[A Dictionary of First Names](#) Patrick Hanks 2006-07-27 This Dictionary is part of the Oxford Reference Collection: using sustainable print-on-demand technology to make the acclaimed backlist of the Oxford Reference programme perennially available in hardback format. The fascinating and informative Dictionary of First Names covers over 6,000 names in common use in English, including the very newest names as well as traditional names. From Alice to Zanna and Adam to Zola this book will answer all your questions: it will tell you the age, origin, and meaning of the name, as well as how it has fared in terms of popularity, and who the famous fictional or historical bearers for the name have been. It covers alternative spellings, short forms and pet forms, and masculine and feminine forms, as well as help with pronunciation. The book includes extensive appendices covering names from languages including Scottish, Irish, French, German, Italian, Arabic, and Chinese names. Tables of the most popular names by year and by region are also included. From the traditional to the rare and unconventional, this book will tell you everything you need to know about names.

*The Fragility of Power* Stefano Rebeggiani 2018-09-10 Statius' narrative of the fraternal strife of the Theban brothers Eteocles and Polynices has had a profound influence on Western literature and fascinated generations of scholars and readers. This book studies in detail the poem's view of power and its interaction with historical contexts. Written under Domitian and in the aftermath of the civil war of 69 CE, the Thebaid uses the veil of myth to reflect on the political reality of imperial Rome. The poem offers its contemporary readers, including the emperor, a cautionary tale of kingship and

power. Rooted in a pessimistic view of human beings and human relationships, the Thebaid reflects on the harsh necessity of monarchical power as the only antidote to a world always on the verge of returning to chaos. While humans, and especially kings, are fragile and often the prey of irrational passions, the Thebaid expresses the hope that an illuminated sovereign endowed with clementia (mercy) may offer a solution to the political crisis of the Roman empire. Statius' narrative also responds to Domitian's problematic interaction with the emperor Nero, whom Domitian regarded as both a negative model and a secret source of inspiration. With *The Fragility of Power*, Stefano Rebeggiani offers thoughtful parallels between the actions of the Thebaid and the intellectual activities and political views formulated by the groups of Roman aristocrats who survived Nero's repression. He argues that the poem draws inspiration from an initial phase in Domitian's regime characterized by a positive relationship between the emperor and the Roman elite. Statius creates a number of innovative strategies to negotiate elements of continuity between Domitian and Nero, so as to show that, while Domitian recuperated aspects of Nero's self-presentation, he was no second Nero. Statius' poem interacts with aspects of imperial ideology under Domitian: Statius' allusions to the stories of Phaethon and Hercules engage Domitian's use of solar symbols and his association with Hercules. This book also shows that the Thebaid adapts previous texts (in particular Lucan's *Bellum Civile*) in order to connect the mythical subject of its narrative with the historical experience of civil war in Rome in 69 CE. By moving past recent solely aesthetic readings of the Thebaid, *The Fragility of Power* offers a serious and thoughtful addition to the recent scholarship in Stasian studies.

**The New Domestic Automakers in the United States and Canada** A.J. Jacobs 2015-12-16 This book provides a unique historical and qualitative review of ten foreign automakers with plants in developed North America from their early beginnings to their

**The Case for Marriage** Linda Waite 2002-03-05 A groundbreaking look at marriage, one of the most basic and universal of all human institutions, which reveals the emotional, physical, economic, and sexual benefits that marriage brings to individuals and society as a whole. The Case for Marriage is a critically important intervention in the national debate about the future of family. Based on the authoritative research of family sociologist Linda J. Waite, journalist Maggie Gallagher, and a number of other scholars, this book's findings dramatically contradict the anti-marriage myths that have become the common sense of most Americans. Today a broad consensus holds that marriage is a bad deal for women, that divorce is better for children when parents are unhappy, and that marriage is essentially a private choice, not a public institution. Waite and Gallagher flatly contradict these assumptions, arguing instead that by a broad range of indices, marriage is actually better for you than being single or divorced- physically, materially, and

