Milo March #1 Kendell Foster Crossen 2020-04-29 Milo March, a tough private eye from Denver, is sent to Aragon City (which could be Hollywood) to help the City Betterment Committee wipe out the gangsters and hoodlums controlling brothels, bookies, gamblers, shady nightclubs, and the dope traffic. He just has to uncover "Mr. X," the mystery man who's been raking in a tidy little income by providing protection to the Syndicate. But can Milo accomplish that without stumbling over something even more dangerous—like who pays Mr. X, and why? Milo is well equipped for the job. He has plenty of gall, good looks, an unlimited expense account, a fishtail Cadillac, and ample experience with lawbreakers—and beautiful, willing women, of whom there are several, but only one who is the girl next door. As March starts his snooping, he is surprised to discover a sexy, naked blonde in his hotel room. And there are other, more painful things complicating his life—things like beatings and fistfights and gun battles, and a blow he never saw coming. "Sentence by sentence, this is a strongly readable book." —New York Herald Tribune Book Review "The established pattern of California coast crime—political graft, dope, and prostitution—with a fall guy introduced to clean it up. Milo March, hired by the Civic Betterment Committee, fouls up with the brains and muscle men when he spies on his assignment before he is due, latches onto cultured hoods and tough racket boys—and pays off from syndicate roughing up to cards down." —Kirkus Reviews "It was obvious that sooner or later there'd be a capable challenger of Mickey Spillane in the concoction of the muscular and seductive mixture that makes Spillane's best-selling books. A challenger has appeared in M.E. Chaber." —Los Angeles Examiner

High Tech Harvest Paul Lurquin 2007-10-15 Genetically engineered plant products line the shelves of our grocery stores but we don't know which ones they are because no label identifies them. Should we be

concerned? Biotech companies claim that engineered corn and canola are safe, but are they telling the truth? Should we, like the Europeans, be engaging in violent protests against biotechnology? In *High Tech Harvest*, Paul Lurquin answers these questions and more, believing that the public has a right to know and understand how its food is manipulated at the most basic level, that of the DNA itself. With the goal to inform, and a mission to reinforce the importance of the scientific method, Paul Lurquin writes a comprehensive and user-friendly description of the scientific origins, the development, and the applications of genetically modified plants throughout the world today.

Gunhawk Harvest Leslie Ernenwein 2003 A Spur Award-winning Author Lee Ransome stuck to the right side of the law, but he was a wicked man with a six-gun -- and the memory of a pretty young girl who had died under a renegade's fire filled him with a seething hatred for every outlaw.

The Harvest L. D. White 2001-01-28 Karen Stokes is no stranger to death. She's been plagued by it her entire life. It has hardened her and destroyed her belief in God. That's about to change. Stanley Dougherty is a man who has lived his entire life in fear. He was afraid of his own shadow, but that's about to change. Bob Anderson was a big city cop, who moved to small town America to escape the violence of the city. He found peace in that small town, but that's about to change. The Devil has planted his seed in the small Indiana town of Havensville and everything is about to change. It's time to harvest his crops.

Seeds of Anarchy Charles H Helein 2016-05-09 SEEDS OF ANARCHY is a novel about loss and fighting for change and redemption, set in the modern political battlefield of gun control, extremism and advocacy. SEEDS OF ANARCHY explores the darkness of personal tragedy, the grim struggle of political activism in the face of insurmountable odds,

