Cartoons By Mccutcheon John T McCutcheon

2020-11-17 John Tinney McCutcheon was a Pulitzer Prize-winning American newspaper political cartoonist who was known as the "Dean of American Cartoonists". Biography

McCutcheon was born near South Raub, Tippecanoe County, Indiana to Captain John Barr McCutcheon and Clara Glick McCutcheon. He was the younger brother of novelist George Barr McCutcheon, writer of the Graustark books. His son, Shaw McCutcheon was an editorial cartoonist. He attended Purdue University, where he became a member of the Sigma Chi fraternity, and graduated in 1889 with a Bachelor of Science degree. At Purdue, he worked with typographer Bruce Rogers on the student newspaper and yearbook. On the Purdue campus, McCutcheon is memorialized in a coeducational dormitory, John T. McCutcheon Hall. The lobby displays an original of one of his drawings, a nearly life-size drawing of a young man. Awards McCutcheon received the Pulitzer Prize for Cartoons in 1932 for his Depression-era cartoon about a victim of bank failure.

McCutcheon High School in his home county Tippecanoe is named in his honor. Travel Plaza 1, Mile Post 22 at Portage, Indiana of the Indiana Toll Road is named after John T. McCutcheon. McCutcheon died in Lake Forest, Illinois. The comic reprints from Escamilla Comics are reproduced from actual classic comics, and sometimes reflect the imperfection

of books that are decades old.

Peter Arno Michael Maslin 2016-04-19 In the summer of 1925, *The New Yorker* was struggling to survive its first year in print. They took a chance on a young, indecorous cartoonist who was about to give up his career as an artist. His name was Peter Arno, and his witty social commentary, blush-inducing content, and compositional mastery brought a cosmopolitan edge to the magazine's pages—a vitality that would soon cement *The New Yorker* as one of the world's most celebrated publications.

Bum Town Tony Fitzpatrick 2001 Fitzpatrick cruises the scruffy streets of Chicago's South Side. The terse and rhythmic poems are paced to streetlights and potholes and the teasing conversation of his father's ghost as he pilots his Oldsmobile through the flat-out ugly city where romance blooms as stubbornly as wildflowers in asphalt, and sorrow pools in every corner.

Considering both scholarly and popular perspectives this book offers a commentary on the blending of pasts and presents that finds permanent visualization in these contemporary signs.

the current politics of peace.

Slow Ball Cartoonist Tony Garel-Frantzen 2016-01-15 *Slow Ball Cartoonist* takes readers on a journey to an earlier era in America when cartoonists played a pivotal role each day in enabling major daily newspapers to touch the lives of their readers. No American cartoonist was more influential than the Chicago Tribunes John T. McCutcheon, the plainspoken Indiana native and Purdue University graduate whose charming and delightful cartoons graced the pages of the newspaper from 1903 until his retirement in 1946. This book chronicles McCutcheons adventure-filled life, from his birth on a rural small farm near Lafayette in 1870, to his rise as the Dean of American Cartoonists. His famous cartoon, "Injun Summer", originally published in 1907, was a celebration of autumn through childlike imagination and made an annual appearance in the Tribune each fall for decades. McCutcheon was the first Tribune staff member to earn the coveted Pulitzer Prize for his poignant 1931 cartoon about a victim of bank failure at the height of the Great Depression. Born with an itch for adventure, McCutcheon served as a World War I correspondent, combat artist, occasional feature writer, portrait artist, and world traveler. While the gangly and tall McCutcheon looked the part of the down-home characters featured in his cartoons, the world-wise flavor of his work influenced public opinion while making readers smile. Hard-hitting and even vicious attacks on public figures were common among his contemporaries; however, McCutcheons gentle humor provided a change

in pace, thus prompting a colleague to borrow a phrase from baseball and anoint him the slow ball cartoonist. Slow Ball Cartoonist is a timeless story about a humble man who made the most of his talents and lived life to the fullest, being respectful and fair to all including the targets of his cartoonists pen.

