The Other End of the Leash Patricia McConnell, Ph.D. 2009-02-19 Learn to communicate with your dog—using their language “Good reading for dog lovers and an immensely useful manual for dog owners.”—The Washington Post An Applied Animal Behaviorist and dog trainer with more than twenty years’ experience, Dr. Patricia McConnell reveals a revolutionary new perspective on our relationship with dogs—sharing insights on how “man’s best friend” might interpret our behavior, as well as essential advice on how to interact with our four-legged friends in ways that bring out the best in them. After all, humans and dogs are two entirely different species, each shaped by its individual evolutionary heritage. Quite simply, humans are primates and dogs are canids (as are wolves, coyotes, and foxes). Since

we each speak a different native tongue, a lot gets lost in the translation. This marvelous guide demonstrates how even the slightest changes in our voices and in the ways we stand can help dogs understand what we want. Inside you will discover:

- How you can get your dog to come when called by acting less like a primate and more like a dog
- Why the advice to “get dominance” over your dog can cause problems
- Why “rough and tumble primate play” can lead to trouble—and how to play with your dog in ways that are fun and keep him out of mischief
- How dogs and humans share personality types—and why most dogs want to live with benevolent leaders rather than “alpha wannabes!”

Fascinating, insightful, and compelling, *The Other End of the Leash* is a book that strives to help you connect with your dog in a completely new way—so as to enrich that most rewarding of relationships.

Why We Love Dogs Kim Levin 1998-09 This endearing gift book celebrates the unique

connection between dogs and their human companions. There are reasons dogs are our best friends: They are loyal, affectionate, and totally committed to us. Or as photographer/writer Kim Levin puts it: "Because they look us in the eye." "Because they have wrinkles, too." "Because they are family." In this charming book, Levin artfully combines photographs with simple, insightful prose; the result is an ode that celebrates the wonders of dogs. Soulful beagle eyes. A grinning hound luxuriating in the sun. In these poignant photos, Levin captures each dog's essence and illuminates the myriad reasons why we love dogs. In America alone, 40 million people own more than 50 million dogs. Of those dedicated dog owners, about 13 million Americans say they're as attached to their dogs as they are to their best friends; some six million people rank their dogs right up there with their children. That's why everyone who has ever cherished a beloved dog—whether large or small, pure-bred or mutt—will delight in this book filled

with heartwarming words and pictures to commemorate their special closeness.

For the Love of Dogs Allison Weiss Entrekin 2011-02 Different qualities and aspects of dogs are illustrated by each letter of the alphabet, explaining the characteristics that make them so lovable and valuable to society.

For the Love of a Dog Patricia McConnell, Ph.D. 2007-08-28 Yes, humans and canines are different species, but current research provides fascinating, irrefutable evidence that what we share with our dogs is greater than how we vary. As behaviorist and zoologist Dr. Patricia McConnell tells us in this remarkable new book about emotions in dogs and in people, more and more scientists accept the premise that dogs have rich emotional lives, exhibiting a wide range of feelings including fear, anger, surprise, sadness, and love. In *For the Love of a Dog*, McConnell suggests that one of the reasons we love dogs so much is that they express emotions in ways similar to humans. After all, who can

communicate joy better than a puppy? But not all emotional expressions are obvious, and McConnell teaches both beginning dog owners and experienced dog lovers how to read the more subtle expressions hidden behind fuzzy faces and floppy ears. For those of us who deeply cherish our dogs but are sometimes baffled by their behavior, *For the Love of a Dog* will come as a revelation—a treasure trove of useful facts, informed speculation, and intriguing accounts of man's best friend at his worst and at his very best. Readers will discover how fear, anger, and happiness underlie the lives of both people and dogs and, most important, how understanding emotion in both species can improve the relationship between them. Thus McConnell introduces us to the possibility of a richer, more rewarding relationship with our dogs. While we may never be absolutely certain what our dogs are feeling, with the help of this riveting book we can understand more than we ever thought possible.

