### **Programming, 1948-1988** Mitchell E. Shapiro

1989 An exhaustive chronicle of network (including DuMont and Fox) prime-time (7:00-11:00 p.m.) television programming. This work will answer the questions, were the programming moves made for Mission: Impossible? Schedule tables provide at-a-glance reference to all regularly scheduled programs. The book is divided into the seven nights of the week; month by month from fall 1948 all network schedules are shown. A detailed (including assigning all the programs to one of 69 genre categorizations) chronological list of all programming moves (including premieres, cancellations, and time slot moves) is followed by a recap of key programming moves for each television season.

*1941--The Greatest Year In Sports* Mike Vaccaro  
2008-06-10 Joe DiMaggio . . . Ted Williams . . .  
Joe Louis . . . Billy Conn . . . Whirlaway  
Against the backdrop of a war that threatened to consume the world, these athletes transformed 1941 into one of the most thrilling years in sports history. In the summer of 1941, America paid attention to sports with an intensity that had never been seen before. World War II was raging in Europe and headlines grew worse by the day; even the most optimistic people began to accept the inevitability of the United States being drawn into the conflict. In sports pages and arenas at home, however, an athletic perfect storm provided unexpected—and uplifting—relief. Four phenomenal sporting events were underway, each destined to become legend. In *1941—The Greatest Year in Sports*, acclaimed sportswriter Mike Vaccaro chronicles this astounding moment in history. Fueled by a somber mania for sports—a desire for good news to drown out the bad—Americans by the millions fervently watched, listened, and read as Joe

DiMaggio dazzled the country by hitting in a record-setting fifty-six consecutive games; Ted Williams powered through an unprecedented .406 season; Joe Louis and Billy Conn (the heavyweight and light-heavyweight champions) battled in unheard-of fashion for boxing's ultimate championship; and the phenomenal (some say deranged) thoroughbred, Whirlaway, raced to three heart-stopping victories that won the coveted Triple Crown of horse racing. As Phil Rizzuto perfectly expressed, "You read the sports section a lot because you were afraid of what you'd see in other parts of the paper." Gripping and nostalgic, *1941—The Greatest Year in Sports* focuses on these four seminal events and brings to life the national excitement and remarkable achievement (many of these records still stand today), as well as the vibrant lives of the athletes who captivated the nation. With vast insight, Vaccaro pulls back the veil on DiMaggio's anxieties and the building pressure of "The Streak," and chronicles the brash, young confidence Williams displayed as he hammered his way through the baseball season largely in DiMaggio's shadow. He takes readers inside the head of Billy Conn, a kid who traded in his light-heavyweight belt for a shot at the very decent and very powerful Joe Louis, and tells the story of the fire-breathing racehorse, Whirlaway, who was known either for setting track records or tearing off in the wrong direction. Rich in historical detail and edge-of-your-seat reporting, Mike Vaccaro has crafted a lasting, important book that captures a portrait of one of America's most trying, and extraordinary, eras.

**Chicago's Greatest Sports Memories** Roland Lazenby 2000-12 From the Bears' 73-0 win in 1940 over the Redskins in the most lopsided playoff game in NFL history to Michael Jordan and the Bulls' six NBA championships in the '90s, *Chicago's Greatest Sports Memories* presents the greatest moments in Chicago sports history. This book features stories and photographs from the archives of the Chicago Sun-Times, plus introductions and original essays by award-winning writer Roland Lazenby. The book contains historical and eyewitness

accounts of such feats as Rocky Marciano's knockout of Jersey Joe Walcott in 1953; Walter Payton breaking Jim Brown's rushing record in 1984; and Bobby Hull becoming the first NHL player to exceed 50 goals in a season in 1966.

