The Wizard of Oz as American Myth Alissa Burger 2012-03-13 Since the publication of L. Frank Baum's *The Wonderful Wizard of Oz* in 1900, authors, filmmakers, and theatrical producers have been retelling and reinventing this uniquely American fairy tale. This volume examines six especially significant incarnations of the story: Baum's original novel, the MGM classic *The Wizard of Oz* (1939), Sidney Lumet's African American film musical *The Wiz* (1978), Gregory Maguire's novel *Wicked: The Life and Times of the Wicked Witch of the West* (1995), Stephen Schwartz and Winnie Holzman's Broadway hit *Wicked: A New Musical* (2003), and the SyFy Channel miniseries *Tin Man* (2007). A close consideration of these works demonstrates how versions of Baum's tale are influenced by and help shape notions of American myth, including issues of gender, race, home, and magic, and makes clear that the *Wizard of Oz* narrative remains compelling and relevant today.

Glass Towns Ken Fones-Wolf 2007 One of the central questions facing scholars of Appalachia concerns how a region so rich in natural resources could end up a symbol of poverty. Typical culprits include absentee landowners, reactionary coal operators, stubborn mountaineers, and greedy politicians. In a deft combination of labor and business history, *Glass Towns* complicates these answers by examining the glass industry's potential to improve West Virginia's political economy by establishing a base of value-added manufacturing to complement the state's abundance of coal, oil, timber, and natural gas. Through case studies of glass production hubs in Clarksburg, Moundsville, and Fairmont (producing window, tableware, and bottle glass, respectively), Ken Fones-Wolf looks closely at the impact of industry on local populations and immigrant craftsmen. He also examines patterns of global industrial restructuring, the ways workers reshaped workplace culture and political action, and employer strategies for responding to global competition, unreliable markets, and growing labor costs at the end of the nineteenth century. America on Fire: The Untold History of Police Violence and Black Rebellion Since the 1960s

Elizabeth Hinton 2021-05-18 "Not since Angela Davis's 2003 book, *Are Prisons Obsolete?*, has a scholar so persuasively challenged our conventional understanding of the criminal legal system." —Ronald S. Sullivan, Jr., *Washington Post* From one of our top historians, a groundbreaking story of policing and "riots" that shatters our understanding of the post-civil rights era. What began in spring 2020 as local protests in response to the killing of George Floyd by Minneapolis police quickly exploded into a massive nationwide movement. Millions of mostly young people defiantly flooded into the nation's streets, demanding an end to police brutality and to the broader, systemic repression of Black people and other people of color. To many observers, the protests appeared to be without precedent in their scale and persistence. Yet, as the

acclaimed historian Elizabeth Hinton demonstrates in *America on Fire*, the events of 2020 had clear precursors—and any attempt to understand our current crisis requires a reckoning with the recent past. Even in the aftermath of Donald Trump, many Americans consider the decades since the civil rights movement in the mid-1960s as a story of progress toward greater inclusiveness and equality. Hinton's sweeping narrative uncovers an altogether different history, taking us on a troubling journey from Detroit in 1967 and Miami in 1980 to Los Angeles in 1992 and beyond to chart the persistence of structural racism and one of its primary consequences, the so-called urban riot. Hinton offers a critical corrective: the word riot was nothing less than a racist trope applied to events that can only be properly understood as rebellions—explosions of collective resistance to an unequal and violent order. As she suggests, if rebellion and the conditions that precipitated it never disappeared, the optimistic story of a post-Jim Crow United States no longer holds. *Black rebellion, America on Fire* powerfully illustrates, was born in response to poverty and exclusion, but most immediately in reaction to police violence. In 1968, President Lyndon Johnson launched the "War on Crime," sending militarized police forces into impoverished Black neighborhoods. Facing increasing surveillance and brutality, residents threw rocks and Molotov cocktails at officers, plundered local businesses, and vandalized exploitative institutions. Hinton draws on exclusive sources to uncover a previously hidden geography of violence in smaller American cities, from York, Pennsylvania, to Cairo, Illinois, to Stockton, California. The central lesson from these eruptions—that police violence invariably leads to community violence—continues to escape policymakers, who respond by further criminalizing entire groups instead of addressing underlying socioeconomic causes. The results are the hugely expanded policing and prison regimes that shape the lives of so many Americans today. Presenting a new framework for understanding our nation's enduring strife, *America on Fire* is also a warning: rebellions will surely continue unless police are no longer called on to manage the consequences of dismal conditions beyond their control, and until an oppressive system is finally remade on the principles of justice and equality.

