Spring Awakening Frank Wedekind 1979 Wedekind's play about adolescent sexuality is as disturbing today as when it was first produced Wedekind's notorious play "Spring Awakening" was written in 1891 but had to wait the greater part of a century before it received its first complete performance in Britain, at the National Theatre in 1974. The production was highly praised, much of its strength deriving from this translation by Edward Bond and Elisabeth Bond Pable, 'scrupulously faithful both to Wedekind's irony and his poetry.' "The Times" This translation of "Spring Awakening" was first performed at the National Theatre, London on 24 May 1974. For this edition the translator, Edward Bond, has written a note on the play and a factual introduction to Wedekind's life and work.

Spring Awakening Steven Sater 2010-02 *Spring Awakening* is an extraordinary new rock musical with book and lyrics by Steven Sater and music by Grammy Award-nominated recording artist Duncan Sheik. Inspired by Frank Wedekind's controversial 1891 play about teenage sexuality and society's efforts to control it, the piece seamlessly merges past and present, underscoring the timelessness of adolescent angst and the universality of human passion.

The Awakening of Spring Frank Frank Wedekind 2018-10 During an argument over the length of her skirt, Wendla Bergmann confides to her mother that she sometimes thinks about death. When she asks her mother if that is sinful, her mother avoids the question. Wendla jokes that she may one day wear nothing underneath the long dress. After school, Melchior Gabor and Moritz Stiefel talk about items of little consequence before confiding in each other that recently they have both become tormented by sexual dreams and thoughts. Melchior is knowledgeable about the mechanics of sexual reproduction, but Moritz is woefully ignorant and proposes several hypothetical techniques (such as having brothers and sisters share beds, or sleeping on a firm bed) that might prevent his future children from being as tense and frightened as he is. Melchior, an atheist, blames religion for Moritz's fears. Before departing, Melchior insists that Moritz come over to his house for tea, where Melchior will show him diagrams and journals with which he will teach Moritz about life. Moritz leaves hastily, embarrassed.

The 3rd Waffen-SS Panzer Division Totenkopf, 1943-1945

Massimiliano Afiere 2018 One of the most infamous of all Waffen-SS formations, the 3rd SS-Panzer-Division "Totenkopf" has always been identified as the very essence of the notorious "Black Order." Associated with war crimes in official historiography, formed initially with personnel coming from guard units from concentration camps, the unit was nevertheless able to prove itself on the battlefield, distinguishing itself in all of the main campaigns in which it fought, from France to the Russian front. This second of two volumes analyzes the summer 1943 campaign that followed Kursk, until the end of the war: from its operations on the Mius front, to the fighting in the Kharkov area, on the Dnieper River, its transfer to the Polish front, and its subordination to IV.SS-Panzer-Korps, the fighting on the Hungarian front to liberate Budapest, and then its participation in the Frühlingserwachen ("Spring Awakening") offensive, until the final fighting in Austria and the surrender. The volume includes a series of appendices covering order of battle, lists of award recipients, and details of uniforms and insignia pertaining to the division.

Mephisto Klaus Mann 1995-09-01 "It chimes eerily with the times we are living through now." —Margaret Atwood, The New York Times Book Review Hendrik Hofgen is a man obsessed with becoming a famous actor. When the Nazis come to power in Germany, he willingly renounces his Communist past and deserts his wife and mistress in order to keep on performing. His diabolical performance as Mephistopheles in Faust proves to be the stepping-stone he yearned for: attracting the attention of Hermann Göring, it wins Hofgen an appointment as head of the State Theatre. The rewards – the respect of the public, a castle-like villa, a place in Berlin's highest circles – are beyond his wildest dreams. But the moral consequences of his betrayals begin to haunt him, turning his dreamworld into a nightmare. Spring Awakening Frank Wedekind 2008 THE STORY: First performed under heavy censorship in Germany in 1906, Frank Wedekind's play closed after one night in New York in 1917 amid public outrage and charges of obscenity. The play's content was radical indeed: teenage sex, suicide, aborti

Last Panzer Battles in Hungary Norbert Számvéber 2024-04-30 In the last phase of the Second World War the Sixth Panzer Army was the last army available to the German military leadership which was more or less intact and was capable of launching a major offensive. After it had been withdrawn from the Western front in the aftermath of the failed Ardennes counter offensive, it was replenished with men and gears as fully as was possible in the given circumstances, and as a result it almost regained its 1944 autumn strength. It would not have been a surprise if it had been deployed on German territory against the Allied troops advancing to Rhine, or in Silesia or in the Baltics or even if it had been sent as a reinforcement to the Army Group Vistula to defend the distant approaches to Berlin against the advancing Soviet army - reinforcement and fresh troops capable of launching counter offensives were desperately needed everywhere. But it happened otherwise: the Sixth Army was deployed in Hungary and participated in the Operation Spring Awakening, launched in the western part of the country on 6th of March, 1945. This was the last German "big offensive" in the course of the Second World War. Several questions come to mind about the operation. What were the goals originally set to be achieved by this seemingly pointless attack? What role was assigned to the once formidable German Panzer Corps? Is it true that the Soviet command used the same defense directives as had been used during the battle of Kursk in 1943 because they had proved to be viable then? What types of tanks and armored vehicles fight in West Hungary and in what numbers? How did the American made M4A2 tanks manned by Soviet crews fare against the

