And show you how to win. Read this book fast." —Robin Sharma, #1 bestselling author of *The Monk Who Sold His Ferrari* Begin before you're ready. Renowned designer and professional hell-raiser James Victore wants to drag you off your couch and throw you headfirst into a life of bold creativity. He'll guide you through all the twists, trials, and triumphs of starting your creative career, from finding your voice to picking the right moment to start a project (hint: It's now). Bring your biggest, craziest, most revolutionary ideas, and he will give you the kick in the pants you need to make them real. No matter what industry or medium you work in, this book will help you live, work, and create freely and fearlessly. Here are some dangerous ideas: • The things that made you weird as a kid make you great today. • Work is serious play. • Your ego can't dance. • The struggle is everything. • Freedom is something you take. • There ain't no rules. Take a risk. Try them out. Live dangerously. More praise for Feck Perfuction: "In James Victore's new book, he unequivocally proves why he is the master he is. In every chapter, he challenges and inspires the reader to reach for more, to try harder and to create our best selves. It is a magnificent and momentous experience. (All true)." —Debbie Millman, *Host Design Matters* "James Victore got famous creating tough posters that shook me to the core. He now does the same using the written word. To you." —Stefan Sagmeister, designer

Academic and Professional Writing in an Age of Accountability Shirley Wilson Logan 2018-12-27 What current theoretical frameworks inform academic and professional writing? What does research tell us about the effectiveness of academic and professional writing programs? What do we know about existing best practices? What are the current guidelines and procedures in evaluating a program's effectiveness? What are the possibilities in regard to future research and changes to best practices in these programs in an age of accountability? Editors Shirley Wilson Logan and Wayne H. Slater bring together leading scholars in rhetoric and composition to consider the history, trends, and future of academic and professional writing in higher education through the lens of these five central questions. The first two essays in the book provide a history of the academic and professional writing program at the University of Maryland. Subsequent essays explore successes and challenges in the establishment and development of writing programs at four other major institutions, identify the features of language that facilitate academic and professional communication, look at the ways digital practices in academic and professional writing have shaped how writers compose and respond to texts, and examine the role of assessment in curriculum and pedagogy. An afterword by distinguished rhetoric and composition scholars Jessica Enoch and Scott Wible offers perspectives on the future of academic and professional writing. This collection takes stock of the historical, rhetorical, linguistic, digital, and evaluative aspects of the teaching of writing in higher education. Among the critical issues addressed are how university writing programs were first established and what early challenges they faced, where writing programs were housed and who administered them, how the language backgrounds of composition students inform the way writing is taught, the ways in which current writing technologies create new digital environments, and how student learning and programmatic outcomes should be assessed.

The Central Park Five Sarah Burns 2012-04-03 A spellbinding account of the real facts of the Central Park jogger case that powerfully reexamines one of New York City's most notorious crimes and its aftermath. • A must-read after watching Ava DuVernay's *When They See Us* On April 20th, 1989, two passersby discovered the body of the "Central Park jogger" crumpled in a ravine. She'd been raped and severely beaten. Within days five black and Latino teenagers were apprehended, all five confessing to the crime. The staggering torrent of media coverage that ensued, coupled with fierce public outcry, exposed the deep-seated race and class divisions in New York City at the time. The minors were tried and convicted as adults despite no evidence linking them to the victim. Over a decade later, when DNA tests connected serial rapist Matias Reyes to the crime, the government, law enforcement, social institutions and media of New York were exposed as having undermined the individuals they were designed to protect. Here,

Sarah Burns recounts this historic case for the first time since the young men's convictions were overturned, telling, at last, the full story of one of New York's most legendary crimes.

