

Fruitful A Real Mother In The Modern World

Queer and Subjugated Knowledges: Generating Subversive Imaginaries Kerry H. Robinson 2012
Queer and Subjugated Knowledges: generating subversive Imaginaries makes an invaluable contribution to gender and sexuality studies, engaging with queer theory to reconceptualize everyday interactions. The scholars in this book respond to J. Halberstam's call to engage in alternative imaginings to reconceptualize forms of being, the production of knowledge, and envisage a world with different sites for justice and injustice. The recent work of cultural theorist, Judith Halberstam, makes new investments in the notion of the counter-hegemonic, the subversive and the alternative. For Halberstam.

The Routledge Companion to Motherhood

Lynn O'Brien Hallstein 2019-11-04

Interdisciplinary and intersectional in emphasis, the Routledge Companion to Motherhood brings together essays on current intellectual themes, issues, and debates, while also creating a foundation for future scholarship and study as the field of Motherhood Studies continues to develop globally. This Routledge Companion is the first extensive collection on the wide-ranging topics, themes, issues, and debates that ground the intellectual work being done on motherhood. Global in scope and including a range of disciplinary perspectives, including anthropology, literature, communication studies, sociology, women's and gender studies, history, and economics, this volume introduces the foundational topics and ideas in motherhood, delineates the diversity and complexity of

mothering, and also stimulates dialogue among scholars and students approaching from divergent backgrounds and intellectual perspectives. This will become a foundational text for academics in Women's and Gender Studies and interdisciplinary researchers interested in this important, complex and rapidly growing topic. Scholars of psychology, sociology or public policy, and activists in both university and workplace settings interested in motherhood and mothering will find it an invaluable guide.

On the Issues 1997

Almost Grown: Launching Your Child from High School to College Patricia Pasick 1998-03-17 A time of tumult, your children's transition from high school to college can also be a time of growth. This book shows you how. *Almost Grown* is a guide for parents to the final years of high school and first years of college, offering intelligent counsel not only in practical issues such as developing a college search plan or handling questions of money, sex, and substance

abuse, but also in the psychological issues that arise during this family transition. Writing as both psychologist and parent, Patricia Pasick tackles the key question of how mothers and fathers can foster adolescents' growth and autonomy while maintaining family connections and stability. She also explores the unexpected: the impact of the changing family on younger siblings, the benefits and frustrations of college students' returning home, the challenges and opportunities that nontraditional families face, and more. Pasick delves into another critical yet underplayed aspect of the college transition: how parents' lives change. *Almost Grown* guides readers through this major step in adult development and new start to adult partnerships. *Almost Grown* contains advice from high school and college admissions counselors across the country and, at the heart of the book, stories of personal experience from parents and adolescents who are making, or have made, the transition.

The Rights of Woman as Chimera Natalie Fuehrer Taylor 2007 First Published in 2006. Routledge is an imprint of Taylor & Francis, an informa company.

Flux Peggy Orenstein 2012-06-20 Peggy Orenstein's bestselling *Schoolgirls* is the classic study of teenage girls and self-esteem. Now Orenstein uses the same interviewing and reporting skills to examine the lives of women in their 20s, 30s and 40s. The advances of the women's movement allow women to grow up with a sense of expanded possibilities. Yet traditional expectations have hardly changed. To discover how they are navigating this double burden personally and professionally, Orenstein interviewed hundreds of women and has blended their voices into a compelling narrative that gets deep inside their lives and choices. With unusual sensitivity, Orenstein offers insight and inspiration for every woman who is making important decisions of her own.

Encyclopedia of Jewish-American Literature

Gloria L. Cronin 2015-04-22 Presents a reference on Jewish American literature providing profiles of Jewish American writers and their works.

Mothers and Daughters Andrea O'Reilly 2000 In 1976, Adrienne Rich wrote in *Of Woman Born: Motherhood as Experience and Institution* that the cathexis between mother and daughter_essential, distorted, misused_ is the great unwritten story. O In the quarter century since Rich wrote those words, the topic of mothers and daughters has emerged as a salient issue in feminist scholarship. Using women's writing, film, feminist theory, and personal experience, contributors to *Mothers and Daughters* explore how the mother/daughter relationship is represented and experienced as a site of empowerment. This volume will offer readers an important and welcome chapter in the story of the complex relationship that is a part of nearly every woman's life.

