City Spies James Ponti 2021-01-26 A New York Times bestseller! A GMA3 Summer Reading Squad Selection! "Ingeniously plotted, and a grin-inducing delight." —People "Will keep young readers glued to the page...So when do I get the sequel?" —Beth McMullen, author of Mrs. Smith's Spy School for Girls In this thrilling new series that Stuart Gibbs called "a must-read," Edgar Award winner James Ponti brings together five kids from all over the world and transforms them into real-life spies—perfect for fans of Spy School and Mrs. Smith's Spy School for Girls. Sara Martinez is a hacker. She recently broke into the New York City foster care system to expose her foster parents as cheats and lawbreakers. However, instead of being hailed as a hero, Sara finds herself facing years in a juvenile detention facility and banned from using computers for the same stretch of time. Enter Mother, a British spy who not only gets Sara released from jail but also offers her a chance to make a home for herself within a secret MI6 agency. Operating out of a base in Scotland, the City Spies are five kids from various parts of the world. When they're not attending the local boarding school, they're honing their unique skills, such as sleight of hand, breaking and entering, observation, and explosives. All of these allow them to go places in the world of espionage where adults can't. Before she knows what she's doing, Sara is heading to Paris for an international youth summit, hacking into a rival school's computer to prevent them from winning a million euros, dangling thirty feet off the side of a building, and trying to stop a villain...all while navigating the complex dynamics of her new team. No one said saving the world was easy...

Learn to Earn Peter Lynch 2012-11-27 Mutual-fund superstar Peter Lynch and author John Rothchild explain the basic principles of the stock market and business in an investing guide that will enlighten and entertain anyone who is high-school age or older. Many investors, including some with substantial portfolios, have only the sketchiest idea of how the stock market works. The reason, say Lynch and Rothchild, is that the basics of investing—the fundamentals of our economic system and what they have to do with the stock market—aren't taught in school. At a time when individuals have to make important decisions about saving for college and 401(k) retirement funds, this failure to provide a basic education in investing can have tragic consequences. For those who know what to look for, investment opportunities are everywhere. The average high-school student is familiar with Nike, Reebok, McDonald's, the Gap, and the Body Shop. Nearly every teenager in America drinks Coke or Pepsi, but only a very few own shares in either company or even understand how to buy them. Every student studies American history, but few realize that our country was settled by European colonists financed by public companies in England and Holland—and the basic principles behind public companies haven't changed in more than three hundred years. In *Learn to Earn*, Lynch and Rothchild explain in a style accessible to anyone who is high-school age or older how to read a stock table in the daily newspaper, how to understand a company annual report, and why everyone should pay attention to the stock market. They explain not only how to invest, but also how to think like an investor.

Gumdrop and the Secret Switches Val Biro 2015-08-15 'Gumdrop and the Secret Switches' is one of four lively adventures from Val Biro about the escapades of Gumdrop the vintage car, his owner, Mr. Hardcastle, and Horace the dog. Accompanied by beautiful humorous illustrations by the author, this is a perennial children's favourite.

Who's who in Children's Books Margery Fisher 1975 In alfabetische volgorde worden de belangrijkste figuren van ongeveer 900 kinderboeken uit heden en verleden op originele wijze geanalyseerd. Niet opgenomen zijn figuren uit bakerrimpjes, mythen en sprookjes.

Gumdrop in Double Trouble 1982 With an ailing car full of children, Mr. Oldcastle pursues a thief into the midst of a children's fancy dress competition.

Contemporary Authors New Revision Susan Trosky 1993 In response to the escalating need for up-to-date information on writers, Contemporary Authors® New Revision Series brings researchers the most recent data on the world's most-popular authors. These exciting and unique author profiles are essential to your holdings because sketches are entirely revised and up-to-date, and completely replace the original Contemporary Authors® entries. For your convenience, a soft-cover cumulative index is sent biannually. While Gale strives to replicate print content, some content may not be available due to rights restrictions.