Historic Bottle and Jar Closures Nathan E Bender 2016-07 This book presents a much-needed review of commercial closures for bottles and jars used in America prior to World War II. Archaeological attention to commercial closures has been rather limited. This is surprising given that data derived from bottles and jars pertain to a wide range of studies, including chronological control, trade, site functions, and methods of manufacture. Closures are an integral part of these studies, becoming particularly important after a spectacular variety of metal and glass caps in the late nineteenth and early twentieth centuries. This volume provides a comprehensive review, including detailed closure definitions, as well as glass finishes;- discusses the history of the development and impact of the hermetic seal in commercial closures;-will appeal to students, professionals, and collectors studying this common historic artifact class.

Unlikely Partners Richard Magat 1999 "For too long, the labor movement and philanthropic foundations have had little contact, even when their guiding principles are the same. The time is ripe for a new national conversation on where and how they can effectively work together. Richard Magat's new book focuses on the relationship between unions and foundations—its history, its dynamics, and its potential. This is a relationship that can and should be enormously valuable for both sides."--John J. Sweeney, President, AFL-

CIO An investigation into the little-known history of relations between organized labor and philanthropic foundations in America, this book reveals curious connections linking these important institutions throughout the twentieth century. Richard Magat examines these relations--whether indirect or direct, confrontational, supportive, or collaborative--in a wide variety of areas: research, the condition and status of black and female workers, the struggle of farmworkers, workplace health and safety, the union democracy movement, and the stake of union members in the global marketplace. *Unlikely Partners* begins with the industrial and social ferment in which the great modern foundations arose in the early twentieth century. It covers such topics as the Russell Sage Foundation (the first to address labor conditions), the National Civic Federation, and manifestations of "enlightened" business practice, including welfare capitalism. The book lays out areas of future community, fiscal, and policy collaboration between unions and foundations.

The Foundation and Shield of Our Prosperity Dan Graff 1993

History from Loss Marnie Hughes-Warrington 2023-05-31 *History from Loss* challenges the common thought that "history is written by the winners" and explores how history-makers in different times and places across the globe have written histories from loss, even when this has come at the threat to their own safety. A distinguished group of historians from around the globe offer an introduction to different history-makers' lives and ideas, and important extracts from their works which highlight various meanings of loss: from physical ailments to social ostracism, exile to imprisonment, and from dispossession to potential execution. Throughout the volume consideration of the information "bubbles" of different times and places helps to show how information has been weaponized to cause harm. In this way, the text helps to put current debates about the biases and weaponization of platforms such as social media into global and historical perspectives. In combination, the chapters build a picture of history from loss which is global, sustained, and anything but a simple mirror of history made by victors. The volume also includes an Introduction and Afterword, which draw out the key meanings of history from loss and which offer ideas for further exploration. *History from Loss* provides an invaluable resource for students, teachers, and general readers who wish to put current debates on bias, the politicization of history, and threats to history-makers into global and historical perspectives. The Open Access version of this book, available at www.taylorfrancis.com, has been made available under a Creative Commons Attribution-Non Commercial-No Derivatives 4.0 license.

The Glass City Barbara L Floyd 2014-10-30 The headline, "Where Glass is King," emblazoned Toledo newspapers in early 1888, before factories in the Ohio city had even produced their first piece of glass. After years of struggling to find an industrial base, Toledo had attracted Edward Drummond Libbey and his struggling New England Glass Company to the shores of the Maumee River, and many felt Toledo's potential as "The Future Great City of the World" would at last be realized. The move was successful—though not on the level some boosters envisioned—and since 1888, Toledo glass factories have employed thousands of workers who created the city's middle class and developed technical innovations that impacted the glass industry worldwide. But as has occurred in other cities dominated by single industries—from Detroit to Pittsburgh to Youngstown—changes to the industry it built have had a devastating impact on Toledo. Today, 45 percent of all glass is manufactured in China. Well-researched yet accessible, this new book explores how the economic, cultural, and social development of the Glass City intertwined with its namesake industry and examines Toledo's efforts to reinvent itself amidst the Midwest's declining manufacturing sector.

Flame Heart A History Of The Glass Bot

Welcome to activistcash.com, your go-to destination for a vast collection of **Flame Heart A History Of The Glass Bot** PDF eBooks. We are passionate about making the world of literature accessible to everyone, and our platform is designed to provide you with a seamless and enjoyable for Flame Heart A History Of The Glass Bot eBook downloading experience.

At activistcash.com, our mission is simple: to democratize knowledge and foster a love for reading Flame Heart A History Of The Glass Bot. We believe that everyone should have access to Flame Heart A History Of The Glass Bot eBooks, spanning various genres, topics, and interests. By offering Flame Heart A History Of The Glass Bot and a rich collection of PDF eBooks, we aim to empower readers to explore, learn, and immerse themselves in the world of literature.

In the vast expanse of digital literature, finding Flame Heart A History Of The Glass Bot sanctuary that delivers on both content and user experience is akin to discovering a hidden gem. Enter activistcash.com, Flame Heart A History Of The Glass Bot PDF eBook download haven that beckons readers into a world of literary wonders. In this Flame Heart A History Of The Glass Bot review, we will delve into the intricacies of the platform, exploring its features, content diversity, user interface, and the overall reading experience it promises.

