The Underground Railroad from Slavery to Freedom Wilbur Henry Siebert 1898

The Mountain Fugitive Max Brand 1994-01-01 Raw frontier action is epitomized in Lee Porfilo. With a penchant for settling his problems with his fists, Porfilo is always in trouble. And trouble comes to stay when he beats a rich man's son. Now he has an enemy for life. Framed for murder and sentenced to the penitentiary, he is saved by Tex Cummins' small steel saw and heads for the mountains. As a mountain fugitive, he meets ravishing, red-haired Margaret O'Rourke, whom he renames Mike. She warns him that Cummins' contribution to his freedom wasn't all charity. And that prophesy comes true when Cummins shows him how to make money fast and easy. But there's good in Porfilo's soul and he'd rather go straight. Tired of running, he'd just as soon die facing his enemies head on than live life as an outlaw.

Red Coats on the Prairies

William Beahen 1998
Jane Steele Lyndsay Faye
2016-03-22 Like the heroine of the novel she adores, Jane Steele suffers cruelly at the hands of her aunt and schoolmaster. And like Jane Eyre, they call her wicked - but in her case, she fears the accusation is true. When she flees, she leaves behind the corpses of her tormentors. A fugitive navigating London's underbelly, Jane rights wrongs on behalf of the have-nots whilst avoiding the noose. Until an advertisement catches her eye. Her aunt has died and the new master at Highgate House, Mr Thornfield, seeks a governess. Anxious to know if she is Highgate's true heir, Jane takes the position and is soon caught up in the household's strange spell

Reality Check The World Bank 2023-10-17 To address

the myriad challenges posed by global climate change, countries at all income levels have put in place a diverse set of policies over the past three decades. Many governments have already made significant progress in their efforts to decarbonize, creating a rich history of implementation experiences that provides important lessons for how to successfully advance climate policy goals in a variety of different economic, cultural, and political contexts. Despite this progress, the transition to a net zero future continues to face significant barriers, including the need for large investment, a lack of institutional capacity, and challenging political economy issues. Reality Check: Lessons from 25 Policies Advancing a Low-Carbon Future identifies key policy approaches that countries are taking to decarbonize their economies. The report classifies policies into five categories: • Planning for a future with zero net emissions • Getting the pricing and taxes right • Facilitating

and triggering transitions in key systems, such as energy and food • Getting the finance flowing, particularly by incentivizing private sector investment • Ensuring a just transition that protects the poor. Reality Check: Lessons from 25 Policies Advancing a Low-Carbon Future fills a critical research gap by documenting low-carbon policy trends and providing a series of case studies across sectors and geographies. The 25 case studies furnish country contexts and policy details, examine results and impacts, and outline key takeaways and lessons learned for enabling further ambition in achieving emissions reductions. The report contributes to an evolving analytical agenda on how to reduce carbon emissions while achieving economic development and the strategic transition to a greener, more resilient, and more inclusive future.

The Underground Railroad from Slavery to Freedom

Wilbur H. Siebert 2012-04-10
Interviews and excerpts from

diaries, letters, biographies, memoirs, speeches, and other firsthand accounts shed much light on the origins of a system that provided aid to fugitive slaves. 46 black-and-white illustrations.

Jane Steele Lyndsay Faye

2016-03-22 The reimagining of Jane Eyre as a gutsy, heroic serial killer that The New York Times Book Review calls “wonderfully entertaining” and USA Today describes as “sheer mayhem meets Victorian propriety”—nominated for the 2017 Edgar Award for Best Novel. “Reader, I murdered him.” A sensitive orphan, Jane Steele suffers first at the hands of her spiteful aunt and predatory cousin, then at a grim school where she fights for her very life until escaping to London, leaving the corpses of her tormentors behind her. After years of hiding from the law while penning macabre “last confessions” of the recently hanged, Jane thrills at discovering an advertisement. Her aunt has died and her childhood home has a new master: Mr. Charles Thornfield,

who seeks a governess. Burning to know whether she is in fact the rightful heir, Jane takes the position incognito and learns that Highgate House is full of marvelously strange new residents—the fascinating but caustic Mr. Thornfield, an army doctor returned from the Sikh Wars, and the gracious Sikh butler Mr. Sardar Singh, whose history with Mr. Thornfield appears far deeper and darker than they pretend. As Jane catches ominous glimpses of the pair's violent history and falls in love with the gruffly tragic Mr. Thornfield, she faces a terrible dilemma: Can she possess him—body, soul, and secrets—without revealing her own murderous past? “A thrill ride of a novel. A must read for lovers of Jane Eyre, dark humor, and mystery.”—PopSugar.com

A Free Black Girl Before the Civil War Charlotte L. Forten 2003-07-01 The diary of Charlotte Forten, a sixteen-year-old free African American who lived in Massachusetts in 1854 who records her

schooling, participation in the anti-slavery movement, and concern for an arrested fugitive slave. Includes activities and a timeline related to this era.