Sixteen dogs and their roles in 50 years of the author's life are described. This is a book about the love of dogs, the pain of losing them, the joy of traveling and living with them, and the effects they have on our lives. It also details the author's growing up in Alaska, relationships, moves to various states, and struggles to survive life's tragedies, all with the help of her dogs. Additionally, this book details her work as a humane society director and volunteer in various states. The powerful bond between humans and dogs and what the love and companionship of a dog can mean are key themes.

The Life and Love of Dogs Lewis Blackwell 2014-09-23 "For all dog lovers, The Life and Love of Dogs offers hundreds of incredible images by acclaimed photographers from around the world. For the Love of Dogs Marty Becker, DVM 2012-09-04 Make no bones about it: If a dog rules your home—and your heart—you'll love this compelling, laugh-out-loud, and tear-jerking collection of true stories of some incredible, endearing, and courageous canines. With chapters on Four-Legged Family Members, The Common Bond, Teachers and Healers, and Unconditional Love, *For the Love of Dogs* reveals the many ways our dogs enrich our lives

emotionally, physically, and spiritually. For example, Rocky is a trouble-making Golden Retriever pup who redeems himself when he saves an unsuspecting toddler's life; Hart is a Labrador who helps a traumatized teen find her voice; and Jazz is an agility dog whose fighting spirit and supportive family enabled her to beat her toughest competition—a cancer diagnosis. On the lighter side, there are humorous stories about dogs like Stewie, who was sold to his new owner as a purebred Yorkie. Soon, when this supposed 'toy breed' maxes out at twenty pounds, Stewie reveals his true identity as a \$750 mutt. Even so, Stewie's owner doesn't mind the price, the pedigree, or sharing his postage stamp-sized place, because Stewie has captured his heart. *For the Love of Dogs* is a "paws"-itively captivating read for anyone who's crazy about canines.

For the Love of Dogs Candace Lewallen Kloxin 2011-08 They love us unconditionally. They comfort us, protect us, grieve with us, rescue us,

entertain us, lower our stress levels and delight us. We goggle over them as puppies, put up with their sometimes destructive behavior, photograph them, dress them up, take them with us almost everywhere and show them off to others. When they die we are devastated. They are the dogs we love. As I looked in the hand carved wooden keepsake box that belonged to my mother, I found photos of old beaus, friends and special memory items. Among them were older pictures of different dogs, labeled with their names. My mother was a unique person, very romantic, thoughtful and artistic. Her dogs were a part of our beloved family unit. In this book she writes about the special relationships with these valued family members from the beginning of her life to her latter years. My brother and I compiled and minimally edited these stories along with the memory of my experience in caring for Mother in her latter years. We are hoping others will enjoy these stories and the photos along with us. The front

cover is a painting done by Mom from a photo of my son Michael Kloxin. The small picture on this page is of my brother Dick Lewallen, me and our mother Hortense Lewallen. Candy Kloxin

Beloved Dog Maira Kalman 2017-10-31 Maira Kalman, with wit and great sensitivity, reveals why dogs bring out the best in us Maira Kalman + Dogs = Bliss Dogs have lessons for us all. In *Beloved Dog*, renowned artist and author Maira Kalman illuminates our cherished companions as only she can. From the dogs lovingly illustrated in her acclaimed children's books to the real-life pets who inspire her still, Kalman's *Beloved Dog* is joyful, beautifully illustrated, and, as always, deeply philosophical. Here is Max Stravinsky, the dog poet of Oh-La-La (Max in Love)-fame, and her own Irish Wheaton Pete (almost named Einstein, until he revealed himself to be "clearly no Einstein"), who also made an appearance in

the delightful *What Pete Ate: From A to Z*. And of course, there is Boganch, Kalman's in-laws' "big black slobbering Hungarian Beast." And that's just the beginning. With humor and intelligence, Kalman gives voice to the dogs she adores, noting that they are constant reminders that life reveals the best of itself when we live fully in the moment and extend unconditional love. "And it is very true," she writes, "that the most tender, complicated, most generous part of our being blossoms without any effort, when it comes to the love of a dog."