and the personal dangers of engaging with dark institutions in the war over American values. A husband and father, Chris Knight, becomes a "surviving victim." He has, like so many others, lost his love ones, his wife and five year old son, in a random massacre by gun violence. For months he has agonized and grieved alone, struggling with inconceivable pain and sorrow. Unable any longer to witness Chris's depression and despair, his law partner finally intervenes and forces him to take a leave of absence. The change of scenery and physical activity help . . . but a dream, at first bringing joy, then the pain of renewed loss, finally breaks his mental prison of helplessness and uncertainty. Chris returns to his work as an attorney and his life now centers on seeking answers to why no state legislatures or Congress have been able or willing to act effectively to control the presence of guns in America. He also recognizes that the courts have also failed. They have shirked their impartiality, common sense and rationality by interpreting the Second Amendment's right to bear arms by twisting the plain language of that Amendment and ignoring the time and circumstances that existed when adopted by the Founding Fathers. Despite his new motivations, Chris continues to struggle with the pain of his personal loss. Once again, his law partner steps in and convinces him he should seek counseling. At first Chris refuses. Then, reluctantly, he finally agrees. His partner recommends Doctor Kelly Young, a friend with impressive credentials who specializes in dealing with surviving victims of gun violence and their families. The sessions with Doctor Young prove effective, more rapidly than she or Chris anticipated. As a result, Chris sets about to develop his own plans to challenge the gun-government complex that has placed gun ownership above almost all other rights of American society. As he begins his quest, his emotions, long frozen, begin to thaw. His relationship with his therapist changes as he embarks on a mission to lay siege to the fortresses of the gun culture and their minions. When powerful elements in the gun lobby learn of his plans, things quickly get deadly. Beyond the battles of Chris's personal war, a larger storm is brewing fed by the unlimited "right to bear arms" manifesto. While the carnage continues, Chris realizes that modern interpretation of the "right to bear arms" is

sowing the seeds of anarchy in America. Chris believes that his efforts to limit the "right to bear arms" to that which was intended by the Founding Fathers may prove necessary to preserve a government of laws and not men. Will his plan succeed? Will his plan survive the gun lords and their toadies? Will he survive?

Reaping The Harvest (Harvest Trilogy, Book 3) Michael R. Hicks 2013-10-27 Jack Dawson awakens from the terrifying nightmare of the events in Bitter Harvest to find his world under siege. Millions of people have already died, and billions more are at stake. As he and his companions face the enemy on the ground, brilliant geneticist Naomi Perrault is forced to strike a bargain with the devil as she races against time to develop a super-weapon that could win the war.

A Harvest of Memories Don P. Diederich 2009-10 Don P. Diederich, the eldest child of Bernard and Leona Diederich, was born June 22, 1930, in Barnes, Kansas. In 1932 he moved with his family to a farm located two miles north and 1/2 mile west of Kimeo, Kansas. Don grew up experiencing the harshness of dry weather and the great depression as well as the transition to mechanized farming. The Kimeo Catholic Church was the primary center of religious education, recreational activities, and socialization. He cherished the memories of living and growing to young adulthood in the Kimeo community environment. All of his elementary years (grades one through eight) were held in a one-room country school. He attended Greenleaf High School for grades nine through twelve. In May 1952 he graduated from St. Benedict's College with a degree in Business Administration. After a two-year stint in the Army as a Military Pay Specialist, he returned to the farm north of Kimeo in 1954. As a result of tough economic times and dry weather, Don and his new bride, Kathleen, moved to Salina, Kansas, in October 1956 where Don began a long career as a Certified Public Accountant with Kennedy and Coe Certified Public Accountants, retiring in 1992.

Dorn cannot agree with his German-born father that America is making a mistake by siding with Great Britain. Meanwhile area farmers come into conflict with the IWW, which doesn't want the area's wheat to go to support the troops.

Red Harvest Dashiell Hammett 2010-12-29 The steadfast and sturdy Continental Op has been summoned to the town of Personville—known as Poisonville—a dusty mining community splintered by competing factions of gangsters and petty criminals. The Op has been hired by Donald Willsson, publisher of the local newspaper, who gave little indication about the reason for the visit. No sooner does the Op arrive, than the body count begins to climb . . . starting with his client. With this last honest citizen of Poisonville murdered, the Op decides to stay on and force a reckoning—even if that means taking on an entire town. *Red Harvest* is more than a superb crime novel: it is a classic exploration of corruption and violence in the American grain.

Dark Harvest Norman Partridge 2007-09-04 The Stoker Award-winning tale of Horror!