William Uhler Hensel 1911
Practical Liberators Kristopher A. Teters 2018-04-24 During the first fifteen months of the Civil War, the policies and attitudes of Union officers toward emancipation in the western theater were, at best, inconsistent and fraught with

internal strains. But after Congress passed the Second Confiscation Act in 1862, army policy became mostly consistent in its support of liberating the slaves in general, in spite of Union army officers' differences of opinion. By 1863 and the final Emancipation Proclamation, the army had transformed into the key force for instituting emancipation in the West. However, Kristopher Teters argues that the guiding principles behind this development in attitudes and policy were a result of military necessity and pragmatic strategies, rather than an effort to enact racial equality. Through extensive research in the letters and diaries of western Union officers, Teters demonstrates how practical considerations drove both the attitudes and policies of Union officers regarding emancipation. Officers primarily embraced emancipation and the use of black soldiers because they believed both policies would help them win the war and save the Union, but their views

on race actually changed very little. In the end, however, despite its practical bent, Teters argues, the Union army was instrumental in bringing freedom to the slaves.

The underground railroad from slavery to freedom

William Henry Siebert
1898-01-01

I Am a Fugitive from a Georgia Chain Gang! Robert E. Burns 2011-08-15 I Am a Fugitive from a Georgia Chain Gang! is the amazing true story of one man's search for meaning, fall from grace, and eventual victory over injustice. In 1921, Robert E. Burns was a shell-shocked and penniless veteran who found himself at the mercy of Georgia's barbaric penal system when he fell in with a gang of petty thieves. Sentenced to six to ten years' hard labor for his part in a robbery that netted less than \$6.00, Burns was shackled to a county chain gang. After four months of backbreaking work, he made a daring escape, dodging shotgun blasts, racing through swamps, and eluding bloodhounds on his way north.

For seven years Burns lived as a free man. He married and became a prosperous Chicago businessman and publisher. When he fell in love with another woman, however, his jealous wife turned him in to the police, who arrested him as a fugitive from justice. Although he was promised lenient treatment and a quick pardon, he was back on a chain gang within a month. Undaunted, Burns did the impossible and escaped a second time, this time to New Jersey. He was still a hunted man living in hiding when this book was first published in 1932. The book and its movie version, nominated for a Best Picture Oscar in 1933, shocked the world by exposing Georgia's brutal treatment of prisoners. I Am a Fugitive from a Georgia Chain Gang! is a daring and heartbreaking book, an odyssey of misfortune, love, betrayal, adventure, and, above all, the unshakable courage and inner strength of the fugitive himself.

The most current and complete guide to a favorite teen genre, this book maps current releases along with perennial favorites, describing and categorizing fantasy, paranormal, and science fiction titles published since 2006. Speculative fiction continues to be of consuming interest to teens, so if you work with that age group, keeping up with the explosion of new titles in this category is critical. Likewise, understanding the many genres and subgenres into which these titles fall—wizard fantasy, alternate worlds, fantasy mystery, dystopian fiction, science fantasy, and more—is also key if you want to motivate young readers and direct them to books they'll enjoy. Written to help you master a complex array of genres and titles, this guide includes more than 1,500 books, most published since 2006, organizing them by genre, subgenre, and theme. Subgenres growing in popularity such as "steampunk" are highlighted to keep you current with the latest trends.

The guide will serve three audiences. Of course, you can turn to it as you help your teenage patrons select the books and genres that will interest them most. Teen readers, whether devoted fans or newcomers, can use it themselves to find titles and subgenres they might like. In addition, the guide will help teachers and parents match students with the right books. *Merchant Vessels of the United States...* United States. Coast Guard 1971

Charcoal's World Hugh Aylmer Dempsey 1979-01-01 Charcoal's World was bounded

Downloaded from
activistcash.com on
2024-01-28 by guest

by the mountains, hills, and plains of southwestern Alberta. That was the homeland of his people, the Blood Indians, but Charcoal was not free to enjoy it as his ancestors had. For millennia, they had lived each day in the company of spirits, and even with the coming of the white man that much did not change. Major Samuel Benfield Steele of the North West Mounted Police did not know about the Indian spirit world and would not have cared to learn. In 1896 when Charcoal killed a man and made attempts on others, Steele saw him as a common murderer and vowed to chase him down. The tale of Charcoal is well known among the Indians of southern Alberta. Their stories of his exploits agree in many ways with the official reports of the North West Mounted Police, but the two sources conflict in the reasons for the success of Charcoal and his eventual downfall. Hugh A. Dempsey has spent twenty-five years researching the material on Charcoal; he has studied the

government records and spoken with the elders and historians of the Blood Reserve. The result is Charcoal's World, giving us the Indian side of this remarkable story of Indian-white confrontation.

