

For The Love Of Animals The Autobiography Of A Veterinary Surgeon

Tell Me where it Hurts Nick Trout 2010 This title takes the reader to the heart of the trials and tribulations of life as a veterinary surgeon - a life filled with heartbreak, triumph, anxiety, and of course, cuddly pets and their variously crazy, desperate, and demanding owners.

Young James Herriot John Lewis-Stempel 2012-08-02 Set in Glasgow in the 1930s, Young James Herriot is the fascinating story of Herriot's formative years at veterinary college, recounting the tales behind his calling to work with animals and his early friendships. With no modern drugs, and a lot of trial-and-error, James sets about learning how to treat the local farm animals and the pets of city folk. Accompanied by a cast of eccentric professors and an ensemble of aspiring veterinarians, this book reveals a world now lost to us, showing how life in pre-war Britain changed an enthusiastic young student named Alf Wight into the man who would charm millions of readers the world over.

Vet Noir Robin Truelove Stronk DVM 2010-01-19 In the memoir *Vet Noir*, a seasoned veterinarian humorously recounts stories of animals she treated and the people who loved them. Robin Truelove Stronk owned her own veterinary practice in Vermont with her husband for twenty-four years where she often dealt with clients who expected too much, listened too little, arrived too late, and sometimes just fainted. With an entertaining style, Dr. Stronk shares not only her own professional challenges, but also the unique expectations of the animals' owners. From a New England dairy farmer who expected her to strip to the waist to assist his cow with a difficult birth, to the distraught owner who held her guinea pig up to the telephone so the veterinarian could hear the noise her pet was making, Dr. Stronk's anecdotes illuminate the delightful, sometimes tortuous, and very often amusing relationships between a pet, its owner, and the veterinarian. *Vet Noir* provides a light-hearted glimpse into the world of veterinary medicine where animals are

unconditionally loved and the people are kind beyond measure, dedicated, and splendidly appreciative—mostly when they are not being quirky, infuriating, and more often than not, unknowingly comical. *How to Examine a Wolverine* Philipp Schott, DVM 2021-09-28 Crammed with useful info, funny recollections, heartfelt anecdotes, and lots of cute furry creatures, a collection for all animal lovers! This collection of over 60 stories and essays, drawn from Dr. Schott's 30 years in small animal practice, covers an astonishing breadth of experiences, emotions, and species. Schott has tales of creatures ranging from tiny honeybees to massive Burmese pythons, although the emphasis is on dogs and cats and the interesting, often quirky, people who love them. He also doles out advice on current topics such as CBD oil, raw diets, and COVID-19, as well as the mysteries of catnip, dog flatulence, and duck erectile dysfunction. Schott's candor gives the reader a behind-the-scenes look at a profession that is much admired but often misunderstood. What is it really like to be a veterinarian? More to the point, what is it really like to be a veterinarian when confused pet parents call at 2:00 a.m.? Or when your patient bolts for the road? Or when you're asked to spay a dog on a resort's kitchen table? Readers will also learn how to make a sheep sit on its bum and, yes, how to examine a wolverine.

Tell Me Where It Hurts Nick Trout 2009-03-03 From the front lines of modern medicine, *Tell Me Where It Hurts* is a fascinating insider portrait of a veterinarian, his furry patients, and the blend of old-fashioned instincts and cutting-edge technology that defines pet care in the twenty-first century. For anyone who's ever wondered what goes on behind the scenes at your veterinarian's office, *Tell Me Where It Hurts* offers a vicarious journey through twenty-four intimate, eye-opening, heartrending hours at the premier Angell Animal Medical Center in Boston. You'll learn about the amazing progress of modern animal medicine, where organ transplants, joint replacements, and state-of-the-

art cancer treatments have become more and more common. With these technological advances come controversies and complexities that Dr. Trout thoughtfully explores, such as how long (and at what cost) treatments should be given, how the Internet has changed pet care, and the rise in cosmetic surgery. You'll also be inspired by the heartwarming stories of struggle and survival filling these pages. With a wry and winning tone, Dr. Trout offers up hilarious and delightful anecdotes about cuddly (or not-so-cuddly) pets and their variously zany, desperate, and demanding owners. In total, *Tell Me Where It Hurts* offers a fascinating portrait of the comedy and drama, complexities and rewards involved with loving and healing animals. Part ER, part Dog Whisperer, and part House, this heartfelt and candid book shows that while the technology has changed since James Herriot's day, the humanity and compassion remains unchanged. If you've ever had a pet or special place in your heart for furry friends, Dr. Trout's irresistible book is for you.