**"The Thrill of Victory"** Bert Randolph Sugar 1978  
The Thrill of Victory is an action-packed, anecdotal history of the internal life of the ABC network. Here for the first time are the inside stories of how the "Mickey Mouse of television" became the mouse that roared: Howard Hughes's abortive attempt to take over ABC; why "Saturday Night Live" with Howard Cosell died; Walt Disney's entry into television; the discovery of Evel Knievel and Dorothy Hamill by "ABC's Wide World of Sports"; and many more behind-the-camera stories, all told in colorful detail.

**Castle Films** Scott MacGillivray 2004 Do you remember the first movie you ever owned? It was probably a product of Castle Films. Before home video, Castle Films made every living room a screening room. For four decades the 16mm and 8mm film products of Castle Films were sold in every department store and hobby shop. Castle had big-screen movies for everybody: comedies with Abbott & Costello, The Marx Brothers, and W. C. Fields...monster movies with Frankenstein, Dracula, and the Wolfman...cartoons with Woody Woodpecker, Chilly Willy, and Mighty Mouse...westerns with Clint Eastwood, John Wayne, and James Stewart...travelogues of the world's picturesque places...newsreels of major headline stories...musicals with top singers and bandleaders. Collectors have always wanted a reference book detailing the total output of Castle Films. Here it is. **Castle Films: A Hobbyist's Guide** is a complete filmography of every title printed between 1937 and 1977. For handy reference, there are separate indexes by title, subject, and serial number, a listing of

Castle's color film releases, and a special section "decoding" Castle's various pseudonym titles and disclosing the "true identities" of many films. **Castle Films: A Hobbyist's Guide** is a fascinating, nostalgic look at one of the pioneers of home entertainment.

**Congressional Record** United States. Congress 1971 The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)

**Nickel A Pack** Jim Worsley 2015-01-05

The 1960s is a decade that has stood the test of time. It has been remembered, talked about, embraced, and encapsulated more, by far, than any other decade before or since. The times were a-changin' in the 1960s and there was much going on. This included the Vietnam War, the British Invasion, the Space Race, the Cold War, the assassination of JFK, Woodstock, and much more. The decade culminated with the 100 year anniversary of Major League Baseball in 1969. The decade leading up to this milestone was a glorious time for baseball. Previously, the 1950s saw the Negro Leagues wind down and come to an end. The 1960s was the first decade of complete integration, elevating baseball to a supreme level of play and excitement. It was particularly exciting and larger than life for a young boy absorbing it all through his baseball cards and autographs, as well as playing and watching the game. The author relates his experiences as if he were casually talking to you on your back patio. This is a fun remembrance for people of any age. It's an enjoyable opportunity to learn and understand how things were back in the "olden days" and, for those of you old enough to remember, it's a sentimental passage to a simpler time that will evoke many memories.

*Being Extreme* Bill Gutman 2014-04-01 As fast-paced as a freefall from a roaring airplane, as thrilling as a towering jump off a ski slope, *Being Extreme* is a fascinating examination of the adrenaline rush of extreme sports. Here is a world where living life on the edge is the only option, where you are only as good as your last jump . . . and where one false move can take you out of the game permanently. From mountain

climbing and freestyle motocross to skydiving and snowboarding and beyond, in the past decade, the world of extreme sports has exploded onto the scene, with daredevils attempting acts of athleticism that leave spectators awed . . . and fearful. *Being Extreme* explores the motivations and societal impulses behind these high-risk lifestyles through interviews with professional athletes and recreational enthusiasts, as well as with psychiatrists who seek to understand the motivation behind these "Big T" personalities. Authors Gutman and Frederick also explore what heart-stopping sports are around the next curve, because in a world where the "rush" is everything, everyone is always upping their game.

**Billboard** 1954-05-29 In its 114th year, *Billboard* remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. *Billboard* publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

*Dream Jobs in Sports Refereeing* Larry Gerber 2014-07-15 Being an athlete is not the only way to experience the thrills of a sports game firsthand. Referees and sports officials usually spend more time in the field or in the arena than athletes themselves and are often just as instrumental to the outcome—and enjoyment—of a game. Pursuing a career in sports officiating requires a love of the sport, an eye for detail, and patience, among a host of other qualities. This exciting volume details the keys to ensuring fairness, safety, and sportsmanship on the field and the skills required to become a successful sports official.

