**The American Golfer's Guide to Ireland** Graeme McDowell

2011-09-29 Maybe the game of golf wasn't invented in Ireland but to most visitors it seems that way. After all, there are more golf courses per square mile in Ireland than in any part of the world. A golfing visit to Ireland will be the trip of a lifetime for many reasons. First, links courses sparkle like an emerald necklace around the coastline of Ireland. It is subjective to pick the best from so many great courses but here are a few: Royal Portrush, Portstewart, Royal County Down, Baltray, Portmarnock, The European Club, Old Head, Waterville, Ballybunion, Tralee, Lahinch, Doonbeg, Connemara, Carne, Enniscrone, Murvagh, Ballyliffin and Rosapenna. Second, the past two decades have brought world class resorts with the finest facilities and championship level courses, including The K Club, Lough Erne, Druids Glen, Mount Wolsely, Killeen Castle, Glasson, Galgorm Castle, Slieve Russell, The Heritage, Powerscourt, Adare, Fota Island, Dromoland Castle and many more. Third, visitors can enjoy over 400 private golf clubs scattered throughout

Ireland where greens fees offer excellent value and local members make you feel at home. Not least, the 19th hole is a great opportunity to meet local golfers. An old saying puts it like this: There are no strangers in Ireland, only friends you haven't met before. The successes of Irish golfers on the international circuit has also put the spotlight on the great golf found throughout the Island. Pdraig Harrington, Graeme McDowell, Rory McIlroy, Darren Clarke, Paul McGinley, Shane Lowrey and others have been not just successful competitors but wonderful ambassadors for Irish fun and hospitality. I hope you and your friends will come to experience golf in Ireland for yourselves. I can assure you a warm welcome and some wonderful memories. Joe Byrne Executive Vice-President Tourism Ireland

**Golf Info Guide** Thomas Golf 2020-07-17 In this book, you will find the best-putting tips to help improve your golf game. No matter how far you hit your driver, how accurately you play iron shots, or how deftly you chip and pitch, golf is all about getting the ball in the hole. That means the shortest club in the bag - the putter, standard length 35" - plays an oversized role in determining your success. Statistics bear this out. Most golfers, including pros, use the putter for about 40% of all shots in a typical round. No other club comes close. If your average score is 90, you'll take about 36 putts per 18 holes. For pros, the figures are closer to 70 and 28. Is the stat misleading? A little, since it counts tap-ins that require practically no skill to make. But the fact remains - if you want to shave strokes from your score, the green is the first place to go. This book on the Putting Process was written by experts and, covers every aspect of this delicate art-slash-science. Fundamental putting tips are treated with exacting detail: developing a proper grip; aligning your body, eyes, and clubface; accelerating the putter through impact. We

offer putting tips lessons on finer points, like reading the green's break and putting on bumpy surfaces, and discuss alternatives to conventional putting methods (e.g., using a "no-peek" stroke or cross-handed grip). Having the right equipment is critical, too, and you'll find advice on everything from standard and long putters to heavy clubheads to extra-thick grips. Of course, we also tackle the most common putting ailments, like deceleration, excessive wrist action, and the dreaded "yips." Finally, you'll find numerous drills designed to improve your stroke path, tempo, and more. Until you're holing every putt inside 10 feet, lagging every long one close and going months without a three-putt, there are always strokes to be gained on the greens.