Fields and Pastures New John E. McCormack 1996 The warm and gently humorous memoir of a young veterinarian's first year of practice in Choctaw County, Alabama, in the early 1960s. "I can relate to Dr. McCormack on page after page of this book. In his writing he beguilingly captures the laughter and tears of the veterinary scene. A heartwarming read for the animal lover."--James Herriot.

The Secret Life of a Vet Rory Cowlam 2020-08-20 Honest and heartwarming account of the highs and lows of life as a vet, by lovable TV star Rory Cowlam. Rory Cowlam, otherwise known as Rory the Vet, has had a passion for animals for as long as he can remember. As a young boy, growing up in the countryside, he fell in love with the creatures that could be found both at home and in the neighbouring farms and fields. There was never any doubt in his mind as to what he wanted to do when he grew up. Now Rory's dreams of becoming a vet are a reality. He works in a busy London practice where his honest and emotional relationships with the animals and their owners have made him the relatable and approachable face of veterinary work. But, as Rory describes here with a mixture of his trademark openness and humour, what he couldn't have known as a small boy with his heart set on

becoming the next James Herriot, was what becoming a vet really entails. In an era when doctors and nurses are talking more openly about the realities of saving human lives, Rory shows what a vital service vets offer in caring for the animals that often form the very heart of the household. He describes the demanding experience of veterinary school, and offers a very human take on what it's like to treat animals, and the little talked about mental health implications that this pressured life or death industry holds. This is a frank and heart-warming account of chasing a childhood dream and learning to love the reality.

Beyond Supervet: How Animals Make Us the Best We Can Be Noel Fitzpatrick 2023-03-02 In this inspiring, uplifting and heart-warming memoir, world-renowned veterinary surgeon Professor Noel Fitzpatrick shares some of the most personal and powerful tales ever from his life as The Supervet. Picking up from where the Sunday Times bestselling *How Animals Saved My Life* left off, Noel shares the moving, heart-warming and often surprising stories of the animals that he has treated in his remarkable career. As he explores how our relationships with animals can bring out the best in each of us, we meet some of the wonderful animals he has tried to help, the families who love them and the deeply personal challenges Noel has faced along the way. It is animals like these who have taught Noel the valuable lessons of Love, Hope and Faith - lessons that have sustained him in his life beyond being the Supervet. This is the remarkable story of one man and the animals he has saved, animals who have - in turn - saved him.

My Patients Like Treats Duncan MacVean 2018-05-01 It's all fun and games until somebody ends up in a cone. Physicians used to make house calls. Today, a few veterinarians still do. Duncan MacVean, DVM, is one such vet. His patients range from cats and dogs to pigs and lizards—each of them a unique personality. Every animal and every home is different, but every owner is the same in their affection for their companions. Without warning, MacVean finds himself in odd situations: stepping into a basement full of free-flying bats or struck speechless by a pig who loves opera so much that she falls into a trance. The hilarious and the heartbreaking come together in this collection of true tales, all gathered

from his lifelong career. MacVean finds himself riding backwards atop a potbelly pig that bucks and kicks its way down the hall, knocking over a china cabinet in the process. One woman with terminal cancer earnestly wants to know where pets go when they pass away—will her beloved cat and dog join her in the afterlife? Navigating the finer elements of human and animal interaction isn't easy. Here, MacVean provides a glimpse into his experience with such relationships, always looking for the humor and light of every situation. With never a dull moment, his dedication to the animals of this earth and compassion for their human caretakers drives MacVean onward, from house to house, from patient to patient. This heartwarming collection of stories brings readers along for the ride, getting to know the curious creatures he treats and their perhaps sometimes even more curious humans. *My Patients Like Treats* is the perfect book for animal lovers or those who simply appreciate a good story.

Love at First Bite Yair Ben Ziony 2018-11-07 Four legged patients and Two legged masters In this collection of stories from his life, Israeli veterinarian Dr. Yair Ben Ziony shares his fascinating experiences with animals that moo, bark, bay, and purr. Whether describing days in his private small-animal clinic, his travel in the newly independent state of Israel tending to farm animals, or his four years in pre-revolutionary Iran managing a dairy farm, Ben Ziony writes with precision, wit, and charm. His sensitive eye reveals the beauty and nuance in every situation, as he evinces empathy not only for his four-legged patients but also for their two-legged masters, who often prove as intriguing and unpredictable as their charges. Each tale—be it amusing, sad, shocking, or simply strange—gives the reader fresh insight into the intricacies of the human-animal relationship. "Dr. Ben Ziony's surprising and perceptive stories will delight any animal lover and even any fan of human beings." Martha Moody, author of the American best-seller, *Best Friends*