Almost Grown Patricia Pasick 1998 Offering

intelligent counsel in this time of tumult, as a child makes the transition from high school to college, "Almost Grown" tackles the key questions parents have about this time, explores the impact on family stability, and examines the challenges and opportunities which nontraditional families face.

This Book Is an Action Jaime Harker 2015-12-30
The Women's Liberation Movement held a foundational belief in the written word's power to incite social change. In this new collection, Jaime Harker and Cecilia Konchar Farr curate essays that reveal how second-wave feminists embraced this potential with a vengeance. The authors in *This Book Is an Action* investigate the dynamic print culture that emerged as the feminist movement reawakened in the late 1960s. The works created by women shined a light on taboo topics and offered inspiring accounts of personal transformation. Yet, as the essayists reveal, the texts represented something far greater: a distinct and influential

American literary renaissance. On the one hand, feminists took control of the process by building a network of publishers and distributors owned and operated by women. On the other, women writers threw off convention to venture into radical and experimental forms, poetry, and genre storytelling, and in so doing created works that raised the consciousness of a generation. Examining feminist print culture from its structures and systems to defining texts by Margaret Atwood and Alice Walker, *This Book Is an Action* suggests untapped possibilities for the critical and aesthetic analysis of the diverse range of literary production during feminism's second wave.

Motherhood Andrea O'Reilly 2005-08-25
In feminism, the institution of mothering/motherhood has been a highly contested area in how it relates to the oppression of women. As Adrienne Rich articulated in her classic 1976 book *Of Woman Born: Motherhood as Experience and Institution*,

although motherhood as an institution is a male-defined site of oppression, women's own experiences of mothering can nonetheless be a source of power. This volume examines four locations wherein motherhood is simultaneously experienced as a site of oppression and of power: embodiment, representation, practice, and separation. *Motherhood: Power and Oppression* includes psychological, historical, sociological, literary, and cultural approaches to inquiry and a wide range of disciplinary perspectives — qualitative, quantitative, corporeal, legal, religious, fictional, mythological, dramatic and action research. This rich collection not only covers a wide range of subject matter but also illustrates ways of doing feminist research and practice.

The Microgenre Anne H. Stevens 2020-01-23
Everybody knows, and maybe even loves, a microgenre. Plague romances and mommy memoirs. Nudie-cutie movies, Nazi zombies, and dinosaur erotica. Baby burlesks, Minecraft

fiction, grindcore, premature ejaculation poetry...microgenres come in all varieties and turn up in every form of media under the sun, tailor-made for enthusiasts of all walks of life. Coming into use in the last decade or so, the term "microgenre" classifies increasingly niche-marketed worlds in popular music, fiction, television, and the Internet. Netflix has recently highlighted our fascination with the ultra-niche genre with hilariously specific classifications -- independent supernatural dramedy featuring a strong female lead -- that can sometimes hit a little too close to home. Each contribution in this collection introduces readers to a different microgenre, drawn from a range of historical periods and from a variety of media. *The Microgenre* presents a previously untreated point of cultural curiosity, revealing the profound truth that humanity's desire to classify is often only matched by the unsustainability of the obscure and hyper-specific. It also affirms, in colorful detail, what most people suspect but

have trouble fathoming in an increasingly homogenized and commercial West: that imaginative projects are just that, imaginative, diverse, and sometimes completely and hilariously inexplicable.

Mothers and Daughters Dannabang Kuwabong
2017-12-01 Mothers and Daughters is a compelling anthology that explores the multifaceted connections between mothers and daughters. Chapters explore new fields of inquiry, examining discourses about mothers and daughters through academic essays, narrative, and creative work. By examining the experiences of mothers and daughters from within an interdisciplinary framework, which includes cultural, biological, socio-political, relational and historical perspectives, the text surveys multiple approaches to understanding the mother-daughter dynamic. Therefore, the uniqueness and strength of this collection comes from blending not just work from across academic disciplines, but also the forms in which

this work is presented: academic inquiry and critique as well as creative and narrative explorations. The length is 296 pages.

100 Motivators for Educators Jo Ann Lordahl
1997-08-19 This book is aimed at teachers, administrators, and parents interested in taking steps toward self-development. It covers themes of change, motivation, good health, exercise, nutrition, diet and spiritual development.

