The return trip is no less challenging, and as with most true stories of real trips, not everything goes as planned.

*Flight of Passage* Rinker Buck 2014 Writer Rinker Buck looks back more than 30 years to a summer when he and his brother, at ages 15 and 17 respectively, became the youngest duo to fly across America, from New Jersey to California. Having grown up in an aviation family, the two boys bought an old Piper Cub, restored it themselves, and set out on the grand journey. Buck is a great storyteller, and once you get airborne with the boys you find yourself absorbed in a story of adventure and family drama. And *Flight of Passage* is also an affecting look back to the summer of 1966, when the times seemed much less cynical and adventures much more enjoyable.

*Ox-Team Days on the Oregon Trail* Ezra Meeker 2021-04-25 'Ox-Team Days on the Oregon Trail' is a book written by Ezra Meeker about his experience traveling the Oregon Trail by ox-drawn wagon as a young man, migrating from Iowa to the Pacific Coast. Later on in his life,

Meeker became convinced that the Oregon Trail was being forgotten, and he determined to bring it publicity so it could be marked and monuments erected. In 1906-1908, while in his late 70s, he retraced his steps along the Oregon Trail by wagon, seeking to build monuments in communities along the way. His trek reached New York City, and in Washington, D.C., he met President Theodore Roosevelt. He traveled the Trail again several times in the final two decades of this life, including by oxcart in 1910-1912 and by airplane in 1924.

**Ox-Team Days** Ezra Meeker 2001-08 Ezra Meeker's love affair with the Oregon Trail began in 1852 when he travelled it by ox-cart from Iowa to Oregon. After traversing it again by car and even flying over it in an airplane, he founded the Oregon Trail Association and wrote this memoir, first published in 1922.

**The Oregon Trail** Francis Parkman, Jr. 2008-07-10 The Oregon Trail is the gripping account of Francis Parkman's journey west across North America in 1846. His detailed description of the journey, set against the vast majesty of the Great Plains, has emerged through the generations as a classic narrative of one man's exploration of the American Wilderness.

**The Oregon Trail** Francis Parkman 1898 Presents accounts of a young man's travels on the Oregon Trail and his sojourn with the Oglala Indians.

**Saving the Oregon Trail** Dennis M. Larsen 2021-06-22 Ezra Meeker lived ninety-eight highly productive years. At times endearing and captivating, he could also be exasperating and irrational. Once he committed to a cause, he was an unabashed promoter. Meeker devoted his final three decades to commemorating the Oregon Trail. A part of his

story no one has previously told, this volume begins in 1901 and completes an epic biography. One of Washington Territory's earliest pioneers, Meeker first came west on the overland trail in 1852. He became a Puyallup community builder, agricultural tycoon, and world traveler before hop lice and the Panic of 1893 devoured his fortune. He dallied in mining and joined the Klondike gold rush, spending four years as a Yukon store proprietor. At age 75 he trekked east over the Oregon Trail with oxen and a covered wagon, setting markers along the way, and became a national celebrity. He visited New York, Washington, DC, and the White House, and managed to convince regular citizens, the rich and famous, governors, legislators, and even three U.S. presidents to support his trail preservation schemes. Never one to shy away from adventure, his other exploits included publishing books, lecture tours, additional Oregon Trail expeditions (one in a bi-plane), attending the Alaska-Yukon-Pacific Exposition, experimenting with motion pictures, founding societies, cruising in what may have been the first motorized RV, performing in a Wild West show, and roaming the country selling commemorative coins. In the end, Meeker's extraordinary efforts were crucial to saving the trail.

**Life on the Oregon Trail** Gary L. Blackwood 1999 Describes how people traveling on the Oregon Trail lived, discussing their reasons for going west, modes of transportation, interaction with the Indians, and activities on the Trail.