A Yorkshire Vet: The Next Chapter Julian Norton 2020-02-06 As seen on *This Morning!* 'A magical memoir.' - Daily Mail Weekend Our Yorkshire Vet embarks on this newest adventure treating the animals and their assorted owners across the Yorkshire Dales. *A Yorkshire Vet:*

The Next Chapter follows Julian's veterinary stories and amusing anecdotes through his work as a mixed practice vet in North Yorkshire. Julian has spent over twenty years working in Thirsk, literally following in the footsteps of James Herriot - the world-renowned vet and author. This book follows Julian's passion for treating the animals under his care, be they cows, sheep, pigs, horses, alpacas or dogs and cats, along with the interesting and amusing characters who own and care for them. His voice, well known from his television work, rings out from the page - as does the humour, dedication and love for the animals. *A Yorkshire Vet: The Next Chapter* tracks Julian's work around the beautiful North York Moors and, more recently, around the Vale of York and the Yorkshire Dales from his new veterinary home in Boroughbridge, where the Herriot spirit lives on!

Ever By My Side Nick Trout 2012-02-07 "The lessons that these animals taught me have been subtle, startling, and inspirational, playing a small but vital part in helping to shape the person you see with the stethoscope around his neck." —Dr. Nick Trout New York Times bestselling author Nick Trout has captivated readers by taking them behind the scenes into the heartwarming—and sometimes heartrending—world of veterinary medicine. In *Ever By My Side*, Nick turns the lens inward to offer a funny, moving, and intimate memoir about how the pets he has had throughout his life have shaped him into the son, husband, father, and doctor he is today. Using his relationships with those beloved animals to tell his life story, Nick shares the profound lessons he's learned about friendship, loyalty, and resilience. The result is a moving story that speaks not just to animal lovers, but to any reader who appreciates the bonds we have with our loved ones, be they animal or human, and the lengths to which we go to nurture those bonds. Nick waxes nostalgic about his boyhood in a working-class British suburb, where a large German shepherd named Patch was the perfect companion to a scrawny, bookish boy in a neighborhood full of bullies. He writes about his relationship with his father, the man who nurtured Nick's dream of becoming a vet, even though he couldn't have imagined the career would lead his only son 3,000 miles away. He describes wooing his future wife

and stepdaughter and (perhaps most difficult of all) their ornery cat. And he offers a poignant chronicle of his daughter's devastating diagnosis of cystic fibrosis and how a little yellow Labrador retriever played an important role in bringing joy to their family when they needed it most. Alongside Nick's warm reflections, the pets in these pages come alive as irresistible characters in their own right and showcase the power of animals to offer a lifetime of consolation, guidance, and abiding affection. Tender, wry, and ruminative, *Ever By My Side* is a tribute to the power and beauty of ordinary life and a celebration of how pets make it all the sweeter and richer.

Drinking from the Trough Mary E. Carlson, DVM 2018-08-28 Mary Carlson didn't start out to become a veterinarian, let alone the owner and caretaker of cats (many), dogs (two, both huskies), and horses (some with manners, some without) in Colorado. She was a suburban Chicago girl; all she knew of the American West came from the stories her uncle, who had settled in northern Colorado, told her during his annual visits. But thanks to him, she ended up moving to Fort Collins, Colorado for college—and after falling in love with a man she'd become friends with in her final year of college, when he was a student at the CSU School of Veterinary Medicine, she remained there. Watching the work Earl did as a veterinarian inspired Mary to eventually leave her tenured teaching position and enter vet school, after which she opened her own, feline-exclusive clinic. Along the way, there were numerous pets, grueling years of vet school, a shattered hip, an enduring love, illness, and death—and the rediscovery that life, especially a life full of delightful animals, is worth living.

Love, Miracles, and Animal Healing Allen M. Schoen 1995 A heartwarming look at the spiritual bond between animals and humans.

All Dogs Go to Kevin Jessica Vogelsang 2015 ALL DOGS GO TO KEVIN is a humorous and touching memoir that will appeal to anyone who has ever loved an animal or lost hours in James Herriot's classic veterinary stories. You can't always count on people, but you can always count on your dog. No one knows that better than veterinarian Jessica Vogelsang. With the help of three dogs, Jessica is buoyed through adolescence,

veterinary school, and the early years of motherhood. Taffy, the fearsome Lhasa; Emmett, the devil-may-care Golden; and Kekoa, the neurotic senior Labrador, are always by her side, educating her in empathy and understanding for all the oddballs and misfits who come through the vet clinic doors. Also beside her is Kevin, a human friend who lives with the *joie de vivre* most people only dream of having. From the clueless canine who inadvertently reveals a boyfriend's wandering ways to the companion who sees through a new mother's smiling facade, Jessica's stories from the clinic and life show how her love for canines lifts her up and grounds her, too. Above all, this book reminds us, with gentle humor and honesty, why we put up with the pee on the carpet, the chewed-up shoes, and the late-night trips to the vet: because the animals we love so much can, in fact, change our lives.

