Domestic Minor Sex Trafficking Susan C. Mapp
2016-06-01 Human trafficking is a thriving business around the world. Although attention had been focused initially on those who were trafficked over international borders for sexual exploitation, awareness has slowly increased of the trafficking of US citizens within its own borders, including its children. However, due to the still-evolving research on this issue, and the subsequent reliance on mass media, there is a lack of accurate knowledge about this crime that this book seeks to address. Pulling together scholarly information from diverse fields including social work, psychology, and biology, Susan Mapp explores the particular risk factors (such as poverty, child maltreatment, and being

a sexual minority) that place children at higher risk for being trafficked. The different methods of Domestic Minor Sex Trafficking (DMST)-- pimp-controlled, gang-controlled, familial, and survival - are explained, including how children come to be involved in them and the mechanisms by which they occur. Assisting those being trafficked to leave the life is a difficult process, and this book explains why. It is important for everyone to act on what can be done to fight this crime; suggestions for professionals, as well as "everyday citizens," are offered, together with a list of resources.

The Apparel Industry and Codes of Conduct
Sonia A. Rosen 1997-08 Focuses on the use of child labor in the production of apparel for the U.S. market. Reviews the extent to which U.S.

apparel importers have established & are implementing codes of conduct or other business guidelines prohibiting the use of child labor in the clothing they sell. Appendices list the companies surveyed & sites visited, provides a sample of the company questionnaire, details codes of conduct provided by the companies surveyed, & includes tables of U.S. apparel imports by region & country (1985-1995).

Contains the complete text of the ILO Convention 138. Graphs, charts & tables. *Violence Against Women* Ishita Mukhopadhyay 2002 With special reference to India; contributed articles.

Sexual Trafficking and Modern-Day Slavery

Terry Teague Meyer 2015-07-15 Sexual trafficking is a pressing issue—and one that doesn't receive enough attention or discussion. In this groundbreaking title, readers will come face-to-face with the realities of sexual trafficking and modern-day slavery. Myths such as the belief that slavery is a practice of the past

are debunked with statistics and facts regarding the global slave trade and sexual trafficking in North America. Most important, readers will learn the warning signs of trafficking, the ways that governments are combatting the problem, and how they—as consumers—can fight back and confront sexual trafficking and slave labor. [Proceedings of the Twelfth Annual Conference on Child Labor, Asheville, N. C.](#) National Child Labor Committee (U.S.) 1916

[Proceedings of the International Conference on “Changing of Law: Business Law, Local Wisdom and Tourism Industry” \(ICCLB 2023\)](#) Mirsa Umiyati 2023-12-30 This is an open access book.Changes in law either from the meaning of normative substance, institutional, and legal culture are inevitably in line with the dynamics within various sectors of life society. Therefore, it is necessary to thoroughly discuss and analyze which sectors may have a significant impact on the business world and society today. By discussing comprehensively, comparatively and

collaboratively, it is hoped that legal issues can be seen from various perspectives in the legal and social fields by finding fundamental problems in depth related to several topics of discussion, including in the telematics legal sector, natural resource management law, business legal culture, as well as the tourism sector. For this reason, APPTHI held a series of conferences in 3 cities to discuss and make it a meeting place for world law experts with law lecturers throughout Indonesia and invited lecturers from various countries, such as South Korea, India, Malaysia and Europe to take a part in this conference. The 1st APPTHI International Conference on Changing of Law (the series) is the first international conference series held in Indonesia by the Association of Indonesian Law College Leaders (APPTHI), inviting several legal experts from countries such as the USA, the Netherlands, Korea, Malaysia, India, as well as South Korea. This activity has 3 major themes each held in several cities, namely: in Jakarta

which will be held at Trisakti University on 22 July 2023 with the theme Changing of Law in the digital era, while in Makassar it will take place at the Indonesian Muslim University/UMI) on July 24 2023 with the theme Changing of Law in the Energy sector and Natural Resources Management, as well as the last series of conferences in Bali on July 26 2023 at Warmadewa University, becoming a series of academic activities that have a broad spectrum and dimension of legal knowledge with various legal perspectives such as business law, corporate law, civil law, criminal law, intellectual property law, telematics law, agrarian law, environmental law, HTN/HAN etc. This event was carried out within the framework of the first round of the APPTHI international program which will continue to be held regularly every year. This program is also a form of implementation of various forms of international cooperation in several countries such as New York University, Utrecht University, National

University of Malaysia, Hankuk University, and Jawaharlal Nehru University. In this event APPTHI collaborated with the international program organizer, PASQAPRO. For the activities of The First APPTHI International Conference on Changing Law, The Series, involving campuses as co-hosts in Jakarta (hosted by Trisakti University), including: Jakarta Islamic University, Universitas Suryakencana, Cianjur, Lampung Mitra University, Palembang Law School STIHPADA, Islamic University Jakarta, Muhamadiyah University Jakarta, YARSI University, National University, Borobudur University, while co-hosted in Makassar (Host Indonesian Muslim University): Panca Bakti University, West Kalimantan, Sawerigading University, Christian University of Paulus, Makasar, Universitas Juanda, Bogor and Seventeen August University (UNTAG) Semarang, for Bali with the host university Warmadewa, assisted by co-hosts including: Caritas College of Law, Papua.

Hopefully this conference will not only be a scientific forum for APPTHI members and various foreign partner universities by providing outputs in the form of indexed proceedings and journals, but also an event that will contribute thoughts in the field of law for the Indonesian government in conducting studies on legal changes positively as well as being a think tank for the formation of state laws and policies.

End of Millennium Manuel Castells 2010-01-26

This final volume in Manuel Castells' trilogy, with a substantial new preface, is devoted to processes of global social change induced by the transition from the old industrial society to the emerging global network society. Explains why China, rather than Japan, is the economic and political actor that is revolutionizing the global system. Reflects on the contradictions of European unification, proposing the concept of the network state. Substantial new preface assesses the validity of the theoretical construction presented in the conclusion of the trilogy, proposing some conceptual modifications in light of the observed experience. Preventing Human Trafficking Robert W. Spires 2016-03-03 This book explores human trafficking, examining the work of grass-roots, non-profit organizations who educate and rehabilitate human trafficking victims and at-risk youth. Through interviews with staff and children, the author compares the work of two NGOs on-the-ground in Thailand with the work of similar organizations overseas, shedding light on the ways in which they combine educational work with shelter settings to prevent human

trafficking, protect young people and attempt to provide a future free of exploitation.

Concentrating less on the details of exploitation itself than the work that is being done to prevent exploitation and protect those who have experienced human trafficking, *Preventing Human Trafficking* explores the many challenges faced by the organizations, their staff and the children they serve. Drawing on rich qualitative research to address significant gaps in our knowledge of the work of NGOs and propose solutions to the problems of trafficking and how to protect its victims, this book will appeal to social scientists and policy makers with interests in criminology, exploitation, people trafficking, non-formal education and the work of NGOs.
