

Flying Saucer Revelations

Thank God for Grapefruit Harry M. Grant
2001-06-11 Laric Sullivan must decide if the Spanish-speaking humanoids who have just arrived on Earth in a flying saucer are really angels from God, as they claim, or are clever aliens on the verge of consummating a plan to enslave the human race under the pretense of Christianity. When Laric's best friend inexplicably disappears from the outskirts of Los Angeles, he has no one to turn to except a mysterious television personality named Randii the Indian Magician, whose son was recently kidnapped by a rather awkward biker gang called the Black Angels. However, Laric soon discovers that Randii is involved in something much more complex than merely a search for her son. Indeed, she not only anticipates the arrival of an apparent spacecraft, but after making contact with it, she discontinues the search for her son in favor of fulfilling some vague religious program. Remembering the uncanny way in which his friend disappeared, Laric immediately suspects the occupants of the saucer of being responsible, but they maintain that they are angels from God on a harmless mission to recapture some escaped prisoners, the Black Angels. Though wary of Randii's alliance with the visitors, Laric now believes she is his best hope for finding his lost friend. Unfortunately for Laric, his association with Randii becomes dangerous when her ex-husband, Aven, reveals to the world that the angels of God are really aliens, who devised Christianity as a means to harvest a willing human work force. Aven, furthermore, has captured what he believes is alien technology, and he demonstrates that its power can be used against the invaders successfully. Thus, Laric is ultimately forced to either profess allegiance to Aven and the rest of the human race or be condemned as a traitor, surrendering his life but, if Randii is to be believed, finally finding his friend.

Despite the fact that we have attempted to accurately maintain the integrity of the original work, the present reproduction may have minor errors beyond our control like: missing and blurred pages, poor pictures and markings. Because this book is culturally important, we have made available as part of our commitment to protect, preserve and promote knowledge in the world. 'This title was originally published in 1957. Michael Barton, aka Michael X. Barton, this "enigmatic and reclusive" man, adopted the pen name of Michael X. to conceal his identity. In the mid-1950s, Michael Barton took a pilgrimage to Giant Rock. Inspired by George Van Tassel's apparent ability to channel ETs, Barton embraced the notion that the universe is composed of "mind stuff" that can transmit thought vibrations. On the historic night of May 22nd, 1955-his gaze fixed determinedly on Venus-Barton projected a "vibratory beam of light" and, using what he called "space telepathy". Based on his "closed contact" with aliens, he wrote: *Flying Saucer Revelations* in 1957. In the prologue, the author states that: "this work is based on "scientific" findings, ufological data accumulated by numerous researchers,". This book is a special message given by Michael X to a group of New Age individuals as an "educational and inspirational course of study" dealing with "interplanetary" craft such as flying saucers. The following five lessons are included in this special study book: 1. The Saucer People on Earth 2. Flying Saucers at Giant Rock, California 3. Secrets of the Saucer People 4. The Magic of Ether Ships 5. Discs, Destiny, and You. That was what the Daily Sketch wrote about "Flying Saucers Have Landed." For, in the second part of this book, Adamski swears that he saw a space ship land in

the desert in California and that he made contact with one of its occupants. More, he provides considerable testimony to support his claims. Desmond Leslie, who contributes the first part of the book, goes even further, asserting that flying saucers have been landing on earth for thousands of years, and gives records of their arrivals

The Top-Ten UFO Riddles David Alzofon
2018-04-06 Something happened in December of 2017 - something so unusual it hinted at revelations on the way that will rock our world like nothing before in history. On December 16th, the New York Times ran a story about an encounter between two Navy jets and a UFO off the coast of California. Stories about UFOs are nothing new, but this one was decidedly different: First, it came directly from the Pentagon. Second, it included video taken by sophisticated military cameras onboard the aircraft. And third, the usual chorus of official denials and ridicule was entirely absent. The networks ran with it, and for a week, news commentators played the startling films over and over while asking, "What does it mean?" For students of UFO history, the meaning was clear: Denial is out. Disclosure is in. Starting now. Military jets have been taking gun-sight photos of UFOs for decades, but until December of 2017, these films were unacknowledged and off-limits to all but those with the highest security clearances. Suddenly all that secrecy was out the window. Suddenly, the Pentagon had decided that you have a "need to know." That was the message between the lines, and it implies "Brace yourself, because we're just beginning." "The Top-Ten UFO Riddles" is your antidote to the new age of anxiety that will dawn as we turn the corner between science-fiction and science fact. If you have scientific solutions to the ten most perplexing riddles about alien technology, you will be immunized against extremes of shock and awe. A flying saucer may be a thing of beauty, but it will no longer be a thing of mystery when you understand... * Why it's a saucer * How it stays up there without making a sound * Why it spins * How it accelerates from zero to Mach 10 in an instant without killing the occupants * Why it flies like a skipping stone and descends like a falling leaf * Why car engines and headlamps flicker and die