World Wild Vet Evan Antin 2020-10-27 A wild look at our natural world for fans of Steve Irwin, James Herriot, and Bear Grylls Millions follow Dr. Evan Antin and his wildlife adventures through social media and on his popular Animal Planet television show *Evan Goes Wild*. Now in his first book, *World Wild Vet*, Evan takes us to the deep blue seas, swimming with giant whale sharks with “puppy dog eyes,” to jungles filled with venomous snakes (who are more afraid of you than you are of them), to a race across the savannah and against the clock to save rhinos from the clutches of poachers—all in the name of adventure and a deep love for the wild around us. Equal parts memoir, travelogue, and conservationist wake up call, *World Wild Vet* is an unforgettable exploration of the world we all call home and a love letter to the creatures we share it with.

My Patients and Other Animals Suzy Fincham-Gray 2018-04-10 A moving memoir of a life spent in the company of animals—a veterinarian sheds light on the universal experience of loving, healing, and losing our beloved pets, and the many ways they change our lives. The pursuit of a childhood dream has taken Suzy Fincham-Gray on a journey in veterinary medicine from pastoral farms on the English-Welsh border to emergency rooms in urban American animal hospitals, with thousands of stories collected along the way. In this unforgettable literary debut, she writes about some of the most emotionally challenging and rewarding cases of

her career. Like many physicians, Fincham-Gray tends to see her patients at often life-or-death moments. While dramatic, these stories expand into deeper explorations of our complex, profound relationships with the animals in our lives. She describes the satisfaction of diagnosing and treating difficult diseases and the universal experience of loving a pet, and—inevitably—raises questions about their end-of-life care. We meet Grayling, an Irish wolfhound in need of critical treatment; we learn about the fulfillment of caring for a chronically ill pet from the story of Zeke, a silver-brown tabby cat who likes to eat just a little too much; and we fall in love with Monty and Emma, Fincham-Gray's own adopted cat and dog, who change her life in joyful and unexpected ways. Fincham-Gray depicts the sleepless nights she spends waiting for her pager to call her to the clinic, the cutthroat competition among residents, and what it's really like to care for patients who can't advocate for themselves. Warm and humorous, Suzy Fincham-Gray is a rare breed—a clinician with an intimate, elegant literary style. She writes with the same tenderness she brings to her patients, whose needs she must meet with her mind, her hands, and her heart. "Suzy Fincham-Gray gives readers rare insight into the making of a compassionate doctor. Her passion for both science and the animals she cares for, combined with her eloquence as a writer, made me want Suzy as both my dogs' veterinarian and my own friend."—Teresa J. Rhyne, author of the #1 New York Times bestseller *The Dog Lived (and So Will I)*

The Other Family Doctor Karen Fine 2024-03-05 NEW YORK TIMES BESTSELLER • Calling all animal lovers! A heartwarming memoir about one woman's career as a vet and the unique role pets play in our lives • "Filled with compassion and wisdom, Karen Fine is a healer whose own wounds have deepened her gifts for bringing animals and their people comfort and peace." —Sy Montgomery, bestselling author of *The Soul of an Octopus* A tribute to our furry, feathery, scaly, and wet family members, *All Creatures Great and Small* meets *Being Mortal* in this compelling memoir of one woman's dream to become a veterinarian. Karen Fine always knew that she wanted to be a vet and wasn't going to let anything stop her: not her allergy to cats, and not the fact that in the

'80s veterinary medicine was still a mostly male profession. Inspired by her grandfather, a compassionate doctor who paid house calls to all his (human) patients, Dr. Fine persevered, and brought her Oupa's principles into her own practice, which emphasizes the need to understand her patients' stories to provide the best possible care. And in *The Other Family Doctor*, Dr. Fine shares all these touching, joyful, heartbreaking, and life-affirming tales that make up her career as a vet. There's: • The feral cat who becomes a creature out of a fable when he puts his trust in a young vet to heal his injured paw • The pot-bellied pig who grows too big to fit in the car but remains a cherished part of her family • The surprising colony of perfectly behaved ferrets • The beloved aging pet who gives her people the gift of accompanying them on one final family vacation • The dog who saves his owner's life in a most unexpected way Woven into Dr. Fine's story are, of course, also the stories of her own pets: the birds, cats, and dogs who have taught her the most valuable lessons—how caring for the animals in our lives can teach us to better care for ourselves, especially when life seems precarious.