The Life and Love of Dogs Lewis Blackwell 2014-09-30 Following the successful book *The Life and Love of Cats*, this beautiful photographic survey of dogs also contains insightful text exploring our unique relationship with dogs throughout history.

Dogs Never Lie About Love Jeffrey Moussaieff Masson 1998-09-08 Dogs fill our hearts with love and our minds with wonder, but their emotional

lives have remained unexplored since Darwin 125 years ago. Now in *Dogs Never Lie About Love*, controversial psychoanalyst Jeffrey Masson brilliantly navigates the rich inner landscape of "our best friends." As he guides readers through the surprising depth of canine emotional complexity, Jeffrey Masson draws from myth and literature, from scientific studies, and from the stories and observations of dog trainers and dog lovers around the world. But the stars of the book are the author's own three dogs whose delightful and mysterious behavior provides the way to exploring a wide range of subjects--from emotions like gratitude, compassion, loneliness, and disappointment to speculating what dogs dream of and how their powerful sense of smell shapes their perception of reality. As he sweeps aside old prejudices on animal behavior, Masson reaches into a rich universe of dog feeling to its essential core, their "master emotion": love. Like the dogs he loves, Masson's writing will capture the reader with its

playful, mysterious, and serious sides. Its surprising insights provide a new dimension of understanding for dog owners everywhere. *For the Love of Dogs* Pam Foslin 2017-12-27

2018-03-06 A book for dog lovers everywhere. Celebrating the amazing relationships shared with our four-legged friends, each story recounts the love of dogs and the powerful ways dogs impact our lives. In this heartwarming collection of stories, readers meet 38 incredible dogs who have gone above and beyond the job description of best friend. Each uplifting story provides an inspiring look at the animals who change our lives. Meet rescue dogs who learn to serve others, working dogs who go beyond the call of duty, and underdogs who surmount extraordinary challenges on the road to finding their forever home. This treasury of man's best friend features photographs and personal

anecdotes from those who have been touched by the selfless love of a beloved pet. Readers will be inspired by... Extraordinary reunions: A dog is rescued from Aleppo, Syria, and reunited with his family in Canada, where they had relocated in 2015 after a missile destroyed their home. Friendships meant to be: When a prosthetics clinic scheduled appointments for 9-year-old Avery and shelter puppy Hattie Mae on the same day, a fateful encounter leads to a lifelong friendship built on combatting disability. Heroic acts: Shaya, a crime-fighting dog trained to track illegal poachers, hurt his leg chasing an injured rhino. The leg had to be amputated, but Shaya goes right back to work protecting animals. True devotion: As he was participating in China's Four Deserts Gobi March, a six-day foot race, Dion Leonard met a dedicated pup who accompanied him for about 120 miles. Afterward, he decides to adopt the dog.

The Grace of Dogs Andrew Root 2018-06-05 In

the bestselling tradition of *Inside of a Dog* and *Marley & Me*, a smart, illuminating, and entertaining read on why the dog-human relationship is unique--and possibly even "spiritual." Dr. Andrew Root's search for the canine soul began the day his eight-year-old son led the family in a moving Christian ritual at the burial service for Kirby, their beloved black lab. In the coming weeks, Root found himself wondering: What was this thing we'd experienced with this animal? Why did the loss hurt so poignantly? Why did his son's act seem so right in its sacramental feel? In *The Grace of Dogs*, Root draws on biology, history, theology, cognitive ethology (the study of animal minds), and paleontology to trace how in our mutual evolution, humans and dogs have so often helped each other to become more fully ourselves. Root explores questions like: Do dogs have souls? Is it accurate to say that dogs "love" us? What do psychology and physiology say about why we react to dogs in the way that we do? *The Grace*

of *Dogs* paints a vivid picture of how, beyond sentimentality, the dog-human connection can legitimately be described as "spiritual"--as existing not for the sake of gain, but for the unselfish desire to be with and for the other, and to remind us that we are persons worthy of love and able to share love. In this book for any parent whose kids have asked if they'll see Fido in Heaven, or who has looked their beloved dog in the face and wondered what's going on in there, Dr. Root delivers an illuminating and heartfelt read that will change how we understand man's best friend.