Five Hundred Summer Stories Greg MacGillivray 2022-11-15 The filmmaker of the surfing documentary *Five Summer Stories* and pioneer of the IMAX format tells stories from his adventurous life and groundbreaking career in Hollywood and beyond. Greg MacGillivray is a man with stories. Stories of being a surfer kid in California, and making his first movie at the age of 13; of his early days as a filmmaker, creating iconic surfing documentaries such as the cult classic *5 Summer Stories*, with his partner in crime, Jim Freeman; of his years in Hollywood, working in Hollywood with such legends such as Stanley Kubrick (on *The Shining*, no less); and of his work pioneering the 70mm IMAX film format, creating some of the most spectacular, groundbreaking cinematography celebrating the natural world. There are stories of almost dying in New Guinea, flying into eyes of hurricanes, the perils of shooting in the USSR, and how filming Mount Everest changed his life. Greg MacGillivray has led a life like no other, - and for the first time, he's telling his story. In this fascinating memoir, Greg chronicles his personal journey as an artist, a self-made filmmaker, a father, and an entrepreneur at the head of the most successful documentary production company in history. It is also a story about MacGillivray's deep commitment to family, to ocean conservation, and to raising awareness about the importance of protecting our natural heritage for generations to come. Contributions by legendary surfers Gerry Lopez and Bill Hamilton, and filmmakers such as Stephen Judson and Brad Ohlund, plus 40 QR codes to extraordinary film clips, add give even more depth and perspective to this amazing journey. Greg's compelling stories of adventure, surfing, love, loss, inspiration, conservation, and filmmaking give you a front seat to an extraordinary life - and, just like his IMAX movies, makes you feel as if you are there. EXCLUSIVE VIDEOS: Includes 40 QR codes linked to rare, incredible videos that bring Greg MacGillivray's stories to life. BEHIND-THE-SCENES SECRETS: Learn the history of the IMAX film format, and how filmmakers achieve an immersive and awe-inspiring visual experience. FROM SURFER TO MOVIE LEGEND: Follow the journey of a man who went from a teenage surfer to the most successful documentary filmmaker in history with hundreds of amazing escapades and achievements in between.

The Haymakers Steven R. Hoffbeck 2014-12-11 Making hay has always been hard work, just about the hardest work on a farm. Spanning 150 years, *The Haymakers* tells a story of the labor and heartbreak suffered by five families struggling to make the hay that fed their livestock, a story not just about grass, alfalfa, and clover, but also about sweat and fears, toil and loss. *The Haymakers* is an epic -- the history of man's struggle with nature as well as man's struggle against machines. It relates the story of farmers and their obligations to their families, to the animals they fed, and to the land they tended. Hoffbeck also documents and preserves the commonplace methods of haymaking. He describes the tools and the methods of haymaking as well as the relentless demands of the farm. Using diaries, agricultural guidebooks and personal interviews, the folkways of cutting, raking, and harvesting hay have been recorded in these chapters. In the end, this book is not so much about agricultural history as it is about family history, personal history -- how farm families survive, even persevere.

The Chronicle 1870

Chronicle of a Death Foretold Gabriel García Márquez 2014-10-15 NOBEL PRIZE WINNER • From the author of *One Hundred Years of Solitude* comes the gripping story of the murder of a young aristocrat that puts an entire society—not just a pair of murderers—on trial. A man returns to the town where a baffling murder took place 27 years earlier, determined to get to the bottom of the story. Just hours after marrying the beautiful Angela Vicario, everyone agrees, Bayardo San Roman returned his bride in disgrace to her parents. Her distraught family forced her to name her first lover; and her twin brothers announced their intention to murder Santiago Nasar for dishonoring their sister. Yet if everyone knew the murder was going to happen, why did no one intervene to stop it? The more that is learned, the less is understood, as the story races to its inexplicable conclusion.

One Line a Day Line A Day 2019-12-23 Revisit thoughts and memories with a 5-year journal and memory book This classic memory keeper is the

perfect way to track the ups and downs of life, day by day. More than a daily diary or journal: For those daunted by the idea of keeping a journal or diary, the simple commitment of just One Line a Day is manageable for everyone. Each page of the journal includes an entry for five successive years, allowing users to revisit previous thoughts on a specific day of the year over the span of five years, and reflect on change and progress. Use the One Line a Day 5-year journal format to provide an insightful snapshot of your thoughts, memories, change, and progress on each of the 365 days of the year. See patterns emerge as important events like anniversaries, birthdays, and holidays come and go. As the pages fill, you'll discover happy coincidences and have a chance to relive forgotten moments. A valuable alternative to the 5-minute journal format, One Line a Day will appeal to those new to the journaling habit and seasoned journalers alike. A great way to begin the day or to put down a final thought before falling asleep at night. Durable and elegantly designed with a ribbon for easy opening to the right page. Makes a great graduation or milestone birthday gift, or for someone starting on a new journey in life. Keepsake diary will enhance the appreciation of life and be a treasure for years to come.