What It Takes to Save a Life Kwane Stewart 2023-05-16 Mountains Beyond Mountains meets *Tattoos On the Heart* in this unforgettable, powerful, and stunningly-told memoir of a struggling veterinarian saving animals and humans on the streets of California - and how he discovered what bonds all living creatures. Dr. Kwane Stewart was questioning his career as a veterinarian when he saw a homeless man with a flea-infested dog outside of a convenience store. In a moment of spontaneous generosity, he offered to examine the dog and treat him for free. It was the first step in a now nine-year journey that has taken Dr. Kwane from Skid Row to San Francisco and beyond to care for pets and their humans who are living on the streets. In *What It Takes to Save a Life*, Dr. Kwane shows how our four-legged, feathered, scaled, and swimming family members—these dogs, cats, birds, reptiles, and other animals that live side by side with us—provide more than companionship. They offer essential love, hope, and a sense of security. Written with striking honesty and rich detail, Dr. Kwane looks back on his childhood, how he

discovered his appreciation for animals and his calling, and offers a frank assessment of the state of veterinary medicine today, where compassion fatigue, burnout, and suicide are facts of life. Full of warm and inspiring stories of human-animal relationships, this powerful and eye-opening book is a reminder that we are all members of a wider family. It is also a clarion call for each of us to help those in need—especially our most vulnerable brothers and sisters—and the animals who are their families. Wise and warm, Dr. Stewart's story is a reminder that one life can make an immeasurable difference.

Vet in Harness James Herriot 2012-06-28 From the author whose books inspired the BBC series All Creatures Great and Small, *Vet in Harness* is the fourth volume of James Herriot's classic memoirs; a book for all those who find laughter and joy in animals, and who know and understand the magic and beauty of Britain's wild places. The Yorkshire dales have never seemed more beautiful for James - now he has a lovely wife by his side, a partner's plate on the gate and the usual menagerie of farm animals, pets and owners demanding his constant attention and teaching him a few lessons along the way. All of the old Darrowby friends are on top form - Siegfried thrashes round the practice, Tristan occasionally buckles down for finals and James is signed up for a local cricket team. 'I grew up reading James Herriot's books and I'm delighted that thirty years on, they are still every bit as charming, heartwarming and laugh-out-loud funny as they were then' - Kate Humble 'Herriot's enchanting tales of life in the Dales are deservedly classics. Full of extraordinary characters, animal and human, the books never fail to delight' - Amanda Owen, bestselling author of *The Yorkshire Shepherdess*

All Dogs Go to Kevin Jessica Vogelsang 2015-07-14 ALL DOGS GO TO KEVIN is a humorous and touching memoir that will appeal to anyone who has ever loved an animal or lost hours in James Herriot's classic veterinary stories. For the Love of Animals James Greenwood 2023-07-06 'A joy to read' - SARA COX Growing up in Yorkshire and with farming blood in his genes, James Greenwood always knew he would end up as a vet. Animals have been part of James' life for as long as he can remember, from pulling lambs on a hilltop farm as a child and having stick insects crawling out of his school uniform in class, to renting a flat behind a zoo in Jersey and finding himself treating a newborn baby elephant as a newly qualified vet. Written with his trademark warmth and humour, James offers a fascinating insight into the world of veterinary medicine with tales of treating cats and dogs, horses, pigs and cows, as well as delving deep into his relationship with his beloved and much-missed, one-eyed Labrador, Oliver. However, the path to realising his childhood ambition has not always been easy and at times he has questioned whether it truly is the best job in the world. Through all of the challenging lows and extraordinary highs, it has been the animals themselves that have spurred James on to want to continue vetting and helping him find his calling as a GP vet. Warm, poignant and full of heart, James' story is both a beautiful tribute to the role animals play in our lives and a rare glimpse into what it's really like to be a vet, and is perfect for fans of Matt Baker, *The Yorkshire Shepherdess* and *The Supervet*.