The Fugitives Christopher Sorrentino 2016 In their growing involvement with one another, each becomes a pawn in the other's game. As we weave among these characters, learning about their lives and motivations, and uncovering the conflicts and contradictions between their stories, we realize that the storyteller is not the only one with secrets to conceal that all three are fugitives of one kind or another. All the Sorrentino touches that have thrilled admirers are here: sparkling dialogue, satirical wit, attention to the details of everyday life, dizzyingly inventive prose but it is the deeply imagined interior lives of its all too human main characters that set this novel apart. Moving, funny, tense, and mysterious, *The Fugitives*

*Downloaded from

is a love story, a ghost story, and a crime thriller.

Science Fiction and Fantasy Literature, 1975-1991 R.

Reginald 1992 Science fiction constitutes one of the largest and most widely read genres in literature, and this reference provides bibliographical data on some 20,000 science fiction, fantasy, and horror fiction books, as well as nonfiction monographs about the literature. A companion to Reginald's Science Fiction and Fantasy Literature, 1700-1974 (Gale, 1979), the present volume is alphabetically arranged by approximately 10,000 author names. The entry for each individual work includes title, publisher, date and place published, number of pages, hardbound or paperback format, and type of book (novel, anthology, etc.). Where appropriate, entries also provide translation notes, series information, pseudonyms, and remarks on special features (such as celebrity introductions). Includes indexes of titles, series, awards, and "doubles"

(for locating volumes containing two novels).

Sherlock Holmes Stories was first published, a huge three-book set featuring over sixty new traditional Holmes exploits, all set within the correct time period. Soon, the demand for even more traditional Holmes adventures led to further volumes. The next year brought Part IV: 2016 Annual, and then Part V: Christmas Adventures. In spring 2017 there was Part VI: 2017 Annual, and that fall revealed the massive two-volume set, Parts VII and VIII: Eliminate the Impossible. Now we present another two simultaneous volumes, Parts IX and X: 2018 Annual (1879-1895) and (1896-1916). There can be no argument that Sherlock Holmes is one of the most famous and recognizable figures in the world. There were only sixty narratives brought to us by the original Literary Agent, Sir Arthur Conan Doyle. Clearly that is not enough. Watson once wrote that he kept his unpublished cases in his old Tin Dispatch Box. Now, with the publication of these latest volumes, that

box has again been explored by some of today's best Sherlockian writers, all of whom are donating their royalties from these anthologies toward the restoration of Undershaw, one of Sir Arthur Conan Doyle's houses, and the location where The Hound of the Baskervilles and many later Holmes stories were completed. Climb the seventeen steps to the sitting room at 221b Baker Street. Sherlock Holmes and Doctor Watson are waiting.... The game is afoot!

Fugitive Sheriff Edward Massey 2020-02-12 July 24, 1883. Deputy John Willford Simms wrests the bloodied star from his murdered father's chest and pins it on, "My father's star makes me sheriff." The mayor protests, "You'll be a fugitive sheriff." They both know John Willford has a bounty on his head because he took a second wife at the Mormon bishop's bidding fourteen years before. It matters little. Across the high mountains of Summit County, Utah Territory, Sheriff Simms

hunts his father's killer for four years, while a U.S. marshal, leading his fallen-away Mormon deputies, hunts the sheriff. When the marshal finally captures Simms, will the community rally around the sheriff to engineer his escape? *Fugitive Slaves and the Underground Railroad in the Kentucky Borderland* J. Blaine Hudson 2015-05-07 Between 1783 and 1860, more than 100,000 enslaved African Americans escaped across the border between slave and free territory in search of freedom. Most of these escapes were unaided, but as the American anti-slavery movement became more militant after 1830, assisted escapes became more common. Help came from the Underground Railroad, which still stands as one of the most powerful and sustained multiracial human rights movements in world history. This work examines and interprets the available historical evidence about fugitive slaves and the Underground Railroad in Kentucky, the southernmost

sections of the free states bordering Kentucky along the Ohio River, and, to a lesser extent, the slave states to the immediate south. Kentucky was central to the Underground Railroad because its northern boundary, the Ohio River, represented a three hundred mile boundary between slavery and nominal freedom. The book examines the landscape of Kentucky and the surrounding states; fugitive slaves before 1850, in the 1850s and during the Civil War; and their motivations and escape strategies and the risks involved with escape. The reasons why people broke law and social convention to befriend fugitive slaves, common escape routes, crossing points through Kentucky from Tennessee and points south, and specific individuals who provided assistance—all are topics covered.