in its presence * How and why the aliens are making crop circles In the past, science has fallen flat on its face trying to solve these riddles. The only solution they've had has been to deny the testimony of tens of thousands of eyewitnesses, not to mention an abundance of radar screen recordings. But one American physicist, Dr. Frederick Alzofon (1919-2012), managed to crack the riddle of gravity control, which is at the heart of all the other mysteries. In "The Top-Ten UFO Riddles" you will peek under the hood of a flying saucer and find out how it works, down to the nuts and bolts. You will also learn how we can duplicate this technology, unleashing a Second Industrial Revolution, while making space travel as common as a trip to the mall. "The Top-Ten UFO Riddles" is partially derived from David Alzofon's 2017 book, "How to Build a Flying Saucer (And Save the Planet)." Considerable new material has been added, including three new riddles: How UFOs disappear midflight, why saucers are so heavy, and how the aliens walk through walls. Also added: Seven never-before-published UFO case studies, including the author's encounter with a black triangle the size of a 737 while driving on a lonely stretch of I-5 in California. The science behind the solutions has appeared in refereed journals and is backed by experiment. The author explains the scientific method in depth and shows how to use it as a yardstick to evaluate competing truth claims about UFOs, from astrophysicist Neil deGrasse Tyson's assertion that only stupid aliens would build a flying saucer that spins, to whistleblower Bob Lazar's revelations about reverse-engineering at Area 51, to claims made for electrogravitic technology and faster-than-light travel. "The Top-Ten UFO Riddles" not only provides you with the top-ten solutions, it provides you with a set of skeptical scientific criteria that will keep you from being swayed by fake science or fake news in the future -- when the deluge begins.

Biblical UFO Revelations Dr Barry H. Downing
 2017-09-14 CHRISTIAN MINISTER MAINTAINS - MIRACLES OF THE OLD AND NEW TESTAMENTS ARE MANIFESTATIONS OF AN EXTRATERRESTRIAL INTELLIGENCE

The Reverend Barry Downing's credentials are impressive, adding scholarly weight to his theories regarding anomalous and miraculous events as portrayed in the Old and New Testaments. Downing holds a Ph.D. in the relation between religion and science from the University of Edinburgh of Scotland. He also has a bachelor's degree in physics from New York's Hartwick College as well as a degree from Princeton Theological Seminary. Dr. Downing has studied the Bible most of his life. . . Not unusual for a pastor, but what makes his evangelistic career unique is that he has also studied the UFO phenomena since the mid-1950s. The combination of both pursuits resulted in the 1968 publication of his controversial book, "The Bible and Flying Saucers," which would lay important groundwork regarding the blending of the divine with the theory that earth has been visited by extraterrestrials in ancient times and that these visitations continue to this day. This work is his long awaited sequel in which he expands upon the polemic issues previously put forth, including that the - ** Parting of the Red Sea in the Bible's Exodus was accomplished by a cylindrical UFO, a cigars haped ship whose kind is still reported. ** That Jesus was an extraterrestrial sent to earth to rid the world of sin and wickedness, quoting Biblical text to support his claim. ** That Jesus left earth in a

spaceship to another planet, or perhaps another spatial dimension. ** That angels were actually aliens and that the "angelic aliens" spoke to Moses on Mount Sinai where he boarded a UFO to receive the Ten Commandments and specifications for the construction of the Tabernacle. It was aliens who guided the ancient Israelites, providing them with manna in the wilderness. ** In the modern world, Downing contends with mainstream religion's refusal to take the subject seriously. Christian liberals don't want to hear the miracles of the Bible were real and Christian conservatives don't want the miracles credited to simple aliens in flying saucers. Thus one can see that Downing, an ordained minister, is bravely risking disapproval from a wide swathe of fellow Christians not ready for his message. Many of the issues discussed by the author raise the issue of ontology, or what is real and what is the nature of being. Rev. Downing believes that recent discoveries in quantum physics tend to confirm that Biblical phenomena could be real. "Modern quantum physics has revealed a world," he states, "that is not full of 'solid objects' on one hand and space on the other, but rather a dynamic world in which solid objects are mostly space, with various types of quantum energy spinning away to create the illusion of solid objects, making it difficult to know for certain what we think we know." As for a possible global cover-up of the UFO phenomenon, Rev. Downing espouses the theory that if UFOs truly carry the angels of Christ, their "strange technology and behavior" may be as upsetting to government scientists as the Resurrection of Jesus was to the disciples. "Their 'real-world' understanding had to expand, and so must ours," he rightfully concludes. This book is for the faithful as well as those who are primarily interested in unexplained historical phenomena as revealed in Biblical as well as other ancient texts, as well as seekers of censored truths concerning the hidden and forbidden knowledge of mankind.

