in 1962: the father of Swedish Olympic boxing champion Börje Ström. Rebecka wants nothing to do with a fifty-year-old case - she has enough to worry about. But how can she ignore a dying man's wish? When the post-mortem confirms that Pekkari, too, was murdered, Rebecka has a red-hot investigation on her hands. But what does it have to do with the body kept in his freezer for decades? Meanwhile, the city of Kiruna is being torn down and moved a few kilometres east, to make way for the mine that has been devouring the city from below. With the city in flux, the tentacles of organized crime are slowly taking over . . . Fragile yet fierce Rebecka Martinsson returns in a spellbinding addition to the Arctic Murders series, now a Walter Presents drama for television. Translated from the Swedish by Frank Perry

**Freshwater Fish of the Northeast** David A. Patterson 2010 From the redfin pickerel to the blueback trout, this vividly illustrated guide from a father-and-son author/illustrator team describes more than 60 freshwater

fish from the ponds, lakes, rivers, and streams of New England and New York.

*Our Fathers' Fields* James E. Kibler 1998 This work chronicles six generations of the Hardy family, who purchased a South Carolina plantation in 1786 and farmed it for two centuries. The book also examines the natural history of the plantation and how it became one of the most valuable farms in the South.

*A Boy, a Magician, and a Harlot* Lori J. Gainer 2019-03-17 Invites the reader behind the scenes of Bible stories What was the reaction of the head waiter at the wedding at Cana when he realized the wine had run out? What gave the man the idea to lower his paralyzed friend through the roof to see Jesus? What were the young men who accompanied Abraham and Isaac on the journey to the mountain thinking? Much of scripture is comprised of individuals who are unnamed but have important roles to play in biblical stories. This illustrated book offers first person accounts of twenty-one Bible stories (Old Testament, New Testament, and apocrypha) from the perspectives of bystanders or "supporting" characters, giving us an opportunity to imagine: how would we react? What would we say or do given similar circumstances today? This imaginative collection includes thought-provoking discussion questions for congregational or individual reflection, and can be invaluable for fresh perspectives in sermons and study groups.

**My Father the Fish** Lorri Danzig 2019-06-28 Embarking on a new career, Lorri Danzig was enthusiastic, energized and filled with hope and promise. Then, without warning, she lost depth perception and the ability to move her limbs. This memoir chronicles her life after a devastating diagnosis. Lorri makes the choice to actively participate in her healing and, in the process, accepts the support of an unlikely mix of collaborators. A long-time practitioner of spiritual work, her aim and values are put to the test as she confronts mortality and questions her relationship to God and the role of prayer. As the story unfolds, Lorri demonstrates that our suffering is ultimately never about the circumstances of our lives, but always a function of our own perspective.  
*Forgiving Our Fathers and Mothers* Leslie Leyland Fields 2014-01-28 "If

our families are to flourish, we will need to learn and practice ways of forgiving those who have had the greatest impact upon us: our mothers and fathers." Do you struggle with the deep pain of a broken relationship with a parent? Leslie Leyland Fields and Dr. Jill Hubbard invite you to walk with them as they explore the following questions: What does the Bible say about forgiveness? Why must we forgive at all? How do we honor those who act dishonorably toward us, especially when those people are as influential as our parents? Can we ever break free from the "sins of our fathers"? What does forgiveness look like in the lives of real parents and children? Does forgiveness mean I have to let an estranged parent back into my life? Is it possible to forgive a parent who has passed away? Through the authors' own compelling personal stories combined with a fresh look at the Scriptures, *Forgiving Our Fathers and Mothers* illustrates and instructs in the practice of authentic forgiveness, leading you away from hate and hurt toward healing, hope, and freedom. "A call to very hard, but very vital, work of the soul." —Dr. Henry Cloud, leadership expert, psychologist, and best-selling author "*Forgiving Our Fathers and Mothers* is essential reading for anyone who wants to deal with those hurts in a constructive, healing, and God-honoring manner." —Jim Daly, president, Focus on the Family "Leslie Leyland Fields and Jill Hubbard take us into raw, messy stories so we can be transformed by that mysterious and painful grace in the force called forgiveness." —Scot McKnight, Northern Seminary

*The Fish of Our Fathers* Ronald Leonard Bacon 1986 The oldest tohunga in the village directs the building of a mighty war canoe.