Love Is the Best Medicine Dr. Nick Trout 2011-01-25 A book guaranteed to touch anyone who has ever had a beloved pet... From instant New York Times bestseller, Dr. Nick Trout comes another

touching and heartfelt story from the front lines of veterinary medicine—the story of two dogs who forever changed the way he thought about life, death, fate and love. Helen is an older cocker spaniel found neglected and abandoned in a restaurant parking lot one rainy night. Despite her mangy condition and terrible smell, Ben and Eileen fall in love with the pitiful creature and decide to take her in. But just as Helen is rescued from a sad life on the streets and enveloped in a loving home with all the creature comforts an old dog could ask for, a tumor is discovered and she's given a devastating prognosis. All Ben and Eileen want is for Helen to beat the odds and survive for one more summer so that she can have one chance to swim in the ocean on the family's annual trip to Prince Edward Island. In short, they want a miracle. Meanwhile, fourteen-month-old miniature pinscher Cleo keeps breaking one leg after another which devastates her poor owner, Sandi. While Cleo is visiting Sandi's daughter, Sonja, in Bermuda, she succumbs to yet another fracture. Distraught that the injury happened on her watch, Sonja makes a plan to fly Cleo to Boston to get the specialist care she needs before Sandi even finds out. Enter Dr. Trout who presides over what should be a fairly routine surgery. What happens next forever links two families, their dogs and a beloved veterinarian and teaches them all a lesson about grace that resonates to this day. Love is the Best Medicine immerses you in the true life drama of beloved pets whose lives hang in the balance. Every page underscores the profound bond we have with the animals in our lives and the incredible responsibility Nick carries as their healer. Certainly Dr. Trout has an impressive array of fancy equipment, training and skills at his disposal, but his most important tool (as he persuasively illustrates here) is a fundamental belief in the power of hope, humility, and grace. Wry, charming, and intensely affecting, Love is the Best Medicine is a one of a kind story only the winsome Dr. Trout could deliver and is destined to become a favorite for animal lovers.

Yorkshire Vet 2 Julian Norton 2021-03-25 'A delightful read' RADIO TIMES 'Heartwarming tales' DAILY MAIL A celebration of the different creatures - great and small - that this Yorkshire vet has come to know

and love. Yorkshire Vet Julian Norton has spent his days as a mixed practice vet treating animals across the bucolic Yorkshire Dales. Julian's voice and humour - well known from his titular role in Channel 5's long-running series The Yorkshire Vet - leap out from every page as stories of drama and excitement unfold. Whether treating dogs, cows or sheep, Julian has come to recognise and appreciate the very particular ways in which healthy and happy animals express their well-being and contentment. Lambs will skip and gambol, cows will ruminate placidly, and the gentle sounds and soft curious facial expression of alpacas or llamas are enough to lift the spirits and warm the coldest of hearts. Here in All Creatures, Julian tells the stories of each of the eight species he has the good fortune to care for every day. He shares the heart-warming and life-affirming characteristics of animal happiness and once again reminds us of the power these creatures have to bring joy to us all.

How Animals Saved My Life: Being the Supervet Noel Fitzpatrick 2021-06-24 THE MASSIVE NUMBER 1 SUNDAY TIMES BESTSELLER It has been 30 years since Noel Fitzpatrick graduated as a veterinary surgeon, and that 22-year-old from Ballyfin, Ireland, is now one of the

leading veterinary surgeons in the world. The journey to that point has seen Noel treat thousands of animals - many of whom were thought to be beyond help - animals that have changed his life, and the lives of those around them, for the better. If the No.1 Sunday Times bestseller *Listening to the Animals* was about Noel's path to becoming *The Supervet*, then *How Animals Saved My Life* is about what it's like to actually be *The Supervet*. Noel shares the moving and often funny stories of the animals he's treated and the unique 'animal people' he has met along the way. He reflects on the valuable lessons of Integrity, Care, Love and Hope that they have taught him - lessons that have sustained him through the unbelievable highs and crushing lows of a profession where lives are quite literally at stake. As Noel explores what makes us connect with animals so deeply, we meet Peanut, the world's first cat with two front bionic limbs; eight-year-old therapy dachshund Olive; Odin, a gorgeous five-year-old Dobermann, who would prove to be one of Noel's most challenging cases - and of course his beloved companions Ricochet, the Maine Coon, and Keira, the scruffy Border terrier who is always by his side.

Animal Matters Charlotte Rea 2019-02-21 'Heartwarming and hilarious' Telegraph 'With as many horrifying stories as heart-warming ones, this is a fascinating look at the year in the life of a vet at a London animal charity hospital. There are some proper belly laughs as well as some insights that will truly stick with you.' - Alexandra Heminsley, Grazia An unusual 'dalmation', a TV star with cancer, an out of control budgie. Charlotte Rea has seen them all, and more. *Animal Matters* is Charlotte's diary of real-life cases written during a one year of her work as a veterinary surgeon in a 24-hour inner-city London animal charity. The diary reveals the reality of working as a vet, how it can be both emotional and amusing, one minute you can be consoling an owner on the loss of their much-loved pet, the next trying to catch an escaped budgie. Charlotte mixes deeply sad moments with amusing and unimaginable ones along with more detailed accounts and reflections back on her training and the experiences she has come up against over the decade since she graduated. Throughout the book you will get to know both the

animals and the people and how close the bond between us can be. Charlotte also discusses contemporary issues in veterinary medicine such as animal euthanasia, RSPCA welfare cases, mental health issues within the veterinary profession, ethical concerns around pedigree dog breeding and the laws on dangerous dogs. *Animal Matters* is a moving and heartwarming book about the unconditional love between animals and humans.