The Riddle of the Flying Saucers Gerald Heard
 1950 Beretter om UFO'er (Unidentified Flying Objects).

Watch the Skies! Curtis Peebles 1995 Narrates the belief in alien visitors to the earth since the 1940s, when their spacecraft began to be described consistently as saucer shaped.

Discusses the various divisions and feuds within the movement, its evolution through the decades, and its relation to believers' beliefs about the government, military, and other aspects of society. A debunking rather than a sociological study. Annotation copyright by Book News, Inc., Portland, OR

God Drives a Flying Saucer R. L. Dione 1973

The Flying Saucers are Real Donald E. Keyhoe 2022-05-28 *The Flying Saucers Are Real* by Donald Keyhoe, printed in 1950, is one of the first books investigating numerous encounters between the United States Air Force fighters, personnel, and other aircraft and UFOs between 1947 and 1950. The author contended that the Air Force was investigating these cases of close encounters, with a policy of concealing. Keyhoe also said that Earth had been visited by extraterrestrials for two centuries, with the frequency of these visits increasing sharply after the first atomic weapon test in 1945.

[Alien Revelations](#) Micheal Alans 2019-09-06 *Alien Revelations* is equal parts biography, following the personal journey of a man that has lived with the knowledge that mankind is not alone in the Universe for his entire life, and equal parts non-fiction Scientific journal, as he then shares astounding revelations about the nature of reality that he learned from a life time of exposure to the phenomenon of Alien Abduction.

[Looking for Orthon](#) Colin Bennett 2008-01-01 On November 20, 1952, George Adamski first made contact with extraterrestrials-including a long-haired youth from Venus named Orthon-in the California desert.or so he claimed. He offered photographic proof. He wrote books about his encounters, including the sensational bestseller *Flying Saucers Have Landed*. He never stopped advocating the truth of his claims even as he came under extraordinary ridicule. And in the process, however inadvertently, Adamski invented the modern mass counterculture. This new edition of Colin Bennett's modern classic posits, in the author's uniquely engaging style, Adamski as a kind of unwitting performance artist who "structured one of the most blatant acts of visionary cheek of the twentieth century," introducing the jittery postwar Western world to the image of the UFO, which confounded and tweaked authority while also fully embodying

Cold War neuroses. Whether Adamski was telling the truth or not is almost irrelevant-though Bennett has his own ideas about Adamski's veracity. What remains compelling about Adamski's bizarre and compelling tale of alien visitations is the transformative power of stories, even if they're false, to warp our culture on a grand scale. In the course of a delightfully misspent youth, COLIN BENNETT was employed as both a musician and as a mercenary soldier. He was far better at the second than at the first. Educated at Balliol College, Oxford, he is the author of the novels *Infantryman* and *The Entertainment Bomb*, and paranormal nonfiction including *Politics of the Imagination*, a biography of Charles Fort; and *An American Demonology*, about the head of the 1950s UFO-hunting agency Project Blue Book.

Alien Times - Book 1, Revelation Don Viecelli
 2023-02-26 A Top-Secret U.S. special black operations group has been covering up alien visitations and secret alien UFO research projects for decades. This time, they went too far. They are holding a real live alien captive at Area 51 and will do anything to prevent this alien from meeting with the President and going public, finally proving once and for all that extraterrestrials do exist. This Top-Secret organization is called Extraterrestrial Counter

Threat Group (ECTG). It is run by a high-ranking Pentagon Chief of Staff Space Force general who heads a secret team of scientists tasked with reverse engineering advanced UFO spacecraft held at Area 4, which is part of the highly restrictive Area 51 military base in Nevada. The ECTG will do anything to prevent this alien from meeting with the President of the United States, including murdering a Washington Post investigative reporter in the name of National Security. With help from a woman staff reporter for the Washington Post and a special agent for the Airborne Object Identification Group (AOIG), the alien finally escapes captivity and meets with the President of the U.S. at Camp David. The alien has an important message and offer of help for the President and the people on this planet. The question becomes, will people listen to the message or ignore the peril the world is facing in this time of extreme environmental crises?