At the heart of activistcash.com lies a diverse collection that spans genres, catering to the voracious appetite of every reader. From classic novels that have withstood the test of time to contemporary page-turners, the library pulsates with life. The Flame Heart A History Of The Glass Bot of content is evident, offering a dynamic range of PDF eBooks that oscillate between profound narratives and quick literary escapes.

One of the defining features of Flame Heart A History Of The Glass Bot is the orchestration of genres, creating a symphony of reading choices. As you navigate through the Flame Heart A History Of The Glass Bot, you will encounter the perplexity of options — from the structured complexity of science fiction to the

rhythmic simplicity of romance. This diversity ensures that every reader, irrespective of their literary taste, finds Flame Heart A History Of The Glass Bot within the digital shelves.

In the realm of digital literature, burstiness is not just about variety but also the joy of discovery. Flame Heart A History Of The Glass Bot excels in this dance of discoveries. Regular updates ensure that the content landscape is ever-changing, introducing readers to new authors, genres, and perspectives. The unpredictable flow of literary treasures mirrors the burstiness that defines human expression.

An aesthetically pleasing and user-friendly interface serves as the canvas upon which Flame Heart A History Of The Glass Bot paints its literary masterpiece. The website's design is a testament to the thoughtful curation of content, offering an experience that is both visually appealing and functionally intuitive. The bursts of color and images harmonize with the perplexity of literary choices, creating a seamless journey for every visitor.

The download process on Flame Heart A History Of The Glass Bot is a symphony of efficiency. The user is greeted with a straightforward pathway to their chosen eBook. The burstiness in the download speed ensures that the literary delight is almost instantaneous. This seamless process aligns with the human desire for swift and uncomplicated access to the treasures held within the digital library.

A key aspect that distinguishes activistcash.com is its commitment to responsible eBook distribution. The platform adheres strictly to copyright laws, ensuring that every download of Flame Heart A History Of The Glass Bot is a legal and ethical endeavor. This commitment adds a layer of ethical perplexity, resonating with the conscientious reader who values the integrity of literary creation.

activistcash.com doesn't just offer Flame Heart A History Of The Glass Bot; it fosters a community of readers. The platform provides space for users to connect, share their literary explorations, and recommend hidden gems. This interactivity adds a burst of social connection to the reading experience, elevating it beyond a solitary pursuit.

In the grand tapestry of digital literature, activistcash.com stands as a vibrant thread that weaves perplexity and burstiness into the reading journey. From the nuanced dance of genres to the swift strokes of the download process, every aspect resonates with the dynamic nature of human expression. It's not just a Flame Heart A History Of The Glass Bot eBook download website; it's a digital oasis where literature thrives, and readers embark on a journey filled with delightful surprises.

Flame Heart A History Of The Glass Bot

We take pride in curating an extensive library of Flame Heart A History Of The Glass Bot PDF eBooks, carefully selected to cater to a broad audience. Whether you're a fan of classic literature, contemporary

fiction, or specialized non-fiction, you'll find something that captivates your imagination.

User-Friendly Platform

Navigating our website is a breeze. We've designed the user interface with you in mind, ensuring that you can effortlessly discover Flame Heart A History Of The Glass Bot and download Flame Heart A History Of The Glass Bot eBooks. Our search and categorization features are intuitive, making it easy for you to find Flame Heart A History Of The Glass Bot.

Legal and Ethical Standards

activistcash.com is committed to upholding legal and ethical standards in the world of digital literature. We prioritize the distribution of Flame Heart A History Of The Glass Bot that are either in the public domain, licensed for free distribution, or provided by authors and publishers with the right to share their work. We actively discourage the distribution of copyrighted material without proper authorization.

Quality: Each eBook in our collection is carefully vetted to ensure a high standard of quality. We want your reading experience to be enjoyable and free of formatting issues.

Variety: We regularly update our library to bring you the latest releases, timeless classics, and hidden gems across genres. There's always something new to discover.

Community Engagement: We value our community of readers. Connect with us on social media, share your favorite reads, and be part of a growing community passionate about literature.

Join Us on the Reading Flame Heart A History Of The Glass Bot

Whether you're an avid reader, a student looking for study materials, or someone exploring the world of eBooks for the first time, activistcash.com is here to cater to Flame Heart A History Of The Glass Bot. Join us on this reading journey, and let the pages of our eBooks transport you to new worlds, ideas, and experiences.

We understand the thrill of discovering something new. That's why we regularly update our library, ensuring you have access to Flame Heart A History Of The Glass Bot, celebrated authors, and hidden literary treasures. With each visit, anticipate fresh possibilities for your reading Flame Heart A History Of The Glass Bot.

Thank you for choosing activistcash.com as your trusted source for PDF eBook downloads. Happy reading Flame Heart A History Of The Glass Bot.