Lucky Dog Sarah Boston 2014-05-30 *Lucky Dog* is a hilarious and heartwarming memoir by a renowned veterinary oncologist who tells us what we can learn about health care and ourselves from our most beloved pets. What happens when a veterinary surgical oncologist (laymen's term: cancer surgery doctor) thinks she has cancer herself? Enter Sarah Boston: a vet who suspects a suspicious growth in her neck is thyroid cancer. From the moment she uses her husband's portable ultrasound machine to investigate her lump — he's a vet, too — it's clear this will not be your typical cancer memoir. She takes us on a hysterical and thought-provoking journey through the human health care system from the perspective of an animal doctor. Weaving funny and poignant stories of dogs she's treated along the way, this is an insightful memoir about what the human medical world can learn from the way we treat our canine counterparts. *Lucky Dog* teaches us to trust our instincts, be our own advocates, and laugh while we're doing it.

More Animals in My Life Grant Kendall 1998 Grant Kendall is a doctor of veterinary medicine. His love of horses brought him to central Kentucky, where there are plenty of horses to keep him busy and where he still lives. Because Kendall is a large animal vet specializing in horses, some of his most memorable stories are about them.

FELLA Danny K. Gilchrist 2013-11 A city boy, I had little association with animals, with the exception of a male English bulldog, Fella, who was my best friend until I was five years old. We played together, napped together and ate from the same bowl together when our mother wasn't looking. His broad tongue covered my whole head in two swipes and many giggles. I was five years old when he died but I remember him as though it was yesterday. The picture on the front cover is my Fella. He,

above all others instilled in me a love for all animals. I grew up in Canada, receiving a doctorate in veterinary medicine at the University of Guelph, Ontario Veterinary College. At the age of nineteen I dedicated the next two years of my life to my church, serving as a full time missionary for the Church of Jesus Christ of Latter-day Saints, in France and Switzerland. In the final week of my mission, I had an experience I have recorded in these pages that softened my heart and my head and led me down a path to my future life's work. The subsequent adventures are recorded in large part in this book. Life changing adventures and lessons learned in the small family farm barns, often in the dead of night, of central New York and northern Vermont, and within the welcome warmth of my clinic. A word of caution: if a cow has a bad cough from pneumonia, DO NOT stand behind her.

For the Love of Animals dr. Michel Klein 1979 A veterinary surgeon recounts his experiences with domestic and wild animals from all over the world.

All Creatures Great and Small James Herriot 2014-05-06 An English veterinarian reminisces about his life, career, and animal patients in a small village.

The Gift of Pets Bruce R. Coston, D.V.M. 2012-08-07 Bruce R. Coston's first book, *Ask the Animals*, earned him high praise for being another James Herriot. Now, in his delightful second memoir, Coston shares more rich stories about his animal patients and the clients who make veterinary practice so fulfilling. In this humorous, poignant, and enthralling collection, Coston explores what it is about the interaction with our pets that provides such profound companionship, and how a love for animals helps us to be more fully human. This ability to enrich and fulfill us is the Gift of pets. Coston's characters, both the people and the animals, will engage you from the first page. You'll meet Mr. Johnston, the linguist, and his Mountain of Love; Rachel, the office prankster; Coston's "girlfriend," Megan; and Mischief, the only patient Coston has ever had that helped to pay for her own surgery. You'll learn what a "sugar glider" is and how to give one mouth-to-mouth resuscitation. You'll marvel at Lisa, Coston's first veterinary technician,

and the courage that the Gift of pets gave her to reinvent herself and rekindle the dreams she thought she had squandered. *The Gift of Pets* celebrates what it's like to be truly blessed with a deep love and concern for the pets with which we surround ourselves. Coston invites all animal lovers to rejoice in that Gift with him in this inspiring book of true stories.