**Father's Day Creek** Dan Rodricks 2019-05-12 Where would you want to be if you knew the world would end tomorrow? How would you want to remember life on Earth? For the sake of sanity and soul, everyone should have a place in the outdoors they consider their personal sanctuary, a "spirit-home" that restores faith in the natural world even as climate change threatens it. Award-winning journalist and long-time angler Dan Rodricks describes the little piece of paradise he found through fly fishing -- Father's Day Creek, his name for a river in Pennsylvania that he considers The Last Best Place on Earth. The book challenges readers to

identify their own Last Best Place and spend time there. The story unfolds over three hours on a single Father's Day morning. While prospecting for trout, the author reflects, hour by hour, on his experiences with a fly rod and more than 50 years of fishing with his father, friends and children. The book offers advice on fly fishing and parenthood, and explores the wonders of finding one's "spirit-home" amidst the noise of modern life. The foreword, by fly fishing legend Lefty Kreh, was composed just a month before his death in 2018.

*Our Fathers* Steven L. Shepherd 2002-07-26 No one questions that men are profoundly influenced by their fathers, but the shape and substance of that influence varies with each family. In this, the first anthology of nonfiction prose to explore this issue in depth, editor Steven Shepherd has collected a diverse and invariably compelling group of narratives about sons and their fathers. "Fourteen excellent essays by some of our best writers," says Anne Morris of the Austin American-Statesman. Among the contributors: James Baldwin, who reflects in his classic "Notes of a Native Son," on the father he barely knew, "partly because we shared, in our different fashions, the vice of stubborn pride." The brothers Geoffrey and Tobias Wolff, who write of their father from dramatically different perspectives. A second-generation undertaker, Thomas Lynch, who writes lovingly of burying his father. And the acclaimed scholar of African-American culture, Henry Louis Gates, Jr., who grew up with a father who "was not a race man," yet their arguments were vital to the son's education.

**Papa's Mechanical Fish** Candace Fleming 2013-06-04 Candace Fleming and illustrator Boris Kulikov pair up to tell a fun story about a real submarine inventor in Papa's Mechanical Fish Clink! Clankety-bang! Thump-whirr! That's the sound of Papa at work. Although he is an inventor, he has never made anything that works perfectly, and that's because he hasn't yet found a truly fantastic idea. But when he takes his family fishing on Lake Michigan, his daughter Virena asks, "Have you ever wondered what it's like to be a fish?"—and Papa is off to his workshop. With a lot of persistence and a little bit of help, Papa—who is based on the real-life inventor Lodner Phillips—creates a submarine that

can take his family for a trip to the bottom of Lake Michigan.

*A Different Pond* Bao Phi 2020-03-28 A 2018 Caldecott Honor Book that Kirkus Reviews calls "a must-read for our times," A Different Pond is an unforgettable story about a simple event - a long-ago fishing trip.

Graphic novelist Thi Bui and acclaimed poet Bao Phi deliver a powerful, honest glimpse into a relationship between father and son - and between cultures, old and new. As a young boy, Bao and his father awoke early, hours before his father's long workday began, to fish on the shores of a small pond in Minneapolis. Unlike many other anglers, Bao and his father fished for food, not recreation. A successful catch meant a fed family. Between hope-filled casts, Bao's father told him about a different pond in their homeland of Vietnam. Thi Bui's striking, evocative art paired with Phi's expertly crafted prose has earned this powerful picture books six starred reviews and numerous awards.

*When Our Fathers Return to Us as Birds* Peter Markus 2021-09-01 A luminous and heartfelt collection of mourning poetry.

*Fishing Adventures* Cory Broce 2021-04-05 In this book of essays on fishing and family, you couldn't help but relate to its central theme, that of finding balance through the tides of our lives. Finding a work-life balance is tough. You felt like I wasn't enough. Or not doing enough. At the same time, you felt like you were doing everything and letting everyone down. You have the power to find balance in life, to live with no regrets, where you feel fully engaged. Where each day holds meaning and purpose and brings you joy. Regrets of all kinds are a direct result of living a life that is unfocused and out of balance. Fortunately, the desire for peace of mind and the idea of living a balanced life has become an increasingly important topic of discussion. Regardless of gender, race, religion, or socioeconomic status, the vast majority of people would like to find a way to live their lives in balance so that they are not overly invested in anything that is robbing them of the happiness they desire. More people today, rightly so, want to experience harmony between all the elements that make up a fulfilling life. Join the adventure now with this book!