spiritually. They contend that married people live longer, have better health, earn more money, accumulate more wealth, feel more fulfillment in their lives, enjoy more satisfying sexual relationships, and have happier and more successful children than those who remain single, cohabit, or get divorced. The Case for Marriage combines clearheaded analysis, penetrating cultural criticism, and practical advice for strengthening the institution of marriage, and provides clear, essential guidelines for reestablishing marriage as the foundation for a healthy and happy society. "A compelling defense of a sacred union. The Case for Marriage is well written and well argued, empirically rigorous and learned, practical and commonsensical." -- William J. Bennett, author of The Book of Virtues "Makes the absolutely critical point that marriage has been misrepresented and misunderstood." -- The Wall Street Journal [www.broadwaybooks.com](http://www.broadwaybooks.com) *The Oxford Dictionary of Late Antiquity* Oliver Nicholson 2018-04-19 The Oxford Dictionary of Late Antiquity is the first comprehensive reference book covering every aspect of history, culture, religion, and life in Europe, the Mediterranean, and the Near East (including the Persian Empire and Central Asia) between the mid-3rd and the mid-8th centuries AD, the era now generally known as Late Antiquity. This period saw the re-establishment of the Roman Empire, its conversion to Christianity and its replacement in the West by Germanic kingdoms, the continuing Roman Empire in the Eastern Mediterranean, the Persian Sassanian Empire, and the rise of Islam. Consisting of over 1.5 million words in more than 5,000 A-Z entries, and written by more than 400 contributors, it is the long-awaited middle volume of a series, bridging a significant period of history between those covered by the acclaimed Oxford Classical Dictionary and The Oxford Dictionary of the Middle Ages. The scope of the Dictionary is broad and multi-disciplinary; across the wide geographical span covered (from Western Europe and the Mediterranean as far as the Near East and Central Asia), it provides succinct and pertinent information on political history, law, and administration; military history; religion and philosophy; education; social and economic history; material culture; art and architecture;

science; literature; and many other areas. Drawing on the latest scholarship, and with a formidable international team of advisers and contributors, *The Oxford Dictionary of Late Antiquity* aims to establish itself as the essential reference companion to a period that is attracting increasing attention from scholars and students worldwide.

**Holy People of the World [3 volumes]** Phyllis G. Jestice 2004-12-15 A cross-cultural encyclopedia of the most significant holy people in history, examining why people in a wide range of religious traditions throughout the world have been regarded as divinely inspired. The first reference on the subject to span all the world's major religions, *Holy People of the World: A Cross-Cultural Encyclopedia* examines the impact of individuals who, through personal charisma and inspirational deeds, served both as glorious examples of human potential and as envoys for the divine. *Holy People of the World* contains nearly 1,100 biographical sketches of venerated men and women. Written by religious studies experts and historians, each article focuses on the basic question: How did this person come to be regarded as holy? In addition, the encyclopedia features 20 survey articles on views of holy people in the major religious traditions such as Islam, Buddhism, and African religions, as well as 64 comparative articles on aspects of holiness and veneration across cultures such as awakening and conversion experiences, heredity, gender, asceticism, and persecution. Whether exploring by religion, culture, or historic period, this extensively cross-referenced resource offers a wealth of insights into one of the most revealing—and least explored—common denominators of spiritual traditions.

*A Dictionary of Surnames* Patrick Hanks 1992

**Gods of Mount Tai** Susan NAQUIN 2022-05-16 At the intersection of art and religious history, Susan Naquin's richly illustrated history presents a fresh method for studying Chinese gods and sacred places as it tells the full story of Mount Tai and the premier female deity of North China.

**FIAT in Motorsport** ANTHONY. BAGNALL 2020-09-22 FIAT in Motorsport is an in-depth look at Fiat's historical and prestigious involvement in all forms of motorsport from the

earliest days of racing right up to the present day. The achievements of the cars and drivers are described in detail, along with many original photographs, sourced from the official Fiat archives. In the early days, before the First World War, Fiat was a major contender in Grand Prix racing, and employed many of the leading drivers of the era. Although it withdrew from Grand Prix racing in 1927, Fiat cars were still to be seen participating in high-profile races, such as the Mille Miglia. In these events most Fiat models were sports editions of the highly successful 'Balilla' range. In 1952 the introduction of the sensational 8V coupé resulted in many racing successes in private owners' hands, while the late 1950s saw the introduction of 'Formula Junior' class of racing and Fiat-engined cars were very successful in the early years. In the 1970s, Abarth, then owned by Fiat, successfully ran the rally team, which resulted in three World Championships. Speed record attempts over the years are also detailed in this fascinating history of Fiat's sporting achievements.

