Growing Up with Prayer, Love, and the Red Dirt Road Cheryl Moffett 2022-05-02 I slowly raised my hand when the visiting pastor asked who wants change in their life. He looked at me and told me, "I have nothing for you, you need to write, just write. Your story needs to be heard." We were barely hitting top speed, flying down the hill, and the sound that blasted through the trees and above the pebbles scared us all. It was the blast of a horn from a log truck. This bellowing booming sound meant get out of the way! Our laughter turned into fear as we all turned back to see a large empty log truck barreling at us. Growing up in the heart of the deep East Texas woods with three channels on TV, we could not help but take our adventures outside. These stories will take you down the red dirt road we called home. We raced log trucks in a makeshift buggy, nearly burnt down Granny's house, danced in her shoes, created clubhouses out of anything not tied down, plus so many more. Looking back at these adventures, we laugh and wonder how we made it without broken bones or, worse, mishaps. We made it with prayer and a family's love for God and us. With each adventure you read, you will find a lesson learned I discovered along the way forty plus years later as I have grown into my faith. It's been there all along, all I needed was to slow down and be still.

Love for the Land Brooks Lamb 2023-07-25 A moving exploration of presence and place told through the stories of small-scale farmers who, despite intense adversity, continue caring for their land Love for the Land explores the power and potential of people-place relationships. Through clear and compelling prose, it elevates the virtues of imagination, affection, and fidelity—concepts promoted by farmer-writer Wendell Berry—and shows how they motivate small- and mid-scale farmers to care for the land, even in the face of adversity. Paying particular attention to farmland loss from suburban sprawl, rampant agricultural consolidation, and, for farmers of color, racial injustice, Brooks Lamb reckons with the harsh realities that these farmers face. Drawing from in-depth interviews and hands-on experiences in two changing rural communities, he shares stories and sacrifices from dozens of farmers, local leaders, agricultural service providers, and land conservationists. Lamb's rural roots and farming background enable him to cultivate honest, trusting connections with the farmers he engages, yielding raw and powerful insights. Time and again, compelling evidence reveals that stewardship virtues encourage people to live and act as devoted caretakers. With a refreshing, accessible, and engaging approach, Lamb argues that these resilient and often overlooked farmers show rural and urban people alike a way forward, one that serves people, places, and the planet. That path is rooted in love for the land.

Of Bears and Ballots Heather Lende 2020-06-30 "This book will inspire people to work with and for their neighbors in all kinds of ways!" —Bill McKibben, author of *Falter* Heather Lende was one of the thousands of women inspired to take an active role in politics during the past few years. Though her entire campaign for assembly member in Haines, Alaska, cost less than \$1,000, she won! And tiny, breathtakingly beautiful Haines isn't the sleepy town it appears to be. Yes, the assembly must stop bears from rifling through garbage on Main Street, but there is also a bitter debate about the fishing boat harbor and a vicious recall campaign that targets three assembly members, including Lende. In *Of Bears and Ballots* we witness the nitty-gritty of passing legislation, the lofty ideals of our republic, and the way our national politics play out in one small town. With her entertaining cast of offbeat but relatable characters, the writer whom the Los Angeles Times calls "part Annie Dillard, part Anne Lamott" brings us an inspirational tale about what living in a community really means, and what we owe one another.

The 25 Sitcoms That Changed Television Aaron Barlow 2017-12-01 This book spotlights the 25 most important sitcoms to ever air on American television—shows that made generations laugh, challenged our ideas regarding gender, family, race, marital roles, and sexual identity, and now serve as time capsules of U.S. history. What was the role of *The Jeffersons* in changing views regarding race and equality in America in the 1970s? How did *The Golden Girls* affect how society views older people? Was *The Office* an accurate (if exaggerated) depiction of the idiosyncrasies of being employees in a modern workplace? How did the writers of *The Simpsons* make it acceptable to air political satire through the vehicle of an animated cartoon ostensibly for kids? Readers of this book will see how television situation comedies have consistently held up a mirror for American audiences to see themselves—and the reflections have not always been positive or purely comedic. The introduction discusses the history of sitcoms in America, identifying their origins in radio shows and explaining how sitcom programming evolved to influence the social and cultural norms of our society. The shows are addressed chronologically, in sections delineated by decade. Each entry presents background information on the show, including the dates it aired, key cast members, and the network; explains why the show represents a notable turning point in American television; and provides an analysis of each sitcom that considers how the content was received by the American public and the lasting effects on the family unit, gender roles, culture for young adults, and minority and LGBT rights. The book also draws connections between important sitcoms and other shows that were influenced by or strikingly similar to these trendsetting programs. Lastly, a section of selections for further reading points readers to additional resources.

