Way of the Gun Charles G. West 2013-03-05 A wrongly accused man must break the law to win his freedom in this tale of the Old West. Even at seventeen years old, Carson Ryan knows enough about cow herding to realize the crew he's with is about the worst ever. They're taking the long way around to the Montana prairies, and they're seriously undermanned. While rounding up strays, Ryan hears gunshots ring out across the range and gallops straight into a U.S. Army raid. He soon learns that the outfit he's with is nothing but a bunch of murdering cattle rustlers, and the law thinks he's one of them. Tied up, thrown in jail, and tried by a court that's more interested in hanging a man than learning the truth, Carson has only two options: escape or die trying.

Cain's Crime Thomas Trzyna 2018-05-31 Democracy requires a commitment to dialogue and deliberation, as well as a commitment to seek peaceful solutions. Is democracy possible in states that earn significant portions of their revenue from the manufacture and sales of arms, that give weapons away in huge numbers, and that turn quickly to violence in the face of difficulties? The proliferation of weapons is nearly as great a tragedy of the commons as global warming, and the evidence indicates that civilians are increasingly being targeted in wars. How large is the problem of war today? Given that the members of the UN Security Council are among the chief manufacturers of weapons, are there any useful mechanisms in place for limiting wars or the supply of deadly weapons? Is it time, in view of the callousness with which non-combatants are killed, to re-examine our basic reasons for valuing human life? Cain's Crime re-introduces an ethical theory popular at the dawn of the twentieth century and examines the extent of violence in the contemporary world, from neo-colonial wars, civil wars, freedom movements, and ethnic conflicts to the oldest war of all, the systematic and continuing murder of women in cultures where they are valued less

than men.

The Tangled Web Michael J. Cain 2018-02-20 *The Tangled Web* tells the dramatic story of Detective Richard Cain, the man the FBI described as "possibly the most corrupt police official in the history of Chicago." Cain led double life—at once a chief investigator and a "made" man, both a detective who led raids on gambling rings and a soldier carrying out hits for Mafia bosses. Using years of research, interviews, family anecdotes, and rare documents, Michael Cain creates a comprehensive and compelling biography of his half-brother. This edition features an all-new introduction by the author. In a story that reads like the plot of Martin Scorsese's *The Departed*, Cain played both ends against the middle to become a household name in Chicago and a notorious figure in both the Mob and the world of Chicago law enforcement. Before his execution by shotgun in Rose's Sandwich Shop, Cain's legend would grow to the point of rumored involvement in the assassination of John F. Kennedy and the FBI's plot to assassinate Fidel Castro. Filled with fascinating and until-

now unknown facts, *The Tangled Web* tells the full story of this one-man crime wave.

Cain at Gettysburg Ralph Peters 2012-02-28 Winner of the American Library Association's W. Y. Boyd Award for Excellence in Military Fiction Two mighty armies blunder toward each other, one led by confident, beloved Robert E. Lee and the other by dour George Meade. They'll meet in a Pennsylvania crossroads town where no one planned to fight. In this sweeping, savagely realistic novel, the greatest battle ever fought on American soil explodes into life at Gettysburg. As generals squabble, staffs err. Tragedy unfolds for immigrants in blue and barefoot Rebels alike. The fate of our nation will be decided in a few square miles of fields. Following a tough Confederate sergeant from the Blue Ridge, a bitter Irish survivor of the Great Famine, a German political refugee, and gun crews in blue and gray, *Cain at Gettysburg* is as grand in scale as its depictions of combat are unflinching. For three days, battle rages. Through it all, James Longstreet is haunted by a vision of war that leads to a fateful feud with Robert E. Lee. Scheming Dan Sickles nearly destroys his own army. Gallant John Reynolds and obstreperous Win Hancock, fiery William Barksdale and dashing James Johnston Pettigrew, gallop toward their fates.... There are no marble statues on this battlefield, only men of flesh and blood, imperfect and courageous. From New York Times bestselling author and former U.S. Army officer Ralph Peters, *Cain at Gettysburg* is bound to become a classic of men at war. [The Rider of the Ruby Hills](#) Louis L'Amour 2005-07-26 A WORD FROM LOUIS L'AMOUR "Almost four decades ago, when my fiction was being published exclusively in 'pulp' western magazines, I wrote a number of novel-length stories, known back then as 'magazine novels.' In creating them, I lived with my characters so closely that their lives were still as much a part of me as I was of them long after the issues in which they appeared went out of print. Proud as I was of how I presented the characters and their adventures in the pages of the magazines, I wanted to tell the reader more about my people and why they did what they did. So, over the years, I revised and expanded these magazine works into novels that I published as full-length paperbacks under different titles. "These particular early magazine versions of my books have long been a source of considerable speculation and curiosity among many of my readers, so much so of late, that now I've decided to bring four of my 'magazine novels' back into print in this latest volume of my short fiction. "I hope you enjoy them." FEATURING • Showdown Trail • A Man Called Trent • The Trail to Peach Meadow Canyon • The Rider of the Ruby Hills