*Fit for War* Mary E. Fitts 2017-06-20 "Fitts combines archaeology and ethnohistory to explore Catawba strategies for retaining sovereignty and power in the colonial era. A model of interdisciplinary methodology, this book offers new insights into coalescence, colonialism, and Indigenous persistence."—Christina Snyder, author of *Slavery in Indian Country: The Changing Face of Captivity in Early America* "Skillfully mobilizes a rich array of historical and archaeological evidence to recover from obscurity the decisive role that Catawba women played in guiding their society through highly precarious times."—Daniel H. Usner Jr., author of *Indian Work: Language and Livelihood in Native American History* "A fascinating glimpse of the Catawba Nation during this critical period. Fitts succeeds in tracing the mechanics of individual decisions that laid the groundwork for collective change."—William L. Ramsey, author of *The Yamasee War: A Study of Culture, Economy, and Conflict in the Colonial South* The Catawba Nation played an important role in the early colonial Southeast, serving as a military ally of the British and a haven for refugees from other native groups, yet it has largely been overlooked

by scholars and the public. *Fit for War* explains how the Nation maintained its sovereignty while continuing to reside in its precolonial homeland near present-day Charlotte, North Carolina.

Drawing from colonial archives and new archaeological data, Mary Elizabeth Fitts shows that militarization helped the Catawba maintain political autonomy but forced them to consolidate their settlements and—with settler encroachment and a regional drought—led to a food crisis. Focusing on craft and foodways, Fitts uncovers the dynamic interactions between mid-eighteenth-century Catawba communities, as well as how Catawba women worked to feed the Nation, a story missing from colonial records.

Her research highlights the double-edged nature of tactics available to American Indian groups seeking to keep their independence in the face of colonization. A volume in the Florida Museum of Natural History: Ripley P. Bullen Series

### **The Complete Book of the World Rally**

**Championship** Henry Hope-Frost 2004 For 30 years some of the most talented and bravest drivers have battled across the continents of the world to claim what is arguably motorsport's toughest prize: the World Rally Championship. Now a multi-million dollar, global technology battle and terrestrial television phenomenon played out over the frozen wastes of Finland, the dusty plains of Australia and the sun-kissed mountain roads of Corsica, the WRC has reached its 30th birthday. This book celebrates that important milestone and paints an exhaustively detailed picture of the people and personalities who have shaped this great sport. *The Complete Book of the World Rally Champions* provides a biographical account of the 65 men who have won at least one World Championship Rally since 1973. The biographies are compiled by the sport's leading writers and historians and complemented by stunning photography. The book includes a detailed and accurate statistical career record of each driver, plus highlights of all the significant cars.

**The Routledge Handbook to Sociology of Music Education** Ruth Wright 2021-03-26 The Routledge Handbook to Sociology of Music Education is a comprehensive, authoritative and state-of-the-art review of current research in the field. The opening introduction orients the reader to the field, highlights recent

developments, and draws together concepts and research methods to be covered. The chapters that follow are written by respected, experienced experts on key issues in their area of specialisation. From separate beginnings in the United States, Europe, and the United Kingdom in the mid-twentieth century, the field of the sociology of music education has and continues to experience rapid and global development. It could be argued that this Handbook marks its coming of age. The Handbook is dedicated to the exclusive and explicit application of sociological constructs and theories to issues such as globalisation, immigration, post-colonialism, inter-generational musicking, socialisation, inclusion, exclusion, hegemony, symbolic violence, and popular culture. Contexts range from formal compulsory schooling to non-formal communal environments to informal music making and listening. The Handbook is aimed at graduate students, researchers and professionals, but will also be a useful text for undergraduate students in music, education, and cultural studies.

*Wandering into Brave New World* David Leon Higdon 2013-10-01 *Wandering into Brave New World* explores the historical contexts and contemporary sources of Aldous Huxley's 1932 novel which, seventy years after its initial publication remains the best known and most discussed dystopian work of the twentieth century. This new study addresses a number of questions which still remain open. Did his round-the-world trip in 1925-1926 provide material for the novel? Did India's caste system contribute to the novel's human levels? Is there an overarching pattern to the names of the novel/s characters? Has the role of Hollywood in the novel been underestimated? Is Lenina Crown a representative 1920s "flapper"? Did Huxley have knowledge of and sources for his Indian reservation characters and scenes quite independent of and more accurate than those of D. H. Lawrence's writings? Did Huxley's visit to Borneo contribute anything to the novel? New research allows substantive answers and even explains why Huxley linked such figures as Henry Ford and Sigmund Freud. It also shows how the novel overcomes its intense grounding in 1920s political turmoil to escape into the timelessness of dystopian fiction.

