*All Things Vain* Robert A. Kantra 1984 Religion and satire can be incompatible, even opposed, but they can also join to produce great art. So argues this wide-ranging book, which seeks to identify the essence of religious satire, beginning with the art of such Renaissance figures as Erasmus and Dürer and concluding with such modern writers as Beckett, Eliot, and Waugh. Modern painters and sculptors, though not often concerned with religious satire, may employ its themes--as indeed may practitioners of the "new science" flourishing since Newton. The theme of religious satire, in Kantra's words, is "man's encroachment on the divine--his effort to play God, in whole or in part--whether under the banner of religion or of humanity." Heroic art has the same subject but a different attitude: it celebrates man's pretensions to divinity, whereas religious satire mocks them--sometimes harshly, sometimes gently. "If heroic art is ennobling, satiric art is humbling." Comedy sometimes may be found in satiric works, tragedy never, and tragicomedy always. The book starts with a brief examination of medieval religious satire: the rough shepherds in mystery plays, the lusty clerics in Chaucer, the roof bosses of Gluttony, Lying, and the Devil swallowing Judas Iscariot in Southwark Cathedral. The Renaissance was a golden era for the genre. Dürer engraved Saint Jerome (who wrote satirical letters), his halo off center, in what Kenneth Clark calls "a typically Erasmian room" with the lion and the little dog in the foreground, "sharing a conspicuously self-satisfied contentment." Yet Dürer, according to Erwin Panofsky, "failed when confronted with the small, quiet, supremely ironic face of Erasmus of Rotterdam." But what artist could capture the author of *The Praise Folly*, who saw self-styled sapient humans as "a swarm of flies and gnats . . . laying traps for one another?" Kantra contends that the English--Elizabethans, Metaphysicals, Augustans, Victorians, and moderns --have always mixed satire with comedy and tragedy. Donne wrote in *Satyre III* that "our Mistress faire religion," can look like "neare twin" to a strumpet. Satire, Milton said, "was born out of a Tragedy, so ought to resemble his parentage." Consider his Satan and his fallen legions.

Chesterton and Belloc lampooned "essentially modern men" who reject magic and religion. Today religious satire is more alive than ever--among both church writers such as Eliot, Waugh, or Dorothy Sayers, and the unchurched such as Shaw, Joyce, and Beckett --in works that pull down the vanity of modern man's once-proud claim to have conquered nature. *Gullible's Travels* Marvin Kitman 2020-05-26 How to have fun hating Trump Kitman describes the land of Gulliblesylvania as a democratic country ruled by 34.9 % of the people, "a minority better known as 'the base,' of whom a candidate said he could shoot someone on Fifth Avenue and they would still vote for him." At first Kitman assumed that Trump's candidacy was a publicity stunt. After he realized it was serious, as a satirist he felt very lucky and began to keep a comical journal, modeled after *A Journal of the Plague Year* which Daniel Defoe described as "Observations of the most remarkable occurrence, which happened in London during the last great visitation in 1665"--which is not to compare the Trump administration to the bubonic plague, Kitman hastens to add. "For one thing, as our POTUS has been telling us, he's made America Great again--AND IT ONLY TOOK A YEAR AND A HALF!" Kitman adds, "And I have never before had such a good time observing and writing about the follies of our country." *Gullibles Travels* includes 32

"Trumponicles; the debate over the president's intellectual capacity; "That Russian Thing;" "Who is Agent Orange"; and a CODA that asks the question, "How Will It All End?" Impeachment? 25th Amendment sacking? Resignation? Or reelection?

**Gullible's Travels (1917)** Ring Lardner 2016-04-03 This early work by Ring Lardner was originally published in 1918 and we are now republishing it with a brand new introduction. Ring Lardner was born in Niles, Michigan in 1885. He studied engineering at the Armour Institute of Technology in Chicago, but did not complete his first semester. In 1907, Lardner obtained his first job as journalist with the South Bend Times. Six years later, he published his first successful book, *You Know Me Al*, an epistolary novel written in the form of letters by 'Jack Keefe', a bush-league baseball player, to a friend back home. A huge hit, the book earned the appreciation of Virginia Woolf and others. Lardner went on to write such well-known short stories as 'Haircut', 'Some Like Them Cold', 'The Golden Honeymoon', 'Alibi Ike', and 'A Day with Conrad Green'.

father-son exchange discusses many thought-provoking and challenging questions about how and why many people in the world are gullible. Such contentious subjects discussed include religion, politics, and astrology, as well as science and medicine. The father, a scholarly and well-read medical doctor, is very opinionated about the distinctive subjects he discusses. Firm in his remarkable beliefs, he carries on the stimulating discussion with his son, hoping to stimulate his curious mind, and, in the process, he may perhaps stimulate your mind as well. Dr. Arthur Reynolds will take you on an extraordinary journey while explaining the gullible nature of people. From fortune-tellers, to cults and cult leaders, to the extreme quackery of practices in the medical field, you will learn about the gullible behavior and actions of others. He also explains, to the best of his knowledge, why he believes people fall for gullible behavior and what people can do to educate themselves so that they will not be duped into believing the seemingly unbelievable. Plunge into this exceptional and unique book and find out for yourself what this peculiar father and son duo have to say about This Gullible World.