**Encyclopedia of American Short Films, 1926-1959** Graham Webb 2020-07-13 Short subject films have a long history in American cinemas. These could be anywhere from 2 to 40 minutes long and were used as a "filler" in a picture show that would include a cartoon, a newsreel, possibly a serial and a short before launching into the feature film. Shorts could tackle any topic of interest: an unusual travelogue, a comedy, musical revues, sports, nature or popular vaudeville acts. With the advent of sound-on-film in the mid-to-late 1920s,

makers of earlier silent short subjects began experimenting with the short films, using them as a testing ground for the use of sound in feature movies. After the Second World War, and the rising popularity of television, short subject films became far too expensive to produce and they had mostly disappeared from the screens by the late 1950s. This encyclopedia offers comprehensive listings of American short subject films from the 1920s through the 1950s.

*Forty Years in the Big House* Jon Falk 2015-09 An inside look at the University of Michigan's football program from the man who was the team's equipment manager for more than four decades. Forty years ago, Michigan equipment manager Jon Falk began his legacy, becoming a living encyclopedia of Michigan football tradition and history. Hired by Bo Schembechler in 1974, the now retired Falk shares his firsthand, inside stories from in the locker room, on the sideline, and on the road with one of college football's most storied institutions. He may not be as well known as the Big House or the Little Brown Jug, but among coaches, players, and a good portion of the Michigan football faithful, Jon Falk has fashioned a lively legend of his own. Falk's recollections connect the past and present to highlight the importance of the relationships created during the best four years of any college player's life and it's those relationships that drive the Wolverines to success.

**Fields of Battle** Brian Curtis 2016-09-27 "In the wake of the bombing of Pearl Harbor, the 1942 Rose Bowl was moved from Pasadena to Duke University out of fear of further Japanese attacks on the West Coast. Shortly after this unforgettable game, many of the players and coaches left their respective colleges, entered the military, and went on to serve around the world in famous battlegrounds, from Iwo Jima and Okinawa to Normandy and the Battle of the Bulge, where fate and destiny would bring them back together on faraway battlefields, fighting on the same team. *Fields of Battle* is a powerful story that sheds light on a little-known slice of American history where World War II and football intersect. Author Brian Curtis captures in gripping detail an intimate account of the teamwork, grit, and determination that took place on both the football and battle fields"--

*Lives Of The Athletes* Kathleen Krull 1997-02-01 Babe Ruth was the greatest slugger ever—and

off the field snacked on pickled eels and chocolate ice cream. Johnny Weissmuller swam to Olympic fame—and on land practiced the Tarzan yell. “Krull hits another home run.”—American Bookseller

### **Films for Television** 1962

The Sizzler Rick Huhn 2013-09-25 “Gorgeous George” Sisler, a left-handed first baseman, began his major-league baseball career in 1915 with the St. Louis Browns. During his sixteen years in the majors, he played with such baseball luminaries as Ty Cobb (who once called Sisler “the nearest thing to a perfect ballplayer”), Babe Ruth, and Rogers Hornsby. He was considered by these stars of the sport to be their equal, and Branch Rickey, one of baseball’s foremost innovators and talent scouts, once said that in 1922 Sisler was “the greatest player that ever lived.” During his illustrious career he was a .340 hitter, twice achieving the rare feat of hitting more than .400. His 257 hits in 1920 is still the record for the “modern” era. Considered by many to be one of the game’s most skillful first basemen, he was the first at his position to be inducted into the National Baseball Hall of Fame. Yet unlike many of his peers who became household names, Sisler has faded from baseball’s collective consciousness. Now in *The Sizzler*, this “legendary player without a legend” gets the treatment he deserves. Rick Huhn presents the story of one of baseball’s least appreciated players and studies why his status became so diminished. Huhn argues that the answer lies somewhere amid the tenor of Sisler’s times, his own character and demeanor, the kinds of individuals who are chosen as our sports heroes, and the complex definition of fame itself. In a society obsessed with exposing the underbellies of its heroes, Sisler’s lack of a dark side may explain why less has been written about him than others. Although Sisler was a shy, serious sort who often shunned publicity, his story is filled with its own share of controversy and drama, from a lengthy struggle among major-league moguls for his contractual rights—a battle that helped change the structure of organized baseball forever—to a job-threatening eye disorder he developed during the peak of his career and popularity. By including excerpts from Sisler’s unpublished memoir, as well as references to the national