**How Many People Traveled the Oregon Trail?** Miriam Aronin 2012-03-01

In the spring of 1843, nearly one thousand people gathered in Independence, Missouri. They came from all over the eastern United States, and many had to sell most of their possessions to afford the trip. Yet their journey was just beginning. the group set out for Oregon Country, a four- to six-month trek across plains, mountains, valleys, and rivers. Not everyone survived the difficult trip. Still, before the end of the 1800s, many more wagon trains would travel the Oregon Trail to reach what became the western United States. So why were Americans moving west? What hardships would they face on the journey? And who blazed the Oregon Trail? Discover the facts about this important trail west and

how it affected U.S. history.

**Ox-team Days on the Oregon Trail** Ezra Meeker 1922 Ezra Meeker was born in Ohio in 1830. In 1852, with his wife and son, he journeyed in a covered wagon along the Oregon Trail to acquire a land claim in Washington state. He described the events on the trip and pioneer life in Washington. In 1906, Meeker, traveled by wagon train from Washington state to Washington D.C., to publicize the Oregon Trail. He arrived in November 1907. Meeker made other trips and met many people to publicize the trail. At age 94, he flew as a passenger in a mail airplane.

The Oregon, California and Mormon Trails by Air William W. White 1997

The Oregon, California and Mormon Trails by Air provides interesting and educational routing options to Portland, Oregon, Reno, Nevada, and Salt Lake City, Utah. Whether you are a commercial pilot seeking to entertain your passengers a private pilot seeking an alternative to the "\$100 burger" or a non-pilot interested in Trail history, this guide book will prove to be a valuable tool and make fascinating reading. Fire up your plane and follow the routes taken one hundred and fifty years ago by over three hundred thousand immigrants. Amaze your friends for years with hundreds of facts like: Thirty thousand of those three hundred thousand died en route and are buried along the Trails. If all those graves were evenly spaced along the route, there would be a grave every two hundred and forty feet along the two-thousand-plus miles of Trail.

Enjoy a perspective of the still remaining ruts that is denied to those bound by gravity as you follow the Trails using the maps and route descriptions included in this guide. Coordinates for the major attractions allow detailed plotting and locating of landmarks that were used by those who were bound for Oregon, California and Salt Lake City.--Cover

**The Oregon Trail** Francis Parkman 1912

**The Oregon Trail Jr.** Francis Parkman 2022-04-22 Francis Parkman embarked on his first westward journey on April 28, 1846, from Saint Louis. The Oregon Trail chronicles his wilderness explorations, explains American westward migration, and honors the character of the United States. On April 28, Radnor-since lost-Parkman and his friend and relative Quincy A. Shaw traveled to the Rocky Mountains out of curiosity and enjoyment. They were followed by Shaw's sorrel horse, another mule, and Henry Chatillon's horse, a tough grey Wyandotte pony. Delorier, a Canadian, has all the qualities of the real Jean Baptiste. A loaded and capped revolver was on the mantelpiece, and John Milton's head was visible through the glass of a bookcase where the handle of a very mischievous knife sparkled. All the ladies present, many of them were slashing their legs with knives, howling, shrieking, and wailing. When fifty voices started to cheer and shout, they had just completely vanished. They were traveling through the Shawano nation, which was only partially civilized. Every field and meadow bore evidence of the soil's opulent fertility. The young wild apple trees were now draped densely with ruddy fruit, as opposed to when they were flushed with their fragrant blossoms.

**If We Had Wings** Rinker Buck 2001 Throughout history, aviation has been a field filled with adventure and romance, daredevils and heroes, great challenges and big dreams. "If We Had Wings" captures the essence of man's ongoing fascination with flight, from early Renaissance scientists who imagined fanciful flying machines through the technological breakthroughs that launched humans into space. The passion to fly and the corresponding advances in aviation have always changed our world irrevocably, and "If We Had Wings" offers both the tragedies and the triumphs of the continued attempts to reach even higher. These compelling stories are enhanced by removable documents - - ranging from diary pages of a World War I airman to letters that Amelia Earhart wrote to her parents in the event of her death. These will all

make the material come to life like never before.