Spirituality in the Mother Zone Trudelle Thomas
2005 A blend of personal stories, theological reflection, and practical wisdom, this book will help struggling mothers find comfort, courage, and an imaginative vision for the future.

The River Midnight Lilian Nattel 1999-10-28 The author turns her own family history into the story of five women, Polish Jews living in a ghetto outside Warsaw before the cataclysm of World War II.

Motherhood Memoirs: Mothers Creating/Writing Lives Justine Dymond
2013-07-01 The authors in this collection

examine and critique motherhood memoir, alongside the texts of their own lives, while seeking to transform mothering practice—highlighting revolutionary praxis within books, or, when none is available, creating new visions for social change. Many essays interrogate the tensions of maternal narrative—the negotiation of the historical location of writer and readers, narrative and linguistic constraints, and the slippery ground of memory—as well as the borders constructed between the “objective” scholar and the reader who engages with and identifies with texts through her intellect and her emotional being.

Childhood in South Asia Jyotsna Pattnaik

2006-01-01 The book has drawn an interdisciplinary pool of authors, some of whom are natives of South Asian countries and others who have been involved extensively in the region through their affiliations with various international organizations. The book represents children's issues in six South Asian countries:

India, Afghanistan, Pakistan, Sri Lanka, Nepal, and Bangladesh. The authors in the book critically examine issues facing children in South Asia, reveal inadequacies of governmental policies and programs for children, and offer vision for a better childhood for South Asia's children. The United Nation's Convention on the Rights of the Child, UNCRC, serves as a framework for the book.

Women, Birth, and Death in Jewish Law and Practice

Rochelle L. Millen 2004 A sensitive exploration of the development of pivotal life cycle rituals as they touch Jewish women's lives. *When We Were Free to Be* Lori Rotskoff 2012-11-27 If you grew up in the era of mood rings and lava lamps, you probably remember *Free to Be . . . You and Me*--the groundbreaking children's record, book, and television special that debuted in 1972. Conceived by actress and producer Marlo Thomas and promoted by Ms. magazine, it captured the spirit of the growing women's movement and inspired girls and boys

to challenge stereotypes, value cooperation, and respect diversity. In this lively collection marking the fortieth anniversary of *Free to Be . . . You and Me*, thirty-two contributors explore the creation and legacy of this popular children's classic. Featuring a prologue by Marlo Thomas, *When We Were Free to Be* offers an unprecedented insiders' view by the original creators, as well as accounts by activists and educators who changed the landscape of childhood in schools, homes, toy stores, and libraries nationwide. Essays document the rise of non-sexist children's culture during the 1970s and address how *Free to Be* still speaks to families today. Contributors are Alan Alda, Laura Briggs, Karl Bryant, Becky Friedman, Nancy Gruver, Carol Hall, Carole Hart, Dorothy Pitman Hughes, Joe Kelly, Cheryl Kilodavis, Dionne Kirschner, Francine Klagsbrun, Stephen Lawrence, Laura L. Lovett, Courtney Martin, Karin A. Martin, Tayloe McDonald, Trey McIntyre, Peggy Orenstein, Leslie Paris, Miriam

Peskowitz, Deesha Philyaw, Abigail Pogrebin, Letty Cottin Pogrebin, Robin Pogrebin, Patrice Quinn, Lori Rotskoff, Deborah Siegel, Jeremy Adam Smith, Barbara Sprung, Gloria Steinem, and Marlo Thomas. Publisher's Note: Late in the production of this book, the text on pages 252 and 253 was accidentally reversed. As a result, one should read page 253 before turning to page 252 and then proceeding on to page 254. The publisher deeply regrets this error.

An American Family Jeffrey Ruoff 2002 Before 1973, the Loud family of Santa Barbara, California, lived in the privacy of their own home. With the airing of the documentary *An American Family*, that "privacy" extended to every American home with a television. This book is the first to offer a close look at *An American Family* -- the documentary that blurred conventions, stirred passions, revised impressions of family life and definitions of private and public, and began the breakdown of distinctions between reality and spectacle that

culminated in cultural phenomena from The Oprah Winfrey Show to Survivor.