Life After Murder Nancy Mullane 2012-06-26 An award-winning journalist and producer of *This American Life* traces the stories of five convicted murderers to assess their struggles for redemption, efforts toward parole and first steps in transitioning back to civilian life. 25,000 first printing.

Chronicle of Malaysia Philip Mathews 2014-02-28 This revised and updated edition of the *Chronicle of Malaysia* brings the full dramatic sweep of Malaysia's history up to date, taking the reader through the nation's first 50 years from the formation of Malaysia in 1963 all the way to 2013. It is packed with illustrated news stories covering hundreds of the nation's key social, political, cultural and sporting events. As a compendium of all aspects of Malaysian life, the book captures the mood of the day with a sense of vividness and immediacy. Concise, accessible articles—revised and rewritten to engage today's readers—are introduced by headlines and liberally illustrated with photographs and specially commissioned cartoons. The book is structured chronologically, with an average of eight pages devoted to each year beginning with a succinct summary of the year's key events. A host of themes are covered: not just the major political and economic events but also the human side of the Malaysian experience—sports, fashion, music, the arts, architecture, lifestyle, disasters, crime and the social scene. These combine to give readers the feel of each era of Malaysia's past and enables them to draw parallels with the present.

Voices In The Air 1939-1945 Laddie Lucas 2011-04-30 A unique and enthralling anthology compiled by WWII flying ace, Laddie Lucas, *Voices in the Air* tells the story of the air battles of the Second World War in the voices of those who took part. Drawn largely on the writings of the combatants themselves from all sides of the conflict, this book offers a vivid and highly individual account of the great aerial campaigns of WWII. From a thrilling account of the first sustained dogfight between Spitfire and Messerschmitt in 1940, to an eighteen-year-old Japanese suicide pilot's last letter home and the Luftwaffe leaders' analysis of 'what went wrong' after the Battle of Britain, the book dramatically deals with every aspect of the war. Full of stories of astonishing escapades, incredible bravery, dogged persistence and moving feats of arms, *Voices in the Air* honours both the sung and the unsung heroes of the war.

Air Battle of Malta Anthony Rogers 2017-04-30 In the Second World War, Malta was besieged for nearly two and a half years, during which time a decisive air war was waged between Britain, Italy and Germany. This is part of that story, from the early days in June 1940, when only a few Gladiator biplanes were available to combat Italian bombers and fighters, to the intervention of the Luftwaffe and the tenuous defense by outclassed Hurricanes, culminating in the desperate months of fighting following the arrival on Malta of the Spitfire in March 1942. What became of the many aircraft destroyed over the Maltese Islands, and what was the fate of their pilots and crews? More than a thousand aircraft were lost. Many crashed into the Mediterranean; others came down on Malta and the neighboring island of Gozo. This book focuses on the latter some 200 British, Italian and German machines, and the fate of their pilots and

crews. It reveals where those airplanes fell, thus providing a record that will continue to be valued by future generations. This comprehensive volume documents all known aircraft crash sites in and around the Maltese Islands and provides the circumstances of each loss are related in detail with accounts from both sides. In Germany especially there are many still unaware of the fate of family members who never returned after the Second World War. This book reveals what happened to some who even today are still officially listed as missing.

The Battle of Britain in the Modern Age, 1965-2020 Garry Campion 2019-09-26 The Battle of Britain has held an enchanted place in British popular history and memory throughout the modern era. Its transition from history to heritage since 1965 confirms that the 1940 narrative shaped by the State has been sustained by historians, the media, popular culture, and through non-governmental heritage sites, often with financing from the National Lottery Heritage Lottery Fund. Garry Campion evaluates the Battle's revered place in British society and its influence on national identity, considering its historiography and revisionism; the postwar lives of the Few, their leaders and memorialization; its depictions on screen and in commercial products; the RAF Museum's Battle of Britain Hall; third-sector heritage attractions; and finally, fighter airfields, including RAF Hawkinge as a case study. A follow-up to Campion's *The Battle of Britain, 1945-1965* (Palgrave, 2015), this book offers an engaging, accessible study of the Battle's afterlives in scholarship, memorialization, and popular culture.

