Cast Again Jennifer Olsson 1997 Crisp as perfect casts, these twelve tales are funny, poignant, fresh, and vibrating with life. They are peopled with a colorful panoply of characters inspired by Olsson's experiences as a Montana fishing guide. Cast Again is also the story of a woman's life built around fly fishing and the aesthetics, ethics, and rhythms that define the angling life. It will appeal immensely to all fly fishers, especially to the legions of women just discovering the sport, but also to anyone seeking a life more connected to the natural world and more dictated by the heart's desire. Cover Girl & Other Stories of Fly-Fishermen in Maine J. H. Hall 2005-12 With humor and compassion, author J. H. Hall chronicles the joys and tribulations of Maine fly fishermen, their loved ones, and their adversaries. Hall's characters share a passion for fly-fishing-their lifeline-and an indifference to most of society's other conventions. Whether building an indoor trout stream, robbing a bank, or waging mischief against a market-savvy, modernist guide, these characters gallantly struggle to preserve a way of life and a part of Maine that is rapidly disappearing. Praise for previously published works by J. H. Hall: Paradise: Stories of a Changing Chesapeake: 'Hall's portrayal glows like a watercolor. He mobilizes his language in quick, sure strokes: subdued, taut, winsome by turns.' -Ramon de Rosas, Maine In Print 'Michael Crichton is not the only doctor-turned-writer to come down the pike in the past few years. In fact, I would say he's not even the best. The author I've just discovered [J. H. Hall] is considerably better.' -Cheryl Nowak, Eastern Shore News Selling Fish: Stories from a Fishing Life: 'Jim Hall has always been dead serious about fishing. Those of you who feel the same way will love and understand this book' -John Cole, author of Striper and In Maine

A Different Angle Holly Morris 1996 "The literature of fly fishing offers great tales of adventure as well as stories of renewal and discovery. Yet very little of it has been written by

women--until now. A Different Angle presents a new look at the growing popularity of fly fishing among women through the writing of contemporary women anglers, from Pulitzer prize-winning author E. Annie Proulx to fly casting champion Joan Salvato Wulff. Whether exploring the sensual and spiritual pleasures of casting a line or the realities of being female in a predominately male sport, the women in this collection write with humor and eloquence about the sport they love. By turns lyrical, witty, and impassioned, these stories add a new dimension to the sport, literature, and art of fly fishing"-- Book cover.

Light-line Fly Fishing for Salmon Alexander Wanless 1946

The Unreasonable Virtue of Fly Fishing Mark Kurlansky 2021-03-02 National Outdoor Book Award Winner for Outdoor Literature From the award-winning, bestselling author of Cod-the irresistible story of the science, history, art, and culture of the least efficient way to catch a fish. Fly fishing, historian Mark Kurlansky has found, is a battle of wits, fly fisher vs. fish-and the fly fisher does not always (or often) win. The targets-salmon, trout, and char; and for some, bass, tarpon, tuna, bonefish, and even marlin-are highly intelligent, athletic animals. The allure, Kurlansky learns, is that fly fishing makes catching a fish as difficult as possible. The flies can be beautiful and intricate, some made with over two dozen pieces of feather and fur; the cast is a matter of grace and rhythm, with different casts and rods yielding varying results. Kurlansky is known for his deep dives into specific subjects, from cod to oysters to salt. But he spent his boyhood days on the shore of a shallow pond. Here, where tiny fish weaved under a rocky waterfall, he first tied string to a branch, dangled a worm into the water, and unleashed his passion for fishing. Since then, his love of the sport has led him around the world's countries, coasts, and rivers-from the wilds of Alaska to Basque country, from Ireland and Norway to Russia and Japan. And, in true Kurlansky fashion, he absorbed every fact, detail, and anecdote along the way. The Unreasonable Virtue of Fly Fishing marries Kurlansky's signature wide-ranging reach with a subject that has captivated him for a lifetime-combining history, craft, and personal memoir to show readers, devotees of the sport or not, the necessity of experiencing nature's balm first-hand.

Wet-fly Fishing, Treated Methodically Ewen M. Tod 1907

The Fly Fisher's Guide to Crimes of Passion Seth

Norman 2000 The stories in this maverick collection are set in the Myriad Isles and Malaysia, on high Sierra streams, urban streets, jungle rivers, golf-course ponds, and a koi pool in Golden State Park. What fly fishing provides at each site is perspective for those who are passionate observers of the world and tireless explorers of the human spirit. Tilting at an endless procession of windmills, Seth Norman is the Don Quixote of fly fishing, and his unforgettable meanderings are filled with pathos, laughter, dreams, and wisdom. The stories range from how to catch ikan klee - a savage fish of mythic proportions - to a tale suggesting that Icarus was the human equivalent of a poorly tied fly. One story looks at the most graceful piece of tackle - a broken fly rod - to illustrate shame and redemption; another recounts the epiphany of a girl who is raised and raped by a motorcycle gang, yet remains unbroken. "The Humpy King Meets the Halibut God" describes an expedition to a never-fished area of Alaska, where the author confronts fly fishers' snobbery about fish species, and includes the legend of a fish that might better be hunted with dogs than fished for with a fly rod. The twenty-five stories in this unforgettable book will make you cry, laugh, and think. They are among the very best essays and tales being written today about fly fishing. Fifty Favorite Fly-Fishing Tales Chris Santella 2012-11-16 For fishermen, the only thing more fun than catching fish are the stories they tell about those fish . . . and the ones that got away. Nobody knows that better than Chris Santella, author of the best-selling Fifty Places to Fly Fish Before You Die. For his latest homage to anglers, Santella invited 50 celebrated fly fishers to share their favorite fly-fishing stories based on their travels and experiences. The result is this unforgettable collection of stories that are, surprisingly enough for fishermen, true. Fifty Favorite Fly-Fishing Tales includes stories that

cover the panoply of emotions— comical, poignant, inspirational, incredible, absurd. It tells of Ralph Cutter casting in complete darkness for blind catfish in the caves of Borneo, J. W. Smith boxing grizzlies to protect his tent camp in Alaska, and George Anderson fly fishing for saltwater crocodiles in Cuba. It also describes how Jean Williams, through trout fishing in the Colorado Rockies, helped to bridge the chasm between a type-A father and his neglected son. Accompanied by stunning photographs, the stories in this book reflect not only the rich experience of fly fishing but also how it can extend beyond the rivers, oceans, and fish to touch the core of our daily lives.