Truman in Cartoon and Caricature James N. Giglio 1984 This collection of 263 cartoons portrays the life and times of Harry S. Truman during his years in local and state offices, the U.S. Senate, and as the 33rd U.S. President. The cartoons reveal Truman's courage, tenacity, impulsiveness, frustration, stubbornness, petulance and above all, his humanity. Truman recognized the "powerful influence on public opinion" of political cartoons. He appreciated this form of free speech and collected cartoons of more than 150 artists of the period. A rare collection, these cartoons inform, entertain, and provide a prism to view Truman and his presidency.

Cartoon County Cullen Murphy 2019-11-01 A poignant history of the cartoonists and illustrators from the Connecticut School For a period of about fifty years, right in the middle of the American Century, many of the the nation's top comic-strip cartoonists, gag cartoonists, and magazine illustrators lived within a stone's throw of one another in the southwestern corner of Connecticut—a bit of bohemia in the middle of those men in their gray flannel suits. Cullen Murphy's father, John Cullen Murphy, drew the wildly popular comic strips Prince Valiant and Big Ben Bolt, and was at the heart of this artistic

milieu. Comic strips and gag cartoons read by hundreds of millions were created in this tight-knit group—Superman, Beetle Bailey, Snuffy Smith, Rip Kirby, Hagar the Horrible, Hi and Lois, Nancy, Sam & Silo, Amy, The Wizard of Id, The Heart of Juliet Jones, Family Circus, Joe Palooka, and The Lockhorns, among others. Cartoonists and their art were a pop-cultural force in a way that few today remember. Anarchic and deeply creative, the cartoonists were independent spirits whose artistic talents had mainly been forged during service in World War II. Illustrated with never-before-seen photographs, cartoons, and drawings, Cartoon County brings the postwar American era alive, told through the relationship of a son to his father, an extraordinarily talented and generous man who had been trained by Norman Rockwell. Cartoon County gives us a glimpse into a very special community—and of an America that used to be.

Cartoons by McCutcheon John Tinney McCutcheon 2017-12-21 Excerpt from Cartoons by McCutcheon: A Selection of One Hundred Drawings Recognizes the very large and important fact that political events do not fill the entire horizon of the American people. It has not been very many years since the newspaper cartoon was a savage caricature of some public man who had been guilty of entertaining tariff opinions that did not agree with the tariff opinions of the man who controlled the newspaper. It was supposed to supplement the efforts of the editorial in which the leaders of the opposition were termed reptiles. Thomas Fitzpatrick and the Lepracaun Cartoon Monthly, 1905-1915 James Christopher Curry 2015 Between 1905 and 1915, The Lepracaun Cartoon Monthly satirized society and politics in Dublin and beyond. Its proprietor, editor and chief cartoonist Thomas Fitzpatrick (1860-1912) already had a distinguished career drawing for leading publications in Dublin and London, including Nation, National Press, Weekly Freeman, and Irish People. Fitzpatrick's cartoons countered Punch's ape-like Irishman with the upright and noble figure of 'Pat, ' and his sharp pen presented senior British figures in an unforgiving light. The Lepracaun Cartoon Monthly, however, gave his perceptive wit a far broader canvas. Politicians and publicans, clerics and suffragettes, trade unionists and bosses were all fair game - nor did the man in the street escape his critical eye. This collection of works from The Lepracaun Cartoon Monthly gives fresh insights into Irish life in an overlooked period. From caustic commentaries on women's fashion to the high politics of Home Rule cartoons by Fitzpatrick and others reveal a self-confident middle-class Ireland, hoping for political change but weary of Redmond's Irish Parliamentary Party. As Irish society came to terms with motor cars, electricity, and the prospect of votes for women, Fitzpatrick and his cartoonists in The Lepracaun Cartoon Monthly were on hand to illustrate injustices, puncture pomposity, and highlight the ridiculous. Introductory essays on Thomas Fitzpatrick's life and career, and on the social and political context of the times, complement the detailed commentaries which accompany each image.