LITERATURE, GENDER, SPACE Beatriz

Domínguez García 2021-09-11 Perhaps the most serious challenge that the present volume offers to the latest literature on the topic is the reflection on gender, space and literature from the perspective of masculinity, a position which has been no doubt neglected by many years of feminist debate concentrating on women's positions and circumstances. This is specifically one of the novelties that the International Conference on Gendered Spaces, celebrated in May 2001 at the University of Huelva, from which this work springs, introduced. The articles collected here constitute a selection of the most relevant contributions made at this Conference.

Secrets of the City Anne Roiphe 2007-12-18

From the pages of *The Forward* comes celebrated author Anne Roiphe's episodic and brilliant novel of a big-city mayor and the struggles that shape the fortunes of his city, the

life of his family, and the condition of his soul. Mel Rosenberg is the mayor of a city uncannily similar to New York, which is being terrorized by a string of unusual attacks. Hundreds of ducks are found dead in the park; animals mysteriously die at the zoo; dozens of people are killed by poisoned food; all of the elevator operators in one building are murdered; and the mayor is kidnapped. In addition to handling the city's multiple crises, Mel must also contend with the pressures of his imperfect family—a daughter-in-law who is a compulsive shoplifter; an ungrateful son obsessed with status; an insecure daughter with a troubled marriage—not to mention a sexy, aggressive newspaper reporter who aims desperately to be his mistress. On top of it all, he becomes entangled in a high-profile political scandal that could ambush his aspirations of being elected the first Jewish president of the United States. With *Secrets of the City*, Anne Roiphe has delivered a fast-paced, engaging story written with humor, shrewd insight, and

tenderness. Her characters explore issues that are as contemporary as they are timeless, and the plot has as many unexpected twists and turns as the West Village streets. This is an insider's peek at life in the fast lane in the most brilliant and brutal city in the world, with all its secrets laid bare. From the Hardcover edition.

Small Wars Nancy Scheper-Hughes 1998 "A wake-up call to those who are honestly concerned with global childhood safety."—Carol Stack, author of *All Our Kin*

Maternal Theory Andrea O'Reilly 2021-07-08 Theory on mothers, mothering and motherhood has emerged as a distinct body of knowledge within Motherhood Studies and Feminist Theory more generally. This collection, The Second Edition of *Maternal Theory: Essential Readings* introduces readers to this rich and diverse tradition of maternal theory. Composed of 60 chapters the 2nd edition includes two sections: the first with the classic texts by Adrienne Rich, Nancy Chodorow, Sara Ruddick, Alice Walker,

Barbara Katz Rothman, bell hooks, Sharon Hays, Patricia Hill-Collins, Audre Lorde, Daphne de Marneffe, Judith Warner, Patrice diQinzio, Susan Maushart, and many more. The second section includes thirty new chapters on vital and new topics including Trans Parenting, Non-Binary Parenting, Queer Mothering, Matricentric Feminism, Normative Motherhood, Maternal Subjectivity, Maternal Narratology, Maternal Ambivalence, Maternal Regret, Monstrous Mothers, The Migrant Maternal, Reproductive Justice, Feminist Mothering, Feminist Fathering, Indigenous Mothering, The Digital Maternal, The Opt-Out Revolution, Black Motherhoods, Motherlines, The Motherhood Memoir, Pandemic Mothering, and many more. *Maternal Theory* is essential reading for anyone interested in motherhood as experience, ideology, and identity.

The Self Under Siege Robert Firestone 2013 "This book will provide therapists with the tools necessary to help their clients differentiate

themselves from their parents, families of origin, and other influences that have unconsciously dominated and predetermined their lives. The authors argue that most of us are unaware of the extent to which our lives have been predetermined and pre-empted by a parent whose thoughts, beliefs, and feelings can actually be antagonistic to our own goals and desires. An integrative theoretical approach to personality development and human behavior is introduced, providing the foundation for an innovative cognitive-affective-behavioral therapeutic process centered around Firestone's Voice Therapy technique"--