The Harvest N.W. Harris In the wake of the apocalypse, nobody is safe. Shane Tucker and his friends thought they managed to save the world from the destructive machine that killed off most of its adult population. Unfortunately, a war nobody was prepared for has only just begun. Now they find themselves joining ranks with a secret organization that will train them to fight for the right to survive. Taking refuge alongside other teenage survivors in a hidden base set deep within the mountains, they will learn how to repel an imminent attack by an ancient race of aliens. Determined to safeguard the children under their charge, Shane and his friends compete for the ultimate prize—a suicide mission against the flagship of the alien fleet. While Shane's feelings for Kelly deepen, along with his need to protect her, he finds emotions clouding his judgment. He'll gladly die for her. But he refuses to die with her. No amount of training can prepare them for what is to come. Everything the brave

teenagers have endured thus far will be eclipsed, with the freedom of humanity hanging in the balance. Take a deep breath before you start *The Last Orphans Series*. This action adventure series filled with cinematic science fiction action, end of the world apocalyptic events, and heart pounding thrills will leave you enthralled from beginning to end. Fans of *The Hunger Games* by Suzanne Collins and *The Maze Runner* by James Dasher will love this teen fiction series. With over 500 five-star reviews on Goodreads, this is definitely the series you should read next! *The Harvest* is the second heart-pumping novel in *The Last Orphans Series* by N.W. Harris. The Devil's Harvest Jessica Garrison 2020-08-04 This suspenseful true story of a drug cartel hitman who got away with murder after murder in California's Central Valley over three decades reveals how the criminal justice system fails our most vulnerable immigrant communities. On the surface, fifty-eight-year-old Jose Martinez didn't seem evil or even that remarkable—just a regular neighbor, good with cars and devoted to his family. But in between taking his children to Disneyland and visiting his mom, Martinez was also one of the most skilled professional killers police had ever seen. He tracked one victim to one of the wealthiest corners of America, a horse ranch in Santa Barbara, and shot him dead in the morning sunlight, setting off a decades-long manhunt. He shot another man, a farmworker, right in front of his young wife as they drove to work in the fields. The widow would wait decades for justice. Those were murders for hire. Others he killed for vengeance. How did Martinez manage to evade law enforcement for so long with little more than a slap on the wrist? Because he understood a dark truth about the criminal justice system: if you kill the "right people"—people who are poor, who aren't white, and who don't have anyone to speak up for them—you can get away with it. Melding the pacing and suspense of a true crime thriller with the rigor of top-notch investigative journalism, *The Devil's Harvest*

follows award-winning reporter Jessica Garrison's relentless search for the truth as she traces the life of this assassin, the cops who were always a few steps behind him, and the families of his many victims. Drawing upon decades of case files, interrogation transcripts, on-the-ground reporting, and Martinez's chilling handwritten journals, *The Devil's Harvest* uses a gripping and often shocking narrative to dig into one of the most important moral questions haunting our politically divided nation today: Why do some deaths—and some lives—matter more than others? "Meticulously researched and tightly woven, *The Devil's Harvest* is an important story because it tells us that if [this] can happen in one place, then it can happen in any place. And that's damn scary." —Michael Connelly, New York Times bestselling author of *The Closers*, *The Lincoln Lawyer*, and *The Night Fire*

Harvest Hunting Yasmine Galenorn 2010-10-26 Three sisters ridding the Otherworld of evil-one monster at a time. We're the D'Artigo sisters: sexy, savvy operatives for the Otherworld Intelligence Agency. But being half-human, half-Fae means our supernatural talents can go haywire at any time. My sister Camille is a wicked good witch whose life recently took a drastic turn. Menolly's a vampire who's still getting the hang of being undead. And me? I'm Delilah, a werecat with a very interesting love life. But life isn't all fun and games. We're on the trail of the demon general who has decided that we've become quite a nuisance... It's Samhain, and the Autumn Lord has called for my training to begin with the Death Maidens...and I find that I like it. But we've got problems: werewolves are going missing and a new magical drug, "Wolf Briar," is being used as a weapon. My dear Chase and I have come to a delicate crossroads. And most dangerous of all: Stacia Bonecrusher has put a bounty on our heads. Now it's a race to take out the demon general before she realizes the sixth Spirit Seal is within her reach...

