*Literacy Play for the Early Years Book 1* Collette Drifte 2013-07-04 This series of books uses fiction, non-fiction and poetry texts, as well as phonics, as a basis to help young children in the Early Years develop their literacy skills. It brings together the early learning goals of the foundation stage and the national literacy strategy objectives, using structured play, games and fun activities to put across the relevant teaching points in an enjoyable way, while simultaneously nurturing a love of literature. Each book presents structured activities based around suggested focus texts. To help practitioners save time in planning and organizing, the materials needed and the preparation required for each session are described in detail. The activities have been designed to cater to different achievement levels, and can be adapted or added to according to the needs of individual children and settings. Follow-up activities are also suggested, to bring in wider aspects of the Early Learning Goals and the NLS objectives. Elements of this book include exploring well-loved traditional stories and quality familiar modern stories by established authors; using the texts as a basis to focus on specific literacy goals and objectives; using the texts as a stimulus for games and play activities that help to teach literacy skills; planning and preparation for each literacy session, including materials needed and scripted sessions; ideas for working and playing with the whole group and smaller groups to consolidate the literacy skill; and extension ideas and activities.

*Paddington Bear* Michael Bond 1998-10-02 Adopting for their own the lost bear they find in Paddington Station, the Browns have some exciting first moments with him.

**More than Marmalade** Rosanne Tolin 2020-03-03 Michael Bond never intended to be a children's writer. Though an avid reader, he was by no means a model student and quit school at 14. He repaired rooftop radio transmitters during the bombing of Britain in World War II and later joined the army. He wrote about the war and more, selling stories here and there. One day, while searching for inspiration at his typewriter, hoping for a big story that would allow him to write full time, a stuffed bear on top of the shelf—a Christmas present for his wife—suddenly caught his eye. Bond poured his personal feelings about the events of his era—the refugee children his family had hosted in the countryside, a war-torn country in recovery, the bustling immigrant neighborhood where he lived—into the story of a little bear from Peru who tries very, very hard to do things right. The result was *A Bear Called Paddington*. An incredible true tale, *More than Marmalade: Michael Bond and the Story of Paddington Bear* is the first biography about the writer behind the beloved series. Author Rosanne Tolin reveals how world history, Bond's life, and 1950s immigrant culture were embedded into Paddington's creation, bringing middle-grade readers a delightful, informative, and engaging book with a timely message of acceptance.

*The Unofficial History of the Paddington Bear* Jennifer Warner 2014-09-05 In this world of superheroes, bells-and-whistles gadgetry, and mind blowing techno-magic, isn't it amazing that the elements of a simple story can still capture the imagination and appeal to the senses? Well, maybe not just any simple story, but a well written one that extols the very best in human nature while at the same time exposing weaknesses and meeting problems head on, with characters who are accessible, relatable, and believable, is sure to find its place in the annals of classic, timeless literature. This is the case with the easy, fluid stories penned by Michael Bond for more than fifty years, featuring the irresistible, furry little stowaway who came to be known as Paddington Bear. This book looks at the history of beloved bear. While it has been researched and based on interviews and other publications, it is not endorsed by Michael Bond or the publishers of The Paddington Bear series.
