Ghostblunders Jared Salber 2016-06-29 While most books about Ghost Hunting are serious, in-depth looks at the paranormal, this story is off the beaten path. Growing up as a goofball, Jared had a knack of making people laugh, either with him or at him. He also enjoys scary movies, monsters, and especially ghosts. This book is part memoir and part comedy about Jared's hilarious efforts, blunders, and escapades all over haunted houses and cemeteries in Rochester, New York to search for the unknown, the paranormal.

Widow's Point Richard T. Chizmar 2018-02-28
Longtime residents of Harper's Cove believe that something is wrong with the Widow's Point Lighthouse. Some say it's cursed. Others claim it's haunted. Originally built in 1838, three workers were killed during the lighthouse's construction, including one who mysteriously plunged to his death from the catwalk. That tragic accident was never explained, and it was just the beginning of the terror. In the decades that followed, nearly two dozen additional deaths occurred in or around the lighthouse including cold-blooded murder, suicide, unexplained accidents and disappearances, the slaughter of an entire family, and the inexplicable death of a Hollywood starlet who was filming a movie on the grounds. The lighthouse was finally shuttered tight in 1988 and a security fence was erected around the property. No one has been inside since. Until tonight. Thomas Livingston is the acclaimed

author of thirteen books about the supernatural and this evening he will enter the Widow's Point Lighthouse, searching for material for his next bestseller. He will be locked inside for the weekend with no way of contacting the outside world. And although no human has stepped foot inside the structure in nearly three decades, Livingston will not be alone.

Goofballs #5: The Ha-Ha-Haunting of Hyde

House Tony Abbott 2013-08-27 Fans of Dav Pilkey's *The Adventure of Ook and Gluke* and Patricia Reilly Giff's *ZigZag Kids* series will flock to this chapter book series full of slapstick humor and silly situations by the wildly popular Tony Abbott, author of *The Secrets of Droon Series*. When the Goofballs--Jeff, Brian, Mara, and Kelly--hear about a house that might be haunted, where someone disappeared years before, it sounds like the perfect case for them to solve on Halloween. But they'll need their best sleuthing skills and, of course, the help of the Goofdog, because this may be their silliest--and scariest--mystery yet.

The Ghosts of Rancho Espanto Adrianna Cuevas

2023-04-04 A new middle grade contemporary fantasy from Adrianna Cuevas—author of the Pura Belpré Honor Book *The Total Eclipse of Nestor Lopez*—about a Cuban American boy who's sent to work on a ranch as punishment for a school prank gone wrong, where's he's confronted with a mystery

as inexplicable as it is familiar and discovers that uncovering secrets will lead to learning hard truths about himself, told with Adrianna's signature self-deprecating humor. Rafa would rather live in the world of *The Forgotten Age*, his favorite fantasy role-playing game, than face his father's increasing restrictions and his mother's fading presence. But when Rafa and his friends decide to take the game out into the real world and steal their school cafeteria's slushie machine, his dad concocts a punishment Rafa never could've imagined—a month working on a ranch in New Mexico, far away from his friends, their game, and his mom's quesitos in Miami. Life at Rancho Espanto isn't as bad as Rafa initially expected, mostly due to Jennie, a new friend with similarly strong opinions about Cuban and Korean snacks, and Marcus, the veteran barn manager who's not as gruff as he appears. But when Rafa's work at the ranch is inexplicably sabotaged by a man (or a ghost) who may not be what he seems, Rafa and Jennie

explore what's behind the strange events at Rancho Espanto—and discover that the greatest mystery may have been with Rafa all along. [Wagging Weird Tales](#) Hod Doering 2016-09-15 Interesting looks at an odd universe from an alien mind. If you wish to see different worlds look here. Short stories from long thought. Contains some material not suitable for younger readers.

Ghost Camp (Goosebumps #45) R. L. Stine 2018-11-27 Harry and his brother, Alex, are dying to fit in at Camp Spirit Moon. But the camp has so many weird traditions. Like the goofy camp salute. The odd camp greeting. And the way the old campers love to play jokes on the new campers. Then the jokes start to get really serious. Really creepy. Really scary. First a girl sticks her arm in the campfire. Then a boy jams a pole right through his foot. Still, they're just jokes...aren't they?

She came to live there with her family by the underground railroad to Mr. and Mrs. Holbrook's home who had taken her family in. She needs help with putting her body with the rest of her family so she can join them and her spirit be set free. The second ghost is my grandfather Mr. Hallsworth, he was a hermit and very eccentric. Because my mom had divorce my dad, I didn't know at first he was my grandfather. He lived in a six room shack with two cats Lucky and Lucy. When he died he left me a trust of one million dollars and all the money he had in his house. The third ghost is about a women named Goldie who went screaming through the woods behind our house. June, my sister and I, help her spirit free. The fourth ghost is Al's grandmother Nellie Bell, she visits my daughters and ends up saving our lives. The fifth ghost is my nephew, Sergeant Richard Jameston, a Michigan state police

officer that gives me a warning about a terrorist attack from Al-Qaida and not to go shopping with my sister in laws, sisters, mother, and mother in law. I don't heed the warning and go anyway.

Ghostbusters Nerd Search Glenn Dakin 2020-09-01 A puzzle book with a hauntingly good twist. This is no conventional 'seek-and-find.' Each of the detailed, full-color pages is packed with out-of-context items and blood-curdling continuity errors that only a true fan can spot. The perfect holiday gift for the Ghostbusters fan in your life! What is a Nerd Search? It's a chance to nitpick your favorite stuff! We all adore discussing our top movies and TV shows. Be honest, we even love to find fault with them. Well, here we provide the faults! This is not your ordinary search-and-find book, but a diabolical test of your nerdular knowledge of your favorite topic. Instead of simply locating lost objects, you have to spot tiny errors no one but an obsessive superfan could spot. Let us

explain our categories... NERD ALERT Look out for continuity errors - things that just shouldn't be there. For example, it could be a character who wasn't in the scene, or a gadget that wasn't used at that point in time. In the Mr. Stay Puft-busting scene, for example, Janine should not be fighting alongside the guys - or the Library Ghost should not appear at all. MOVIE MIX-UPS These are items or characters that are simply in the wrong movie. If our featured scene is Slimer Showdown, from the first movie, then we should not see Dr. Janosz Poha from the sequel, cowering behind a table in the Sedgewick Hotel ballroom. Misplaced items can be anything from the Ecto-1 (before it was customized) to jars of mood slime or a stray spook. MYTHS AND MANIFESTATIONS To really test your ghostbusting credentials we've added five 'out-of-universe' monsters, spooks or demons into every spread. Simply spot if they are from the original Ghostbusters movies or not - and, for extra points, identify them! Our special feature

on page 6 is there to help you. SUPER QUIBBLES There are just five of these in the entire book; they are errors relating to behind-the-scenes information, such as a character from a deleted scene appearing. Or maybe it is something planned for the movie that never made the final version. If you check out the scoring system below they will put you in reach of a score of biblical proportions, enabling you to hit a significant number...