and international events that took place during his heyday, Huhn reveals the full picture of this family man who overcame great obstacles, stood on high principles, and left his mark on a game he affected in a positive way for fifty-eight years. *Popular Culture* Frank Hoffmann 2021-03-19 A comprehensive, informal overview of world history and popular culture. *Popular Culture: From Cavespace to Cyberspace* traces the history of people’s cultures from primitive to postmodern times. *Sports on Television* Alvin H. Marill 2008-12-30 Television has always augmented its dramatic and variety programming with sports. After

covering wrestling and boxing matches for several years, ABC added the hugely popular Roller Derby between 1949 and 1951, and later, college and pro football. Today, there is a multitude of pay and cable networks devoted exclusively to baseball, football, golf, hockey, tennis, ice-skating, and auto racing. Rather than focusing on live sports broadcasts, however, this book chronicles the history of sports-themed comedies and dramas, to see how our national fictions have affected our authentic sports experiences, and vice versa. Sports dominate the television landscape today, and still the demand for more is so great that pay and cable networks continue to find funding and success, even when devoted exclusively to a single sport. But this is really nothing new: television has always augmented its dramatic and variety programming with sports. Live sports have had a tremendous impact on what we see on television, and on how we see it. Rather than focusing on live sports broadcasts, however, this book takes a critical look at sports-themed comedies and dramas, to see how our authentic sports affect our national fictions as well. From the character studies that supplement Olympic coverage, to nightly highlight reels, to reality programming on ESPN, sports both echo and help shape the myths that pervade our culture. Sports on Television covers the changing relationship between live sports broadcasts and television dramas, as well as the important technological developments and cultural shifts that have changed the way we view the reality of sports. In 1949, after covering wrestling and boxing matches for several years, ABC added the hugely popular Roller Derby, and later moved on to college and pro football, where humble beginnings have since developed into a national obsession. In the early sixties Jimmy Stewart played a disgraced baseball player in *Flashing Spikes*-which was also one of the rare ventures into television for veteran director John Ford. On HBO the Yankees have been the subject of both *61\** - about Roger Maris's quest to top Babe Ruth's home run record - and *The Bronx Is Burning*, about the 1977 Yankees team. And there have been sports-themed TV sitcoms as well, such as *Sports Night*, Aaron Sorkin's critically lauded but commercially unsuccessful project, which preceded his work on *The West*

Wing. Meanwhile American Gladiators—a strange blend of canned programming and authentic athletic endeavor that in effect puts television audiences in an arena with what amounts to professional athletes—is quickly becoming one of the most popular shows on primetime. Here, Marill gives due time to all of these unique projects.

Greatest Sports Heroes of All Times Paul J. Christopher 2006-08 Hold it! You really think we can come up with 50 greatest sports heroes? Well, we can and we have. Our heroes are not simply limited to the most popular spectator sports. On occasion our heroes go back several generations, not just to the names in the papers or the sports talk shows. Who are they? Well, certainly Jordan, Woods and Ming...but are you old enough to remember Max Schmeling or George Best? There are a lot more where they come from...skiers, cyclists, golfers and runners—all the best and more. What did they do and why are they great? The book offers: a quick, personal biography of each of our famous athletes; summary statistics of some of the most important successes; the good, the bad and the ugly of their sports careers; why these individuals went on to influence their sport; and trivia questions to challenge your knowledge and more.