much heavier German Panther and Tiger B tanks on the Hungarian soil? What were the losses on both sides in tanks and armored vehicles? To what extent can be the prompt and powerful response of the Soviet side - the offensive towards Vienna - evaluated as being successful? How did the Germans, the Soviets, the Hungarians and the Bulgarians use their tanks and armored vehicles in this operation? Besides giving a detailed chronological description of the events, the book tries to find answers to these questions. The facts extracted from the operational documents of the fighting sides have been supplemented with excerpts from diaries and memoirs, and even the maps have been drawn on the basis of the original ones. The author has explored some new archival sources kept in Russian archives and also incorporated some published Russian materials into his research that was neglected up until now by other researchers, along with some newly published German memoirs - all this has made possible to create a narrative of the events related to us by the author in hitherto unprecedented detail.

Spring's Awakening Frank Wedekind 2016-01-08 Possibly the ultimate coming-of-age drama. The play follows a group of high-school friends in Victorian-age Germany who begin to experience their first sexual desires in a world where even talking about sex is taboo. Each struggles to travel the route from childhood to adulthood without a roadmap. Along the way they touch the heights of elation and the depths of despair while being forced to confront the problems of lust, sadism, masochism, rape, abortion, and homosexuality. Some survive the journey, others do not. Funny and horrifying by turns, the play explores the budding of those basic drives that make us who we are.

The Awakening of Spring Frank Wedekind 2016-05-11 That it is a fatal error to bring up children, either boys or girls, in ignorance of their sexual nature is the thesis of Frank Wedekind's drama "Fruehlings Erwachen." From its title one might suppose it a peaceful little idyl of the youth of the year. No idea a could be more mistaken. It is a tragedy of frightful import, and its action is concerned with the development of natural instincts in the adolescent of both sexes. The playwright has attacked his theme with European frankness; but of plot, in the usual acceptance of the term, there is little. Instead of the coherent drama of conventional type, Wedekind has given us a series of loosely connected scenes illuminative of character-scenes which surely have profound significance for all occupied in the training of the young. He sets before us a group of school children, lads and lassies just past the age of puberty, and shows logically that death and degradation may be their lot as the outcome of parental reticence. They are not vicious children, but little ones such as we meet every day, imaginative beings living in a world of youthful ideals and speculating about the mysteries which surround them. Wendla, sent to her grave by the abortive administered with the connivance of her affectionate but mistaken mother, is a most lovable creature, while Melchior, the father of her unborn child, is a high

type of boy whose downfall is due to a philosophic temperament, which leads him to inquire into the nature of life and to impart his knowledge to others; a temperament which, under proper guidance, would make him a useful, intelligent man. It is Melchior's very excellence of character which proves his undoing. That he should be imprisoned as a moral degenerate only serves to illustrate the stupidity of his parents and teachers. As for the suicide of Moritz, the imaginative youth who kills himself because he has failed in his examinations, that is another crime for which the dramatist makes false educational methods responsible. A grim vein of humor is exhibited now and then, as when we are introduced to the conference room in which the members of a gymnasium faculty, met to consider the regulation of their pupils' morals, sit beneath the portraits of Pestalozzi and J. J. Rousseau disputing with considerable acrimony about the opening and shutting of a window. The exchange of unpleasant personalities is interrupted only by the entrance of the accused student, to whose defense the faculty refuses to listen, having marked the boy for expulsion prior to the formal farce of his trial."

Spring awakening Frank Wedekind 1993

Spring awakening [Frühlings Erwachen, engl.] Frank Wedekind

1980 Wedekind's first major play, written in 1890/1 was a seminal work in the history of modern theatre. The play criticises the sexually-oppressive culture of 19th century Germany and offers a vivid dramatisation of the erotic fantasies that it breeds. Due to the controversial subject matter (puberty, sexuality, rape, child abuse, homosexuality, suicide, abortion), the play has often been banned or censored.

The Cambridge Introduction to Modernism Pericles Lewis

2007-05-03 More than a century after its beginnings, modernism still has the power to shock, alienate or challenge readers. Modernist art and literature remain thought of as complex and difficult. This introduction explains in a readable, lively style how modernism emerged, how it is defined, and how it developed in different forms and genres. Pericles Lewis offers students a survey of literature and art in England, Ireland and Europe at the beginning of the twentieth century. He also provides an overview of critical thought on modernism and its continuing influence on the arts today, reflecting the interests of current scholarship in the social and cultural contexts of modernism. The comparative perspective on Anglo-American and European modernism shows how European movements have influenced the development of English-language modernism. Illustrated with works of art and featuring suggestions for further study, this is the ideal introduction to understanding and enjoying modernist literature and art.

An Other Kind of Home Kyle Frackman 2015 This book examines 19th- and 20th-century German literature and film, works by Wedekind, Musil, Ataman, and Sanoussi-Bliss, following themes of gender, sexuality, belonging, abjection, race, and disease. Encountering mutual dependence and abhorrence, the characters rarely experience acceptance, showing that home is a difficult place to find.