*Four Fish* Paul Greenberg 2011-05-31 "A necessary book for anyone truly

interested in what we take from the sea to eat, and how, and why."

—Sam Sifton, The New York Times Book Review Acclaimed author of *American Catch* and *The Omega Principle* and life-long fisherman, Paul Greenberg takes us on a journey, examining the four fish that dominate our menus: salmon, sea bass, cod, and tuna. Investigating the forces that get fish to our dinner tables, Greenberg reveals our damaged relationship with the ocean and its inhabitants. Just three decades ago, nearly everything we ate from the sea was wild. Today, rampant overfishing and an unprecedented biotech revolution have brought us to a point where wild and farmed fish occupy equal parts of a complex marketplace. *Four Fish* offers a way for us to move toward a future in which healthy and sustainable seafood is the rule rather than the exception.

*How Yussel Caught the Gefilte Fish* Charlotte Herman 1999 When he goes fishing with his father for the first time, a young boy hopes to catch the gefilte fish for his family's Shabbos dinner, but instead he catches a carp, a trout, and a pike.

**Our Fathers' War** Tom Mathews 2005 Addresses the dramatic effects of World War II on the relationship between the men who fought war and their sons and grandsons, drawing his own and other father-son tales of veterans to reveal how their experiences on the battlefield shaped their lives as fathers. 30,000 first printing.

*A Select Library of Nicene and Post-Nicene Fathers of the Christian Church* Philip Schaff 1895

*The Fish (Hook) Book* Torbett Vandembark-Woodward 2016-11-23 The *Fish (Hook) Book* is stimulating for your child's mind and also allows you to be a part of the interaction. By looking at the pages, each with one named character, it can give your child the backstory of each fish but allows them to create the scene. The sky's the limit for the imagination and exploring their own possibilities. By the end of the book, you and your child have created a unique story, a story that can and will change every time you pick up the book. My son is fascinated by the creations he has come up with. We've also included black-and-white versions of each fish, allowing the inner artist to possibly emerge.

We Fish Jack L Daniel 2005-08-01 We Fish is the tale of a father and son's shared dialogue in poetry and in prose, memoir and reflection, as they delight in their time spent fishing while considering the universal challenge of raising good children. Their story and their lesson have the power to teach today's young African American men about friendship, family, and trust; and the potential to save a generation from the dangers of the modern world and from themselves.

Why Fish Don't Exist Lulu Miller 2021-04-06 Nineteenth-century scientist David Starr Jordan built one of the most important fish specimen collections ever seen, until the 1906 San Francisco earthquake shattered his life's work.

**Little White Fish and His Daddy** Guido van Genechten 2020-05 Little White Fish has a lot of friends. And they all have amazing daddies. Little Sea Horse's dad is really fast. Little Whale's dad is the biggest in the ocean. But, of course Little White Fish's daddy is very good at something, too! A heartwarming story for Father's Day, and every day.

*The Progressive Fish-culturist* 1937

*A River Runs through It and Other Stories* Norman MacLean 2017-05-03 The New York Times–bestselling classic set amid the mountains and streams of early twentieth-century Montana, “as beautiful as anything in Thoreau or Hemingway” (Chicago Tribune). When Norman Maclean sent the manuscript of *A River Runs Through It and Other Stories* to New York publishers, he received a slew of rejections. One editor, so the story goes, replied, “it has trees in it.” Today, the title novella is recognized as one of the great American tales of the twentieth century, and Maclean as one of the most beloved writers of our time. The finely distilled product of a long life of often surprising rapture—for fly-fishing, for the woods, for the interlocked beauty of life and art—*A River Runs Through It* has established itself as a classic of the American West filled with beautiful prose and understated emotional insights. Based on Maclean’s own experiences as a young man, the book’s two novellas and short story are set in the small towns and mountains of western Montana. It is a world populated with drunks, loggers, card sharks, and whores, but also one rich in the pleasures of fly-fishing, logging, cribbage, and family. By

turns raunchy and elegiac, these superb tales express, in Maclean’s own words, “a little of the love I have for the earth as it goes by.” “Maclean’s book—acerbic, laconic, deadpan—rings out of a rich American tradition that includes Mark Twain, Kin Hubbard, Richard Bissell, Jean Shepherd, and Nelson Algren.” —New York Times Book Review Includes a new foreword by Robert Redford, director of the Academy Award–winning film adaptation