Flying Saucer Revelations Michael X 1957
Secrets of the Saucer People: Flying Saucer Revelations Michael X 2014-07-23 New

Saucerian is proud to issue a high-quality facsimile of one of the classics of 1950s West Coast saucering, "Secrets of the Saucer People: Flying Saucer Revelations." This special 2014 reprint features wonderful period cover art by Bill Randall. Written in 1957, this is an "educational and inspirational course of study" dealing with "interplanetary" craft such as flying saucers. It was especially written and intended for "New Age Individuals" everywhere. The following five lessons are included in this special study: 1. The Saucer People on Earth 2. Flying Saucers at Giant Rock, California 3. Secretes of the Saucer People 4. The Magic of Ether Ships 5. Discs, Destiny, and You As the introduction to the book makes clear, this work is based on "scientific" findings, ufological data accumulated by numerous researchers, intensive personal investigation, and "mystical revelation" by the author, the enigmatic and reclusive "Michael X." Some say Michael X still lives, due to an agreement he made with the space beings, who have allowed him to live longer on Earth, as their emissary. If this is true, then we should thank the spacemen for keeping the words of this mystic sage alive, for new generations to hear and interpret.

Flying Saucers Donald Howard Menzel 1953
Vivenus Starchild and Flying Saucer Revelations
 Vivenus 2011-12 ARE THERE ALIENS AMONGST US? THE GOLDEN AGE OF FLYING SAUCERS PROVIDED US WITH MANY PROPHETIC REVELATIONS OF FUTURE LIFE ON EARTH Here is a real flying saucer classic - two volumes in one from the all important Golden Age of Flying Saucers in when many of the UFO contactees of the 1950s and 60s were claiming to have actually meet space beings (commonly called the Space Brothers) and in some cases to have actually gone for trips inside cigar and disc-shaped craft to other planets. It's a part of UFO research the public seldom ever hears about -- that human-looking, "Nordic-like" aliens are living among us, having become part of our society with or without the knowledge of their neighbors. It was in this atmosphere of cosmic awakening that a woman named Vivenus emerged with a message of hope and universal love. Vivenus claimed to be a resident of the planet (believe it or not!). She arrived, she said, on earth at 10 PM on September 24, 1960. A flying saucer (or "swoop" as they call them on her home planet) let her out in Central Park and she took control of her earthly double who was about to take her own life. NOT ALL CREATURES FROM OTHER PLANETS ARE INTERESTED IN ABDUCTING US AND PROBING OUR BODIES! In this book you will learn how people on Venus live for thousands of years; How everyone on Earth has a twin on Venus; How the Venusian's have developed their mental powers to create a paradise on their planet; How Earth and its inhabitants have strayed from God's path, and how we can also make Earth a paradise. PLUS SPECIAL BONUS MYSTIC MONOGRAPH BY MICHAEL X His real name was Michael Barton, though he wrote over 25 confidential monographs under the moniker of Michael X. All we really know is that Michael was a simple businessman who had a friend whose life was saved from cancer after having a close encounter. A former skeptic, Barton began to question his sensibilities as he spoke with many of the UFO contactees he met at places like Giant Rock in the Mojave Desert, to exchange stories of meeting beautiful, benevolent, angelic-like beings from outer space. In this rare reprinted section Michael X reveals

the SECRET ORIGIN OF HUMANKIND. The author asks: "Did you ever wonder about how you came to be on this planet? Where did you...and the other billions of human inhabitants of this Earth come from in the first place? What are the real facts?" "You're going to be astounded and amazed when you find out the whole story of man's secret origin! You'll probably say to yourself 'Why wasn't this information brought to my attention before?' and, 'Why wasn't I taught this kind of knowledge in school, so I could have been making good use of it all these years?' Why? Why? Why?" This book will take you on an adventure like you have never been on before.

