The Legend of Thunderfoot Bill Wallace
2014-08-12 The day of the Naming is an important one for young roadrunners. That's when roadrunner parents judge the speed, courage, and hunting skill of their offspring and choose fitting names for them. One proud fledgling dreams of being named Muscles, or Dash, or even Hunter. If only he hadn't pursued those three juicy grasshoppers for a final snack. If only he'd remembered his parents' lesson: "Always look before you leap." If only he'd paid more attention to the mouse family that had lost two children to a nearby snake. If only the rattler had given some warning before it struck.... Miraculously, the young roadrunner survives the attack, but not without damage. With their son's feet swollen to such an enormous size, his parents have no choice but to give him the humiliating name of Thunderfoot. It's enough to make a roadrunner wallow in self-pity and give up. But the only thing bigger than Thunderfoot's feet is his heart, and with some not always gentle goading from a wise old gopher tortoise named Berland, he finds the courage to go forward and seek his destiny -- and to become the stuff of legends.

Highway Cats Janet Taylor Lisle 2008-09-18
When three kittens are carelessly thrown off the back of a truck, none of the highway cats know what to make of them. They seem to have some sort of appeal?an energy, even?that Khalia Koo, Jolly Roger and the rest of the mangy, feral cats don't understand. But there are bigger issues to figure out when the bulldozers start coming, threatening to demolish the cats' homes as well as other historical landmarks. Can three little kittens be the answer to save the town? Illustrated with striking silhouettes, here is a spirited and original environmental story from Newbery Honor winner Janet Taylor Lisle about finding help?and hope?in the smallest, most unlikely of places.

That Furball Puppy and Me Carol Wallace
2010-05-11 Here I am, a self-respecting kitten just trying to survive in a rat-eat-cat world, when the humans in my life start acting crazy.

Something about the kids, and grandkids, coming to visit for Christmas. I would have run away had I known what that meant! Mama accusing me of tearing up the presents. Noisy voices and grabby little hands. I tell you, it's a dog's world. Bite my tongue! If the grandkids are bad, they're nothing compared to the gift the kids gave Mama for Christmas...a puppy!

Middlesex Jeffrey Eugenides 2011-07-18
Spanning eight decades and chronicling the wild ride of a Greek-American family through the vicissitudes of the twentieth century, Jeffrey Eugenides' witty, exuberant novel on one level tells a traditional story about three generations of a fantastic, absurd, lovable immigrant family -- blessed and cursed with generous doses of tragedy and high comedy. But there's a provocative twist. Cal, the narrator -- also Callie -- is a hermaphrodite. And the explanation for this takes us spooling back in time, through a breathtaking review of the twentieth century, to 1922, when the Turks sacked Smyrna and Callie's grandparents fled for their lives. Back to a tiny village in Asia Minor where two lovers, and one rare genetic mutation, set our narrator's life in motion. Middlesex is a grand, utterly original fable of crossed bloodlines, the intricacies of gender, and the deep, untidy promptings of desire. It's a brilliant exploration of divided people, divided families, divided cities and nations -- the connected halves that make up ourselves and our world.

The Flying Flea, Callie and Me Bill Wallace 2014-07-15 Who ever heard of a cat that didn't eat birds? The house people had picked me out of my litter to be a mouser. Callie was getting too old for the job. So it was mine. But I didn't plan on getting dive-bombed by a mockingbird building her nest...or adopting the baby who fell out. No joke! I'm a cat, but I do not eat birds. Mice, yes. Birds, no. Flea -- that's what I named her -- couldn't even fly. She was so scared when she toppled onto my head that she said, "Eat me...it's quicker than starving to death." She was pathetic. I had to help her. The first step was protecting Flea -- and me -- from the monster rats in the barn (that's saying a mouthful!) and Bullsake under the woodpile. Next, Callie and I had to teach Flea to fly. After all, how could she stay up North with us when her bird family was flying to Florida. I'm not a Florida kind of cat. It's just too hot for us furry types. I know I'll miss my Flea. But she'll come back -- after she's seen the world!

Twelve-year-old Donn Fendler steps away from his Boy Scout troop for only a minute, but in the foggy mountains of Maine, a minute is all it takes. After hours of trying to find his way back, a nervous and tired Donn falls down an embankment, making it impossible for him to be found. One sleepless night goes by, followed by a second . . . and before Donn knows it, almost two weeks have passed, leaving him starving, scared, and delirious. With rainstorms, black bears, and his fear of being lost forever, Donn's journey is a physically, mentally, and emotionally charged story told from the point of view of the boy who lived it. Don't miss this thrilling survival story, a proven high-interest winner that pulls in readers the way *Hatchet*, *My Side of the Mountain*, and the *I Survived* books do.

Danger on Panther Peak Bill Wallace 1989-12 There hadn't been a panther on Panther Peak in decades. But the year the Burkes move to their grandfather's ranch, something begins killing off the livestock. Tom shudders. Could his grandfather's tales about panthers be true? Then one winter morning, Tom sees a dark shape move silently through the fog, spooking the animals in the barn. Later that day, a blizzard hits and Tom's grandfather is injured in an accident. With the phone lines dead, Tom must take his horse and ride for help -- by himself -- through the panther's territory. Can he reach safety in time to save his grandfather before the panther strikes one more time?

Ferret in the Bedroom, Lizards in the Fridge Bill Wallace 1987-09 "Good luck, Lizard!" Liz is mortified when her nickname is used in front of the cutest new boy in the sixth grade. She has been stuck with the horrible name ever since a lizard she brought to school for Show-and-Tell escaped in the classroom. Liz's zoologist father has filled their house and yard with homeless animals: two turtles, a hawk, an ibex, a playful ferret named Fred, and a porchful of lizards. Now Liz is running for class president against the beautiful and popular Jo Donna. She invites her friends over to her house to help with her campaign. But Mr. T, one of the turtles, has an accident that harms her plans and her popularity. Reluctantly, Liz realizes that she'll never get her classmates to vote for her unless she gets rid of the animals. After two more animal disasters, Liz angrily tells her father that their pets are ruining her life. Even though he loves them, Liz's father agrees to take the animals away. How Liz discovers, after a series of other humorous setbacks, that there are more important things to consider than winning a class election, makes this another winner from Bill Wallace.