**Faith of Our Fathers** Ronald V. Evans 2013-06-26 This book is for Christians troubled by doubts and questions. It's for those who feel remorse for losing the "Faith of Our Fathers". It's for Christians willing to consider whether or not the Bible is literally true, and historically accurate. The author, once an ordained minister, analyzes the Jesus Story: his nativity, adolescence, ministry and resurrection. He shares with you his research on the authorship and authenticity of the gospels, as well as the earliest Christian manuscripts. He summarizes theological dissensions in the early church, three schisms that fractured the Church, and the Crusades. You will see how geological clocks of science (fossils, carbon 14 and uranium) shed light on the Biblical accounts of Creation, the Great Flood, and Noah's ark. The title of the last chapter is "Ethics Without the Supernatural".

*Fishing With My Fathers* Paul D. Rath 2021-01-15 “Between fish, my father and I, two men who are as comfortable with each other’s voice as we are with each other’s silences, talk about the purpose of things, and how everything fits into the overall design.” This book is like no memoir you’ve ever read. Paul Rath writes with the soul of a poet, his prose alive with vibrant images and metaphors that capture the raw beauty and challenges of fishing for white fish in the frigid November air - “when the wind takes us into her cold mouth, and crunches us between her teeth. Her cold makes our eyes freeze - until they feel like stones, frozen in their sockets of mud ...” Yet this no mere fish story. As much as this book is about fishing, it is even more about relationships. Fishing with My Fathers explores the deep bonds that form between men of the earth, between men and the land and the water and the creatures that feed their spirits. Rath, the eldest son of a Lutheran pastor, pays homage to

his father and tribute to the men who shaped and challenged him, even as he claimed his own space and place in their lineage. With wonderful humour and genuine sensitivity, he regales the reader with tales of his father, grandfather, great-grandfather, as well as of his mentors - of the men who taught him how to grow up, how to control his emotions, how to work, how to grow his spirit, how to love, as well as how to fish.

**The Gospel of the Eels** Patrik Svensson 2021-05-13 The Gospel of the Eels is both a meditation on the world's most elusive fish--the eel--and a reflection on the human condition.

*How I Came to Know Fish* Ota Pavel 2010-05-06 How I Came to Know Fish (1974) is Ota Pavel's magical memoir of his childhood in Czechoslovakia. Fishing with his father and his Uncle Prosek - the two finest fishermen in the world - he takes a peaceful pleasure from the rivers and ponds of his country. But when the Nazis invade, his father and two older brothers are sent to concentration camps and Pavel must steal their confiscated fish back from under the noses of the SS to feed his family. With tales of his father's battle to provide for his family both in wealthy freedom and in terrifying persecution, this is one boy's passionate and affecting tale of life, love and fishing.

**Fish On!** Sloane Golden 2008-02 What are the secrets most fishermen miss right under their noses, which if they only knew, would instantly improve their chances of becoming the "lucky" 20% who catch all the fish, the fortunate few who know how to turn their dreams into reality? FISH ON! (SECRETS OF THE SNOOK WHISPERER) is more than a fishing guide-book, it is a guide to living, to catching big fish and landing bigger dreams. Fish On, tells the story of how author and columnist, Sloane Golden, was taken under the wing of a master fisherman from Key West--"The Snook Whisperer," and of the life-changing lessons learned... "Sloane Golden...in his book, Fish On, shows the fisherman how to dream big and catch big fish. But the book is about more than fishing, however; it's about the test of character, something every winner must have." -Foreward, Coach John Tortorella, Stanley Cup winner and Head Coach, Tampa Bay Lightning.