From Outer Space to You: Secrets of the Flying Saucers from Outer Space Howard Menger 2014-07-12 They said they came from outer space, but were the uncanny, mysterious people who selected Howard Menger as their earthly contact really aliens from another planet? Disbelieving, terrified, yet finally convinced, Menger talked with the space people, observed their strange "flying saucer" spaceships, and was finally taken for a ride to the moon, in a matter of minutes, in a saucer! Howard Menger's experiences will seem too incredible for many readers. Others will respond to his conviction and sincerity, or to his fascinating narrative, and will keep an open mind. For all readers, no matter what their personal opinions, "From Outer Space to You" will most likely be a unique and thrilling reading experience. This special 2014 edition by New Saucerian features a question-and-answer session with the Mengers; extensive diet, lifestyle, and relationship advice "from the stars"; classic cover art by Bill Randall; and an introduction by the publisher, Gray Barker. "Enlightened concepts from ufology's sexiest contactees..." -Thornton M. Vaseltarp, Ph.D. "The Menger's parties were legendary - practically holographic..." -Randolph Halsey-Quince "A blast of cool... Indispensable on safari, terrestrial or otherwise..." -Lady Jane Lipschitz "The absolute best place to experience missing time..." -Michael X

Behind the Flying Saucers Frank Scully 1951
 FROM THE ORIGINAL 1950 DUST JACKET:
 What are flying saucers? Where do they come from - the U.S., Russia, some other country on Earth, or from Mars or Venus? Are they piloted

by living men, or do they fly by remote control? Have crashed flying saucers been found on this continent, and in the Sahara Desert? And if so, what has happened to them? Did the crashed saucers have bodies of three-foot-high aliens inside, and if so, what has happened to them? Was the metal alloy of the saucers of a type unknown at present on this earth? Is it possible to utilize the magnetic forces of the universe for interplanetary travel? Is it scientifically possible for an object to navigate from Venus to Earth in less than a minute? Who is Dr. Gee, and what off-the-record revelations about flying saucers did he make? Why has the Department of Defense been so close-mouthed and evasive about "Operation Saucer?" Were magnetic radios and timepieces, and an amazing type of concentrated food found in the saucers? These and many other fascinating questions about flying saucers are discussed in "Behind the Flying Saucers," a book as alive and imperative as tomorrow's headlines - one which may prove that journeys through space are as commonplace as an ordinary milk-run.

[My Contact with the Flying Saucer Captain: the Electric Revelations of Valiant Thor](#) Dino

Kraspedon 2016-10-16 New Saucerian presents a classic from the Saucerian Press catalog, "My Contact With The Flying Saucer Captain: The Electric Revelations of Valiant Thor," in which Dino Kraspedon engages in lengthy scientific discussions with a man from outer space, who, according to Saucerian editor Gray Barker, actually was Valiant Thor, the "Stranger at the Pentagon." This shocking revelation has breathed new life into a book that was a bestseller in Brazil when it first came out in 1959. The book, which was suppressed for decades by the FBI (because the author was thought to be a terrorist), recounts in detail how flying saucers actually work and are powered, and how they overcome the forces of gravity. This book details procedures and technologies still in use today in the aerospace industry, perhaps because many of them are the product of Valiant Thor's student, Nikola Tesla - another revelation that recently came to light. As students of Tesla know, he claimed to have communicated with Venusians many times, which undoubtedly would

have included Thor - Earth ambassador and all-around genius.

The Flying Saucer Reader Bill Adler 1967 A collection of major writings on the U.F.O. phenomena, from reliable reports to speculations pro and con, including Biblical interpretation.

The Bible and Flying Saucers Barry Downing 2019-03-10 The thesis of this book is that the Bible contains stories of beings, angels that come down from the sky, and are sometimes associated with objects in the sky such as the "pillar of cloud by day, and pillar of fire by night," which led the Jewish Exodus from Egypt. This UFO is similar to modern UFOs, which one military pilot described as looking like a Tic Tac, cylindrical, white or cloud like in color, about 40 feet long, rounded on each end, with no visible propulsion system. It seems likely that the UFOs seen in modern times are related to the same reality that started the biblical religion in both its Old and New Testament forms. Chapter 3 studies the book of Exodus in great detail, explaining how the Exodus UFO (pillar of cloud and fire) apparently used its propulsion system to part the Red Sea. In the New Testament, it is argued that our modern alien/angels were probably the power that raised Jesus from the dead, and carried the risen Jesus to the Damascus Road where the Apostle Paul was converted (Acts 9). This book has some parallels with Erich Von Daniken's "Chariots of the Gods?", but differs from Von Daniken in that it is argued that the aliens are not "gods," as Von Daniken suggests, but rather beings who have a high knowledge of God, and created the Biblical religions, in both their Jewish and Christian form, to move the human race away from idolatry, and toward a more spiritual sense of the divine reality. Chapter V asks, "Where is Heaven?" and explores the possibility that the resurrection stories of Jesus, where he is able to enter locked rooms after his resurrection, suggests that heaven may be "another dimension" in the midst of us. Modern UFOs are reported to appear and disappear in an instant, suggesting they too may be part of a multi-dimensional reality. Einstein's Theory of Relativity is offered as a clue to understanding some of the strange resurrection stories. This book is an attempt to make sense of biblical

