A Power Stronger Than Itself George E. Lewis 2008-09-15 Founded in 1965 and still active today, the Association for the Advancement of Creative Musicians (AACM) is an American institution with an international reputation. George E. Lewis, who joined the collective as a teenager in 1971, establishes the full importance and vitality of the AACM with this communal history, written with a symphonic sweep that draws on a cross-generational chorus of voices and a rich collection of rare images. Desire, Drink and Death in English Folk and Vernacular Song, 1600-1900 Vic Gammon 2017-07-05 This much-needed book provides valuable insights into themes and genres in popular song in the period c. 1600-1900. In particular it is a study of popular ballads as they appeared on printed sheets and as they were recorded by folk song collectors. Vic Gammon displays his interest in the way song articulates aspects of popular mentality and he relates the discourse of the songs to social history. Gammon discusses the themes and narratives that run through genres of song material and how these are repeated and reworked through time. He argues that in spite of important social and economic changes, the period 1600-1850 had a significant cultural consistency and characteristic forms of popular musical and cultural expression. These only changed radically under the impact of industrialization and urbanization in the nineteenth century. The book will appeal to those

interested in folk song, historical popular music (including church music), ballad literature, popular literature, popular culture, social history, anthropology and sociology.

A Biographical Guide to the Great Jazz and Pop Singers Will Friedwald

2010-11-02 Will Friedwald's illuminating, opinionated essays—provocative, funny, and personal—on the lives and careers of more than three hundred singers anatomize the work of the most important jazz and popular performers of the twentieth century. From giants like Ella Fitzgerald, Louis Armstrong, Frank Sinatra, and Judy Garland to lesser-known artists like Jeri Southern and Joe Mooney, they have created a body of work that continues to please and inspire. Here is the most extensive biographical and critical survey of these singers ever written, as well as an essential guide to the Great American Songbook and those who shaped the way it has been sung. The music crosses from jazz to pop and back again, from the songs of Irving Berlin and W. C. Handy through Stephen Sondheim and beyond, bringing together straightforward jazz and pop singers (Billie Holiday, Perry Como); hybrid artists who moved among genres and combined them (Peggy Lee, Mel Tormé); the leading men and women of Broadway and Hollywood (Ethel Merman, Al Jolson); yesterday's vaudeville and radio stars (Sophie Tucker, Eddie Cantor); and today's cabaret artists and hit-makers (Diana Krall, Michael Bublé). Friedwald has also written extended pieces on the most representative artists of five significant genres that lie outside the songbook: Bessie Smith (blues), Mahalia Jackson (gospel), Hank Williams (country and western), Elvis Presley (rock 'n' roll), and Bob Dylan (folk-rock). Friedwald reconsiders the personal stories and professional successes and failures of all these artists, their songs, and their performances, appraising both the singers and their music by balancing his opinions with those of fellow musicians, listeners, and critics. This magisterial reference book—ten years in the making—will delight and inform anyone with a passion for the iconic music of America, which continues to resonate throughout our popular culture.

This Land that I Love John Shaw 2013-11-05 February, 1940: After a decade of worldwide depression, World War II had begun in Europe and Asia. With Germany on the march, and Japan at war with China, the global crisis was in a crescendo. America's top songwriter, Irving Berlin, had captured the nation's mood a little more than a year before with his patriotic hymn, "God Bless America." Woody Guthrie was having none of it. Near-starving and penniless, he was traveling from Texas to New York to make a new start. As he eked his way across the country by bus and by thumb, he couldn't avoid Berlin's song. Some people say that it was when he was freezing by the side of the road in a Pennsylvania snowstorm that he conceived of a rebuttal. It would encompass the dark realities of the Dust Bowl and Great Depression, and it would begin with the lines: "This land is your land, this land is my land...." In *This Land That I Love*, John Shaw writes the dual biography of these beloved American songs. Examining the lives of their authors, he finds that Guthrie and Berlin had more in common than either could have guessed. Though Guthrie's image was defined by train-hopping, Irving Berlin had also risen from homelessness, having worked his way up from the streets of New York. At the same time, *This Land That I Love* sheds new light on our patriotic musical heritage, from "Yankee Doodle" and "The Star-Spangled Banner" to Martin Luther King's recitation from "My Country 'Tis of Thee" on the steps of the Lincoln Memorial in August 1963. Delving into the deeper history of war songs, minstrelsy, ragtime, country music, folk music, and

African American spirituals, Shaw unearths a rich vein of half-forgotten musical traditions. With the aid of archival research, he uncovers new details about the songs, including a never-before-printed verse for "This Land Is Your Land." The result is a fascinating narrative that refracts and re-envisions America's tumultuous history through the prism of two unforgettable anthems.

Complete UK Hit Albums 1956-2005 Graham Betts 2005 The most complete guide to every artist and album that has ever charted in the UK Album chart, with details on over 14,800 albums and biographies on every one of the 3,180 acts that have appeared since the chart first started in 1958. From a Top Ten in 1958, the album chart has grown in both size and stature over the years. Increased to a Top Twenty in 1960, the chart grew to a Top 30 by 1966, a Top 40 later that year, a Top 50 in 1971, a Top 75 in 1978 and a Top 100 in 1981. By 1989, when compilation albums and soundtracks were a major factor in the chart, a decision was taken to produce two charts; a Top 75 artist chart and a Top 20 compilation chart. Every single entry on all these charts is included in **Collins Complete UK Hit Albums**. 3,180 acts have registered just over 11,300 hit albums; also listed are the approximately 3,500 soundtracks and compilation albums that have also hit the charts. hit albums, details of BPI awards, Platinum Europe awards and RIAA Diamond awards and details of BRIT, Grammy awards and US Number Ones. Revolution in the Air Clinton Heylin 2009-06-01 Bob Dylan has always regarded himself as a songwriter: 'I am my words,' he wrote in 1964. Distilling a lifetime's passion and study, leading Dylan author, Clinton Heylin charts the development and first moments of genius of this unique artist whose songs changed the world. From his first attempts at writing, Song to Bridget, in 1957, (apparently for Brigitte Bardot) Bob Dylan always aspired to poetry, yet his role as a writer rather than a performer of his own songs is often overlooked. In over fifty years of creativity he had penned some of the most iconic, and perfect, songs in popular history. Arriving in New York in 1961, the city had an enormous impact on the young artist and, as he established himself amongst the folk clubs and artists, he would produce songs that spoke for a whole generation: Blowing in the Wind, A Hard Rain's Gonna Fall, The Times They Are a Changin', Like a Rolling Stone, and Forever Young. In *Revolution in the Air* Clinton Heylin recounts the story of each song as it is written, giving a full appreciation of the songs themselves as well as Dylan the emerging artist. Unlike any other book on Dylan, it charts his rise as a writer, where he gained his inspiration, the burst of energy which produced some of his most famous songs as well as the lesser known stories behind the more iconic verses. This is an essential book for anyone interested in Dylan and his place in literature. Informative, opinionated, packed with new insights and revelations, this is an instant classic.
