Flash Gordon (1965) Gold Key Comics Alex Raymond 2014-08-15 In the company of Dale Arden, Flash Gordon embarked for the planet Mongo in 1934. That was in the Sunday funnies in a page drawn by Alex Raymond and written anonymously by former pulp-fiction editor Don Moore. This

space opera became one of King Features Syndicate's most popular features, and Raymond's illustrative art was to have a strong influence on many of the young artists who began drawing for comic books in the late 1930s and the early 1940s—Tom Hickey, Sheldon Moldoff, Jack Lehti, George Papp, Mac Raboy, Dan Barry, etc. Flash Gordon entered comic books early in 1936 by way of reprints in King Comics. His battles with the merciless Ming, a sort of galactic Fu Manchu, unfolded in the magazine from the first issue. In the early 1940s Dell began issuing now and then Flash Gordon reprint titles. Later in the decade came an occasional comic-book offering Flash adventures "especially written and drawn for this magazine." The artist was Paul Norris, who also began drawing the Jungle Jim newspaper page in 1948. Harvey Publications tried reprinting the Raymond material in 1950 and 1951, giving up after a few issues. King Features experimented with publishing comic books in the late 1960s. These used original material, and the Flash Gordon book made use of such artists as Al Williamson, a devoted Raymond disciple, Gil Kane, and Reed Crandall. When King quit, Charlton took over and finally Gold Key. The final Whitman Flash Gordon comic book was printed in 1982. He reappeared briefly in 1987 as part of a team that included Mandrake and the Phantom in the TV-inspired Defenders of the Earth.

Falling for the Fireman Allie Pleiter 2012-02-01 There's something achingly familiar about the look in fire marshal Chad Owens's eyes. Widowed mom Jeannie Nelworth knows firsthand what it is: loss, hurt and yes—bitterness. Ever since the fire that changed their lives, Jeannie's young son has borne that same look, pushing everyone away. So she's grateful when Chad tries to get through to the boy with the help of his trusty fire station dog. But the man who's all about safety and

prevention keeps himself protected—from loving and losing again. Seems as if Jeannie will have to add his kind, guarded heart to her rebuilding efforts.

Gripping Chapters: The Sound Movie Serial Ron Backer A history of the serial! "Congratulations on publishing Ron Backer's excellent and insightful book Gripping Chapters which is probably the very best book on serials I have read in many years. The research and observations were a treat and I've already spent TOO much time reading and re-reading it for the great pleasure and education it provides." - Steve Kaplan, for oldies.com Gripping Chapters is much more than a history of the sound motion picture serial. Here you'll find all of the sources for sound movie serials, including comic strips, comic books, the pulps, novels and radio shows. There are chapters analyzing the cliffhanger endings of serial episodes, with information focusing on cheat cliffhanger endings, such as time expansion cheats, "survived through it cheats," and re-shot footage cheats, as well as a study of some of the cleverest and most exciting cliffhanger endings of all time. Other topics include serial sequels and series, the stars who appeared in serials, prolific contributors to serials, and stock footage and bloopers. Plus an appreciation of three very special serials: The Phantom Empire, Flash Gordon and Zorro's Black Whip.

Flash Gordon Newspaper Strips (1934-1947) Alex Raymond Flash Gordon was originally a comic strip by Alex Raymond[?], first published in 1934. It was made into a movie serial in 1936, and followed by sequels and a television series. The 1980 film is remembered mainly for its music, which was provided by Queen. The comics and movies followed the adventures of Flash Gordon, for whom the series was named, and his companions Dr. Hans Zarkov[?] and Dale Arden[?]. The story begins with Dr. Zarkov's invention of a rocket ship, in which the three of them make a journey to the planet Mongo[?] where they are stranded. Mongo is inhabited by a number of different cultures, some quite technologically advanced, that have been falling one by one under the domination of the vicious tyrant Ming the Merciless[?]. The three Earthpeople are befriended shortly after their arrival by Prince Barin, rightful heir to the throne that Ming has taken. Ming banishes Prince Barin and his followers - including Ming's own daughter, Aura, Barin's bride - to the forest realm of Arboria, and the three join in Barin's quest to topple Ming.

Flash Gordon appeared in 1934, at first in Sunday, later in daily newspapers. Its elaborately shaded style and exotic storyline made it one of the most influential sf strips. It was taken over in 1944 by Austin Briggs, then in 1948 by Mac Raboy, and since then has

been drawn by several artists, including Dan Barry (with contributions from artists Harvey Kurtzman and Wally Wood and writer Harry Harrison), Al Williamson, Gray Morrow, and Kevin VanHook.

Flash Gordon: On the Planet Mongo Alex Raymond 2012-09-25 Beginning the complete library of the greatest science fiction hero of all time.

Volume One will spotlight the work of Alex Raymond, legendary for some of the finest storytelling of the 20th century. Raymond illustrated the Sunday strips until 1944; with his clear and much-imitated style forming the original aesthetic of the most popular and easily recognised science fiction hero for decades to come. Introducing Flash Gordon, Dale Arden, Dr. Hans Zarkov, and Ming the Merciless, this volume will catapult readers to the deadly planet Mongo. These are the strips that influenced George Lucas to create Star Wars, and which illustrator Al Williamson said were "the reason I became an artist."

Death in Hamburg Richard J. Evans 2005-10-25 "A tremendous book, the biography of a city which charts the multifarious pathways from bacilli to burgomaster." - Roy Porter, London Review of Books Why were nearly 10,000 people killed in six weeks in Hamburg, while most of Europe was left almost unscathed? As Richard J. Evans explains, it was largely because the town was a "free city" within Germany that was governed by the "English" ideals of laissez-faire. The absence of an effective public-health policy combined with ill-founded medical theories and the miserable living conditions of the poor to create a scene ripe for tragedy. The story of the "cholera years" is, in Richard Evans's hands, tragically revealing of the age's social inequalities and governmental pitilessness and incompetence; it also offers disquieting parallels with the world's public-health landscape today, including the current coronavirus crisis.
