The Leaf Supply Guide to Creating Your Indoor Jungle Lauren Camilleri 2019-10-22 This book is a luxurious guide to creating the very densest of jungles in your living room. It's time to finally turn that thumb green. With this stunningly photographed greenery guide, anyone can master the art of making your living room thrive. When done correctly, curating any decent houseplant can be just as effective as hanging a beautiful work of art. After all, our green companions are known to be beneficial for mental health and for general health (being oxygenators), as well as a key element of any well-balanced interior. Lauren and Sophia run the wildly successful nursery and interior-design store Leaf Supply, in Sydney, Australia. They wrote a beautifully designed book by the same name in 2018. Now, with *Indoor Jungle*, they explain (in layperson's terms) how to best transform your house into a veritable greenhouse. In this sequel of sorts, Lauren and Sophia cast their plant-loving net far wider than simply fabulous Australian interiors, featuring jungle-y architecture from around the world! For each spread of beautifully verdant interiors, the duo breaks down how the foliage within is surviving (and thriving). Ablaze with jaw-dropping photography, *Indoor Jungle* will deserve its own prominent place in your new, improved, and jungleified living room.

Leaf Supply Lauren Camilleri 2018-04-17 A beautiful and practical book on choosing and caring for over 100 easy-to-find houseplants, as well as inspiring plant styling advice and much more. Fresh flowers are great—everyone loves receiving them. But inevitably they're already on the way out the door (and into the trash) by the time they arrive. Plants—living, breathing, life-sustaining plants—are where it's at! Authors Lauren Camilleri and Sophia Kaplan really want you to love indoor gardening and growing as much as they do. Leaf Supply profiles and provides comprehensive (but easy to follow) care instructions for 100 houseplants—including tropical plants, palms, hanging plants, succulents, cacti, and more unusual varieties such as air plants and carnivorous plants—ensuring you learn and grow as your plant grows. But much more than a plant guide, Leaf Supply also gives interior styling advice on choosing the right pots for your plants—both aesthetically and practically—as well as best utilizing your space, making the most of your indoor greenery, plus advice on pet-friendly (as well as harmful) plants for your home. This is a comprehensive guide for any budding green thumb interested in greening their apartment or inside their home.

Gardener's Guide to Compact Plants Jessica Walliser 2019-06-11 Covering a broad array of landscape plants, including edibles, flowering and fruiting trees and shrubs, evergreens, and perennials, horticulturist Jessica Walliser takes a deep dive into the emerging category of compact plants. Whether short, narrow, columnar, or dwarf, this new and exciting group of plants provides the same decorative function as full-sized ornamental plants, but in a fraction of the space. Plus, edible compact plants offer comparable productivity, without having to add more square footage to the garden. In this comprehensive guide, Jessica uses her numerous contacts in the seed and plant production world to give space-challenged gardeners a heads up on what's new, as well as re-introducing a few traditional small-footprint favorites. In both urban and suburban neighborhoods, yards are shrinking, and big plants and gardens require too much maintenance for today's time-starved homeowners. If you're searching for plants that require less space and reduced day-to-day maintenance, dwarf shrubs and other compact plants to the rescue! With little to no pruning required, columnar trees, dwarf shrubs, mini veggies, short-statured perennials, and other compact

plants fill a much-needed niche. In the *Gardener's Guide to Compact Plants*, you'll discover fantastic, brand new dwarf and compact plant varieties you didn't even know existed. And, you'll learn how to grow more flowers, fruits, and veggies than ever before, no matter how much—or how little—space you have. It's the perfect book for homeowners with small yards, urban gardeners, container growers, or anyone looking to grow a beautiful and productive small-scale garden.