Still Standing Paul O'Grady 2012-10-11 THE SUNDAY TIMES BESTSELLER 'Funny, forthright and sharp as a knife . . . O'Grady writes just as he speaks.' Daily Mirror Lilian Maeve Veronica Savage, international sex kitten, was born on the steps of The Legs of Man public house, Lime Street, Liverpool on a policeman's overcoat. Her mother, the lady wrestler Hell Cat Savage, had no such luxuries as gas and air. She just bit down on the policeman's torch and recovered afterwards at the bar with a large pale ale... Paul O'Grady shot to fame via his brilliant comic creation, the blonde bombsite Lily Savage. In the first two parts of his bestselling and critically acclaimed autobiography, Paul took us through his childhood in Birkenhead to his first, teetering steps on stage. Now, in *Still*

Standing, for the first time, he brings us the no-holds-barred true story of Lily and the rocky road to stardom... Paul pulls no punches in this tale of bar room brawls, drunken escapades and liaisons dangereuses. And that's just backstage at the Panto... Along the way, we stop off at some extremely dodgy pubs and clubs, and meet a collection of exotic characters who made the world a louder, brighter and more hilarious place. From the chaos of the Toxteth riots and the Vauxhall Tavern police raid, to the mystery of who shot Skippy and the great chip pan fire of Victoria Mansions, Paul emerges shaken but not stirred. Still Standing will make you laugh and make you cry. Some of the stories might even make your hair curl. But it stands as a glorious tribute to absent friends and to a world which has now all but vanished. Readers love Still Standing: 'Paul makes you feel like he's chatting to you as a friend. The stories are bold, honest, sometimes hilarious, sometimes very sad.' ***** 'This had my crying, nervous and laughing out

loud. I would expect nothing less from the fabulously honest Paul O'Grady.' ***** 'He writes as he speaks, entirely from the heart . . . with his usual warmth, care, concern and honesty, a brilliant read.' *****

For the Love of Dogs Katharina Von Der Leyen 2015-09-30 Dogs aren't exactly shy when it comes to expressing their feelings. They do everything we humans are afraid to: dogs are ecstatic and boisterous, tactless, openly enthusiastic, take delight in rolling in disgusting things, sleep when they're tired, and don't care if you snore. Dogs teach us that joy is a way of

life and that it does not depend on what happens each day; they always assume something fabulous is going to happen today. This book shows dogs as they truly are--bursting with happiness, tired after a hard play session, chewing on a \$300 running shoe, and locked in battle with a roll of toilet paper. It shows puppies so worn out by life's thrills that they fall asleep precisely where they were just standing on their wobbly little legs, and it shows dogs getting slower, older, and wiser, with a gaze that will break your heart. AUTHOR: Journalist Katharina von der Leyen is one of the most famous writers on dogs, with more than 13 books as well as countless columns, articles, and helpful advice pieces on living with them, in publications including 'Dogs' and 'Bild am Sonntag'. She writes regularly on her blog Lumpi4.de. SELLING POINTS: * With captions by Katharina von der Leyen, who can write about dogs as few other people can, with humour that pokes a bit of fun, but is full of love

and understanding for both dogs and people * An homage to man's best friend--and not just for dog lovers 150 colour and b/w Dogs Never Lie About Love Jeffrey Moussaieff Masson 1998-09-08 Dogs fill our hearts with love and our minds with wonder, but their emotional lives have remained unexplored since Darwin 125 years ago.