Season Of The Harvest (Harvest Trilogy, Book 1) Michael R. Hicks 2011-02-06 What if the genetically engineered crops that we increasingly depend on for food weren't really created by man? What if they brought a

new, terrifying meaning to the old saying that "you are what you eat"? FBI Special Agent Jack Dawson investigates the gruesome murder of his best friend and fellow agent who had been pursuing a group of eco-terrorists. The group's leader, Naomi Perrault, is a beautiful geneticist who Jack believes conspired to kill his friend, and is claiming that a major international conglomerate developing genetically engineered crops is plotting a sinister transformation of our world that will lead humanity to extinction. As Jack is drawn into a quietly raging war that suddenly explodes onto the front pages of the news, he discovers that her claims may not be so outrageous after all. Together, the two of them must face a horror Jack could never have imagined, with the fate of all life on Earth hanging in the balance...

Firstborn Son Jim H Ainsworth 2014-11-11 Ben Tom Lawless and his two younger brothers are left by their parents to live with an uncle. On their first night in his house, they discover their uncle, a professional thief, stealing their most valued possessions. Living life surrounded by family role models that flaunt virtually all of society's rules, including the law, has deeply affected Ben Tom, but not in a way most would predict. His family's woeful inadequacies and criminal activities have imbued him with a superior sense of right and wrong. Being the firstborn son has implanted deep within him an almost obsessive need to protect and nurture others, often to the detriment of himself and his family. When his younger brothers march lockstep into the Lawless pit, Ben Tom risks everything to pull them out.

Bloomed and Final Harvest Damien W. Green 2003-11 When 34-year-old William Cooper returns to his grandparents' farm for the first time in

20 years, a farm he remembers from his youth as "a magical place that stood as a cornerstone in my life," it is not only a place to bury his father but also to reawaken his lost self. William falls back in time to when he and his brother Joseph visited the farm for the last time, where he faces the one ghost that has haunted him for the last 20 years. In *Final Harvest*, William's grandfather, James Cooper, tells the story of how he met his wife Elizabeth. He recalls his wandering youth, his search for a home, his search for love and the fragility of that love once found. "For he knew how the promises we make at night in our lover's embrace shine like bright stars and angel's eyes, but he was also aware how daylight can steal them away from our lips, come morning."

The Harvest War Martin Davis 2019-02-12 I feel that my novel provides a unique plot that crosses the common lines of science and religion. I wanted to make the reader stop and think about the possibilities of our world and the nature of mankind. I knew that I had to have an especially unique idea because science fiction is such a flooded field. Alex Shepherd is a promising young marine with a dream of excelling in his career and marrying the love of his life, Kate. All hope for this ideal life is lost when the earth is invaded by a hostile alien force that mysteriously has the same name as the biblical, highest order of angels: the Seraphim. Coming in at just over 60,000 words, *The Harvest War* is an action-packed, science fiction thriller with religious themes. The novel takes the reader on a sprawling journey through an apocalyptic America, with fascinating discoveries about the evolution of humankind.

The Gun Room Georgina Harding 2016-11-15 A powerful novel about the memory of war, and how people bring that memory back to the world of peace, from Orange-prize shortlisted author Georgina Harding. Dawn, mist clearing over the rice fields, a burning Vietnamese village, and a young war photographer gets the shot that might make his career. The image, of a staring soldier in the midst of mayhem, will become one of the great photographs of the war. But what Jonathan has seen in that village is more than he can bear, and he flees. He drifts on to Japan, to lose himself in the vastness of Tokyo, where there are different kinds of photographs to be taken--pictures of crowds and subways and cherry

blossoms. And innumerable pictures of Kumiko, the girl with whom he is no longer lost. But even here, in this alien city, his history catches up with him: the photograph and his responsibility in taking it, his responsibility as a witness to war, and as a witness to other events buried far deeper in his past. The Gun Room is a powerful exploration of image and memory, and of the moral and emotional complexities of the experience of war.
