Brave New Blues Guitar Greg Koch 2018-05-01 (Guitar Educational). A kaleidoscopic reinterpretation of 16 blues rock titans is the hallmark of this Greg Koch book with over three hours of online video lessons. It breaks down the styles, techniques, and licks of guitarists including Albert Collins, B.B. King, Duane Allman, Eric Clapton, Jimi Hendrix, Stevie Ray Vaughan, Johnny Winter and many more. The book includes note-for-note transcriptions of all the samples and solos in the videos. In addition, Greg has created "mash-ups" of multiple players, infused with his own unique guitar stylings, to create a brave new blues for the masses.

Clapton Eric Clapton 2007-10-09 With striking intimacy and candor, Eric Clapton tells the story of his eventful and inspiring life in this

poignant and honest autobiography. More than a rock star, Eric Clapton is an icon, a living embodiment of the history of rock music. Well known for his reserve in a profession marked by self-promotion, flamboyance, and spin, he now chronicles, for the first time, his remarkable personal and professional journeys. Born illegitimate in 1945 and raised by his grandparents, Eric never knew his father and, until the age of nine, believed his actual mother to be his sister. In his early teens his solace was the guitar, and his incredible talent would make him a cult hero in the clubs of Britain and inspire devoted fans to scrawl "Clapton is God" on the walls of London's Underground. With the formation of Cream, the world's first supergroup, he became a worldwide superstar, but conflicting personalities tore the band apart within two years. His stints in Blind Faith, in Delaney and Bonnie and Friends, and in Derek and the Dominos were also short-lived but yielded some of the most enduring songs in history, including the classic "Layla." During the late sixties he played as a guest with Jimi Hendrix and Bob Dylan, as well as the Beatles, the Rolling Stones, and longtime friend George Harrison. It was while working with the latter that he fell for George's wife, Pattie Boyd, a seemingly unrequited love that led him to the depths of despair, self-imposed seclusion, and drug addiction. By the early seventies he had overcome his addiction and released the bestselling album 461 Ocean Boulevard, with its massive hit "I Shot the Sheriff." He followed that with the platinum album Slowhand, which included "Wonderful Tonight," the touching love song to Pattie, whom he finally married at the end of 1979. A short time later, however, Eric had replaced heroin with alcohol as his preferred vice, following a pattern of behavior that not only was detrimental to his music but contributed to the eventual breakup of his marriage. In the eighties he would battle and begin his recovery from alcoholism and become a father. But just as his life was coming together, he was struck by a terrible blow: His beloved four-year-old son, Conor, died in a freak accident. At an earlier time Eric might have coped with this tragedy by fleeing into a world of addiction. But now a much stronger man, he took refuge in music, responding with the achingly beautiful "Tears in Heaven." Clapton is the powerfully written story of a

survivor, a man who has achieved the pinnacle of success despite extraordinary demons. It is one of the most compelling memoirs of our time.

How to Play Blues Guitar Various Authors 2007-03-01 HOW TO PLAY BLUES GUITAR SECOND EDITION

Clapton's Guitar Allen St. John 2006-06-06 New York Times bestselling author Allen St. John started off looking for the world's greatest guitar, but what he found instead was the world's greatest guitar builder. Living and working in Rugby, Virginia (population 7), retired rural mail carrier Wayne Henderson is a true American original, making America's finest instruments using little more than a pile of good wood and a sharp whittling knife. There's a 10-year waiting list for Henderson's heirloom acoustic guitars—and even a musical legend like Eric Clapton must wait his turn. Partly out of self-interest, St. John prods Henderson into finally building Clapton's guitar, and soon we get to pull up a dusty stool and watch this Stradivari in glue-stained blue jeans work his magic. The story that ensues will captivate you with its portrait of a world where craftsmanship counts more than commerce, and time is measured by old jokes, old-time music, and homemade lemon pies shared by good friends.

Guitar Rock Shop 1 Aaron Stang 1994 A complete, stand-alone method for rock guitar which builds musicianship and encourages creativity. It has the same attributes as the core method, and the two correlate. Covers rock and blues riffs, power chords, lead scales, and classic rhythm and lead guitar patterns as played by the greats.