Ramblings of a Charmed Circle Flyfisher Ed Ostapczuk 2012-05-21 Ramblings of a Charmed Circle Flyfisher retraces over forty years of fly fishing the Catskill mountains first inspired by a two-part magazine article published in the spring of 1969. Cecil E. Heacox's articles entitled Charmed Circle of the Catskills appeared in the March and April issues of Outdoor Life. Heacox wrote about several legendary Catskill Mountain trout streams informing the reader why they were charmed. Ostapczuk has been retracing Heacox's journey ever since, taking his readers along on the journey.

The Fly Fisher and the River Maxine Atherton 2016-03-15 On angling as a woman in the first half of the twentieth century. Like fast moving currents, the fishing tales in *The Fly Fisher and the River* move us through a selection of Max Atherton's experiences both within rivers' waters as well as at their outer edges. They remind us that alongside the (then-) radical environmentalist-explorer part of her, there was a playful joie de vivre, someone who appreciated the company of good-looking, intelligent outdoorsmen. Even before her husband's death, Max enjoyed the attention she got as a fisherwoman. While she cherished a few female friendships, Max held the opinion that women did not generally engage their minds as much as they could and tended to settle for less in their lives than she was willing to. The men she liked—educated, with leisure time to fish—had more freedom and could have adventures and talk about ideas, politics, and the intricacies of fly fishing. This refined form of angling provided an escape from the mundane, and Max enjoyed

the adrenaline rush of fishing and camping in the great outdoors as much as the meditative quiet time in nature. Her expertise provided the entrée she needed to thrive in a man's world—a fact reflected in her writing about the joys of casting her lines into one river after another. Skyhorse Publishing is proud to publish a broad range of books for fishermen. Our books offer both practical advice on tackle, techniques, knots, and more, as well as lyrical prose on fishing for bass, trout, salmon, crappie, baitfish, catfish, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home. Memorable fly-fishing partners, famous pioneer fly tyers, and old fishing friends are only a few of the charming characters you'll meet. How did fly patterns get their names? Discover the answers to all of these questions and more in this warmly written memoir of the people, places, things, realities, and fantasies encountered by the author in his lifetime of fishing he now remembers as his "rivers of the heart." The Seasons of a Fisherman Roderick L. Haig-Brown 2000 Roderick L. Haig-Brown is one of the world's most beloved fly-fishing writers: His classic books bring together exquisite prose, the

full romance and beauty of fishing, and much solid angling advice. Here, for the first time in one volume, are his popular seasons books: *Fisherman's Spring*, *Fisherman's Summer*, *Fisherman's Fall*, and *Fisherman's Winter*. They chronicle a fisherman's year, from the brightening days of spring through a loving portrait of the author's home rivers in British Columbia during the summer, and on into the excitement of fall fishing and a winter away from his Campbell River to fish the great rivers of Argentina and Chile. As Verlyn Klinkenborg has said, "I think it forms some sort of watershed experience in every angler's reading when he comes upon Roderick Haig-Brown for the first time". And so it does. "The Seasons of a Fisherman" is an excellent place to start.

Bright Rivers Nick Lyons 2014-03-04 *Bright Rivers* chronicles the angling passions and frustrations of one of fly-fishing's greatest men of letters. A city dweller trapped in the complexities of modern life, Nick Lyons has

always found solace in his pilgrimages to great rivers. It is there that he fishes for trout, and in *Bright Rivers*, Lyons recounts the sometimes moving, sometimes hilarious experiences of his expeditions to Delaware, Beaverkill, Madison, Big Hole, and Yellowstone rivers, sharing reminiscences of trout taken, released, and sometimes lost. No one writes better about not catching fish than Nick Lyons, and perhaps, no one writes better about angling, period. This edition will include a new foreword by the author. From a richly textured diary of a summer in the Catskills to moving recollections of fly-fishing in Montana, Lyons brilliantly captures the wonderful tension between gray streets and bright rivers.

A Flyfisher's World Nick Lyons 2013-06-01

This ample selection of articles and essays by one of America's most popular writers about fly-fishing begins with a moment on Michigan's Au Sable River—the exact moment when the author lost his heart to fly-fishing. This collection chronicles a fishing life punctuated by a revealing trip with one of his grown sons and mellow reflections from a hospital bed. This is the broadest of Nick Lyons's books, with sections on tarpon and pike fishing in the Marquesas and in France, bass bugging on a small Connecticut pond, and trout fishing on unnamed creeks and blue-ribbon western rivers, as well as reflections on such aspects of the sport as the flies that are the underpinning of it all, the pursuit of records, the odd characters he's met along the way, and the increasing challenge of crowds who pursue this ever-popular sport. By turns canny, hilarious, inquiring, and philosophic, *A Flyfisher's World* is an impressive addition to Nick Lyons's important body of writing about fly-fishing.