The Matrophobic Gothic and Its Legacy

Deborah D. Rogers 2007 Although in recent years maternity has become a contested site of political discourse, the matrophobia that characterizes many mother-daughter bonds has hardly been theorized. This book defines matrophobia as fear of mothers, as fear of becoming a mother, and as fear of identification

with and separation from the maternal body. Deborah D. Rogers argues that matrophobia is the central metaphor for women's relationships with each other within a patriarchal culture. Analyzing different contexts in which matrophobia problematizes feminism, this book begins with matrophobic discourse in eighteenth-century England. Significantly, the self-sacrificing construction of motherhood emerges at the same time as the novel, a genre that develops as a locus for the radical displacement of matrophobia. Coining the term «Matrophobic Gothic» to describe works in which inadequately mothered heroines reconcile with maternal figures that the narrative has repressed, Rogers focuses on this phenomenon in the works of Ann Radcliffe and Jane Austen. Her consideration of matrophobia extends to early modern male-authored texts, including Samuel Richardson's representation of maternity and Sir Walter Scott's exploration of gender roles and identity. These issues continue

unabated in televised serial drama. All told, this book powerfully argues for the necessity of confronting the matrophobia at the heart of feminism.

The Good-bye Window Harriet Brown

1998-10-12 Have you ever wondered what really goes on at your child's day-care center after you say good-bye? Harriet Brown did. To satisfy her curiosity, she spent an entire year observing Red Caboose, a center in Madison, Wisconsin. This engaging and thought-provoking book is the story of that year. In her beautifully written personal account, journalist and mother Brown takes us behind the scenes at a day-care center that works. At Red Caboose, one of the oldest independent centers in the country, we meet teachers who have worked with young children for more than twenty years. We watch the child-care union and parents struggle to negotiate a contract without ripping apart the fabric of trust and love that holds the Red Caboose community together. We look at the center's finances, to see

what keeps Red Caboose going at a time when other good centers are disappearing. Best of all, we get to know the children, families, and teachers of Red Caboose—their struggles, their sorrows, their triumphs. Started twenty-five years ago by a group of idealistic parents, the center has not only survived but thrived through some pretty tough times. In the world of day care, Red Caboose is a special place, a model for what child care in this country could and should be: not just babysitting, not just a service to working parents, but a benefit for children, families, teachers, and the community at large. Brown sets her rich and engaging stories in the greater political and social context of our time. Why is so much child care bad? Why should working Americans worry about the link between welfare reform and child care? What can we learn from the history of child care? This book is a must-read for parents, educators, and anyone who enjoys first-rate writing and dead-on insight into the lives of our youngest children

and those who care for them. “[Brown’s] writing is beautiful and her scholarship sound. Students considering day-care careers, day-care professionals, and concerned parents will gain insight by reading this provocative book, as will anyone who cares about the future of young children in this country.”—Choice “I admire enormously the ambition of this book—its eagle-eyed witness and engrossing detail, plus the social importance of the project. I wish there were in the world more books like it.”—Lorrie Moore, author of *Who Will Run the Frog Hospital?* “The Good-bye Window is a fascinating peek into the secret world of children. With the poignancy of Anne LaMott, and the reportorial grace of Tracy Kidder, Harriet Brown has written a terrific and worthwhile book.”—Meg Wolitzer, author of *This Is Your Life* “Harriet Brown’s well-told story of the Red Caboose child-care center should be read by teachers and parents, but also by every legislator and politician in the land. Only a writer as good as

Ms. Brown could display the dramatic complexities of a school community in which the youngest members enter crawling and emerge a few years later as articulate, empathetic, and well-socialized individuals, ready for the ‘real world.’”—Vivian Gussin Paley, author of *The Boy Who Would Be a Helicopter*
Difficult Mothers: Understanding and Overcoming Their Power Terri Apter 2012-05-07
An essential work for readers seeking compassionate, wise guidance about the powerful relationship between mothers and their sons and daughters. Mother love is often seen as sacred, but for many children the relationship is a painful struggle. Using the newest research on human attachment and brain development, Terri Apter, an internationally acclaimed psychologist and writer, unlocks the mysteries of this complicated bond. She showcases the five different types of difficult mother—the angry mother, the controlling mother, the narcissistic mother, the envious mother, and the emotionally

neglectful mother—and explains the patterns of behavior seen in each type. Apter also explores the dilemma at the heart of a difficult relationship: why a mother has such a powerful impact on us and why we continue to care about her responses long after we have outgrown our dependence. She then shows how we can conduct an “emotional audit” on ourselves to overcome the power of the complex feelings a difficult mother inflicts. In the end this book celebrates the great resilience of sons and daughters of difficult mothers as well as acknowledging their special challenges.