stories that suggest the presence of extraterrestrial powers, and to examine modern UFO stories for evidence that biblical angels, and modern aliens, may be the same reality.

Flying Saucers on the Attack: Startling New Revelations on the Most Incredible Story of Our Age

Harold Wilkins 2017-06-20 Flying Saucers-Fact or Fiction?The most recent, reliable reports would seem to indicate that they are fact!In this timely and provocative report, Harold T. Wilkins, the world's foremost investigator of unusual "Fortean" events, describes his own experiences and investigations, and those of reliable witnesses, concerning the controversial phenomenon of unidentified flying objects.Now you can read the unbiased facts about:*The mysterious fire-chemical, not yet known to man, that fell from the sky into an open field...*The airline pilots of irreproachable character, who reported their strange flight with unidentified aircraft...*The policemen who chased a huge, brightly lit UFO that was hovering so low that they were actually able to photograph it...*The farmers who, for two hours, watched a mid-air UFO "mothership" launch several smaller craft...Incredible? Not at all! Reports from the world over number too many, and they are too carefully documented, to be mere coincidences, hallucinations, or nightmares.But just suppose, unknown to us, invaders have already landed and are walking among us. What do they want of the people of Earth? Are they here as a boon to mankind-or as a menace?

Secrets of Highert Contact, Release Your Cosmic Power and Flying Saucer Revelations Michael X Barton 2021-11-19 Following the Adamski tradition, one of the most influential contactees of that era was a man named Michael Barton, who wrote several books under the pen name of Michael X. Michael Dimond Barton was born on May 26, 1937 in Seattle, Washington, and died on June 26, 2003 in Los Angeles, California. He was the son of Claude Coffee Barton, and Elva Lois Dimond. He had a brother: Jerry Keith Barton. He died on June 26, 2003 in Los Angeles, California. There is not much information about Michael X Barton available. Here is a brief biographical note taken from the edition of *Secrets of Higher Contact: Michael X. Barton* is widely know for his New-Age writings, and has

been a prolific author in the Metaphysical and Inspirational field since 1949. Thousands of persons from all walks of life, who are seeking higher Truth and Wisdom, find a wealth of New-Age Information and guidance in his easy-to-read writings.In 1940, Michael's own inner development was accelerated in a dramatic and, positive way, when he was contacted briefly by a white-garbed Master from the higher planes of life. Michael's inner eye was opened temporarily and he could see the Being clearly. From this time on, Michael pursue the Higher Truth. He organized and taught a "Self-Unfoldment" class in 1960, with great success. In 1961, Michael X, Barton received the honorary degree of Doctor of Divinity from Dr. John W. Hopkins, president of Williams College in Berkeley, California, Michael is also a fully ordained minister of the Universal Life Church of Modesto, California. "Michael" is also known for his interesting and informative lectures on New-Age topics, He has spoken to attentive audiences in many cities in California, Arizona and Nevada since 1954. A fascinating column, entitled, "A Look in The Crystal", which appears as a regular feature in the Cosmic Star newspaper, is written by Michael. In 1964, a "Cosmic Visitor" apparently from a much higher dimension than our own limited three-dimensional world, contacted Michael.This book is an authentic reproduction of the Barton's following titles: *Secrets of Highert Contact, Release Your Cosmic Power, Flying Saucer Revelations*. Great, but unpretentious, these titles are an extraordinarily rare symbols by themselves of what was going on in those early years of the modern UFO era. UFO David Allen Lewis 1991 Lewis, the best-selling author of *Prophecy 2000*, shares fascinating research into the diabolical source of flying saucers and the hunger of a society looking to the great beyond for answers to its immense problems. Why are supermarket tabloids filled with wise messages from space, detailing the true nature of God and alternate roads to salvation? Are these aliens demonic counterfeits?