Life on the Tenure Track James M. Lang 2005-05-12 In this fast-paced and lively account, Jim Lang asks—and mostly answers—the questions that confront every new faculty member as well as those who dream of becoming new faculty members: Will my students like me? Will my teaching schedule allow me time to do research and write? Do I really want to spend the rest of my life in this profession? Is anyone awake in the backrow? Lang narrates the story of his first year on the tenure track with wit and wisdom, detailing his moments of confusion, frustration, and even elation—in the classroom, at his writing desk, during his office hours, in departmental meetings—as well as his insights into the lives and working conditions of faculty in higher education today. Engaging and accessible, *Life on the Tenure Track* will delight and enlighten faculty, graduate students, and administrators alike.

A Yaqui Life Rosalio Moisés 1991-12-01 "The reminiscences of a Yaqui Indian born in 1896 in northwestern Mexico whose story begins during the Yaqui revolutionary period, continues through the last uprising in 1926, and ends with [his] recollections of his life on a Texas farm from 1952 to 1969. The introduction by Professor Kelley adds scholarly analysis to the poignant autobiographical narrative."?Booklist. "A powerful chronicle. . . . It deserves an important place in the annals of American Indian oral history and literature."?Bernard L. Fontana, *New Mexico Historical Review*. "A valuable document . . . about the effects of the Diaz Indian policy in Sonora on the human beings who were its object. [It] tells the story of the social limbo created by the shattering of families and corruption of personal relations under the relentless pressures of the Yaqui deportation program."?Edward H. Spicer, *Arizona and the West*. "The nightmare world of witchcraft and dream-dependence is one of the major fascinations of this strange and moving book. . . . [Its understatement] acquires a kind of fascinating power, as does the laconic stoicism of the Yaqui himself."?Southern California Quarterly. Jane Holden Kelley, a professor of archaeology at the University of Calgary, is the author of *Yaqui Women: Contemporary Life Histories* (1978), also a Bison Book. Her father, William Curry Holden, a trained historian and anthropologist, met the Yaqui narrator of this chronicle, Rosalio Moisés, in 1934. They remained close friends until Moisés's death in 1969.

Strangers in Their Own Land Arlie Russell Hochschild 2018-02-20 The National Book Award Finalist and New York Times bestseller that became a guide and balm for a country struggling to understand the election of Donald Trump "A generous but disconcerting look at the Tea Party. . . . This is a smart, respectful and compelling book." —Jason DeParle, *The New York Times Book Review* When Donald Trump won the 2016 presidential election, a bewildered nation turned to *Strangers in Their Own Land* to understand what Trump voters were thinking when they cast their ballots. Arlie Hochschild, one of the most influential sociologists of her generation, had spent the preceding five years immersed in the community around Lake Charles, Louisiana, a Tea Party

stronghold. As Jedediah Purdy put it in the *New Republic*, "Hochschild is fascinated by how people make sense of their lives. . . . [Her] attentive, detailed portraits . . . reveal a gulf between Hochschild's 'strangers in their own land' and a new elite." Already a favorite common read book in communities and on campuses across the country and called "humble and important" by David Brooks and "masterly" by Atul Gawande, Hochschild's book has been lauded by Noam Chomsky, New Orleans mayor Mitch Landrieu, and countless others. The paperback edition features a new afterword by the author reflecting on the election of Donald Trump and the other events that have unfolded both in Louisiana and around the country since the hardcover edition was published, and also includes a readers' group guide at the back of the book.