The Afterlife Is Where We Come From Alma Gottlieb 2015-10-31 When a new baby arrives among the Beng people of West Africa, they see it not as being born, but as being reincarnated after a rich life in a previous world. Far from being a tabula rasa, a Beng infant is thought to begin its life filled with spiritual knowledge. How do these beliefs affect the way the Beng rear their children? In this unique and engaging ethnography of babies, Alma Gottlieb explores how religious ideology affects every aspect of Beng childrearing practices—from bathing infants to protecting them from disease to teaching them how to crawl and walk—and how widespread poverty limits these practices. A mother of two, Gottlieb includes moving discussions of how her experiences among the

Beng changed the way she saw her own parenting. Throughout the book she also draws telling comparisons between Beng and Euro-American parenting, bringing home just how deeply culture matters to the way we all rear our children. All parents and anyone interested in the place of culture in the lives of infants, and vice versa, will enjoy *The Afterlife Is Where We Come From*. "This wonderfully reflective text should provide the impetus for formulating research possibilities about infancy and toddlerhood for this century." — Caren J. Frost, *Medical Anthropology Quarterly* "Alma Gottlieb's careful and thought-provoking account of infancy sheds spectacular light upon a much neglected topic. . . . [It] makes a strong case for the central place of babies in anthropological accounts of religion. Gottlieb's remarkably rich account, delivered after a long and reflective period of gestation, deserves a wide audience across a range of disciplines."—Anthony Simpson, *Critique of Anthropology*

Mothering with Breastfeeding and Maternal Care

Mizin Park Kawasaki 2005 As women continue to bear children, all parents should ask the following question: How can a woman fulfill her unique responsibility as mother to her child when prevailing parenting practices deny the importance of breastfeeding and maternal care? Maternal care is now thought to be impractical and a luxury for those who can afford it. Thus, many women need to defend their right and responsibility to care for even the youngest of babies. Dr. Kawasaki, a pediatrician and stay-at-home mother of two, asserts in *Mothering with Breastfeeding and Maternal Care* that current attitudes toward mothering have not evolved naturally. Over the course of a century, child-rearing experts, sociologists, and feminists have made systematic efforts to undermine the importance of a woman's role in the home. Dr. Kawasaki offers compelling reasons for parents to think seriously about the unique role women play in their children's lives, particularly in early

childhood. She argues that the priceless benefits of breastfeeding and hands-on maternal care help to ensure the optimal growth and development of young babies and children.

Not My Mother's Sister Astrid Henry 2004-09-07 "No matter how wise a mother's advice is, we listen to our peers." At least that's writer Naomi Wolf's take on the differences between her generation of feminists -- the third wave -- and the feminists who came before her and developed in the late '60s and '70s -- the second wave. In *Not My Mother's Sister*, Astrid Henry agrees with Wolf that this has been the case with American feminism, but says there are problems inherent in drawing generational lines. Henry begins by examining texts written by women in the second wave, and illustrates how that generation identified with, yet also disassociated itself from, its feminist "foremothers." Younger feminists now claim the movement as their own by distancing themselves from the past. By focusing on feminism's debates

about sexuality, they are able to reject the so-called victim feminism of Catherine MacKinnon and Andrea Dworkin. Rejecting the orthodoxies of the second wave, younger feminists celebrate a woman's right to pleasure. Henry asserts, however, that by ignoring diverse older voices, the new generation has oversimplified generational conflict and has underestimated the contributions of earlier feminists to women's rights. They have focused on issues relating to personal identity at the expense of collective political action. Just as writers like Wolf, Katie Roiphe, and Rene Denfeld celebrate a "new" feminist (hetero)sexuality posited in generational terms, queer and lesbian feminists of the third wave similarly distance themselves from those who came before. Henry shows how 1970s lesbian feminism is represented in ways that are remarkably similar to the puritanical portrait of feminism offered by straight third-wavers. She concludes by examining the central role played by feminists of color in the

development of third-wave feminism. Indeed, the term "third wave" itself was coined by Rebecca Walker, daughter of Alice Walker. *Not My Mother's Sister* is an important contribution to the exchange of ideas among feminists of all ages and persuasions.