National Service, Citizenship, and Political Education Eric B. Gorham 1992-01-01 This book analyzes the issues surrounding civilian national service policy from a fresh and original perspective. The author connects national service programs to the political theories of civic republicanism and communitarianism, assesses the practical consequences of these theories, and examines past youth service programs such as the CCC and Peace Corps to see if they are appropriate models or ideals for a national program. Gorham engages the issue of compulsory versus voluntary service and questions whether service tasks can instill a sense of "citizenship" in young people, as defenders of the program claim. Using the work of Michel Foucault, Charles Taylor, Carole Pateman, and others, he suggests that national service, as presently planned, will not create the "citizen" so much as a post-industrial and gendered subject. In the concluding chapters, he presents an argument for a democratic national service and offers an alternative program for policymakers to consider.

Love, Inc. Laurie Essig 2019-02-05 The notion of "happily ever after" has been ingrained in many of us since childhood—meet someone, date, have the big white wedding, and enjoy your well-deserved future. But why do we buy into this idea? Is love really all we need? Author Laurie Essig invites us to flip this concept of romance on its head and see it for what it really is—an ideology that we desperately cling to as a way to cope with the fact that we believe we cannot control or affect the societal, economic, and political structures around us. From climate change to nuclear war, white nationalism to the worship of wealth and conspicuous consumption—as the future becomes seemingly less secure, Americans turn away from the public sphere and find shelter in the private. Essig argues that when we do this, we allow romance to blind us to the real work that needs to be done—building global movements that inspire a change in government policies to address economic and social inequality. *In Meeker Times* Lorna Idol, Ph.D. 2014-10-21 In *Meeker Times* is Lorna Idol's whimsical journal into the past, bringing forth into the present values that are likely to bring success to children regardless of where they are raised. She captures some of the essence of her experience of growing up in a very small town in the mountains and countryside of Northwestern Colorado where the residents in this small community helped to raise the children. In *Meeker Times* contains a collection of 28 stories, most are true and a few are whimsical. Lorna Idol brings to the reader's mind what it was like to grow up in an isolated, rural western town where three, four and even five generations of families live in the same town. Through her stories, she explores the various human characteristics and values that were taught to children in this small and distant place of living. Sometimes, she writes about outside people who did not fully understand about country living and the lessons to be learned. Sometimes, she extends her exploration to how sometimes human characteristics seem to flow over into the behaviors of animals, which abound in the rural life in Colorado. Sometimes, she muses about what might have happened. Primarily, she writes about true events that happened, especially to her ancestors. The stories are organized around seven values for living that were the essence of life and part of one's upbringing in growing and thriving in this small and closely knit community: On Falling in Love, On the Village Raising the Children, On Determination and Persistence, On Listening or Not, On Building Confidence, On Spiritual Practices and On Being Prepared.

Our Towns James Fallows 2018-05-08 NATIONAL BEST SELLER • The basis for the HBO documentary now streaming on HBO Max For five years, James and Deborah Fallows have travelled across America in a single-engine prop airplane. Visiting dozens of towns, the America they saw is acutely conscious of its problems—from economic dislocation to the opioid scourge—but it is also crafting solutions, with a practical-minded determination at dramatic odds with the bitter paralysis of national politics. At times of dysfunction on a national level, reform possibilities have often arisen from the local level. The Fallowses describe America in the middle of one of these creative waves. Their view of the country is as complex and contradictory as America itself, but it also reflects the energy, the generosity and compassion, the dreams, and the determination of many who are in the midst of making things better. *Our Towns* is the story of their journey—and an account of a country busy remaking itself.

A Paean to Pocasset Frank E. Heaston 2013-04 There were times of fear and worry, money shortage, casualties, and hardships of war, but there was serenity and love and the sharing of burdens and problems, but most of those who went through it all would gladly experience the time again. The struggles of Pocasset, Oklahoma, could be a challenge for any community, yet while history paints a bleak picture of times during the Depression and the Dust Bowl, Heaston reminds us how America's faithful survived and overcame life during the Depression, the Dust Bowl, and World War II—not to mention those frigid winters where the only source of heat was a small stove, which was far away from the icy cold blankets in the bedroom. In *A Paean to Pocasset* Frank E. Heaston remembers with longing what it was like to be young, launch fireworks, run barefoot, and learn hard work through a close-knit community and the family business. Life in a small town was anything but easy, yet it succeeded in producing vibrant, flourishing camaraderie for this small town. There were births and deaths, soldiers in war, and war efforts back home. The Depression was a way of life, and the Dust Bowl was just one more obstacle to overcome, making the community of Pocasset a stronger and more resilient town in the great history of America. Frank E. Heaston lives in Norman, Oklahoma, and is a professor in journalism. He has written several contributions for *Sooner Magazine* and can be contacted at frankheaston@gmail.com.

