Orientalism and Modernism Zhaoming Qian 1995 Chinese culture held a well-known fascination for modernist poets like Ezra Pound and William Carlos Williams. What is less known but is made fully clear by Zhaoming Qian is the degree to which oriental culture made these poets the modernists they became. This ambitious and illuminating study shows that Orientalism, no less than French symbolism and Italian culture, is a constitutive element of Modernism. Consulting rare and unpublished materials, Qian traces Pound's and Williams's remarkable dialogues with the great Chinese poets--Qu Yuan, Li Bo, Wang Wei, and Bo Juyi--between 1913 and 1923. His investigation reveals that these exchanges contributed more than topical and thematic ideas to the Americans' work and suggests that their progressively modernist style is directly linked to a steadily growing contact and affinity for similar Chinese styles. He demonstrates, for example, how such influences as the ethics of pictorial representation, the style of ellipsis, allusion, and juxtaposition, and the Taoist/Zen-Buddhist notion of nonbeing/being made their way into Pound's pre-Fenollosan Chinese adaptations, *Cathay*, *Lustra*, and the *Early Cantos*, as well as Williams's *Sour Grapes* and *Spring and All*. Developing a new interpretation of important work by Pound and Williams, *Orientalism and Modernism* fills a significant gap in accounts of American Modernism, which can be seen here for the first time in its truly multicultural character.

Devastating Beauty Gu YueQiMo 2020-05-22 Ever since she was young, she had disguised herself as a man, and at the age of ten, she was repudiated by the heavens and earth. At the age of fourteen, she was bestowed with the name of a king, and was given the name of the king. Accept his fate? Accept your fate! Why not? You all regard yourself as the fiend of a country who lost. You all agreed to the words of heaven's will and were defeated by you all! The people of the world viewed him as a bloodthirsty demon, and thus, he had conformed to the will of the world and slaughtered him for the people of the world to see! So what if he was a monster? In this world of extreme flames, it was called the Burning Fire Cave. She grew up in the Burning Fire Cave, and after going through countless hardships, she created a peerless martial art called the Raging Flames Soul. The coldest place in the world was called the Valley of Ice. He grew up in the Valley of Ice, and after experiencing countless hardships, he created a peerless martial art called the Breaking Ice Soul. Wishing? This King never makes a wish! Only those who are incompetent will have a wish. Everything This King asks for, will be given to you! For example ... It commanded the whole world to be in chaos, to prostrate themselves within the Six Paths. He was the complete opposite of her, yet so similar! Ice and fire mutually restrained each other. Were those two fated to fall in love and kill each other as well? He had come from the nine heavens to descend into the mortal world. He was originally an unintentional person without desire or desire, and that person named Cang Qu had overturned the very essence of his life. Before I met you, I was unreal, but now, you are my unreal self! Bloody saffron, the love of this life, how could she let him? He was a man of martial arts, a man of great stature. He was the world's greatest tyrant ...

Androgyny in Late Ming and Early Qing Literature Zuyan Zhou 2003-02-28 The frequent appearance of androgyny in Ming and Qing literature has long interested scholars of late imperial Chinese culture. A flourishing economy, widespread education, rising individualism, a prevailing hedonism--all of these had contributed to the gradual disintegration of traditional gender roles in late Ming and early Qing China (1550-1750) and given rise to the phenomenon of androgyny. Now, Zuyan Zhou sheds new light on this important period, offering a highly original and astute look at the concept of androgyny in key works of Chinese fiction and drama from the sixteenth to the eighteenth centuries. The work begins with an exploration of androgyny in Chinese philosophy and Ming-Qing culture. Zhou proceeds to examine chronologically the appearance of androgyny in major literary writing of the time, yielding novel interpretations of canonical works from *The Plum in the Golden Vase*, through the scholar-beauty romances, to *The Dream of the Red Chamber*. He traces the ascendance of the androgyny craze in the late Ming, its culmination in the Ming-Qing transition, and its gradual phasing out after the mid-Qing. The study probes deviations from engendered codes of behavior both in culture and literature, then focuses on two parallel areas: androgyny in literary characterization and androgyny in literati identity. The author concludes that androgyny in late Ming and early Qing literature is essentially the dissident literati's stance against tyrannical politics, a psychological strategy to relieve anxiety over growing political inferiority.

The Heart of American Poetry Edward Hirsch 2022-04-19 An acclaimed poet and our greatest champion for poetry offers an inspiring and insightful new reading of the American tradition We live in unsettled times. What is America and who are we as a people? How do we understand the dreams and betrayals that have shaped the American

experience? For poet and critic Edward Hirsch, poetry opens up new ways of answering these questions, of reconnecting with one another and with what's best in us. In this landmark new book from Library of America, Hirsch offers deeply personal readings of forty essential American poems we thought we knew—from Anne Bradstreet's "The Author to Her Book" and Phillis Wheatley's "To S.M. a Young African Painter, on seeing his Works" to Garrett Hongo's "Ancestral Graves, Kahuku" and Joy Harjo's "Rabbit Is Up to Tricks"—exploring how these poems have sustained his own life and how they might uplift our diverse but divided nation. "This is a personal book about American poetry," writes Hirsch, "but I hope it is more than a personal selection. I have chosen forty poems from our extensive archive and songbook that have been meaningful to me, part of my affective life, my critical consideration, but I have also tried to be cognizant of the changing playbook in American poetry, which is not fixed but fluctuating, ever in flow, to pay attention to the wider consideration, the appreciable reach of our literature. This is a book of encounters and realizations."