**Sabina Augusta** T. Corey Brennan 2018

"Sabina Augusta: an Imperial Journey synthesizes the textual and (massive) material evidence on the empress Sabina (born ca. 85--died ca. 137). The book traces the development of Sabina's partnership with her husband, the emperor Hadrian (reigned 117-138), and shows the vital importance of the empress for Hadrian's own aspirations" --

*International Congress Calendar* 2000

The Pirates of Pompeii Caroline Lawrence 2010-12-09 It is AD 79 and Mount Vesuvius has erupted, destroying Pompeii. Among the thousands of people huddled in refugee camps along the bay of Naples are Flavia Gemina and her friends, Jonathan the Jewish boy, Nubia the African slave-girl, and Lupus the mute beggar boy. When the friends discover that children are being kidnapped from the camps, they start to investigate and soon solve the mystery of the pirates of Pompeii. A terrifically exciting and dramatic story packed with superb historical detail.

*Doing Business in 2004* Simeon Djankov 2004 A co-publication of the World Bank, International Finance Corporation and Oxford University Press

*Remembering the AIDS Quilt* Charles E. Morris III 2011-06-01 A collaborative creation unlike any other, the Names Project Foundation's AIDS Memorial Quilt has played an invaluable role in shattering the silence and stigma that surrounded the epidemic in the first years of its existence. Designed by Cleve Jones, the AIDS Quilt is the largest ongoing community arts project in the world. Since its conception in 1987, the Quilt has transformed the cultural and political responses to AIDS in the U.S.

Representative of both marginalized and mainstream peoples, the Quilt contains crucial material and symbolic implications for mourning the dead, and the treatment and prevention of AIDS. However, the project has raised numerous questions concerning memory, activism, identity, ownership, and nationalism, as well as issues of sexuality, race, class, and gender. As thought-provoking as the Quilt itself, this diverse collection of essays by ten prominent rhetorical scholars provides a rich experience of the AIDS Quilt, incorporating a variety of perspectives,

critiques, and interpretations.

Giacomo Mariani 2022-02-14 The book offers a renewed study of the life and works of one of the most famous popular preachers and sermon authors of Renaissance Italy, providing a reference work on the figure of Roberto Caracciolo and a reading of his times.

Brand Command Alex Marland 2016-03-15 The pursuit of political power is strategic as never before. Ministers, MPs, and candidates parrot the same catchphrases. The public service has become politicized. And decision making is increasingly centralized in the Prime Minister's Office. What is happening to our democracy? To get to the bottom of this, Alex Marland reviewed internal political party files, media reports, and documents obtained through access to information requests, and interviewed Ottawa insiders. He discovered that in the face of rapid changes in communication technology, the infusion of corporate marketing strategies has instilled a culture of centralized political control. At the core of the strategy is brand control; at stake is democracy as we know it.

*Guarding the Caesars* Rose Mary Sheldon 2023-08-29 This book is the story of the survival of the Flavian emperors in Rome, a place where seventy-five percent of all emperors died of assassination. It explores the methods used by the emperor Vespasian to establish a new dynasty out of the chaos of civil war, to maintain his power, and to pass along the dynasty to his two sons, Titus and Domitian.

**Student Success in the Community College**  
Terry U. O'Banion 2020-12-15 For much of the

twentieth century, the definition of success for most community colleges revolved around student retention and graduation. This definition no longer works—if it ever did. In *Student Success in the Community College: What Really Works?* respected community college leaders, researchers, and innovators argue that student success is about redesigning community colleges in a manner that is consistent with each college's mission, goals, student population, and resources. Concluding that there is no one-size-fits-all approach to increasing student success, chapter authors analyze national, state, and regional efforts to increase student success; identify principles institutions can use to frame student success initiatives; and outline specific actions community colleges can take to increase student—and institutional—success. *Student Success in the Community College: What Really Works?* also provides concrete examples of effective student success initiatives in a variety of community college settings.