Small-Town America Robert Wuthnow 2015-05-26 A revealing examination of small-town life More than thirty million Americans live in small, out-of-the-way places. Many of them could have joined the vast majority of Americans who live in cities and suburbs. They could live closer to more lucrative careers and convenient shopping, a wider range of educational opportunities, and more robust health care. But they have opted to live differently. In *Small-Town America*, we meet factory workers, shop owners, retirees, teachers, clergy, and mayors—residents who show neighborliness in small ways, but who also worry about everything from school closings and their children's futures to the ups and downs of the local economy. Drawing on more than seven hundred in-depth interviews in hundreds of towns across America and three decades of census data, Robert Wuthnow shows the fragility of community in small towns. He covers a host of topics, including the symbols and rituals of small-town life, the roles of formal and informal leaders, the social role of religious congregations, the perception of moral and economic decline, and the myriad ways residents in small towns make sense of their own lives. Wuthnow also tackles difficult issues such as class and race, abortion, homosexuality, and substance abuse. *Small-Town America* paints a rich panorama of individuals who reside in small communities, finding that, for many people, living in a small town is an important part of self-identity.

This Is Where You Belong Melody Warnick 2017-07-04 In the spirit of Gretchen Rubin's megaseller *The Happiness Project* and Eric Weiner's *The Geography of Bliss*, a journalist embarks on a project to discover what it takes to love where you live The average restless American will move 11.7 times in a lifetime. For Melody Warnick, it was move #6, from Austin, Texas, to Blacksburg, Virginia, that threatened to unhinge her. In

the lonely aftermath of unpacking, she wondered: Aren't we supposed to put down roots at some point? How does the place we live become the place we want to stay? This time, she had an epiphany. Rather than hold her breath and hope this new town would be her family's perfect fit, she would figure out how to fall in love with it—no matter what. How we come to feel at home in our towns and cities is what Warnick sets out to discover in *This Is Where You Belong*. She dives into the body of research around place attachment—the deep sense of connection that binds some of us to our cities and increases our physical and emotional well-being—then travels to towns across America to see it in action. Inspired by a growing movement of placemaking, she examines what its practitioners are doing to create likeable locales. She also speaks with frequent movers and loyal stayers around the country to learn what draws highly mobile Americans to a new city, and what makes us stay. The best ideas she imports to her adopted hometown of Blacksburg for a series of Love Where You Live experiments designed to make her feel more locally connected. Dining with her neighbors. Shopping Small Business Saturday. Marching in the town Christmas parade. Can these efforts make a halfhearted resident happier? Will Blacksburg be the place she finally stays? What Warnick learns will inspire you to embrace your own community—and perhaps discover that the place where you live right now . . . is home.

The Little Way of Ruthie Leming Rod Dreher 2013-04-09 THE LITTLE WAY OF RUTHIE LEMING follows Rod Dreher, a Philadelphia journalist, back to his hometown of St. Francisville, Louisiana (pop. 1,700) in the wake of his younger sister Ruthie's death. When she was diagnosed at age 40 with a virulent form of cancer in 2010, Dreher was moved by the way the community he had left behind rallied around his dying sister, a schoolteacher. He was also struck by the grace and courage with which his sister dealt with the disease that eventually took her life. In Louisiana for Ruthie's funeral in the fall of 2011, Dreher began to wonder whether the ordinary life Ruthie led in their country town was in fact a path of hidden grandeur, even spiritual greatness, concealed within the modest life of a mother and teacher. In order to explore this revelation, Dreher and his wife decided to leave Philadelphia, move home to help with family responsibilities and have their three children grow up amidst the rituals that had defined his family for five generations—Mardi Gras, L.S.U. football games, and deer hunting. As David Brooks poignantly described Dreher's journey homeward in a recent New York Times column, Dreher and his wife Julie "decided to accept the limitations of small-town life in exchange for the privilege of being part of a community."

