Paradise Lost John Milton 2005-09-15 *Paradise Lost* remains as challenging and relevant today as it was in the turbulent intellectual and political environment in which it was written. This edition aims to bring the poem as fully alive to a modern reader as it would have been to Milton's contemporaries. It provides a newly edited text of the 1674 edition of the poem--the last of Milton's lifetime--with carefully modernized spelling and punctuation. Marginal glosses define unfamiliar words, and extensive annotations at the foot of the page clarify Milton's syntax and poetics, and explore the range of literary, biblical, and political allusions that point to his major concerns. David Kastan's lively Introduction considers the central interpretative issues raised by the poem, demonstrating how thoroughly it engaged the most vital--and contested--issues of Milton's time, and which reveal themselves as no less vital, and perhaps no less contested, today. The edition also includes an essay on the text, a chronology of major events in Milton's life, and a selected bibliography, as well as the first known biography of Milton, written by Edward Phillips in 1694.

Faerie Moon Matt Mark & Francesca Tedesco 2017-05-19 Eighteen-year-old private investigator Veronica Dye is only trying to make some quick cash when she agrees to take on a seemingly routine missing person case. But when her client turns out to be a fugitive from the kingdom of the faerie, Veronica must use all of her wits to survive the night of the faerie moon. After a bungled investigation leaves her desperate to recover lost wages, Veronica believes her prayers have been answered when a handsome young man dressed in outlandish, outdated clothing and seemingly unacquainted with contemporary customs appears in the offices of Dye Investigations seeking help. Sebastian Avery, though, is an enigma. A human being reared in the realm of the faerie, he is a man without an identity. Stolen from his crib as a baby, he has lived eighteen years as a servant in the faerie realm, a minstrel satisfying the faeries' craving for human emotions with melancholy songs that express a longing for his lost life. When he takes the daring leap through the mystical barrier that separates the faerie realm from Earth, Sebastian arrives a stranger in a home he has never known. To retrieve his lost life, he must locate his double, the evil changeling that was left in his crib in his place. Yet he has only hours to accomplish his mission for at midnight, beneath the intense glow of the unnaturally large faerie moon, the faeries will be able to cross the enchanted barrier and will come to take him back. When Sebastian is recaptured following an unsuccessful skirmish with the changeling, Veronica must make the perilous journey across the faerie realm to rescue him. Yet even if she can overcome the beast that plagues that enchanted land and outwit the diabolical faerie queen, she must still defeat the changeling if she is to save Sebastian's life.

He Wanted the Moon Mimi Baird 2016-02-16 Soon to be a major motion picture, from Brad Pitt and Tony Kushner A Washington Post Best Book of 2015 A mid-century doctor's raw, unvarnished account of his own descent into madness, and his daughter's attempt to piece his life back together and make sense of her own. Texas-born and Harvard-educated, Dr. Perry Baird was a rising medical star in the late 1920s and 1930s. Early in his career, ahead of his time, he grew fascinated with identifying the biochemical root of manic depression, just as he began to suffer from it himself. By the time the results of his groundbreaking

experiments were published, Dr. Baird had been institutionalized multiple times, his medical license revoked, and his wife and daughters estranged. He later received a lobotomy and died from a consequent seizure, his research incomplete, his achievements unrecognized. Mimi Baird grew up never fully knowing this story, as her family went silent about the father who had been absent for most of her childhood. Decades later, a string of extraordinary coincidences led to the recovery of a manuscript which Dr. Baird had worked on throughout his brutal institutionalization, confinement, and escape. This remarkable document, reflecting periods of both manic exhilaration and clear-headed health, presents a startling portrait of a man who was a uniquely astute observer of his own condition, struggling with a disease for which there was no cure, racing against time to unlock the key to treatment before his illness became impossible to manage. Fifty years after being told her father would forever be "ill" and "away," Mimi Baird set off on a quest to piece together the memoir and the man. In time her fingers became stained with the lead of the pencil he had used to write his manuscript, as she devoted herself to understanding who he was, why he disappeared, and what legacy she had inherited. The result of his extraordinary record and her journey to bring his name to light is *He Wanted the Moon*, an unforgettable testament to the reaches of the mind and the redeeming power of a determined heart.

Chief Inspector Domenic Jejeune is hoping an overseas birding trip might hold some answers in his fugitive brother's manslaughter case. But there are people on the tour who seem keen to keep their secrets, and the rainforest can be a dangerous place for those who ask too many questions. Back in the U.K., in Jejeune's absence, Marvin Laraby, his former boss and longtime nemesis has been brought in to investigate the murder of an accountant. He is proving so effective that Superintendent Colleen Shepherd is considering making his replacement of Jejeune a permanent arrangement. With the manslaughter case poised to claim another victim, Jejeune learns that an accident back home involving his girlfriend, Lindy Hey, is much more than it seems. Lindy is in imminent danger. And only Jejeune can help her. But to do so, he must sacrifice his working relationship with Shepherd, opening the door for Laraby's appointment as Saltmarsh's new DCI. When Jejeune discovers the truth about Laraby's current case, he is faced with a dilemma. He can speak up, knowing it will cost him his job on the north Norfolk coast he loves. Or he can stay silent, and let a killer escape justice. As he weighs his alternatives, Domenic Jejeune begins to realize that, sometimes, the wrong choice is the only choice you have.