At the Breast Linda Blum 2000-06-09 In our ironic, "postfeminist" age few experiences inspire the kind of passions that breastfeeding does. For advocates, breastfeeding is both the only way to supply babies with proper nutrition and the "bond" that cements the mother/child relationship. Mother's milk remains "natural" in a world of genetically modified produce and corporate health care. But is it a realistic option for all women? And can a well-intentioned insistence on the necessity of breastfeeding become just another way to cast some women as bad mothers? Linda M. Blum is author of *Between Feminism and Labor: The Significance of the Comparable Worth Movement*. She teaches sociology and women's studies at the

University of New Hampshire, and wrote this book while a Bunting Fellow at the Radcliffe Institute for Advanced Study.

The War Against Parents Sylvia Ann Hewlett 1998 A white feminist and a black human rights activist join in a rare partnership to address the burning social issue of our time: the abandonment of America's parents.

Jews and the American Public Square Alan Mittleman 2002 Jews and the American Public Square is a study of how Jews have grappled with the presence of religion, both their own and others, in American public life. It surveys historical Jewish approaches to church-state relations and analyzes Jewish responses to the religion clauses of the First Amendment. The book also explores how the contemporary sociological and political characteristics of American Jews bear on their understanding of the public dimensions of American religion. In addition to a descriptive and analytic approach, the volume is also critical and polemical. Its

contributors attack and defend prevailing views, raise critical questions about the political and intellectual positions favored by American Jews, and propose new syntheses. This book captures the current mood of the Jewish community: both committed to the separation of church and state and perplexed about its scope and application. It provides the necessary background for a principled reconsideration of the problem of religion in the public square.

I Am My Mother's Daughter Iris Krasnow 2007-08-01 Iris Krasnow -- mother, daughter, and best-selling Journalist -- tackles the toughest relationship in the lives of many grown women: the mother-daughter bond. With women's life expectancy inching up past eighty, you may be embroiled with your mother well past the time your own hair turns white. The good news: Living longer means more time to make peace -- and this book shows you how. Drawing on her own experience with her colorful eighty-four-year-old mother and the collective wisdom of

more than one hundred other adult daughters, Krasnow offers a fresh perspective on how to overcome the anger, guilt, and resentment that can destroy a family. The time to repair the bond is now, she reminds us: You can't kiss and make up at her funeral. The key is to let go of the fantasy mom and embrace the flesh-and-blood woman, with all her flaws.

Fruitful Anne Richardson Roiphe 1996 Looks at the effect of motherhood on women and debates whether feminism has overlooked the emotional and economic needs of mothers in society.

Maternal Desire Daphne de Marneffe 2019-05-14 Esteemed psychologist Daphne de Marneffe examines women's desire to care for children in an updated reissue of her "fascinating analysis that's a welcome addition to the dialogues about motherhood" (Publishers Weekly). If a century ago it was women's sexual desires that were unspeakable, today it is the female desire to mother that has become taboo. One hundred years of Freud and feminism have

liberated women to acknowledge and explore their sexual selves, as well as their public and personal ambitions. What has remained inhibited is women's thinking about motherhood.

Maternal Desire is the first book to treat women's desire to mother as a legitimate focus of intellectual inquiry and personal exploration. Shedding new light on old debates, Daphne de Marneffe provides an emotional road map for mothers who work and mothers who are at home. De Marneffe both explores the enjoyment and anxieties of motherhood and offers mothers in all situations valuable ways to think through their self-doubts and connect to their capacity for pleasure. Drawing on a rich tradition of writers, such as Simone de Beauvoir, Adrienne Rich, Carol Gilligan, and Susan Faludi, as well as her experience as a psychologist and mother of three, de Marneffe illuminates how we express our desire to care for children. By treating maternal desire as a central feature of women's identity—rather than as an inconvenient or

slightly embarrassing detail—we can look with fresh insight at controversial issues, such as childcare, fertility, abortion, and the role of fathers. An “absorbing look at the enormous personal pleasure that women derive from mothering....Maternal Desire is a stirring book that celebrates women’s love for their children and mothering while also supporting their interest in careers and other pursuits” (Booklist).

Economic Stress and the Family Sampson Lee Blair 2012-09-25 This volume focuses on how families and family members have been affected by economic and financial stress. Using a variety of methodological and theoretical perspectives, the scholars in this volume examine the various ways financial difficulties affect family structures, family behaviours, and family relationships.