Women's Experiences in Leadership in K-16 Science Education

Communities, Becoming and Being Katherine C. Wieseman 2009-06-18 A discourse on women's leadership within science education has, until now, been largely invisible in book form. This, therefore, is the first book to address women's leadership within science education. The book embraces relational ways of knowing as a foundation for leadership and takes courageous steps by exposing our innermost tensions, dilemmas, and feelings about leadership, making them available to others. The power/promise of feminine approaches to transform traditional leadership cultures is also addressed. The authors believe that anyone can lead, regardless of position, title, years of experience or age. They also believe that each of us has a responsibility to provide some leadership and direction for the shared endeavours of which we are part. The purpose of the book is to inspire and guide educators and academics in K-16 science education, as well as individuals in other professions, as their leadership skills develop. The leadership activities provided offer guidance and/or concrete ways to delve into issues of leadership.

Charlie's Christmas Miracle AQEEL AHMED 2023-11-12 "Charlie's

Christmas Miracle" is a sweet story that takes place in a small village surrounded by snowy hills. Charlie is the main character. He is a happy, kind young man who loves Christmas. The holiday season makes him happy, from the bright lights to the smell of freshly baked cookies to the joy of giving and getting gifts. But things are different for Charlie and his family this year. They are having money problems and can't buy a Christmas tree or any ornaments for it. With a heavy heart, Charlie watches as his friends and neighbors get their homes ready for the holidays. One cold evening, Charlie had an idea. He makes up his mind to go into the woods and get a Christmas tree to decorate. Charlie packs warm clothes and is ready to go on his adventure. While Charlie sings his favorite Christmas song, the tree he picked starts to shine and glow. It was a magical moment for him in the forest. It's like the tree reacts to his happy music by getting brighter with each note. Charlie is so happy that he decorates the tree by hand with bells, bright ribbons, and pinecones made from twigs and leaves. The tree changes into a beautiful sight that casts a warm, welcoming glow throughout the forest. Charlie's happiness grows when a group of birds joins in and makes a beautiful song. After hearing about Charlie's Christmas surprise, people come from all over the world to see the magical tree in the forest. They bring their own trinkets and decorations to add to the beauty of the forest. The forest becomes a joyful and magical place where everyone can enjoy the real spirit of Christmas. On Christmas Eve, Charlie asks his family to come see the miracle tree. Their lips light up with wonder and excitement as they give him a tight hug, showing how proud they are of their smart and kind child. For a special event, everyone in town gathers around the magical tree to sing Christmas songs, give and receive gifts, and tell stories of love and kindness. The glow from the tree gets brighter, making everyone happy. As the clock hits midnight, Charlie makes a wish for his family, friends, and everyone else gathered around the magical tree to be happy, loved, and successful. A shooting star flashes across the sky, letting him know that what he wanted has come true. Charlie's family spends Christmas with a tree that is decorated with love and memories that are very important to them. They tell Charlie how much they appreciate him teaching them the real meaning of Christmas. The people in the area go back to see the miracle tree one more time and give food and blankets to the birds and animals that have made it their home. Even though the tree's light goes out, its magic lives on in the minds of everyone who saw it. From that day on, Charlie's town is known for its kindness, safety, and sense of community. A lot of people get together in the forest every year to enjoy Christmas and remember the miracle that brought them all together. Charlie's Christmas miracle becomes a beloved story that is told from one generation to the next. It reminds everyone that the real magic of Christmas is love, kindness, and joy shared with others. It shows that Christmas is a feeling that can be found in the smallest acts of kindness and in the strangest places. Charlie's Christmas miracle will always be a source of hope, inspiring people to enjoy the spirit of Christmas in their everyday lives.

The Story's Start: A little boy named Charlie used to live in a town surrounded by snowy hills. He was a happy, kind young man who loved Christmas more than anything else. It warmed his heart to see all the bright lights, smell the fresh cookies, and give and receive gifts. The small town was turned into a snow wonderland every December. Snowflakes would fall from the sky and cover the land in a beautiful, shiny blanket. The streets were full of the laughter of kids building snowmen and having snowball fights, and the homes were lit up with bright lights. But Charlie's Christmas was really amazing because of how much his family loved and cared for him. The house where Charlie's family lived was nice and on the edge of town. The smell of fresh cookies and the sound of laughter could always be heard in their house. They loved their child very much, and they loved Christmas as much as he did. They would make wonderful Christmas memories together. Charlie loved the event where everyone decorated the Christmas tree every year. In their cozy living room, they would gather around a beautiful evergreen tree that reached almost to the roof. The tree was placed by Charlie's grandfather a long time ago. It has grown tall and strong, just like their love for each other. It would take the Thompsons hours to find the perfect ornaments to put on the tree. Each ornament held a special memory for the person who owned it, like the bright construction paper and glitter ornament Charlie made in kindergarten or the beautiful glass ornament that has been passed down from generation to generation. As they put up the tree, they sang their favorite Christmas songs, which made their hearts full of love and joy. When Charlie's family was decorating the tree one cold December night, Charlie's dad saw a sad look on his son's face. He got down on his knees and asked Charlie, "What's wrong, buddy?" Mr. Thompson knew that his