West of Fugitive Moon Bradley Fink 2021-03-14 West of Fugitive Moon is written in the form of journal entries over a two year period, during which the narrator leaves his home in America to search the world for meaning. He finds himself living in a fishing village near Vancouver, Canada, then backpacking through Argentina and Peru, back to America for some rest, over to Portugal, Spain, and Morocco, and finally through some of the lesser known countries in Africa. While at first glance we get the impression of a travel diary, the story is much more of a journey into the author's soul, and a love story for what he sees as a beautiful and (at times) confusing existence.

The Scent of the Full Moon Paul Gouda 2012-06 Powerfully phrased, elegantly structured and uniquely presented. This book constitutes a new era in the evolution of poetry. It is a great contribution to the global recognition of Canadian literature. A reference against which poetry will be measured. - K. Cohien, Editor The depth of the exceptionally rich imagery in this book, and the stunning use of the language promise a very successful and enjoyable book. Though no great poet in history was fully and truly appreciated in his days, if not sooner - it may only take the next generation's library to crown the author the unsurpassed poet of all times. It is an honor to introduce this book. - W. S. Martin, M.A. Author. Having dazzled the imagination of poetry with his previous book "Intoxicated Emotions" - Paul Gouda - in "The scent of the full moon" has written his name in history with the very few elite giants of recorded literature. Having taught advanced literature at graduate level for 18 years, I believe I am qualified to make this very bold statement: "This book has confidently earned its place within the unique category of the greatest literature ever written.." This is not a statement anyone would make lightly. I am confident that history will prove this testimonial to be true. Brilliant material. - Timothy Bucha, Ph.D. Th.D.

The Good Red Road Kenneth Lincoln 1997-01-01 In 1975 Kenneth Lincoln went on the road with his small daughter and four students, traveling from Los Angeles through Arizona, New Mexico, Nebraska, and the Dakotas, searching for the essence of the Indian experience in modern America. His gritty but poetic account of this trip explores the challenges facing native peoples. The Good Red Road captures the tension between Indians and whites, reveals the continuing importance of religion among the Lakotas, and depicts the differences among Indians. Finally, the book is a journey of self-discovery by Lincoln and his students, one of them coauthor Al Logan Slagle, a Cherokee Indian and later an advocate for Indian rights.

Heroin Love Songs JCK HENRY 2019-12-13 Heroin Love Songs is a journal of poetry. Originally founded in 2009, HLS went on a 10 hiatus due to a variety of reasons, most of them irrelevant and, honestly, boring. But it is back. HLS attempts to bring together the best new writers, existing writers, and writers in the

middle. Sad, funny, brutal, inspiring; the poets of HLS are a unique blend of people. The only commonality is that they can write. Unique to this edition are a few poems by the late, great Scott Wannberg. Editor Jck Hnry had been friends with Scott in the years leading up to his passing and tremendously honored to have opportunity to release these gems into the world. This Earth, My Brother Kofi Awoonor 2023-10-01 In this debut novel, Kofi Awoonor brilliantly interweaves poetry and allegory into a profound tale of social corruption in post-colonial Ghana. Rooted in the African oral tradition, *This Earth, My Brother* paints a picture of post-independent Ghana through two distinctive narratives. In the first strand, we find Amamu, a young lawyer struggling to come to terms with his place amongst the new Ghanaian elite. Frustrated by the debauchery of his peers, and the misery engulfing the country, he decides to leave. During his journey across Europe, Amamu is gripped with a different kind of spiritual alienation – one that he can't run away from. Bridging the gaps between Amamu's story are chapters of rich prose poetry that tell an allegorical tale of new Ghana. From religious suffering to mermaids, Kofi Awoonor lyrically captures the inner workings of a man's disturbed conscience and the conflicting realities of Ghana's independence. Fugitive Moon Ron Faust 2014-02-10 A dark murder mystery—and an edgy send-up of political correctness and America's appetite for celebrity vice—by “a very gifted writer and storyteller who can mix raucous, vulgar comedy with shrewd insight and deep feeling and still maintain the narrative pace of a 94 mph fastball.” (Booklist) Teddy Moon, ace major league relief pitcher, manic-depressive, and occasional amnesiac—is convinced that he's being framed for the bizarre murders of several transsexuals who are turning up in the garbage chutes of his team's various hotels. Hounded by the police, the Legion of Fear, and the elite cadres of the Politically Correct, Teddy takes off cross-country on a manic binge to find someone who doesn't think he did it. He appeals to an ex-wife in Iowa, his heretical psychiatrist at the Alamo Ranch Sanatorium in New Mexico, and finally throws himself into the many arms of his neo-Hindu girlfriend in Hollywood, but no one believes his story—and why should they? Only Moon, with the help of his alter egos Don Coyote and the Baseballman, can find the truth—and the murderer. Maybe.