Fugitive Steele S. L. Hunter 1991

Jackpot Jason Ryan 2012-08-07 In the late 1970s and early '80s, a cadre of freewheeling,

Southern pot smugglers lived at the crossroads of Miami Vice and a Jimmy Buffett song. These irrepressible adventurers unloaded nearly a billion dollars worth of marijuana and hashish through the eastern seaboard's marshes. Then came their undoing: Operation Jackpot, one of the largest drug investigations ever and an opening volley in Ronald Reagan's War on Drugs. In *Jackpot*, author Jason Ryan takes us back to the heady days before drug smuggling was synonymous with deadly gunplay. During this golden age of marijuana trafficking, the country's most prominent kingpins were a group of wayward and fun-loving Southern gentlemen who forsook college educations to sail drug-laden luxury sailboats across the Mediterranean, the Atlantic, and the Caribbean. Les Riley, Barry Foy, and their comrades eschewed violence as much as they loved pleasure, and it was greed, lust, and disaster at sea that ultimately caught up with them, along

with the law. In a cat-and-mouse game played out in exotic locations across the globe, the smugglers sailed through hurricanes, broke out of jail and survived encounters with armed militants in Colombia, Grenada and Lebanon. Based on years of research and interviews with imprisoned and recently released smugglers and the law enforcement agents who tracked them down, *Jackpot* is sure to become a classic story from America's controversial Drug Wars. "The adventures, the long-gone economy, and the sting that ultimately brought them down and changed US drug policy are meticulously documented and lucidly spun.... Part New Yorker feature-part Jimmy Buffet song. . . . The result is adventuresome, lavish, informative fun." —GQ "[A] rollicking story, Ryan manages to pack in one amusing tale after another.... *Jackpot* is a rip-roaring good read." —Charleston City Paper "High times on the high seas:

Investigative reporter Ryan

recounts the glory days of dope smuggling and their terrible denouement.... A well-told tale of true crime that provides a few good arguments for why it should not be a crime at all.”

—Kirkus Reviews “Reads like an international thriller. . . . chock-a-block with hilarious and hair-raising anecdotes of fast times.” —New York Journal of Books “[A] thoroughly researched account of Operation Jackpot, the drug investigation that ended the reign of South Carolina’s ‘gentlemen smugglers,’ Ryan recreates the era with a vivid, sun-drenched intensity.”

—Publishers Weekly

The Literary Adventures of Sherlock Holmes Volume Two

Daniel D Victor 2019-10-16 The eleven stories gathered together in these two volumes share their own common feature. All have connections to the world of belles lettres, the world of literature - some to celebrated authors in particular, others to themes or stories associated with specific writers Let others plumb this collection for more subtle

themes. From Maupassant to Stevenson to Fitzgerald, the authorial giants who populate these pages are explanation enough for its title. As interesting as such literary associations may be, of course, one can never forget that in the finest tradition of all the other adventures of Sherlock Holmes, these sketches depict a series of heartless criminal acts - some more gruesome than others.

Brazos Fugitive Tyler Hatch 2011 They marked Jared Clay with a lynch rope, but the scar went deeper than that. His life was ruined, so he took his chance to square things with both fists and blazing guns. Now, before the final showdown, he must run for his life. A fugitive with a 'dead-or-alive' bounty on his head, Clay faces killer deserts, Texas twisters, flooded rivers and treachery on all sides. It all ends where it began: Clay stands alone, surrounded by enemies...

William Still and the Underground Railroad Lurey Khan 2010-03-29 The Stills

were the prototypical African American family who lived, worked, and sometimes prospered before, during, and after the Civil War. History is replete with the selfless contributions of these black individuals. Beginning in the waning decades of the 18th century on Maryland's Eastern Shore, a slave named Levin Steel confronted his slave master with a demand his owner could not ignore-his urge to be a free man. He bought himself, settled in the Pines of Burlington County, New Jersey, in 1806, and was soon joined there by his self-emancipated wife, Charity. The dynasty these hardworking former slaves began in 1807 produced a bevy of freeborn children, who were the ancestors of our central character, William Still. Although it was William who ran station two, the hub of the American Underground Railroad in Philadelphia, beginning in the 1840s, his siblings accomplished a staggering list of professional, entrepreneurial, social welfare,

and legal activities while the mass of American slaves lay in chains in the South. After the Civil War, when emancipation came to the slaves, William Still, a successful coal merchant, used his own money to finance a host of civil rights and other social reforms to elevate the freed men arriving in the city.