Dillie the Deer Melanie Butera 2015-10-27 A heartwarming and irresistible story of the profound bond between a deer named Dillie and the veterinarian who saved her life. In the summer of 2004, veterinarian Melanie Butera received an unexpected patient: a three-day-old, blind, dying fawn she called Dillie. Melanie doubted the deer would survive, but with the help of her husband Steve she miraculously nursed Dillie back to health. The tenacious deer quickly became a member of the family, running around the house with the dog, the cat, and the people, and enjoying all of the perks, including her own bedroom, plates of her favorite linguini, and swims in the family's pool. Mischievous and funny, Dillie opens cabinets, learns to climb stairs, turns the lights on and off, steals food, and showers her family with affection. Melanie and Steve gave Dillie a chance at life, and in return she has enriched theirs beyond measure. And when Melanie is diagnosed with cancer, the veterinarian who saved the life of a fawn is herself saved by the unconditional love of Dillie the deer. This heartwarming book is filled with insights about the animal world and the powerful bond between humans and the non-human creatures who love them.

The Man In The White Coat Roger L Welton DVM 2019-07-23 Becoming a veterinarian and working as a veterinarian is far more than playing with cute and fuzzy creatures. In this book, veterinarian Dr. Roger Welton offers readers an intimate look into his extraordinary life on his path to becoming a doctor of veterinary medicine, owner of two veterinary practices, creating one of the most frequented animal health media outlets in the world, and being recognized as a world renowned expert in veterinary integrative medicine. While a veterinary educational experience and a veterinary career are extraordinary, they are ultimately the culmination and realization of love of and reverence for animals,

uniquely coupled with a passion for science and the scientific method. These attributes do not suddenly appear out of thin air, but have their roots in who we are as people, what we experience in life, and the people that inspire us along the way. Dr. Roger (as his clients, readers, and podcast listeners refer to him) takes us from his beginnings as a little boy in New Jersey just fascinated with animals through to present day and all of the experiences in between that formed the man and veterinarian he is today. This book is great for both those with an interest in one day becoming a veterinarian or for people who simply love animals and want to know what it is like to be a veterinarian, and to share in the good feelings that come with moving stories of pets and the people who love them. As they embark on this journey with Dr. Roger, readers will learn that the road to achieving extraordinary goals is not paved in gold but instead paved with ups and downs, triumph and failure, elation and grief.

Every Living Thing James Herriot 2011-11-15 The #1 New York Times bestselling author of *All Creatures Great and Small* reflects on the rewards of training the next generation of veterinarians. As an aging James Herriot begins to see more house pets than livestock, the challenge of treating animals—and reassuring their owners—provides plenty of excitement, mystery, and moments of sheer delight. After building up his own practice, the renowned country vet begins to teach a new generation about a business both old-fashioned and very modern. He watches with pride as his own children show a knack for medicine, and remarks on the talents and quirks of a string of assistants. There is no perfecting the craft, since people and their animals are all remarkably different, but Herriot proves that the best healers are also the most compassionate.

The Animals and Their People Dr. Ed Mapes 2021-08-12 *The Animals and Their People: My Stories* By: Dr. Ed Mapes During his long years practicing veterinary medicine, Dr. Ed Mapes witnessed hilarious and heartbreaking moments alike. In this book, Dr. Mapes recounts stories that will ring true to any animal-lover. While he treated animals with different medical problems, Dr. Mapes knew he also had to learn their personalities and the individual traits of their owners, their "people", to

successfully handle each case. Although countless other veterinarians have published books about their experiences in the profession, *The Animals and Their People: My Stories* includes an uncommon perspective. Through his love for sailing, Dr. Mapes has discovered many similarities between the professions of veterinary medicine and sailing. His experience as a sailing instructor, competitive racer, and offshore sailor adds a unique touch to his stories. An expert storyteller, sailor, and veterinarian, Dr. Mapes weaves these passions into an emotional, comical, and profound book which keeps the reader anticipating the next tale to be told.

All Creatures Julian Norton 2021-03-25 'A delightful read' RADIO TIMES 'Heartwarming tales' DAILY MAIL A celebration of the different creatures - great and small - that this Yorkshire vet has come to know and love. Yorkshire Vet Julian Norton has spent his days as a mixed practice vet treating animals across the bucolic Yorkshire Dales. Julian's voice and humour - well known from his titular role in Channel 5's long-running series *The Yorkshire Vet* - leap out from every page as stories of drama and excitement unfold. Whether treating dogs, cows or sheep, Julian has come to recognise and appreciate the very particular ways in which healthy and happy animals express their well-being and contentment. Lambs will skip and gambol, cows will ruminate placidly, and the gentle sounds and soft curious facial expression of alpacas or llamas are enough to lift the spirits and warm the coldest of hearts. Here in *All Creatures*, Julian tells the stories of each of the eight species he has the good fortune to care for every day. He shares the heart-warming and life-affirming characteristics of animal happiness and once again reminds us of the power these creatures have to bring joy to us all.