Hitchcock on Hitchcock, Volume 1 Alfred Hitchcock 2015-01-10 Gathered here for the first time are Alfred Hitchcock's reflections on his own life and work. In this ample selection of largely unknown and formerly inaccessible interviews and essays, Hitchcock provides an enlivening commentary on a career that spanned decades and transformed the history of the cinema. Bringing the same exuberance and originality to his writing as he did to his films, he ranges from accounts of his own life and experiences to techniques of filmmaking and ideas about cinema in general. Wry, thoughtful, witty, and humorous—as well as brilliantly informative—this selection reveals another side of the most renowned filmmaker of our time. Sidney Gottlieb not only presents some of Hitchcock's most important pieces, but also places them in their historical context and in the context of Hitchcock's development as a director. He reflects on Hitchcock's complicated, often troubled, and continually evolving relationships with women, both on and off the set. Some of the topics Hitchcock touches upon are the differences between English and American attitudes toward murder, the importance of comedy in film, and the uses and techniques of lighting. There are also many anecdotes of life among the stars, reminiscences from the sets of some of the most successful and innovative films of this century, and incisive insights into working method, film history, and the role of film in society. Unlike some of the complex critical commentary that has emerged on his life and work, the director's own writing style is refreshingly straightforward and accessible. Throughout the collection, Hitchcock reveals a delight and curiosity about his medium that bring all his subjects to life.

The Flyer Martin Francis 2011-05-19 Between 1939 and 1945, the British public was spellbound by the martial endeavours and dashing style of the young men of the RAF, especially those with silvery fabric wings sewn above the breast pocket of their glamorous slate-blue uniform. Martin Francis provides the first scholarly study of the place of 'the flyer' in British culture during the Second World War. Examining the lives of RAF personnel, and their popular representation in literary and cinematic texts, he illuminates broader issues of gender, social class, national and racial identities, emotional life, and the creation of a national myth in twentieth-century Britain. In particular, Francis argues that the flyer's relationship to fear, aggression, loss of his comrades, bodily dismemberment, and psychological breakdown reveals broader ambiguities surrounding the dominant understandings of masculinity in the middle decades of the century. Despite his star appeal, cultural representations of the flyer encompassed both the gentle, chivalrous warrior and the uncompromising agent of destruction. Paying particular attention to the romantic universe of wartime aircrew, Francis reveals the extraordinary contrasts of their daily lives: dicing with death in the sky one moment, before sitting down to lunch with wives and children in the next. Male and female experiences during the war were not polarized and antithetical, but were complementary and interrelated, a conclusion which has implications for the history of gender in modern Britain that reach well beyond either the specialized military culture of the wartime RAF or the chronological parameters of the Second World War.

Mosaic Diane Armstrong 2002-09-14 Starting in Krakow, Poland in 1890, and spanning more than one hundred years, five generations, and four continents, *Mosaic* is Diane Armstrong's moving account of her remarkable, resilient family. This story begins when Daniel Baldinger

divorces the wife he loves because she cannot bear children. Believing that "a man must have sons to say Kaddish for him when he dies," he marries a much younger woman, and by 1913, Daniel and his second wife Lieba have eleven children, including six sons. In this richly textured portrait, Armstrong follows the Baldinger children's lives over decades, through the terrifying years of the Holocaust, to the present. Based on oral histories and the diaries of more than a dozen men and women, *Mosaic* is an extraordinary story of a family and one woman's journey to reclaim her heritage.

Sniper of the Skies Nick Thomas 2015-07-30 When asked to conjure an impression of the 'typical fighter pilot', you may be inclined to think of the confident, extroverted, gregarious type, rallying his men and flying in the pursuit of victory. George Frederick 'Screwball' Beurling, DSO, DFC, and DFM, certainly achieved more victories than most typical fighter pilots dream of, but in temperament, personality and style, he was a one-off. A devout Christian, teetotaler and non-smoker, Beurling wasn't to be found patronising the local bars with his fellow pilots. Instead, he committed himself solely to the art of aerial combat. His very first missions saw him pursuing lone German fighters that he ultimately destroyed. He was determined to retain focus, noting how the men who did indulge had much briefer and much less effective tours. In Maltese skies he really came into his own, shooting down 27 Axis aircraft in just 14 days. In the month of July 1942, he secured five 'kills' in just four days. In the process he was awarded the DSO, DFC and DFM, along with hero-status amongst his fellow pilots and members of the public. He survived the war, only to be killed three years later whilst landing a transport aircraft following a test flight. This biographical study serves as a tribute to one of the most successful and intriguing fighter pilots of the twentieth century, and should appeal broadly to fans of the genre.
