Contested Waters Jeff Wiltse 2009-11-30 From nineteenth-century public baths to today's private backyard havens, swimming pools have long been a provocative symbol of American life. In this social and cultural history of swimming pools in the United States, Jeff Wiltse relates how, over the years, pools have served as asylums for the urban poor, leisure resorts for the masses, and private clubs for middle-class suburbanites. As sites of race riots, shrinking swimsuits, and conspicuous leisure, swimming pools reflect many of the tensions and transformations that have given rise to modern America.

Extreme Origami Won Park 2012-10-15 Won Park has taken the ancient art of origami to a whole new level. Using American currency, Park transforms dollar bills into creative works of art. He relies on the fibrous quality of the paper to fold, bend and twist hundreds of times per model without tearing. With no cutting and no pasting, Park is able to incorporate the details on the bills into his model designs. His signature koi fish is folded in such a way that the patterns on the dollar bill become the scales on the fish, and even the facial features fall in exactly the right place. His designs include a wide array of vehicles, animals, and mythical creatures. In this book, step-by-step instructions are provided for 20 distinct models that are bound to challenge even the most proficient folders. The challenge includes a Formula 1 race car, a toilet, a butterfly, a koi fish, a scorpion, a sea turtle, a fox, an ox, a marlin, a car, a praying mantis, a dragon, a spider, a stag beetle, a stegosaurus, a bat, Pegasus, a fighter jet, a battle tank, and a pig. All models can be made with either one or two dollar bills. Why worry about the declining value of the U.S. dollar? Follow the instructions in this book, and you can transform your dollars into works of art!

America's Switzerland James H. Pickering 2005-08-15 America's Switzerland, a companion volume to *This Blue Hollow*, is the first comprehensive history of Rocky Mountain National Park and its neighboring town, Estes Park, during the decades when travel became a middle-class rite of summer. Drawing on a wide variety of primary sources and extensive archival research, James H. Pickering reveals how the evolution of tourism and America's fascination with the "western experience" shaped the park and town from 1903 to 1945. America's Switzerland provides extensive information, much of it new to historical literature, on how Estes Park and Rocky Mountain National Park - the most visited national park west of the Mississippi - developed to welcome ever-growing crowds. Pickering profiles the individuals behind the development and details the challenges park and town confronted during decades that included two world wars and the Great Depression.

Chicago by the Book The Caxton Club 2018-11-20 Despite its rough-and-tumble image, Chicago has long been identified as a city where books take center stage. In fact, a volume by A. J. Liebling gave the Second City its nickname. Upton Sinclair's *The Jungle* arose from the midwestern capital's most infamous industry. The great Chicago Fire led to the founding of the Chicago Public Library. The city has fostered writers such as Nelson Algren, Saul Bellow, and Gwendolyn Brooks. Chicago's literary magazines *The Little Review* and *Poetry* introduced the world to Eliot, Hemingway, Joyce, and Pound. The city's robust commercial printing industry supported a flourishing culture of the book. With this beautifully produced collection, Chicago's rich literary tradition finally gets its due. *Chicago by the Book* profiles 101 landmark publications about Chicago from the past 170 years that have helped define the city and its image. Each title—carefully selected by the Caxton Club, a venerable Chicago bibliophilic organization—is the focus of an illustrated essay by a leading scholar, writer, or bibliophile. Arranged chronologically to show the history of both the city and its books, the essays can be read in order from Mrs. John H. Kinzie's 1844 *Narrative of the Massacre of Chicago* to Sara Paretsky's 2015 crime novel *Brush Back*. Or one can dip in and out, savoring reflections on the arts, sports, crime, race relations, urban planning, politics, and even Mrs. O'Leary's legendary cow. The selections do not shy from the underside of the city, recognizing that its grit and graft have as much a place in the written imagination as soaring odes and boosterism. As Neil Harris observes in his introduction, "Even when Chicagoans celebrate their hearth and home, they do so while acknowledging deep-seated flaws." At the same time, this collection heartily reminds us all of what makes Chicago, as Norman Mailer called it, the "great American city." With essays from, among others, Ira Berkow, Thomas Dyja, Ann Durkin Keating, Alex Kotlowitz, Toni Preckwinkle, Frank Rich, Don Share, Carl Smith, Regina Taylor, Garry Wills, and William Julius Wilson; and featuring works by Saul Bellow, Gwendolyn Brooks, Sandra Cisneros, Clarence Darrow, Erik Larson, David Mamet, Studs Terkel, Ida B. Wells-Barnett, Frank Lloyd Wright, and many more.

Park 2014-09-09 Central Park, in the heart of New York City, is more than just a beautiful urban park. With every season, life moves forward and creates stories: Two rabbits in the spring grow into a family by winter; baby boys and girls born in early summer become tots come fall; warm-weather teen skateboarders go snowboarding when frost blankets the ground; trees change color, leaves fall, ponds freeze, and somehow

those little squirrels always find a way to make trouble. All these stories are here for you to find in Park—and you can also create your own. This humongous book unfolds to almost 5 feet, so you can crawl right into the stories and discover every little detail that Central Park has to offer you. My Gerbil and Me Engelbert Kötter 2002 To thrive, these friendly little animals require companionship with other gerbils, which means that owners should keep more than one. Gerbils also enjoy being gently held by their owners. Books in this series are written especially for inexperienced pet owners, for parents whose kids would like to have a pet, and for kids who simply want to learn more about animals that make good pets. Boys and girls are also introduced to the golden rules of pet care, and are advised on how to create affection and trust between themselves and their pets. Several gatefold pages in each book open wide to display attractive photo essays on animals and their care. Every book in this series contains approximately 80 full-color, high-quality photos, as well as instructive drawings.