**Our Fathers** Andrew O'Hagan 2010-12-03 From the author of the

incredible debut novel, *Be Near Me*. Finalist for the Man Booker Prize, the International IMPAC Dublin Literary Award, and the Whitbread Award. Hugh Bawn was a modern hero, a visionary urban planner, a man of the people who revolutionized Scotland's residential development after the Second World War. But times have changed. Now, as he lies dying in one of his own failed buildings, his grandson Jamie comes home to watch over him. The old man's final months bring Jamie to see what is best and worst in the past that haunts them all, and he sees the fears of his own life unravel in the land that bred him. It is Jamie who tells the story of his family, of three generations of pride and delusion, of nationality and strong drink, of Catholic faith and the end of political idealism. It is a tale of dark hearts and modern houses, of three men in search of Utopia. A poignant and powerful reclamation of the past, *Our Fathers* is a deeply felt, beautifully crafted, utterly unforgettable novel.

*Our Fathers* Jeff Collignon 2007-11-01 ..The Heat of Darkness beats strong and true throughout Jeff Collignon's *Our Fathers*... From the battlefield at home, to the battlefields in Southeast Asia, *Our Fathers* follows a son's gradual awakening to the abusive nature of a family, and the insanity of war.

*Lessons Of Our Fathers* Thomas J. Cini 2006 *Lessons Of Our Fathers* is a heart warming story of a man in the twilight of his years who is asked to share his life story with his granddaughter. She needs his help writing her thesis explaining that he is living proof of what she intends to write about and can provide firsthand knowledge about his generation. When she discovers that he can fill out the branches of their family tree the project takes on an entirely new meaning for the two of them and starts them off on an exciting journey into the past.

*Louis the Fish* Arthur Yorinks 1986-05-01 Maurice Sendak greeted the publication of the first book by this unique author-and-artist team with an astonishing review in *The New York Times Book Review*, which began: "Sid and Sol is a wonder--a picture book that heralds a hopeful, healthy flicker of life in what is becoming a creatively exhausted genre. The magic rests in the seamless bond of Arthur Yorinks's and Richard Egielski's deft and exciting collaboration." Sendak concluded his review

with an enthusiastic "Welcom, Mr. Yorinks and Mr. Egielski!" Now Louis the Fish, their second picture book, not only fulfills the promise of the first, but amply surpasses it. Louis is a butcher. He has a nice shop on Flatbush, with steady customers. He's "always friendly, always helpful, a wonderful guy." But Louis is not happy. He hates meat! All his life he's been surrounded by meat. His grandfather was a butcher. His father was a butcher. His whole childhood, even his birthdays, revolved around meat. As a boy he tried anything to escape—even a job after school cleaning fishtanks. But that doesn't last long. Louis soon has to take over his parents' butcher shop. He grows ill. Business begins to fail. All seems lost. Until one night, in fitful sleep, after uneasy dreams, Louis is changed in a profound and startling way and begins a happy new life.

**World of Our Fathers** Irving Howe 2017-10-31 The National Book Award-winning, New York Times–bestselling history of Yiddish-speaking immigrants on the Lower East Side and beyond. In the late nineteenth and early twentieth centuries, two million Jewish immigrants poured into America, leaving places like Warsaw or the Russian shtetls to pass through Ellis Island and start over in the New World. This is a “brilliant” account of their stories (The New York Times). Though some moved on to Philadelphia, Chicago, and other points west, many of these new citizens settled in New York City, especially in Manhattan’s teeming tenements. Like others before and after, they struggled to hold on to the culture and community they brought from their homelands, all the while striving to escape oppression and find opportunity. They faced poverty and crime, but also experienced the excitement of freedom and previously unimaginable possibilities. Over the course of decades, from the 1880s to the 1920s, they were assimilated into the great melting pot as the Yiddish language slowly gave way to English; work was found in sweatshops; children were sent to both religious and secular schools; and, for the lucky ones, the American dream was attained—if not in the first generation, then by the second or third. Nominated for a National Book Critics Circle Award, *World of Our Fathers* explores the many aspects of this time and place in history, from the political to the cultural. In this compelling American story, Irving Howe addresses everything

from the story of socialism, the hardships of the ghetto, and the tragic Triangle Shirtwaist Factory fire that killed scores of garment workers to the “Borscht Belt” resorts of the Catskills in colorful and dramatic detail. Both meticulously researched and lively, it is “a stirring evocation of the adventure and trauma of migration” (Newsweek).