THE JFK FILES Peter Kross 2019-02-12 In October 2017, 2,800 files about the 1963 murder were made public for the first time, bringing to the fore revelations that an alleged Cuban intelligence officer met Lee Harvey Oswald in Mexico City, and praised his shooting ability, and that the Soviet spy agency KGB believed then-Vice President Lyndon Johnson may have conspired to assassinate Kennedy. On April 26, 2018, the U.S. Government released 19,000 newly declassified government documents on the Kennedy assassination. It is said that investigators learned little, except that the government's ideas about what needs to be secret, and what doesn't, are cryptic and unpredictable. Some stuff in the documents that had been open for years is now classified again, and some stuff that had been classified and is now open is so innocuous that nobody can figure out what the point was. In some cases, the documents had redacted material that had already been declassified in previous versions. Often that seemed to reflect Trump administration sensitivities to the feelings of foreign governments. A 1975 CIA report on the surveillance of shooter Lee Harvey Oswald during his visit to the Soviet embassy in Mexico City just a few weeks before Kennedy's death was released years ago identifying a particular photo as coming from "a Mexican police surveillance camera." In the same document, re-released April 26, the words "Mexican police" had been covered over. Why are these documents even more redacted than previously known versions of the same document? What astonishing information was released by the documents, if any? Why aren't all of the documents released in their entirety without any information redacted? Are the intelligence agencies afraid they will look incompetent and unable to protect the President? Or do they further confirm that Vice President Lyndon Johnson was involved in the assassination as earlier documents suggested?

A Man Called Trent Louis L'Amour 2014-12-15 Early in Louis L'Amour's career, he wrote a number of novel-length stories for "pulp" Western magazines. "I lived with my characters so closely that their lives were still as much a part of me as I was of them long after the issues in which they appeared went out of print," he said. "I wanted to tell the reader more about my people and why they did what they did." So he revised and expanded these magazine works to be published again as full-length novels. Here is one of his early creations, which have long been a source of great speculation and curiosity among his fans. *A Man Called Trent* opens on nester Dick Moffitt lying dead where he was killed by King Bill Hale's riders. His son Jack and adopted daughter Sally, who witnessed the murder, go for safety to a cabin owned by a man called "Trent"—an alias for Kilkenny, who is seeking to escape his reputation as a gunfighter.

Sons of Cain Wilfred Saint-Mandé 1931

North Carolina Reports North Carolina. Supreme Court 1920 Cases argued and determined in the Supreme Court of North Carolina.

Sergeant Cain Gaylon Barrow 2012-01-03 The thud of the horses' feet under the lash, coupled with the reckless lurching of the coach, ended all further attempt at conversation, and the four passengers held on grimly, and stared out of the windows, as if expecting every instant that some accident would hurl them headlong. The frightened driver was apparently sparing neither whip nor tongue, the galloping teams jerking the stage after them in a mad race up the trail. Cain thrust his head out of the nearest window, but a sudden lurch hurled him back, the coach taking a sharp curve on two wheels, and coming down level once again with a bump which brought the whole four together. The little Mexican started to scream out a Spanish oath, but Cain gripped his throat before it was half uttered, while Smith pressed the girl back into her seat, bracing himself to hold her firm. "What the devil—" he began angrily, and then the careening coach stopped as suddenly as though it had struck the bank, again tearing loose their handhold on the seats and flinging them headlong. They heard the creaking clamp of the brakes, the dancing of frightened horses, a perfect volley of oaths, the crunch of feet as men leaped from the top to the ground; then, all at once, the stage lurched forward, swerving sharply to the left, and struck out across the flat directly toward the bluff. Cain struggled to the nearest window, and, grasping the sill to hold himself upright, leaned out. He caught a momentary glimpse of two men riding swiftly up the trail; the box above was empty, the wheelers alone remained in harness, and they were running uncontrolled. "By God!" he muttered. "Those two damn cowards have cut loose and left us!" Even as the unrestrained words leaped from his lips, he realized the only hope—the reins still dangled, caught securely in the brake lever. Inch by inch, foot by foot, he wiggled out; Smith, comprehending, caught his legs, holding him steady against the mad pitching. His fingers gripped the iron top rail, and, exerting all his strength, he slowly pulled his body up, until he fell forward into the driver's seat. Swift as he had been, the action was not quickly enough conceived to avert disaster. He had the reins in his grip when the swinging pole struck the steep side of the bluff, snapping off with a sharp

crack, and flinging down the frightened animals, the wheels, crashing against them, as the coach came to a sudden halt. Cain hung on grimly, flung forward to the footrail by the force of the shock, his body bruised and aching. One horse lay motionless, head under, apparently instantly killed; his mate struggled to his feet, tore frantically loose from the traces, and went flying madly down the slope, the broken harness dangling at its heels. The Sergeant sat up and stared about, sweeping the blood from a slight gash out of his eyes. Then he came to himself with a gasp—understanding instantly what it all meant, why those men had cut loose the horses and ridden away, why the wheelers had plunged forward in that mad run-away race—between the bluffs and the river a swarm of Indians were lashing their ponies, spreading out like the sticks of a fan.

The Book of Lies Brad Meltzer 2008-09-02 Brad Meltzer—author of the #1 New York Times bestseller *The Book of Fate*—returns with his most thrilling and emotionally powerful novel to date. In Chapter Four of the Bible, Cain kills Abel. It is the world's most famous murder. But the Bible is silent about one key detail: the weapon Cain used to kill his brother. That weapon is still lost to history. In 1932, Mitchell Siegel was killed by three gunshots to his chest. While mourning, his son dreamed of a bulletproof man and created the world's greatest hero: Superman. And like Cain's murder weapon, the gun used in this unsolved murder has never been found. Until now. Today in Fort Lauderdale, Florida, Cal Harper comes face-to-face with his family's greatest secret: his long-lost

father, who's been shot with a gun that traces back to Mitchell Siegel's 1932 murder. But before Cal can ask a single question, he and his father are attacked by a ruthless killer tattooed with the ancient markings of Cain. And so begins the chase for the world's first murder weapon. What does Cain, history's greatest villain, have to do with Superman, the world's greatest hero? And what do two murders, committed thousands of years apart, have in common? This is the mystery at the heart of Brad Meltzer's riveting and utterly intriguing new thriller
