Shades of Grey Kate Watson-Smyth 2019-08-13 Crammed with fascinating facts, expert advice, and a wealth of essential information, *Shades of Grey* will guide you through the minefield that is choosing exactly the right shade of gray paint. “Grey is the cooler, chicer cousin of white that we can't help lusting after” Elle Decor There's no doubt about it, gray is the shade of the moment. On-trend restaurants, shops and homes are covered in it. There's not a home improvement TV show that doesn't feature it. However, despite its popularity, it's not quite as simple as buying a can of gray paint and slapping it on the wall. Make the wrong choice, and a gray room can be cold and dark, even energy-sapping. Get it right, however, and your home will look inviting, sophisticated, and modern. So how to find the perfect hue? In *Shades of Grey*, Kate Watson-Smyth explores the current popularity of the shade and consults experts—scientists, paint brands, interior decorators—who reveal their favourite grays (as well as other tricks of the trade). She looks at the huge range of grays on offer and, via a simple process of elimination, will help you track down the shade that works perfectly for you.

Full Immersion Gemma Amor 2022-09-13 A traumatised woman with amnesia finds her own dead body and sets out to uncover the truth of her demise in a race against time, sanity, crumbling realities and the ever-present threat of the Silhouette. --- What can you do when you're reeling from trauma but you've tried it all? Counselling, yoga, pills, meditation, art, healthy living... none of it makes a dent. What's left? Magpie is out of ideas. She's desperate enough to try anything. Just when she thinks her life can get no worse, she discovers herself, or rather her own dead body, partially buried in the mudbank of a river. A man stands by, a familiar stranger. What does he want? And why can't she remember getting here? Why can't she remember anything? Unbeknownst to her, two pairs of eyes watch from behind an observation screen, in a room filled with computers and sensors. An experiment is unfolding, but is Magpie the subject, or practitioner? Reality becomes a slippery concept. And beyond the glass is something worse still: a hint of an outline, shaped in darkness... Magpie realises all too soon that her journey has transformed from healing to survival. She must become the hunter rather than the hunted, with her missing memories the prey. In turn brutal, beautiful and absolutely terrifying, *Full Immersion* is the latest speculative horror from Bram Stoker Award-nominated author, Gemma Amor *File Under: Horror Fantasy [Silhouette | Suspension | Bristol | Motherhood]* ****Content Warnings**** suicidal ideation; post-natal depression; implied acts of violence towards a child; birth scene

Cultural Techniques Bernhard Siegert 2015-05-01 In a crucial shift within posthumanistic media studies, Bernhard Siegert dissolves the concept of media into a network of operations that reproduce, displace, process, and reflect the distinctions fundamental for a given culture. *Cultural Techniques* aims to forget our traditional understanding of media so as to redefine the concept through something more fundamental than the empiricist study of a medium's individual or collective uses or of its cultural semantics or aesthetics. Rather, Siegert seeks to relocate media and culture on a level where the distinctions between object and performance, matter and form, human and nonhuman, sign and channel, the symbolic and the real are still in the process of becoming. The result is to turn ontology into a domain of all that is meant in German by the word Kultur. Cultural techniques comprise not only self-referential symbolic practices like reading, writing, counting, or image-making. The analysis of artifacts as cultural techniques emphasizes their ontological status as “in-betweens,” shifting from firstorder to second-order techniques, from the technical to the artistic, from object to sign, from the natural to the cultural, from the operational to the representational. *Cultural Techniques* ranges from seafaring, drafting, and eating to the production of the sign-signal distinction in old and new media, to the reproduction of anthropological difference, to the study of trompe-l'oeils, grids, registers, and doors. Throughout, Siegert addresses fundamental questions of how ontological distinctions can be replaced by chains of operations that process those alleged ontological distinctions within the ontic. Grounding posthumanist theory both historically and technically, this book opens up a crucial dialogue between new German media theory and American postcybernetic discourses.

The Grey Room (Classic Reprint) Eden Phillpotts 2017-01-20 Excerpt from *The Grey Room* The youth started. His eyes had been fixed on a woman sitting beside the fire, with her hand in a man's. It was such an attitude as Sophisticated lovers would only assume in private but the pair were not Sophisticated and lovers still, though married. They lacked self-consciousness, and the husband liked to feel his wife 's hand in his. After all, a thing impossible until you are married may be quite seemly afterwards, and none of their amiable elders regarded their devotion with cynicism. Code Gray Farzon A Nahvi 2024-02-27 "A medical memoir focusing on one emergency room doctor's shift in an urban ER follows the experiences of real patients and focuses on the story of a forty-three-year-old woman who arrives in sudden cardiac arrest and the challenges it presents for physicians."--

The Grey Room(annotated) Eden Phillpotts 2020-05-07 Sir Walter Lennox owns a beautiful red brick manor, called Chadlands. It is a the sort of place that everyone dreams of inhabiting, with a large acreage of forest, lofty gates, and iron coats of arms. But the property has a strange room, referred to as 'the Grey Room'. If someone stays in the Grey Room overnight, they would be dead by morning. Sir Walter Lennox recounts the story to his close friends and family, telling them about the various people who have died in the room over the years. His guests' interest is piqued, and they demand to see the Gray Room for themselves, and set up an experiment to see if the room is actually capable of killing whoever stays the night.

The Grey Room Eden Phillpotts 2024-02-20 A ghostly Golden Age mystery from the English playwright of *The Farmer's Wife*, famously adapted into a silent film directed by Alfred Hitchcock. At a house party at Sir Walter Lennox's estate, the guests are spooked by stories of the manor's legendary Grey Room, in which two unexplained deaths happened years before. Eager to debunk the room's sinister reputation, Lennox's son-in-law decides to spend the night in the abandoned bedchamber, only to be found dead the next morning, the victim of no discernable cause. But the Grey Room's hunger has yet to be appeased—and the body count rises. A renowned London detective is determined to unlock the room's secrets, convinced that the deaths have a very human cause, though not necessarily a sane one. What happens next will throw the estate into hysteria—and reveal the darkest magic from centuries past . . .
