The Forty Fathom Bank and Other Stories Les Galloway 2013-02-26

Called "stunning and suspenseful" (Andrea Barrett, Outside), and "exquisitely detailed" (Alan Cheuse, NPR), *The Forty Fathom Bank* is a gripping novella of adventure and desperation in the tradition of *The Treasure of the Sierra Madre*. This acclaimed cult classic tells the story of two men seeking riches on a late-season fishing trip off the coast of San Francisco. When a storm hits and the engine fails, they confront more than treacherous seas in their fight for survival. This edition also includes the late author's other rarely seen stories of the sea, as well as an afterword by his friend and editor, Jerome Gold. As James Lee Burke says, "No one who reads this book will ever forget it."

Character Sketches of Romance, Fiction and the Drama Ebenezer Cobham Brewer 2004-03 Originally published in 1892, "the object of this Handbook is to supply readers and speakers with a lucid, but very brief account of such names as are used in allusions and references, whether by poets or prose writers; - to furnish those who consult it with the plot of popular dramas, the story of epic poems, and the outline of well-known tales. The number of dramatic plots sketched out is many hundreds. Another striking and interesting feature of the book is the revelation of the source from which dramatists and romancers have derived their stories, and the strange repetitions of historic incidents. It has been borne in mind throughout that it is not enough to state a fact. It must be stated attractively, and the character described must be drawn characteristically if the reader is to appreciate it, and feel an interest in what he reads." This work, an American reprint of *The Reader's Handbook* by E. Cobham Brewer, .."while retaining all of the original material that can interest and aid the English-speaking student, gives also 'characters and sketches found in American novels, poetry and drama.'"

Forty Fathoms Deep Ion Idriess 2018-10-01 (Author Note) *Forty Fathoms Deep* is part of the story of the pearl seas of north-western Australia. In all but a few instances, I have used names well known in the pearl world of Broome, but have taken care not to hurt susceptibilities. I am conscious I have only gleaned in a field rich with romance. There is

material for many books in the adventurous lives of the men who have built up the history and industry of Broome. It is to be hoped that someone more persuasive than I will induce them to sit down and write, or, failing that, sit and talk for the enlightenment and entertainment of fellow Australians. I am greatly indebted to numerous friends in Broome who have helped me with material and who went to such pains to get for me authentic data. Hail and farewell, with a warm heart, to Con and old Sebaro, and to all the divers and tenders and seamen who were so patient at explaining the many things I desired to see and know. To all, a fair wind and a hungry market when the fleets put to sea! ION L. IDRIESS.
