The Stranger's Woes Max Frei 2012-06-26 The international-best-selling Russian fantasy author continues the adventures of Sir Max, the lazy gumshoe of the enchanted city of Echo. The tales of Sir Max, who was a daydreaming loser before he discovered the parallel world of Echo, have become an international literary sensation. In the second novel of the Labyrinths of Echoes series, Max is still a hardened smoker, glutton, and all-around loafer. But once again, he finds himself travelling to an alternate universe where he must root out illegal magic as an agent of the Secret Investigative Force. This time, Sir Max is called upon to handle a peculiar political dispute, investigate strange happenings in the cemetery, and when Echo's police captain is poisoned, he must lead a team of magicians in pursuit of magical outlaws. "Echo is a world of all sorts of plots, a sort of Krypton with tobacco and the counter-universe's equivalent of vodka." —Kirkus Reviews

She's started wearing cat ears and is the only one who's still tempted to draw funny cartoons on her homework. It's also the beginning of seventh grade for Sherm Russo. How to Fall in Love with Anyone Mandy Len Catron 2017-06-27 "A beautifully written and well-researched cultural criticism as well as an honest memoir" (Los Angeles Review of Books) from the author of the popular New York Times essay, "To Fall in Love with Anyone, Do This," explores the romantic myths we create and explains how they limit our ability to achieve and sustain intimacy. What really makes love last? Does love ever work the way we say it does in movies and books and Facebook posts? Or does obsessing over those love stories hurt our real-life relationships? When her parents divorced after a twenty-eight year marriage and her own ten-year relationship ended, those were the questions that Mandy Len Catron wanted to answer. In a series of candid, vulnerable, and wise essays that takes a closer look at what it means to love someone, be loved, and how we present our love to the world, "Catron melds science and emotion beautifully into a thoughtful and thought-provoking meditation" (Bookpage). She delves back to 1944, when her grandparents met in a coal mining town in Appalachia, to her own dating life as a professor in Vancouver. She uses biologists' research into dopamine triggers to ask whether the need to love is an innate human drive. She uses literary theory to show why we prefer certain kinds of love stories. She urges us to question the unwritten scripts we follow in relationships and looks into where those scripts come from. And she tells the story of how she decided to test an experiment that she'd read about—where the goal was to create intimacy between strangers using a list of thirty-six questions—and ended up in the surreal situation of having millions of people following her brand-new relationship. "Perfect fodder for the romantic and the cynic in all of us" (Booklist), *How to Fall in Love with Anyone* flips the script on love. "Clear-eyed and full of heart, it is mandatory reading for anyone coping with—or curious about—the challenges of contemporary courtship" (The Toronto Star).

A Stranger's Gift Tom Hallman 2012-04-03 True Stories of Faith in Unexpected Places In this very personal, welcoming book, Pulitzer Prize-winning author Tom Hallman, Jr., shares his journey of faith from indifferent agnostic to growing believer. Faith, Hallman tells us, is looking in the mirror in the morning and wondering why. It's about doubt and hope. It's catching a glimpse of a beacon piercing the fog of life and walking toward it, never knowing if you're headed in the right direction, but pressing onward. You'll meet ordinary people and be drawn into conversations that ask probing, almost intrusive questions—conversations that linger in your mind and resonate with your heart—from the ache of a mother who watched her baby die after only twenty days of struggling for life to the peaceful strength of a man working with those whose present situations mirror his past. Within these pages, you'll find real and honest accounts of everyday people whose discoveries of faith will inspire and comfort you on your own journey. *** The security lock thumped open, and I stepped into Level 3, a neonatal unit where I had been drawn to a drama played out minute by minute. As I stood above two cribs along a back wall, I wondered less about doctors, nurses, and medicine and more about God. Two babies had been born with a congenital diaphragmatic hernia. Both had been placed on a heart-lung bypass machine to let their organs rest. One boy had no name. His mother was a crack addict. After giving birth, she abandoned her baby and never returned to the hospital. In the adjacent crib lay Jonah Van Arnam. His parents were active members of a church and visited their son daily to pray for him and the nurses and doctors. One afternoon, a nurse pulled me aside and told me a miracle was taking place: the crack addict's baby was getting better. But . . . Jonah was dying. Why had God abandoned this couple and their son? Where was this so-called loving God? —from chapter 6

The Stranger's Long Neck Gerry McGovern 2010-06-01 The Stranger's Long Neck is a practical guide for any manager wishing to improve their organisation's online performance. Web content specialist, Gerry McGovern, explains that all websites have a small set of tasks, or 'long necks', that are important to its customers and that must be easy to complete or customers will go elsewhere. The Stranger's Long Neck shows how to tune in effectively to what your customers want - and then deliver it with aplomb.

Understanding customer needs can be a difficult task when customers are 'strangers', in that he or she is always 'on the outside', particularly so in an online environment. Using case studies including Tetra Pak, Microsoft and the NHS, and illustrated with web shots throughout, The Stranger's Long Neck shows how organisations can use the 'long neck' theory to create and manage efficient and user-friendly websites.

Talking to Strangers Malcolm Gladwell 2019-09-10 Malcolm Gladwell, host of the podcast Revisionist History and author of the #1 New York Times bestseller Outliers, offers a powerful examination of our interactions with strangers and why they often go wrong—now with a new afterword by the author. A Best Book of the Year: The Financial Times, Bloomberg, Chicago Tribune, and Detroit Free Press How did Fidel Castro fool the CIA for a generation? Why did Neville Chamberlain think he could trust Adolf Hitler? Why are campus sexual assaults on the rise? Do television sitcoms teach us something about the way we relate to one another that isn't true? Talking to Strangers is a classically Gladwellian intellectual adventure, a challenging and controversial excursion through history, psychology, and scandals taken straight from the news. He revisits the deceptions of Bernie Madoff, the trial of Amanda Knox, the suicide of Sylvia Plath, the Jerry Sandusky pedophilia scandal at Penn State University, and the death of Sandra Bland—throwing our understanding of these and other stories into doubt. Something is very wrong, Gladwell argues, with the tools and strategies we use to make sense of people we don't know. And because we don't know how to talk to strangers, we are inviting conflict and misunderstanding in ways that have a profound effect on our lives and our world. In his first book since his #1 bestseller David and Goliath, Malcolm Gladwell has written a gripping guidebook for troubled times.

The Stranger's Child Alan Hollinghurst 2011-10-11 From the Man Booker Prize-winning author of The Line of Beauty: a magnificent, century-spanning saga about a love triangle that spawns a myth, and a family mystery, across generations. In the late summer of 1913, George Sawle brings his Cambridge schoolmate—a handsome, aristocratic young poet named Cecil Valance—to his family's modest home outside London for the weekend. George is enthralled by Cecil, and soon his sixteen-year-old sister, Daphne, is equally besotted by him and the stories he tells about Corley Court, the country estate he is heir to. But what Cecil writes in Daphne's autograph album will change their and their families' lives forever: a poem that, after Cecil is killed in the Great War and his reputation burnished, will become a touchstone for a generation, a work recited by every schoolchild in England. Over time, a tragic love story is spun, even as other secrets lie buried—until, decades later, an ambitious biographer threatens to unearth them. Rich with Hollinghurst's signature gifts—haunting sensuality, delicious wit and exquisite lyricism—The Stranger's Child is a tour de force: a masterly novel about the lingering power of desire, how the heart creates its own history, and how legends are made.