son wanted to see the magic of the Christmas lights show, but they hadn't been able to buy any lights lately because money was tight. He looked at his wife, and the two of them shared a knowing look. Mrs. Thompson smiled and said, "Charlie, you know that the true magic of Christmas isn't in the lights or the decorations. It's in the love we share with each other. Let's make this Christmas special in our own way." Charlie tried to smile as he nodded, but he couldn't help but feel a little let down. That night, Charlie thought about what his mom had said as he lay in his warm bed. But even though he knew she was right, he still had to see the amazing light show that everyone was talking about. As he fell asleep, he wished on a sparkling star that there was a way for him to feel the magic of the lights. The next morning, Charlie woke up to find that there was new snow on everything outside. Getting out of bed and running to the window made his heartbeat fast with excitement. Everything looks and feels more beautiful when it snows, and it did today. After breakfast, Charlie chose to take a walk around town. As he walked through the snowy streets, he couldn't help but notice that everyone was busy getting ready for Christmas. Shop owners put flowers in their windows, families got warm to go ice skating, and friends gave each other gifts. Charlie couldn't help but feel left out. He wished he could be a part of all the holiday activities and share the joy of the season with his friends. He saw a sign in the town center that said, "Christmas Lights Display Tonight!" as he walked across town. Charlie's heartbeat faster. The show was tonight, but he didn't have any lights to add to it. There was magic around him, but he didn't know how to join in. Just as he was about to speak, he heard a voice he knew calling his name. Emily was his best friend. She ran up to him quickly and smiled big. It was "Charlie!" she yelled. "Guess what? Our family has some extra Christmas lights, and we don't know what to do with them. Would you like to help us decorate our house for the display tonight?" Charlie's eyes sparkled with joy. "Oh, Emily, that would be great! Thanks so much!" Charlie put up Christmas lights on Emily's family's house in the afternoon. They put them around the windows and hung them over the bushes. Charles couldn't believe how lucky he was. He was going to be a part of the beautiful light show, after all. As night fell, Charlie, Emily, and her family joined the other people in the town square. It looked like something from a fairy tale because the whole square was lit up with bright lights. It looked like the stars, clouds, and even a huge Christmas tree was lit up with hundreds of lights. Charlie's family would put up their Christmas tree together every year. They would sing Christmas songs and hang colored ornaments and gold tinsel for hours on end. But this year was different. Charlie's family was having money problems, so they couldn't buy a Christmas tree or any other decorations. As Charlie looked on, his friends and neighbors were decorating their houses for the holidays. It broke his heart. For as long as Charlie could remember, the best part of the holiday season was always decorating the Christmas tree. It was a beloved tradition that brought his family closer together and made memories that would last a lifetime. Every year, they would plan to start this great project on a weekend in early December.

Habits of the Heartland Lyn C. Macgregor 2013-09-15 Although most Americans no longer live in small towns, images of small-town life, and particularly of the mutual support and neighborliness to be found in such places, remain powerful in our culture. In *Habits of the Heartland*, Lyn C. Macgregor investigates how the residents of Viroqua, Wisconsin, population 4,355, create a small-town community together. Macgregor lived in Viroqua for nearly two years. During that time she gathered data in public places, attended meetings, volunteered for civic organizations, talked to residents in their workplaces and homes, and worked as a bartender at the local American Legion post. Viroqua has all the outward hallmarks of the idealized American town; the kind of place where local merchants still occupy the shops on Main Street and everyone knows everyone else. On closer examination, one finds that the town contains three largely separate social groups: Alternatives, Main Streeters, and Regulars. These categories are not based on race or ethnic origins. Rather, social distinctions in Viroqua are based ultimately on residents' ideas about what a community is and why it matters. These ideas both reflect and shape their choices as consumers, whether at the grocery store, as parents of school-age children, or in the voting booth. Living with-and listening to-the town's residents taught Macgregor that while traditional ideas about "community," especially as it was connected with living in a small town, still provided an important organizing logic for peoples' lives, there were a variety of ways to understand and create community.
