

# Fodor Las Vegas 2001

**Las Vegas** Thomas Ainlay 2003 Whether known as "The Entertainment Capital of the World" or Sin City, Glitter Gulch or even "Lost Wages" Nevada, the dazzling city of Las Vegas has undergone incredible transformation-from ancient watering hole to Mormon fort, from whistle stop to mob-run profit center-to become the fastest-growing urban community in the nation. Home to nearly 1.5 million residents, a melting pot of races and cultures, this great metropolis boasts a thrilling history of vices and virtues but, above all, a steadfast and uncompromising spirit.

**Fodor's Las Vegas 2012** Fodor's 2011-11-22 Provides information on accommodations, restaurants, shopping, outdoor activities, nightlife, and local attractions.

**Las Vegas** Deke Castleman 2001 "Effective Personal Communication Skills for Public Relations analyses how to transform your communications by managing the way you think, act, create messages and network. Covering the 'soft skills' of communications practice, it identifies the key elements used by outstanding communicators. This essential guide offers practical advice and guidance on understanding new trends and challenges facing communicators, particularly in the use of word-of-mouth, networking and branding."--BOOK JACKET.

**Stigma Cities** Jonathan Foster 2018-09-27 Growing up in Birmingham, Alabama, a city that he loved, Jonathan Foster was forced to come to grips with its reputation for racial violence. In so doing, he began to question how other cities dealt with similar kinds of stigmas that resulted from behavior and events that fell outside accepted norms. He wanted to know how such stigmas changed over time and how they affected a city's reputation and residents. Those questions led to this examination of the role of stigma and history in three very different cities: Birmingham, San Francisco, and Las Vegas. In the era of civil rights, Birmingham became

known as "Bombingham," a place of constant reactionary and racist violence. Las Vegas emerged as the nation's most recognizable Sin City, and San Francisco's tolerance of homosexuality made it the perceived capital of Gay America. *Stigma Cities* shows how cultural and political trends influenced perceptions of disrepute in these cities, and how, in turn, their status as sites of vice and violence influenced development decisions, from Birmingham's efforts to shed its reputation as racist, to San Francisco's transformation of its stigma into a point of pride, to Las Vegas's use of gambling to promote tourism and economic growth. The first work to investigate the important effects of stigmatized identities on urban places, Foster's innovative study suggests that reputation, no less than physical and economic forces, explains how cities develop and why. An absorbing work of history and urban sociology, the book illuminates the significance of perceptions in shaping metropolitan history.

After countless arguments over lunch, Las Vegas' best-known dining writers accomplished the impossible and came up with a list of the eateries all three could recommend. In *Eating Las Vegas*, John Curtas, Max Jacobson and Al Mancini spotlight the 50 restaurants about which they could agree were must-stops for foodies, tourists, and locals searching for an unforgettable meal in a city that boasts more than 2000 places for eating out. As added bonuses, *Eating Las Vegas* features lists of the best restaurants in a dozen categories and a special veto section, including some of the eateries prized by one critic and rejected by the others.

It opens with some of the last writings of two of the giants in the discipline, Fernando Ortiz Monasterio and Daniel Marchac, whose contributions set the tone and standard for the rest of the book. In all, there are ten sections covering every aspect of plastic surgery. A very wide range of surgical procedures that can be utilized by the plastic surgeon in training as well as by the established plastic surgeon are described in detail, and in the case of the face, nonsurgical treatments are also fully considered. *Fodor's Exploring New York City* Mick Sinclair 2002 "Alentejo Blue is the story of the Portuguese village of Mamarrosa, told through the lives of

those who live there and those who are passing through - men and women, children and old people, locals, tourists and expatriates." "For some, such as Teresa, a beautiful, dreamy village girl, it is a place from which to escape; for others - the dysfunctional Potts family - it is a way of running from trouble (but not eluding it). Vasco, a cafe owner who has never recovered from the death of his American wife, clings to a notion that his years in the USA make him superior to the other villagers. One English tourist makes Mamarrosa the subject of her fantasy of a new life, while for her compatriots, a young engaged couple, Mamarrosa is where their dreams finally fall apart." "At the book's opening an old man reflects on his long and troubled life in this beautiful and seemingly tranquil setting, and anticipates the return of Marco Afonso Rodrigues, the prodigal son of the village and a symbol of this now fast-changing world. The homecoming is the subject of continuing speculation, and when Marco Afonso Rodrigues does finally appear, villagers, tourists and expatriates are brought together and their jealousies, passions and disappointments must inevitably collide."--BOOK JACKET.
